THE SUMMER SESSIONS OF 1944

The University announces an accelerated program of instruction for the Summer Sessions of 1944, and offers courses leading to the certificate in the Junior College and to the appropriate degrees in the Columbian College of liberal arts and sciences, the School of Medicine, the Law School, the School of Engineering, the School of Education, and the School of Government. The courses offered during the Summer Sessions are open to persons qualified to undertake such study, even though they are not candidates for degrees. The facilities for advanced study and research also are afforded to doctoral students registered under the Graduate Council.

The courses offered in the Summer Sessions include the same materials and carry the same credits as courses offered in the fall and winter terms.

Students graduating from secondary schools in 1944 as well as those who have not had previous college training may begin courses of study in the Summer Sessions which will enable them to acquire a substantial amount of the essential college study recommended by the Army and Navy as a part of the war training program.

DATES OF SUMMER SESSIONS

THE LIBERAL ARTS AND SCIENCES PROGRAM

A program of courses of particular value to students of the *Junior College* and the *Columbian College* of liberal arts and sciences is offered in two sessions of accelerated work. The first session begins Monday, June 5 and ends Wednesday, July 26; the second session begins Thursday, July 27 and ends Friday, September 15. Classes will normally meet Monday through Friday, and carry three hours' credit for each session. Students thus are able to complete one full term of work in each course in seven and one-half weeks, or a full academic year in a six-credit course in fifteen weeks.

In addition, a program of basic or introductory courses is offered in a full summer term of fifteen weeks, usually meeting only three times a week as in the regular fall and winter terms. This program is designed for those students whose schedule of study or employment makes it inconvenient to attend the University every day. Classes are scheduled both during the day and in the early evening. This full term of normal-rate work begins on Monday, June 5 and ends on Friday, September 15.

THE PROFESSIONAL SCHOOLS

The School of Medicine

Three complete terms of regular instruction are offered during the academic year. The next class will be admitted September 18, 1944. Details of this program may be obtained from the Office of the Dean of The School of Medicine.

The Law School

Two sessions of instruction, together constituting a full term of sixteen weeks, are offered during the summer. The first session begins Monday, June 5, 1944 and ends Saturday, July 29. The second session begins Monday, July 31 and ends Saturday, September 23. Details may be obtained from the Office of the Dean of The Law School.

The School of Engineering

One full term of instruction, corresponding in length and content to the regular fall and winter terms, is offered during the summer. This term begins Monday, June 5, 1944 and ends Friday, September 15. Details of this program may be obtained from the Office of the Dean of The School of Engineering.

The School of Education

Professional courses are offered in the evening in two sessions during the summer. The first begins Monday, June 5, 1944 and ends Wednesday, July 26. The second session begins Thursday, July 27 and ends Friday September 15. Undergraduate classes meet for double periods three evenings each week. Graduate classes meet only two evenings each week. In addition, a session of six weeks is offered for teachers who are not employed during the summer, beginning Wednesday, July 5 and ending Friday, August 11. Courses are scheduled in the daytime and confined to subjects of an advanced and professional nature. Details may be obtained from the Office of the Dean of The School of Education.

The School of Government

The dates of the sessions and the schedule of classes follow the same plan as in the liberal arts program.

The fall term opens October 2, thus affording a vacation period between the closing of the summer term and the opening of the fall term.

TUITION CHARGES AND FEES

For each hour of credit carried by courses announced in the Summer Sessions the tuition charge is \$8.00, except that tuition in the School of Medicine and in the Graduate Council is charged on a term basis. Other fees, such as the general University fee and laboratory fees, are itemized in a complete Summer Sessions announcement.

COURSES OF INSTRUCTION

Courses are offered in the following departments and general subjects:

Accounting	French
Botany	German
Business Administration	History
Chemistry	Law
Economics	Mathematics
Education:	Medicine
Elementary	Philosophy
Secondary	Physics
Engineering:	Political Science
Civil Engineering	Psychology
Electrical Engineering	Sociology
Industrial Management	Spanish
Marine Engineering	Speech

CALENDAR

The sixteen-week summer term is divided into two sessions of eight weeks each. Classes in the first session will begin Monday, June 5, and end Thursday, July 27. Examinations will be held Friday and Saturday, July 28 and 29. Classes for the second session will begin Monday, July 31, and end Thursday, September 21. Examinations will be held Friday and Saturday, September 22 and 23.

ACADEMIC AND RESIDENCE CREDIT

The summer term is a regular part of the work of the school. Credit, both academic and residence, is given for subjects completed by qualified students.

Four hours of credit may be earned in each session.

CHANGED ADMISSION REQUIREMENTS

For the duration of the present national emergency students will be admitted to regular standing who present scholastic records showing the satisfactory completion of not less than one-half of the work required for graduation from an approved college.

Students in regular standing in other approved law schools may be admitted as unclassified students for the summer term only.

Qualified students are permitted to begin the study of Law in either session of the summer term.

REGISTRATION

Students will be registered only when proper credentials have been filed and approved. The preregistration period is from Monday, May 8, through Saturday, June 3. The registration days are Monday, June 5, for the first session; Monday, July 31, for the second session. A late-registration fee of \$5 will be charged students registering after the stated registration days.

FEES

Fees are as follows: University fee for each session, \$4; tuition fee, for each term hour, \$8; late-registration fee, \$5; reinstatement fee, \$5.

Fees for each session are payable in advance at the beginning of the session. No refund of fees can be granted because of withdrawal during a session or because of absence from classes. A student who is compelled to withdraw before the end of a session should notify the Dean of the Law School in writing as promptly as possible.

THE SUMMER SESSIONS

THE UNIVERSITY IN THE NATIONAL EMERGENCY

The George Washington University is continuing the accelerated program adopted in 1942. By taking advantage of this opportunity for intensive study, the student may accomplish in the summer the work of a full term and, by continuous attendance, may complete a four year college program in two and two-thirds years.

Students who expect to graduate from high school in June and wish to attend the first summer session, which opens before their high schools have closed, should consult their high school advisers and the Director of Admissions of the University.

The University is cooperating with the War and Navy departments in their college training programs and is prepared to advise students concerning their preinduction training. Full information concerning these and other training programs may be obtained in the Office of the Junior College.

Under special guidance, students entering the University will be assisted to plan their study so that, should it be necessary for them to enter the armed forces, the civilian public service, or a war-production industry before they are graduated, they will be better prepared to make their contribution to the war effort.

ADDITIONAL COURSES

The University wishes to adjust its courses to the changing times. New courses will be offered as the need arises. Students who need training in fields in which courses are not listed are advised to consult with the deans of the colleges in which they are registered.

THE UNIVERSITY

HISTORY AND ORGANIZATION

The idea of a university in the Capital of the Nation was sponsored by George Washington, who during his public life urged the establishment of such an institution and who in his will left fifty shares of stock in the Potomac (Canal) Company for the endowment of a university to be established in the District of Columbia "to which the youth of fortune and talents from all parts thereof might be sent for the completion of their Education in all the branches of polite literature;—in arts and Sciences,—in acquiring knowledge in the principles of Politics & good Government".

Columbian College in the District of Columbia was chartered by an act of Congress of February 9, 1821. In 1873 the name was changed to "Columbian University" and in 1904 to "The George Washington University".

The University as it is now organized consists of the Junior College, comprising the work of the freshman and sophomore years; Columbian College, the senior college of liberal arts, which offers work leading to the Bachelor's and Master's degrees; the Graduate Council, which offers work leading to the degree of Doctor of Philosophy; the professional schools, which include Medicine, Law, Engineering, Pharmacy, Education, and Government; the Division of University Students, which leads to no degree but makes the work of the University accessible to the mature student; the Division of Extension; and the Inter-American Center.

ACADEMIC STATUS

The George Washington University is on the approved list of the Association of American Universities, the standard accrediting body for the United States. This fact not only assures to students the academic standards of this accrediting body, but also is important to those who desire to transfer credits from one institution to another.

The University is also accredited by its regional accrediting agency, the Middle States Association of Colleges and Secondary Schools, and is on the approved list of the American Association of University Women.

The Law School is a charter member of the Association of American Law Schools and is approved by the Council of Legal

Education of the American Bar Association. The School of Medicine is a member of the Association of American Medical Colleges, and is one of the medical colleges which have been designated continuously as "class A" by the American Medical Association. The School of Pharmacy is accredited by the American Council on Pharmaceutical Education and is a member of the American Association of Colleges of Pharmacy. The School of Engineering is on the accredited list of the Engineers' Council for Professional Development.

LOCATION

The George Washington University is in downtown Washington, four blocks west of the White House and east of the Potomac River with its extensive parkway. Within a few blocks are the buildings housing the offices of many of the departments of the Government, including the Department of State, the Department of the Treasury, the Department of War, the Department of Justice, the Department of the Navy, the Department of the Interior, the Department of Agriculture, the Department of Commerce, and the Department of Labor. The Corcoran Gallery of Art, the Pan American Union Building, and the National Academy of Sciences are also near by; and the Capitol and the Library of Congress are readily accessible.

EDUCATIONAL FACILITIES

Buildings, grounds, and equipment of the University are valued at over \$6,000,000. The buildings of the colleges, schools, and divisions offering Summer Sessions work are in the vicinity of Twenty-first and G Streets NW., except for the School of Medicine which is at 1335 H Street NW.

The University Library.—The University Library contains more than 150,000 volumes, and with the exception of the law and medical collections is housed in the modern six-story Library building.

Regulations governing the use of the library: the circulation of books, and the use of reserve books and periodicals are available at the service desks of the Library.

OTHER LIBRARY FACILITIES IN WASHINGTON

The student has access also to the Library of Congress; the Public Library of the District of Columbia and its branches; the Library of the Carnegie Endowment for International Peace; the Library of the Pan American Union; the Library of the Bureau of

Railway Economics; the Library of the United States Department of Agriculture, with its scientific departmental collections; the Library of the United States Office of Education; the Army Medical Library; the Library of the Smithsonian Institution; and many other great special collections of the government departments.

RESEARCH FACILITIES OF WASHINGTON

The arrangement of the summer schedule of classes permits the full-time student to avail himself of the opportunity to study, at first hand, the working of the Federal Government and so to form a background for intelligent and useful citizenship.

In the departmental libraries of the Federal Government are a multitude of reports made by eminent specialists in all fields of science on the results of study and research in the bureaus, experimental stations, laboratories, museums, and observatories of the Nation.

In addition to the governmental collection the student has access to the research facilities of such scientific and educational groups, whose headquarters are situated in Washington, as the Carnegie Institution, the American Council on Education, the National Academy of Science, the National Research Council, the National Education Association, and the National Geographic Society.

THE SUMMER SESSIONS

The work of the Summer Sessions has been planned to meet the needs of full- and part-time students; of those who are accelerating the college work in an effort to complete the course before induction into the armed service; and of those who, because of the pressure of employment are unable to attend classes daily.

Students may enter the Summer Sessions at the beginning of any one of the sessions.

Courses scheduled for the first and for the second session meet daily from Monday through Friday for a period of seven and one-half weeks. During each session the work of a regular term of the academic year is completed.

Courses scheduled for the fifteen-week term meet on the normal-term basis—in most cases, three times a week. During the fifteen weeks the work of a regular term of the academic year is completed.

Courses in the special six-week session of the School of Education meet daily from Monday through Friday.

ADMISSION

A student desiring admission must obtain from the Office of the Director of Admissions an application blank which he must fill out completely and return to the Office of the Director of Admissions.

Entrance requirements are stated in this bulletin under the various colleges, schools, and divisions. Further details may be obtained from the Director of Admissions.

To insure prompt action, applications for the Summer Sessions should be filed as early as possible. (See page 55.)

METHODS OF ADMISSION

For the Student Seeking a Degree

An applicant from a secondary school must send the high school record form furnished by the University to his high school principal, with the request that the principal fill out the form and mail it direct to the Office of the Director of Admissions.

An applicant who has previously attended an institution of higher learning should request the registrar of that institution to mail direct to the Office of the Director of Admissions a transcript of his record. If he has attended more than one such

institution he must request the registrar of each institution to send to the Office of the Director of Admissions a transcript of his record, even though credits were not earned, together with an honorable dismissal.

For the Student Not Seeking a Degree

The student in this group must obtain the approval of the Dean of the Division of University Students.

REGISTRATION

Before a student may register he must have satisfied the Office of Admissions that he is qualified for entrance to the University.

A student previously matriculated in the University but not in attendance during the term preceding this registration must file an application for readmission in advance of registration.

TIME AND PLACE OF REGISTRATION

For the convenience of students, preregistration is provided. Beginning May 8, students may obtain registration forms, between 9:00 A.M. and 8:00 P.M., at the Office of the Registrar, Building C, 2029 G Street NW.

Registration, except in the Law School, will be conducted in the Hall of Government, 710 Twenty-first Street NW., from 2:00 to 8:00 P.M., Monday, June 5, for the first session; Thursday, July 27, for the second session.

Registration in the Law School will be conducted in Stockton Hall from 2:00 to 8:00 P.M., Monday, June 5, for the first session; Monday, July 31, for the second session.

LATE REGISTRATION

A fee of \$5 will be charged for all registrations after the stated registration day. Registration for credit closes one week after the registration day.

CHANGE IN REGISTRATION

Change in registration may be made only with the permission of the adviser or major professor and the dean or director of the college, school, or division concerned.

FEEES AND FINANCIAL REGULATIONS

By authorization of the Board of Trustees, the following fees have been adopted, effective at the beginning of the Summer Sessions of 1944.

UNIVERSITY FEE

For each session or any part thereof*	
For the student registered for credit.....	\$4.00
For the auditor†.....	2.00

TUITION FEES

For each credit hour.....	8.00
---------------------------	------

ADDITIONAL FEES AND DEPOSITS

Additional fees and deposits, such as laboratory and material fees and breakage deposits, are charged in certain courses as indicated in the course descriptions. Such fees are due with the tuition fee for the course. Breakage of apparatus is charged against the individual student, and the amount of breakage deposit paid in excess of actual breakage will be credited to the student's account at the end of the course.

SPECIAL FEES

Late registration fee, for failure to register within the designated period	5.00
Service fee, for late payment of tuition (see "Payment of Fees".).....	1.00
Reinstatement fee, for reinstatement after suspension for delinquency in fees	5.00
For examinations to qualify for advanced courses, and for all special examinations, for each subject.....	5.00

UNIVERSITY FEE

Payment of the University Fee covers all expenses incident to registration and, in addition, secures to each student in the Summer Sessions the following University privileges: (1) the issuance of three certified transcripts of record, if and when desired; (2) the use of the University library facilities, except as otherwise designated; (3) summer issues of the student newspaper; (4) medical and hospital services described below. These privileges, with the exception of the issuance of transcripts, cease when the student withdraws or is dismissed from the University.

Medical and Hospital Services.—These services include: (1) three visits by the University physician or surgeon, office or residence (District of Columbia) in any one illness, exclusive of a specialist, surgical operation, laboratory, or X-ray examinations; (2) hospitalization, including board, medicine, and nursing in the University Hospital for not more than two weeks during a school year—the necessity to be determined by the Director of Health Administration. The duration of hospitalization period (maximum, two weeks) is also to be determined by the Director of Health Administration.

The student is allowed, if he so desires, to engage physicians and

* Students registered for only those courses which extend over a single period of fifteen weeks must pay a University fee of \$8.

† Payment of this fee does not entitle auditors to the general privileges to which payment of the preceding fee entitles resident students.

nurses of his own choice, but when he does so he will be responsible for the fees charged.

This medical benefit does not apply to illness or disability incurred previous to the University term or prior to payment of the University registration fee.

PAYMENT OF FEES

All fees are payable at the Office of the Cashier, 725 Twenty-first Street NW. No student is permitted to complete registration or to attend classes until all fees are paid. Fees for each session are due in advance at the time of registration.

In exceptional cases, subject to the approval of the Comptroller, the student may sign a contract for the fees for courses which extend throughout one unbroken fifteen-week term, permitting three payments as follows: one-third plus the University fee and deposits at the time of registration, one-third on July 10, and one-third on August 14. The student whose fees are paid between July 11 and July 14, and between August 15 and August 18 is charged a service fee of \$1.00. A student who fails to make these payments by July 14 and August 18 will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5. A suspended student may not be reinstated for the session after one week from the date of suspension. Applications for reinstatement are to be made to the dean of the college or school or the director of the division in which the student is registered.

An auditor pays a University fee of \$2.00 a session and all other fees chargeable to the student registered for credit except the late-registration fee.

WITHDRAWALS AND REFUNDS

Registrations, except for courses which extend throughout one unbroken term of fifteen weeks, are for the session, and no refunds or rebates are allowed, unless the registration is in advance and the course is dropped before the day of registration for the session involved.

If notice of withdrawal or change in schedule involving courses which extend over an unbroken term of fifteen weeks is received by the dean of the college or school or the director of the division concerned on or before July 7, the second payment will be cancelled or adjusted. If notice of withdrawal or change of schedule is received on or before August 11, the third payment will be cancelled or adjusted. Notice to an instructor is not acceptable notice.

In no case will the University fee or any part of the initial payment of tuition be refunded because of nonattendance upon classes.

Payments apply only to the session or term for which registration charges are incurred and in no case will these payments be credited to another session or term.

A student granted "war leave" during a term will be credited with tuition payments made prior to the granting of such leave, which credit will be applicable toward a subsequent registration.

Any student in chemistry who fails to check out of the laboratory on or before the date set by the instructor, unless excused by the instructor, shall forfeit the balance of his deposit. A student dropping a course before the end of the session or term must check out of the laboratory at once.

No permission to withdraw and no certificate for work done will be given a student who has not a clear financial record.

As the fiscal year of the University ends on August 31, no requests for refunds can receive consideration after that date.

STUDENT LIFE

SOCIAL AND RECREATIONAL PROGRAM OF THE UNIVERSITY

Provision is made for the social and recreational side of student life during the Summer Sessions. The Annual Summer Sessions Party opens the season and is followed by the Starlight Dances each Friday evening on the Lisner Terrace. Teas are arranged so that new students will have a chance to become acquainted with their fellow students.

The city of Washington affords a variety of recreational opportunities. Wooded trails for hiking, riding, and picnicking wind through Rock Creek Park.

The National Symphony Orchestra presents a series of weekly concerts at the nearby Potomac Watergate.

LIVING ACCOMMODATIONS

Application for room reservations should be made well in advance. Forms for application, together with detailed information may be obtained from the Director of Personnel Guidance.

The prices stated below are subject to change without notice.

Women Students.—The Hattie M. Strong Residence Hall: single rooms with breakfast and dinner are \$52.50 a month; double rooms with the same service are \$45.50 a month a person.

Staughton Residence Hall: single rooms are \$24 a month; double rooms are \$17 a month a person.

UNIVERSITY REGULATIONS

Academic Credit.—The Summer Sessions are an integral part of the University. Academic credit for completed work will be given toward the appropriate degrees in the various colleges and schools of the University in accordance with their separate regulations and requirements.

Residence.—Summer Sessions work may be counted in residence but the candidate for a degree must satisfy the residence requirements of the school or college concerned as stated in the general catalogue.

Amount of Work.—No full-time student may take more than nine credit hours of work during either session; no employed student, more than six hours. By carrying work in both sessions, a full-time student may earn as much as eighteen credit hours; an employed student, twelve hours.

Any exception to these general regulations must be approved by the dean or director of the college, school, or division concerned.

The right is reserved to drop any student whenever, in the interest of the student or the University, the Faculty deems it advisable to do so.

The University is not responsible for the loss, in any University building, of personal property belonging to a student.

The University and its various colleges, schools, and divisions reserve the right to modify or change the requirements, rules, and fees of the University. Such regulations shall go into force whenever the proper authorities may determine and shall apply to every student of the University.

Detailed information concerning admission; scholarship requirements of the individual colleges, schools, and divisions; and requirements for degrees may be obtained from the general catalogue, which is available on request at the Office of the Director of Admissions.

THE COLLEGES, SCHOOLS, AND DIVISIONS

For specific requirements for certificates and degrees, see the bulletin. For such information, the student should consult the general catalogue.

THE JUNIOR COLLEGE

The Junior College covers the first two years of college work. It is designed to continue the studies of a general education, to lay a foundation for the professional work which is to follow.

The Junior College also provides the preprofessional work in the schools of Medicine, Law, Pharmacy, and Engineering.

In addition, it provides a two-year terminal curriculum in Secretarial and Business Administration.

THE COLLEGES, SCHOOLS, AND DIVISIONS

The Junior College offers work leading to the Junior Certificate.

THE JUNIOR CERTIFICATE

The Junior Certificate is a certificate of graduation from an accredited institution of higher learning. The acceptability of the certificate depends upon the student's character and the quality of his work.

COLUMBIAN COLLEGE

Columbia College is the senior college of liberal arts and sciences, accepting the work of the Junior and Senior years and the Master of Arts and Master of Science disciplines.

THE DEGREES

Columbia College offers work leading to the following degrees: Bachelor of Arts, Bachelor of Science, Master of Arts, and Master of Science.

In cooperation with the School of Medicine, Columbia College offers work leading to the combined degrees of Bachelor of Arts and Doctor of Medicine.

In cooperation with the Law School, Columbia College offers work leading to the combined degrees of Bachelor of Arts and Bachelor of Laws.

THE COLLEGE SCHOOLS AND DIVISIONS

The first of these is the College School, which is the largest and most important of the three. It is the school which is attended by the majority of the students of the college, and it is the school which is the most expensive to maintain. The second of these is the Division School, which is a smaller school which is attended by a smaller number of students. The third of these is the Private School, which is a school which is attended by a small number of students who are not members of the college.

THE COLLEGES, SCHOOLS, AND DIVISIONS

Information concerning specific requirements for certificates and degrees is omitted from this bulletin. For such information, the student is referred to the general catalogue.

THE JUNIOR COLLEGE

The Junior College includes the first two years of college work. Its curricula are intended to continue the studies of a general cultural nature begun in secondary school, and to lay a foundation for the more specialized work which is to follow.

The Junior College also provides the preprofessional work required for admission to the schools of Medicine, Law, Pharmacy, Education, and Government.

In addition it provides a two-year terminal curriculum in Secretarial Studies and a two-year terminal curriculum in Accounting for students who wish strictly vocational training in these subjects.

THE CERTIFICATE

The Junior College offers work leading to the Junior Certificate.

ENTRANCE REQUIREMENTS

An acceptable certificate of graduation from an accredited secondary school is required. The acceptability of the certificate depends upon the student's character and the quality of his work.

COLUMBIAN COLLEGE

Columbian College, the senior college of liberal arts and sciences, comprises the work of the junior and senior years and the Master of Arts and Master of Science disciplines.

THE DEGREES

Columbian College offers work leading to the following degrees: Bachelor of Arts, Bachelor of Science, Master of Arts, and Master of Science.

In cooperation with the School of Medicine, Columbian College offers work leading to the combined degrees of Bachelor of Arts and Doctor of Medicine.

In cooperation with the Law School, Columbian College offers work leading to the combined degrees of Bachelor of Arts and Bachelor of Laws.

ENTRANCE REQUIREMENTS

For the Bachelor's Degrees.—A Junior Certificate based on the appropriate curriculum in the Junior College, or the equivalent, is required. Scholarship requirements may be somewhat higher than those for graduation from the Junior College.

For the Master's Degrees.—An approved Bachelor's degree from an accredited institution and a transcript of studies previously pursued, showing a superior quality of work in the major field, are required.

THE GRADUATE COUNCIL

The Graduate Council offers work leading only to the degree of Doctor of Philosophy. Because the basis for work under the Graduate Council is primarily creative research, regular study in specific courses is considered quite incidental and is therefore not emphasized in connection with the curricula of the Summer Sessions. A student wishing to work under the disciplines of the Graduate Council will consult the Chairman of the Graduate Council for information concerning credentials and candidacy.

THE SCHOOL OF MEDICINE

The George Washington University School of Medicine, recognizing the urgent need for medical services during the war period, has reorganized its course to permit the completion of the customary four academic years in three calendar years. Each academic year will be composed of two terms totaling thirty-six weeks.

A new class will be admitted every other term. The next class will enter in September 1944. For specific information, see the catalogue of the School of Medicine.

THE LAW SCHOOL

The Law School conducts an accelerated program to enable students better to meet national defense needs. For specific information, see the catalogue of the Law School.

THE SCHOOL OF ENGINEERING

The School of Engineering has accelerated its program by the addition of a full third summer term of fifteen weeks.

A complete schedule of courses will be offered in work leading to the degrees of Bachelor of Civil Engineering, Bachelor of Electrical Engineering, Bachelor of Mechanical Engineering, and

Bachelor of Science in Engineering. For specific information, see the special bulletin of the School of Engineering.

THE SCHOOL OF EDUCATION

The School of Education prepares teachers, supervisors, and administrators for educational service and offers opportunities to teachers of experience to extend their education. The schedule of courses is arranged to meet the needs of employed students as well as those able to devote full time to their studies. It offers both graduate and undergraduate work.

THE DEGREES

The School of Education offers work leading to the following degrees: Bachelor of Arts in Education, Bachelor of Science in Home Economics, Bachelor of Science in Physical Education, Master of Arts in Education, and Doctor of Education.

ENTRANCE REQUIREMENTS

For the Bachelor's Degree.—The satisfactory completion of two years of approved college work, or graduation from an approved two-year normal school, or the equivalent, is required.

For the Master's Degree.—A Bachelor's degree from an accredited college, or the equivalent, and the approval of the Committee on Admissions and Advanced Standing are required.

For the Doctor's Degree.—A Master's degree from an accredited college, or the equivalent, and the approval of the Faculty of the School of Education are required.

THE SCHOOL OF GOVERNMENT

THE DEGREES

The School of Government offers work leading to the following degrees: Bachelor of Arts in Government with a major in Public Affairs, Foreign Service, Foreign Commerce, Public Administration, Business Administration, Public Finance, Public Accounting, or Business and Government Statistics; and Master of Arts in Government with a major in the above fields and also in Public Personnel Administration.

ENTRANCE REQUIREMENTS

For the Bachelor's Degree.—The satisfactory completion of two years of approved college work, or the equivalent, is required.

For the Master's Degree.—An approved Bachelor's degree based on the proper training for the field selected by the student for graduate study.

THE DIVISION OF UNIVERSITY STUDENTS

The Division of University Students makes the work of the University, in its several colleges and schools, accessible to the mature student. A student registered in this Division is designated a "University student", as distinguished from the regularly matriculated undergraduate or graduate student who is a candidate for a degree.

ENTRANCE REQUIREMENTS

The student who is twenty-one years of age or over (or in special cases arising out of the national emergency, nineteen years or over) and who has not attended another institution within the year preceding his application to this University may register without filing records.

The student twenty-one years of age or over who has attended another institution within the year preceding application to this University must request a statement of good standing and honorable dismissal from the last institution attended.

The student under twenty-one years of age must submit complete and satisfactory credentials.

Transfer to Regular Status.—A "University student" may be transferred, at his request, to another college, school, or division of the University only upon complying with the regulations of the specific college, school, or division. The student should familiarize himself with the regulations concerning admission, residence, amount and quality of work. Specifically, he should note that in some cases not more than thirty (30) hours of credit may be transferred from this Division; that at least the last thirty (30) credit hours must be spent in residence in the college, school, or division preparing for the degree; and that a general quality-point index of 2.00 must be maintained, with an index of 2.50 in the major.

COURSES OF INSTRUCTION

The following courses of instruction are offered by the Faculty College, Columbian College, the School of Medicine, the Law School, the School of Education, the School of Business, and the School of Engineering. The courses are of seven and one-half weeks, except where otherwise indicated. The courses of seven weeks meet Monday through Friday, unless otherwise indicated. The courses of one-half week meet Monday through Friday, unless otherwise indicated.

STUDENT UNIVERSITY OF INSTRUCTION

The Division of University Students is the body of the University in its several colleges and schools, responsible to the Board of Regents. A student registered in the University is designated a "University student," and is entitled to all the rights and privileges of a University student in all the departments of the University.

REGISTRATION

The student who is registered in the University is entitled to all the rights and privileges of a University student in all the departments of the University. The student who is registered in the University is entitled to all the rights and privileges of a University student in all the departments of the University.

The student who is registered in the University is entitled to all the rights and privileges of a University student in all the departments of the University. The student who is registered in the University is entitled to all the rights and privileges of a University student in all the departments of the University. The student who is registered in the University is entitled to all the rights and privileges of a University student in all the departments of the University.

COURSES OF INSTRUCTION

Courses are offered in the Junior College, Columbian College (the senior college), the School of Medicine,* the Law School,* the School of Engineering,* the School of Education, the School of Government.

In each of the accelerated sessions of seven and one-half weeks, classes meet Monday through Friday, unless otherwise indicated.

In the non-accelerated term of fifteen weeks, classes meet Monday, Wednesday, and Friday, unless otherwise indicated.

EXPLANATION OF COURSE NUMBERS

First-group courses, numbered from 1 to 100, are planned for the student in the freshman or sophomore year. With the approval of the adviser and the dean, they may also be taken by a junior or senior. In certain instances, they may be taken by a graduate student to make up undergraduate deficiencies or as prerequisite to advanced courses, but they may not be credited toward a higher degree.

Second-group courses, numbered from 101 to 200, are planned for the student in the junior or senior year. They may be credited toward higher degrees only when registration for graduate credit has been approved at the beginning of the course by the dean responsible for the graduate work and by the officer of instruction, and when the completion of additional work has been certified by the officer of instruction.

Third-group courses, numbered from 201 to 300, are planned primarily for the graduate student. They are open, with the approval of the officer of instruction, to the qualified senior; they are not open to the Junior College student.

Course numbers followed by the letter "S" indicate courses extending through one fifteen-week term.

INDICATION OF THE AMOUNT OF CREDIT

The number of hours of credit given for the satisfactory completion of a course is in most cases indicated in parentheses after the name of the course.

A credit hour represents one class hour or a minimum of two laboratory hours a week for a period of fifteen weeks.

* See special bulletin.

The University reserves the right to change or withdraw any of the courses of instruction listed below.

BOTANY

FIRST SESSION

- 1 *Structure and Function of the Flowering Plant* (3) Yocum

The typical plant as a working mechanism, with emphasis on the general biological significance of plant physiology. Material fee, \$4.50. Lecture and laboratory, Tues. through Fri., 11:10 A.M. to 1:00 P.M. (Room: C-405)

SECOND SESSION

- 2 *Survey of the Plant Kingdom* (3) Yocum

Study of the different kinds of plants with emphasis on the evolution of the plant kingdom; practice in identifying flowering plants. Material fee, \$4.50. Lecture and laboratory, Tues. through Fri., 11:10 A.M. to 1:00 P.M. (Room: C-405)

BUSINESS ADMINISTRATION

FIRST SESSION

- 51 *Principles of Accounting* (3) Kennedy

Principles and procedures of double-entry accounting with special reference to single proprietorships. 6:10 P.M. (Room: Gov. 201)

- 115 *Business Finance* (3) Kennedy

Survey of financial policies involved in new enterprises and study of capital structures, promotion, earnings, surplus, reorganization, and governmental regulation. 7:10 A.M. (Room: Gov. 202)

- 155 *Analysis of Financial Statements* (3) Kennedy

Technique of analyzing financial statements for the guidance of operating executives, directors, stockholders, and creditors; valuation of balance-sheet items; determination and interpretation of ratios. 7:10 P.M. (Room: Gov. 201)

SECOND SESSION

- 52 *Principles of Accounting* (3) Owens

Accounting principles applied to partnerships and corporations; the valuation problem. 6:10 P.M. (Room: Gov. 201)

- 101 *Business Organization and Control* (3) Owens

Simple and interrelated forms of business enterprise and their control by government. 7:10 A.M. (Room: Gov. 202)

- 102 *Business Management* (3) Owens

Organization and management of a business with particular reference to a manufacturing concern. 7:10 P.M. (Room: Gov. 201)

CHEMISTRY

FIRST SESSION

- 11 *General Chemistry* (4) Hooper
For students who are beginning the study of chemistry and for those with high school chemistry who fail the qualifying examination in Chemistry 12. This course is the first half of a full course. The second half, Chemistry 12, must be completed before credit is allowed. Material fee,* \$9. Tues. through Fri., 9:10 A.M. to 1:00 P.M. (Room: Cor. 39)

- 21 *Inorganic Qualitative Analysis* (4)
Prerequisite: Chemistry 12. Required of all students of pharmacy and engineering, and recommended for premedical students. Material fee,* \$9. Tues. through Fri., 9:10 A.M. to 1:00 P.M. (Room: Cor. 34)

- 151 *Organic Chemistry* (4) Mackall
Chemistry of the carbon compounds. Prerequisite: Chemistry 12; however, students are advised to take Chemistry 21 and 22 before entering this course. This course is the first half of a full course. The second half, Chemistry 152, must be completed before credit is allowed. Lecture (3), laboratory (1). Material fee,* \$9. Lecture: Mon., Wed., and Fri., 9:10 and 11:10 A.M. Laboratory: Tues. and Thurs., 10:10 A.M. to 1:00 P.M. (Room: Cor. 37)

- 297 *Research* The Staff
Hours, credits, and fees to be arranged.

- 299 *Thesis* (3) The Staff
Hours to be arranged. Material fee,* \$12.

SECOND SESSION

- 12 *General Chemistry* (4) Hooper
Prerequisite: Chemistry 11 or high school chemistry and permission of the instructor. Material fee,* \$9. Tues. through Fri., 9:10 A.M. to 1:00 P.M. (Room: Cor. 39)

- 22 *Inorganic Quantitative Analysis* (4)
Prerequisite: Chemistry 21 or the equivalent. The principles of gravimetric and volumetric analysis. Material fee,* \$12. Tues. through Fri., 9:10 A.M. to 1:00 P.M. (Room: Cor. 34)

- 152 *Organic Chemistry* (4) Mackall
Prerequisite: Chemistry 151. Chemistry of the carbon compounds. Lecture (2), laboratory (2). Material fee,* \$9. Lecture: Mon., Wed., and Fri., 9:10 and Wed., 11:10 A.M. Laboratory: Mon., Tues., Thurs., and Fri., 10:10 A.M. to 2:00 P.M. (Room: Cor. 37)

- 298 *Research* The Staff
Hours, credits, and fees to be arranged.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee.

300 *Thesis* (3)

The Staff

Hours to be arranged. Material fee,* \$12.

FIFTEEN-WEEK TERM

12S *General Chemistry* (4)

Wrenn and Assistant

Prerequisite: Chemistry 11 or high school chemistry and permission of the instructor. Material fee,* \$9. Lecture: Tues. and Thurs., 10:10 A.M.; laboratory: Tues. and Thurs., 2:10 to 5:00 P.M. (Room: Cor. 35)

†111-12S *Physical Chemistry* (4-4)

Van Horn

Introduction to theoretical chemistry. Prerequisite: Chemistry 22; Mathematics 20; Physics 8. Material fee,* \$9 a term. Tues. through Fri., 8:10 A.M. to 12 M. (Room: Cor. 37)

156S *Qualitative Organic Analysis* (2)

Wrenn

The identification of pure organic compounds, the separation of mixtures, and the identification of their components. Prerequisite: Chemistry 22 and 152. Material fee,* \$12. Six hours a week of laboratory work to be arranged.

THE SCHOOL OF ENGINEERING ACCELERATED PROGRAM

The George Washington University School of Engineering is continuing to accelerate its regular program in order to provide more rapid training of engineers and technicians for war service. At the same time, since the content of the engineering curriculum has not been reduced, students preparing themselves for the post-war period are offered a program of study which provides a stable basis for professional engineering advancement after the return of peace. In consequence, the present accelerated program of the School of Engineering is adjusted to the requirements of the following groups of students:

Men deferred from military service to complete courses leading to Bachelor's degrees in engineering, whether they are destined for eventual military service or for service in industry.

Veterans who wish to prepare themselves for careers in engineering.

High school graduates who wish to obtain the fundamentals of engineering before being called for military service.

Government employees with some training in engineering who wish to complete academic work necessary for degrees.

Engineering graduates or those engaged in Government engineering and scientific work who wish to gain further information or training in fields of their employment.

Women who are in training to replace men in engineering and scientific work; or who intend to make engineering their career.

This accelerated program takes the form of a three-term academic year. The length and course-content of the curriculum has not been reduced; an additional full term of instruction is offered during the summer and the sequence of courses is correspondingly accelerated. This permits full-time students to work continuously throughout the year and to complete the requirements for a degree in two and two-thirds years.

Curricula leading to the degrees of Bachelor of Civil Engineering, Bachelor of Electrical Engineering, Bachelor of Mechanical Engineering, and Bachelor of Science in Engineering are offered.

In cooperation with the Law School a six-year curriculum leading to the combined degrees of Bachelor of Science in Engineering and Bachelor of Laws is offered.

Courses are scheduled to permit employed students to enroll on a part-time basis. The curricula are the same for both full-time and part-time students. The courses leading to degrees are open to both men and women.

The flexible programs of study not only meet the needs of part-time students but are of benefit to war veterans, who need special work to round out training and experience.

SPECIAL COURSES

In addition to the regular curricula numerous special courses are offered in fields in which critical shortages of trained personnel still exist. Examples of these courses are Navigation, Management Problems, and Communications Engineering. College credits earned in these courses may be applied toward the degrees, as elective credits.

CURRICULUM FOR TECHNICAL TRAINEES

The School of Engineering offers a group of courses in the basic sciences and fundamentals of engineering designed primarily for young women high school graduates employed as Technical Trainees in government services. The purpose of this curriculum is to equip students with a knowledge of the essentials of mathematics and a selected group of sciences, to supplement the specialized inservice training; thus to provide for a more rapid progress to work of higher responsibility. The required work may normally be completed in two years, part-time. Credit for the courses may be applied toward degrees in engineering.

ENGINEERING, SCIENCE, AND MANAGEMENT WAR TRAINING PROGRAM

Under the auspices of the United States Office of Education, courses in Engineering, Science, and Management War Training are offered by the School of Engineering. These courses are intended to provide special technical inservice training for government employees and employees of private industries connected with the war effort. A special certificate is given for their completion.

For further information consult the Director of the War Training Program in the School of Engineering.

For information concerning the regular curricula leading to degrees in engineering or concerning the special wartime courses, apply to the Office of the Dean of the School of Engineering.

THE UNIVERSITY

The George Washington University operates under a charter granted by an act of Congress of February 9, 1821, to Columbian College in the District of Columbia. In 1873 the name was changed to "Columbian University" and in 1904 to "The George Washington University".

The University as it is now organized consists of the Junior College, comprising the work of the freshman and sophomore years; Columbian College, the senior college of arts and sciences, which offers work leading to the Bachelor's and Master's degrees; the Graduate Council, which offers work leading to the degree of Doctor of Philosophy; the professional schools, which include Medicine, Law, Engineering, Pharmacy, Education, and Government; the Division of University Students, which makes the work of the University accessible to the mature student; the Division of Extension; the Inter-American Center; and the Summer Sessions.

The George Washington University is on the approved list of the Association of American Universities, the standard accrediting body for the United States. This fact not only assures to students the academic standards of this accrediting body, but also is important to those who desire to transfer credits from one institution to another.

The University is also accredited by its regional accrediting agency, the Middle States Association of Colleges and Secondary Schools, and is on the approved list of the American Association of University Women.

THE UNIVERSITY LIBRARY

The University Library contains more than 150,000 volumes. The well equipped six-story Library building houses all of the library except the law and medical collections.

OTHER LIBRARY FACILITIES

The student has access also to the Library of Congress; the Public Library of the District of Columbia and its branches; the Library of the Carnegie Endowment for International Peace; the Library of the Pan American Union; the Library of the Bureau of Railway Economics; the Library of the United States Department of Agriculture, with its scientific departmental collections; the Library of the United States Office of Education; the Army Medical Library; the Library of the Smithsonian Institution; and many of the other great special collections of the government departments.

GOVERNMENTAL INSTITUTIONS ACCESSIBLE TO STUDENTS

The Congress of the United States has made the scientific resources of the Government accessible to students under the terms of the following joint resolution, approved April 12, 1892:

Resolved by the Senate and House of Representatives of the United States of America, in Congress assembled, That the facilities for research and illustration in the following and any other Governmental collections now existing or hereafter to be established in the city of Washington for the promotion of knowledge shall be accessible, under such rules and restrictions as the officers in charge of each collection may prescribe, subject to such authority as is now or may hereafter be permitted by law, to the scientific investigators and to students of any institution of higher education now incorporated or hereafter to be incorporated under the laws of Congress or of the District of Columbia, to wit:

- One. Of the Library of Congress.
- Two. Of the National Museum.
- Three. Of the Patent Office.
- Four. Of the Bureau of Education.
- Five. Of the Bureau of Ethnology.
- Six. Of the Army Medical Museum.
- Seven. Of the Department of Agriculture.
- Eight. Of the Fish Commission.
- Nine. Of the Botanic Gardens.
- Ten. Of the Coast and Geodetic Survey.
- Eleven. Of the Geological Survey.

GENERAL INFORMATION

INTRODUCTORY

HISTORY AND ACCREDITATION

The School of Engineering was organized in 1884 as the Corcoran Scientific School. In 1903 that school was combined with Columbian College in the Department of Arts and Sciences. In 1905 the engineering courses were placed under an administrative organization known as the Washington College of Engineering and in 1909 the name was changed to the College of Engineering and Mechanic Arts. In 1914 the name became the School of Engineering.

Courses leading to the degrees of Bachelor of Civil Engineering, Bachelor of Mechanical Engineering, and Bachelor of Electrical Engineering are accredited by the Engineers' Council for Professional Development, the recognized accrediting body of the engineering profession, composed of representatives of the American Society of Civil Engineers, the American Institute of Mining and Metallurgical Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers, the Society for the Promotion of Engineering Education, the American Institute of Chemical Engineers, and the National Council of State Boards of Engineering Examiners.

ADVANTAGES OF LOCATION

The George Washington University School of Engineering is situated in downtown Washington within a few blocks of many of the Government departments. This location is of twofold value to the prospective Engineering student. He gains because the School is able to retain, as instructors in special courses, engineers of experience in Government service who are alert to current progress in federal wartime engineering. Moreover, the accessibility of the University makes it possible for employed students to continue their engineering studies on limited programs as part-time students.

ADMISSION

An applicant for admission to the School of Engineering must obtain from the Office of the Director of Admissions of the University an application blank which he must fill out completely and return.

METHODS OF ADMISSION

An applicant from a secondary school must send to his high school principal the high school record form furnished by the University, with the request that the principal fill out the form and mail it direct to the Office of the Director of Admissions.

An applicant who has previously attended one or more institution of higher learning must request the registrar of each institution to mail to the Office of the Director of Admissions a transcript of his record even though credits were not earned, together with an honorable dismissal.

ENTRANCE REQUIREMENTS

An acceptable certificate of graduation from an accredited secondary school, or the satisfactory passing of College Entrance Board examinations in secondary school subjects selected with the approval of the Director of Admissions is required.

Specific Subject Requirements.—Of the fifteen secondary school units required, nine and one-half must be distributed as follows: English (3), algebra (2), plane geometry (1), plane trigonometry ($\frac{1}{2}$), physics or chemistry (1), and foreign language or history (2).

REGISTRATION

Before a student may register for courses in engineering, he must satisfy the Office of the Director of Admissions that he is qualified for entrance to the University.

TIME AND PLACE OF REGISTRATION

Preregistration.—Students may register between 9:00 A.M. and 8:00 P.M. during the following registration periods; *summer term* 1944, May 8 to June 3; *fall term*, September 11 to 27; *winter term*, January 15 to 27. Preregistration is conducted in the Office of the Registrar, Building C, 2029 G Street NW.

Registration.—Registration is conducted between 2:00 and 8:00 P.M. during the following periods: *summer term* 1944, June 5 for the first session, July 27 for the second session; *fall term*, September 28 for new students, September 29 and 30 for former students; *winter term*, January 31 and February 1. Registration is conducted in the Hall of Government, 710 Twenty-first Street NW.

FEES AND FINANCIAL REGULATIONS

By authorization of the Board of Trustees, the following fees have been adopted.

UNIVERSITY FEE

For each term or any part thereof

For the student registered for credit..... \$8.00

For auditors,* for each registration..... 2.00

* Payment of this fee does not entitle auditors to the general privileges to which payment of the preceding fee entitles resident students.

TUITION FEES

For each credit hour for which the student registers..... 8.00

ADDITIONAL COURSE FEES AND DEPOSITS

In certain courses additional fees and deposits, such as laboratory and material fees and breakage deposits, are charged as indicated in the course descriptions. These fees are charged by the term and, unless otherwise indicated, may be defrayed in three payments when the tuition is paid in this manner. Fees and deposits payable in advance are due in full at the time of registration. Breakage of apparatus is charged against the individual student, and the amount paid in excess of breakage will be credited to the student's account at the end of the course.

GRADUATION FEE \$20.00

FEE FOR THE PROFESSIONAL THESIS..... 50.00

An annual fee: one half, plus the University fee, payable in advance at the time of each registration.

SPECIAL FEES

Late-registration fee, for failure to register within the designated period 5.00

Service fee, for late payment of tuition (see "Payment of Fees")..... 1.00

Reinstatement fee, for reinstatement after suspension for delinquency in fees 5.00

For examinations to qualify for advanced courses, and for all special examinations, for each subject..... 5.00

UNIVERSITY FEE

Payment of the University fee covers all expenses incident to registration and, in addition, secures to each student the following University privileges: (1) the issuance of three certified transcripts of record, if and when desired; (2) the services of the Placement Office; (3) the use of University library facilities, except as otherwise designated; (4) gymnasium privileges; (5) admission to all athletic contests, unless otherwise specified; (6) subscription to the *University Hatchet*, the student newspaper; (7) admission to University debates; (8) medical attention and hospital services as described under the Department of Health Administration. These privileges, however, with the exception of the issuance of transcripts, terminate, and a student is no longer in residence, when he withdraws or is dismissed from the University.

Medical and Hospital Services.—These services include: (1) three visits by the University physician or surgeon, office or residence (District of Columbia) in any one illness, exclusive of a specialist, surgical operation, laboratory, or X-ray examinations; (2) hospitalization, including board, medicine, and nursing in the University Hospital for not more than two weeks during a school year—the necessity to be determined by the Director of Health Administration. The duration of hospitalization period (maximum, two weeks) is also to be determined by the Director of Health Administration.

The student is allowed, if he so desires, to engage physicians and nurses of his own choice, but when he does so he will be responsible for the fees charged.

This medical benefit does not apply to illness or disability incurred previous to the University term or prior to payment of the University registration fee.

PAYMENT OF FEES

All fees are payable at the Office of the Cashier, 725 Twenty-first Street NW. No student is permitted to complete registration or to attend classes until all fees are paid. Fees for each term are due and payable in advance at the time of registration.

In exceptional cases, subject to the approval of the Comptroller, the student may sign a contract for term charges, except for the University fee and other fees payable in advance, permitting payments as follows:

Summer Term 1944.—One third at the time of registration, plus the University fee and deposits; one third on July 10; and one third on August 14.

Fall Term.—One third at the time of registration, plus the University fee and deposits; one third on November 3; one third on December 4.

Winter Term.—One third at the time of registration, plus the University fee and deposits; one third on March 5; one third on April 3.

During the summer term a student who fails to meet payments when due, on July 10 and August 14, but who pays his fees between July 11 and July 14 and between August 15 and August 18, is charged a service fee of \$1. A student who fails to make these payments by July 14 and August 18 will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5.

During the fall and winter terms a student who fails to meet payments when due, but who pays his fees on or before the tenth day of the month in which payment is due, is charged a service fee of \$1. A student who fails to meet payments by the tenth day of the month in which payment is due will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5.

A suspended student may not be reinstated for the term after two weeks from the date of suspension. Applications for reinstatement are to be made to the dean of the college, school, or division in which the student is registered.

An auditor pays a University fee of \$2 and all other fees chargeable to the student registered for credit except the late-registration fee.

WITHDRAWALS AND REFUNDS

Application for withdrawal from the University or for change in class schedule must be made in person or in writing to the dean of the college, school, or division in which the student is registered. Notification to an instructor is not an acceptable notice.

In authorized withdrawals and changes in schedules, financial adjustments will be made as follows:

Summer Term 1944.—Withdrawal dated on or before July 7, cancellation of the second and third payments; withdrawal dated on or before August 11, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to August 11.

Fall Term.—Withdrawal dated on or before October 31, cancellation of the second and third payments; withdrawal dated on or before November 30, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to November 30.

Winter Term.—Withdrawal dated on or before February 28, cancellation of the second and third payments; withdrawal dated on or before March 31, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to March 31.

In no case will the University fee or any part of an initial payment of fees be refunded, and in no case will tuition be reduced or refunded because of nonattendance upon classes.

Payment applies only to the term for which a registration charge is incurred and in no case will this payment be credited to another term.

A student granted "war leave" during a term will be credited with tuition payments made prior to the granting of such leave, which credit will be applicable toward a subsequent registration.

Any student in chemistry who fails to check out of the laboratory on or before the date set by the instructor, unless excused by the instructor, will forfeit the balance of his deposit. A student who drops a course before the end of the term must check out of the laboratory at once.

Authorization to withdraw and certification for work done will not be given a student who has not a clear financial record.

STUDENT LOANS AND SCHOLARSHIPS

For information concerning loans and scholarships, apply to the Committee on Student Loans and Scholarships, The George Washington University.

REGULATIONS

Students in the School of Engineering are subject to, and are expected to familiarize themselves with the general University regulations as stated in the University catalogue.

AMOUNT OF WORK

Eighteen credit hours, including required physical education, constitute normal full-time work. Nine credit hours constitute normal part-time work.

A full-time student who is not on probation may take ordinarily not more than nineteen credit hours. A student employed more than twenty-four hours a week, who is not on probation, may take ordinarily not more than ten credit hours. A student whose quality-point index is 3.00 or higher may be permitted by the Dean to exceed these limits by not more than two credit hours.

A student previously unemployed who accepts employment subsequent to registration or at any time during a term is required to report that fact immediately to the Dean, in order that adjustments in schedule may be made, if necessary, to bring his program within the Faculty's limitations upon the amount of work to be carried by an employed student.

ATTENDANCE

The student is expected to attend every meeting of the course in which he is registered fully prepared to carry on the work required. The student is held responsible for all work in the course, and all absences must be excused before provision will be made for him to make up the work missed. Excuses for absences from examinations which have been announced in advance can be obtained only by making written application to the instructor in charge of the course.

THE BACHELOR'S DEGREES

The Bachelor's degrees are: Bachelor of Civil Engineering, Bachelor of Electrical Engineering, Bachelor of Mechanical Engineering, and Bachelor of Science in Engineering.

The degree of Bachelor of Science in Engineering may be earned with any of the following majors: Business Administration, Chemistry, Economics, Mathematics, Naval Architecture, Physics, or Statistics.

In cooperation with the Law School a six-year curriculum leading to the combined degrees of Bachelor of Science in Engineering and Bachelor of Laws is offered.

REQUIREMENTS FOR THE DEGREES

SCHOLARSHIP

In order to graduate, a student must have a quality-point index of at least 2.00. No student whose quality-point index is below 2.00 will be admitted to the junior year.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation. A student remains on probation as long as his quality-point index is below 2.00, or until his probation is removed by the Dean's Council.

Suspension.—A student who has a quality-point index below 1.50 or who is placed on probation for a third term, whether successive or after an interval, will be suspended. A student suspended for poor scholarship may apply for readmission after an interval of one calendar year. He must then submit evidence to the Dean's Council that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

Quality points are computed from grades as follows: *A*, four points; *B*, three points; *C*, two points; *D*, one point; *E* and *F*, no points, for each credit hour for which the student is registered.

Scholarship is computed in terms of the quality-point index, obtained by dividing the number of quality points by the number of credit hours for which the student has registered, both based on the complete collegiate record. Courses graded *W* or *Inc.* are not considered in determining the index.

Grades.—*A* (90–100 per cent), excellent; *B* (80–89 per cent), good; *C* (70–79 per cent), average; *D* (60–69 per cent), passing; *E* conditioned, not passing; *F* (below 60 per cent), failing; *Inc.*, incomplete; *W*, withdrawn. *W* is followed by a letter grade indicating the quality of work the student was doing at the time of withdrawal. A course failed must be repeated with a passing grade in order to be credited. No student may repeat for credit a course in which he has received a grade above *E*, without the permission of the Faculty of the School of Engineering. A condition may be removed within one year on terms specified by the instructor, but in no case will a final grade above *D* be given unless the course is repeated in class. A grade of "incomplete" cannot be altered after a lapse of one calendar year except by action of the Faculty.

USE OF CORRECT ENGLISH

Any student whose English in any course whatever is deemed unsatisfactory may be reported by the instructor to the Dean's Council. The Council may assign supplementary work, without academic credit, varying in amount with the needs of the student. If the work prescribed is equivalent to a course, the regular tuition fee is charged. The granting of a degree may be delayed for failure to make up any such deficiency in English to the satisfaction of the Dean's Council.

The foregoing regulation is to be interpreted as applying to both written and spoken English.

RESIDENCE

One year, or thirty-six credit hours, must be completed in residence in the School of Engineering. Summer term work may be counted in residence, but in no case may the period of residence aggregate less than thirty weeks. Unless special permission is granted by the Dean to pursue work elsewhere, the work of the senior or final year must be completed in residence.

CURRICULUM REQUIREMENTS

The satisfactory completion of one of the following curricula of 144 credit hours is required.

Variations from the prescribed curricula may be made, with the permission of the Dean's Council. A student desiring to omit a required course and substitute another must make written application to the Dean, presenting satisfactory reasons for the substitution; and written approval must be obtained before registration for the course.

The purpose of the Bachelor of Science in Engineering curriculum is to allow a student who has demonstrated his ability to do better than passing work to center his attention upon a group of subjects in which he has special interest. Options may be elected in Business Administration, Chemistry, Economics, Mathematics, Naval Architecture, Physics, or Statistics. The student's choice of subjects for the entire junior and senior years must be submitted to the Dean's Council for approval *before* the beginning of the junior year. The student must comply with such requirements as to subjects, schedules, and scholarship as the department concerned may prescribe.

Curricula recommended by the several departments in which options may be elected are available in the Office of the Dean of the School of Engineering for the guidance of students in arranging their programs. Variations from these curricula may be made to satisfy the needs of the exceptional individual student. However, any variation must be approved in writing by the major department and the Dean's Council.

COMBINED BACHELOR OF SCIENCE IN ENGINEERING AND BACHELOR OF LAWS DEGREES

For those students who desire to enter the branches of the legal profession in which a background in engineering is necessary a six-year curriculum is offered, leading to the combined degrees of Bachelor of Science in Engineering and Bachelor of Laws. A candidate for the combined degrees must conform to the residence and scholarship requirements of the School of Engineering throughout the period of preparation for the de-

gree in engineering. His scholarship level for the junior and senior years must be acceptable to both the School of Engineering and the Law School. During the junior and senior years he must complete: (1) the required courses in engineering, (2) the 28 credit hours of courses required in the first year of the Law School, and (3) such electives as he needs to satisfy the 144 credit-hour requirement for the degree in engineering. Upon the satisfactory completion of the senior year, the degree of Bachelor of Science in Engineering will be conferred. The student will then continue his studies in the Law School; upon the satisfactory completion of which the degree of Bachelor of Laws will be conferred.

For detailed information the student should consult the deans of the School of Engineering and the Law School.

THE PROFESSIONAL DEGREES

The professional degree of Civil Engineer, Electrical Engineer, or Mechanical Engineer may be conferred upon a graduate of the School of Engineering who has demonstrated his professional ability.

REQUIREMENTS FOR THE DEGREES

1. Application may not be made sooner than three years after graduation, and then only if the candidate has had responsible charge of engineering work.

2. A detailed statement of the candidate's experience, references, the degree sought, and the title of the thesis must be filed with the Dean eight months before the Commencement at which the degree is to be conferred.

Detailed information concerning the preparation of the thesis may be obtained from the Office of the Dean.

COURSES OF INSTRUCTION

On the following pages, under the alphabetically arranged names of the departments of instruction, are listed the courses of instruction offered in the School of Engineering in the summer of 1944 and in the academic year 1944-45. Also listed are courses offered by other schools and colleges of the University, but required or accepted as electives for the degrees in engineering. The courses as here listed are subject to some slight change.

The University reserves the right to withdraw any course announced.

INDICATION OF THE AMOUNT OF CREDIT

The number of credit hours given for the satisfactory completion of a course is in most cases indicated in parentheses after the name of the course. Thus, a year course giving three hours of credit each term is marked (3-3), and a term course giving three hours of credit is marked (3). A credit hour usually consists of the completion of one fifty-minute period of class work or of one laboratory period a week for one term.

Minimum requirements for the major.—See pages 18-19.

Summer term 1944.—Odd-numbered courses will be offered except 15, 147.

Fall term 1944-45.—Even-numbered courses will be offered except 148, 172.

Winter term 1944-45.—Odd-numbered courses will be offered except 151, 181.

FIRST GROUP

- 2 *Plane Surveying* (3) Hayward
Principles, methods, and instruments used in surveying; with field work. Prerequisite: Trigonometry. Surveying fee, \$6. Section A: Tues. and Thurs., 12:10 P.M.; section B: Tues. and Thurs., 7:10 P.M. Field work—Sat., 9:10 A.M. and 1:40 P.M.
- 15 *Navigation* (3) Dreisonstok
Principles, methods, and instruments used in surface and aerial navigation. Charts, piloting, dead-reckoning, nautical astronomy, position determination. Prerequisite: Trigonometry. Mon., Wed., and Fri., 6:10 P.M.
- 17 *Meteorology for Navigation* (2) _____
Principles and elements of atmospheric behavior; weather forecasting, data, and maps. Prerequisite: Physics 6 and 7.
- 21 *Analytical Mechanics: Statics* (2) _____
Composition and resolution of forces; axial stresses; centroids; friction. Prerequisite: Physics 6; prerequisite or concurrent registration: Mathematics 20. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 7:10 P.M.

* On war leave 1944-45.

- 22 *Analytical Mechanics: Dynamics* (3) _____
Kinematics of a particle; kinetics of a body in translation, rotation, and plane motion; work and energy; impulse and momentum. Prerequisite: Civil Engineering 21. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.
- 23 *Higher Surveying* (4) _____ Hayward
Elements of geodesy, triangulation, topography, hydrography, and precise and trigonometric leveling, with field work. Prerequisite: Civil Engineering 2. Surveying fee, \$6. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M. Field work—Sat., 9:10 A.M. and 1:40 P.M.
- 25-26 *Materials of Construction* (2-2) _____ Walther
Nonmetallic materials, with emphasis on cement; metallic materials, with emphasis on iron and steel. Prerequisite or concurrent registration: Chemistry 12. Section A: Tues. and Thurs., 9:10 A.M.; section B: Tues. and Thurs., 6:10 P.M.

SECOND GROUP

- 123 *Strength of Materials* (3) _____
Tension, compression, shear, flexure, and torsion; deflection; combined and working stresses. Prerequisite: Civil Engineering 22. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.
- 136 *Hydraulics* (3) _____
Hydrostatics: flow through pipes and open channels; laminar and turbulent flow. Prerequisite: Civil Engineering 22. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.
- 140 *Materials and Hydraulics Laboratory* (2) _____
Determination of the properties of materials by mechanical tests, and a study of the flow of fluids. Prerequisite: Civil Engineering 123; prerequisite or concurrent registration: Civil Engineering 26 and 136. Laboratory fee, \$6. Section A: Tues. and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 8:10 P.M.
- 141 *Graphic Statics* (3) _____ Walther
Fundamental principles; analyses of beams; determination of stresses in roof trusses and framed bents. Prerequisite or concurrent registration: Civil Engineering 123. Drafting-room fee, \$1. Section A: Tues. and Thurs., 11:10 A.M., and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 7:10 P.M., and Tues., 8:10 P.M.
- 142 *Bridge Stresses* (3) _____ Walther
Determination of stresses in modern types of bridge trusses. Prerequisite: Civil Engineering 141. Drafting-room fee, \$1. Section A: Tues. and Thurs., 11:10 A.M., and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 7:10 P.M., and Tues., 8:10 P.M.
- 147-48 *Structural Design* (2-2) _____ Walther
Computations and drawings for the design of steel structures. Prerequisite: Civil Engineering 142. Drafting-room fee, \$3 a term. Tues. and Thurs., 8:10 P.M.

- 149-50 *Concrete and Masonry Construction* (3-3) Oleinik
Plain concrete; general properties and theory of reinforced concrete; foundations and retaining walls. Prerequisite: Civil Engineering 25 and 123. Civil Engineering 149, laboratory fee, \$6; Civil Engineering 150, drafting-room fee, \$1. Tues. and Thurs., 6:10 P.M., and Mon., 8:10 P.M.
- 151-52 *Statically Indeterminate Structures* (2-2) Walther
A study of such structures as continuous spans, rigid frames, and arches by methods of work, slope deflection, and moment distribution. Prerequisite: Civil Engineering 142. Mon. and Fri., 6:10 P.M.
- 164 *Highway Engineering* (3)
Highway economics, location, construction, and maintenance. Prerequisite or concurrent registration: Civil Engineering 25 and 171. Mon., Wed., and Fri., 6:10 P.M.
- 171 *Route Surveying* (3) Hayward
Curves and earthwork, and methods of location as used on railroads and highways; field work; complete highway location. Prerequisite: Civil Engineering 2. Surveying fee, \$6. Tues. and Thurs., 6:10 P.M. Field work—Sat., 1:40 P.M.
- 172 *Railroad Engineering* (3)
Track construction and requirements, rolling stock, cost and operation of railroads, with field work. Prerequisite: Civil Engineering 171. Surveying fee, \$6.
- 181-82 *Water Supply and Sewerage* (3-3) Fuhrman
Collection, storage, purification, and distribution of water; sewerage systems and treatment of sewage. Prerequisite: Civil Engineering 136; Chemistry 12. Mon., Wed., and Fri., 7:10 P.M.
- 187 *Contracts and Specifications* (2) Lund
Contract principles; preparation of contracts; specifications and methods of studying them; examples of contracts and specifications; practice in analyzing and writing specifications. Tues. and Thurs., 7:10 P.M.
- 189-90 *Civil Engineering Proseminar* (1-1) Mason
Hours to be arranged.

ELECTRICAL ENGINEERING

*Norman Bruce Ames, M.S., E.E., LL.B., *Professor of Electrical Engineering*

Forest Klaire Harris, B.S. in E.E., M.S., Ph.D., *Professorial Lecturer in Electrical Engineering*

Newbern Smith, Ph.D., *Professorial Lecturer in Electrical Engineering*

Milton Kent Akers, B.S., E.E., *Associate Professor of Electrical Engineering, Acting Executive Officer*

*Alfred Ennis, M.S., E.E., D.Eng., *Assistant Professor of Electrical Engineering*

Edward Iannelli, B.E.E., *Lecturer in Electrical Engineering*

Francis Jerue Gross, B.S. in E.E., *Lecturer in Electrical Engineering*

Carl Harrison Smith, Jr., B.S. in E.E., *Associate in Electrical Engineering*

Dwight Edward Shytle, *Associate in Electrical Engineering*

Minimum requirements for the major.—See pages 18 and 19-20.

Summer term 1944.—Odd-numbered courses will be offered except 125, 137.

Fall term 1944-45.—Even-numbered courses will be offered except 126, 136.

Winter term 1944-45.—Odd-numbered courses will be offered except 125, 137.

FIRST GROUP

9-10 *Elements of Electrical Engineering* (3-3) Akers

Electrical Engineering 9: magnetic and electric circuits, and direct-current instruments and machines; Electrical Engineering 10: alternating-current circuits, instruments, and machines. Prerequisite: Physics 7. Prerequisite or concurrent registration: Mathematics 20. Section A: Mon., Wed., and Fri., 12:10 P.M.; section B: Mon., Wed., and Fri., 7:10 P.M.

13-14 *Direct- and Alternating-Current Laboratory* (2-2) Shytle

For the student not majoring in electrical engineering. Experiments in direct and alternating currents and direct- and alternating-current machinery. Prerequisite: Electrical Engineering 10. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 8:10 P.M.; section D: Thurs., 8:10 P.M.; section E: Fri., 8:10 P.M.

17-18 *Direct-Current Laboratory* (2-2) Shytle

For the student majoring in electrical engineering. A course in measurements and direct-current dynamo laboratory. Prerequisite: Electrical Engineering 9-10. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 8:10 P.M.; section D: Thurs., 8:10 P.M.; section E: Fri., 8:10 P.M.

* On war leave 1944-45.

SECOND GROUP

- 101 *Electric Circuits* (3) Gross
Alternating-current-circuit theory. Extensive consideration is given to harmonic analysis and to the study of harmonics in both single-phase and polyphase circuits. Prerequisite: Electrical Engineering 10. Mon., Wed., and Fri., 6:10 P.M.
- 102 *Alternating-Current Machinery* (3) Akers
Synchronous generators and motors, transformers, and mercury arc rectifiers. Prerequisite: Electrical Engineering 101. Mon., Wed., and Fri., 6:10 P.M.
- 103 *Alternating-Current Machinery* (3) Akers
A continuation of Electrical Engineering 102. Converters, induction motors, single-phase motors, and elementary transmission and distribution of alternating currents. Prerequisite: Electrical Engineering 102. Mon., Wed., and Fri., 6:10 P.M.
- 111-12 *Electrical Measurements* (2-2) Harris
Theory of direct-current and alternating-current instruments, bridges, and meters. Prerequisite or concurrent registration; Electrical Engineering 101. Tues. and Thurs., 7:10 P.M.
- 125-26 *Principles of Electric Power Transmission* (2-2) Akers
Mechanical and electrical characteristics of transmission lines; approximate and rigorous solutions by means of hyperbolic functions; steady-state and elementary transient considerations; the more important phases of distribution of electrical energy. Prerequisite: Electrical Engineering 101. Tues. and Thurs., 7:10 P.M.
- 133-34 *Alternating-Current Laboratory* (2-2) Shytle
A continuation of Electrical Engineering 17-18, with experiments on alternating-current circuits, instruments, and machinery. Prerequisite: Electrical Engineering 18 and 103. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 8:10 P.M.; section D: Thurs., 8:10 P.M.; section E: Fri., 8:10 P.M.
- 136 *Hydro-Electric Engineering* (2) Akers
Present-day theory and practice in hydro-electric engineering. Prerequisite: Electrical Engineering 10; Civil Engineering 136. Tues. and Thurs., 6:10 P.M.
- 137 *Electric Traction* (2) Akers
Theory and practice of modern direct- and alternating-current railways. Prerequisite: Electrical Engineering 10. Tues. and Thurs., 6:10 P.M.
- 138 *Industrial Electrical Power Applications* (2) Akers
The characteristics of the various types of electrical motors and other power appliances and the principles governing their applications in industry. Prerequisite: Electrical Engineering 10 and junior standing. Mon. and Fri., 5:10 P.M.

- 140 *Electrical Design* (3) Akers
Principles of design, with reference to materials of construction and electrical equipment. Practical exercises are assigned in connection with classroom work. Prerequisite: Electrical Engineering 103. Mon. and Fri., 6:10 P.M., and Tues., 8:10 P.M.
- 143-44 *High-Frequency Communication* (3-3) N. Smith
Principles of high-frequency communication circuits and of high-frequency measurement. Prerequisite: Electrical Engineering 101; Physics 132. Tues. and Thurs., 6:10 to 7:25 P.M.
- 151-52 *Communication Engineering* (2-2) Iannelli
Principles of communication circuits and measurements. Particular attention is given to low and intermediate-frequency phenomena. Prerequisite: Electrical Engineering, 101; Physics 132. Tues. and Thurs., 6:10 P.M.
- 153 *Electronic Engineering* (3)
Theory and application of electronic tubes and circuits to radio and industrial controls. Designed expressly for electrical engineering students who do not elect the communications option and for mechanical and civil engineering students. Prerequisite: Electrical Engineering 10 and Junior standing. Tues. and Thurs., 5:45 to 7:00 P.M.
- 161-62 *Communications Laboratory* (2-2) C. Smith
A laboratory course paralleling Electrical Engineering 151-52. Prerequisite or concurrent registration: Electrical Engineering 151. Tues., 8:00 to 10:30 P.M.
- 171 *Advanced Electrical Laboratory* (2) Akers
Individually assigned laboratory problems. Open only to students who have shown the capacity for independent work. Prerequisite: Electrical Engineering 134. Hours to be arranged.
- 180 *Advanced Electrical Design* (2) Akers
Individual problems worked out in conference with the instructor. Open only to students who have shown the capacity for independent work. Prerequisite: Electrical Engineering 140. Hours to be arranged.
- 189-90 *Proseminar in Electrical Engineering* (1-1) Akers
Prerequisite: Electrical Engineering 103. Wed., 6:10 P.M.

MECHANICAL ENGINEERING

*Arthur Frederick Johnson, M.E., Ph.D., *Professor of Mechanical Engineering*

Frederick Morris Feiker, B.S. in E.E., D.Eng., *Professor of Engineering Administration*

Benjamin Carpenter Cruickshanks, B.S. in M.E., *Professor of Mechanical Engineering, Acting Executive Officer*

Garbis Keulegan, Ph.D., *Professorial Lecturer in Mechanical Engineering*

Robert Gay Trumbull, B.S. in C.E., *Associate Professor of Mechanical Engineering*

*Howard Henry Koster, M.S. in M.E., *Assistant Professor of Mechanical Engineering*

Martin Alexander Mason, B.S. in Eng., Dr. Ing., *Lecturer in Mechanical Engineering*

Harry Joseph Keegan, B.S. in M.E., *Lecturer in Mechanical Engineering*

Rudolph Michel, B.S. in M.E., M.S., *Lecturer in Mechanical Engineering*

Minimum requirements for the major.—See pages 18 and 20-21.

Summer term 1944.—Odd-numbered courses will be offered except 5, 9, 15, 101, 103, 117, 133.

Fall term 1944-45.—Even-numbered courses will be offered except 10, 16, 102, 104, 118, 126.

Winter term 1944-45.—Odd-numbered courses will be offered except 5, 9, 15, 101, 103, 117, 131.

FIRST GROUP

- 1 *Engineering Survey and Orientation (1)* Cruickshanks and Staff

Open to freshmen only. Section A: Mon., 12:40 P.M.; section B: Tues., 7:10 P.M.

- 3 *Mechanical Drawing (2)* Trumbull
Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:10 to 11:00 P.M.

- 4 *Descriptive Geometry (2)* Trumbull
Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:10 to 11:00 P.M.

- 5 *Introductory Naval Architecture (3)*
Nomenclature, functions, and arrangement of hull structure, equipment, and machinery for merchant vessels. Lectures supplemented by visits to shipyards.

* On war leave 1944-45.

- 7 *Machine Drawing* (2) Trumbull
Prerequisite: Mechanical Engineering 3 and 4. Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:10 to 11:00 P.M.
- 8 *Mechanism Drawing* (2) Trumbull
Prerequisite: Mechanical Engineering 3, 4, and 13. Prerequisite or concurrent registration: Mechanical Engineering 14. Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:10 to 11:00 P.M.
- 9-10 *Ship Drafting* (2-2)
Fairing of lines; displacement, stability curves, midship section, general arrangements and structural detail plans, machinery details. Prerequisite or concurrent registration: Mechanical Engineering 15. Drafting-room fee, \$3 a term.
- 13-14 *Mechanism* (2-2) Trumbull
Prerequisite: Mathematics 12. Prerequisite or concurrent registration: Mathematics 19. Section A: Tues. and Thurs., 12:10 P.M.; section B: Tues. and Thurs., 6:10 P.M.
- 15-16 *Elementary Ship Calculations* (2-2)
Form characteristics, detailed weights, displacement, transverse and longitudinal equilibrium, launching. Prerequisite: Mechanical Engineering 5.

SECOND GROUP

- 101-2 *Advanced Ship Calculations* (2-2)
Stabilizing, model basin practice, powering, steering, launching, hull strength, floodability, vibrations. Prerequisite: Mechanical Engineering 16.
- 103-4 *Ship Design* (2-2)
Prerequisite: Mechanical Engineering 10, 16; prerequisite or concurrent registration: Mechanical Engineering 117. Drafting-room fee, \$3 a term.
- 111-12 *Thermodynamics* (3-3) Cruickshanks
With introductory study of laws of heat transmission. Prerequisite or concurrent registration: Mathematics 20. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.
- 115-16 *Mechanical Laboratory* (2-2) Cruickshanks
Calibration of instruments; calorimetry; testing of prime movers, auxiliaries, and combustion engines. Eight-hour boiler test required. Prerequisite: Mechanical Engineering 13-14 and 111-12. Laboratory fee, \$6 a term. Section A: Mon. and Fri., 1:10 P.M.; section B: Mon. and Fri., 8:10 P.M.
- 117-18 *Marine Engines and Auxiliaries* (2-2)
Details, arrangements and performance of steam uniflow, steam turbine, and Diesel propelling plants. Prerequisite or concurrent registration: Mechanical Engineering 5, 13-14, and 111-12.

- 126 *Methods of Manufacture* (2) Koster
Fixtures, gauging, tools, costs. Prerequisite: Mechanical Engineering 8 and 14; Civil Engineering 26. Tues. and Thurs., 7:10 P.M.
- 127-28 *Machine Design* (2-2) Keegan
With stress-analysis lectures. Prerequisite: Mechanical Engineering 112 and 126; Civil Engineering 25, 123, 136, and 141. Drafting-room fee, \$3 a term. Tues. and Thurs., 8:10 to 11:00 P.M.
- 129-30 *Power Plants* (3-3) Cruickshanks
Study of design, layout, installation, and operation of power plants and equipment. Prerequisite: Mechanical Engineering 112. Mon., Wed., and Fri., 6:10 P.M.
- 131-32 *Heating, Ventilating, Air Conditioning, and Refrigeration* (2-2) Koster
Prerequisite: Mechanical Engineering 112. Tues. and Thurs., 6:10 P.M.
- 133 *Combustion Engines* (2) Koster
Prerequisite: Mechanical Engineering 112; Civil Engineering 123 and 136; Electrical Engineering 10. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 7:10 P.M.
- 139 *Fluid Dynamics* (3) Keulegan
The theories of hydro- and aero-mechanics as influenced by density, viscosity, and turbulence. Prerequisite: Mechanical Engineering 112; Civil Engineering 140. Mon., Wed., and Fri., 7:10 P.M.
- 140 *Dynamics of Machinery* (3) Michel
Inertia effects, balancing, vibration phenomena. Prerequisite: Mechanical Engineering 115; Civil Engineering 123 and 136. Mon., Wed., and Fri., 7:10 P.M.
- 141-42 *Management Problems* (2-2) Feiker
The handling and training of men. Prerequisite: Economics 1-2. Tues. and Thurs., 7:10 P.M.
- 145-46 *Management Controls* (2-2) _____
Prerequisite: Economics 1-2; Business Administration 101-2. Hours to be arranged.
- 147 *Industrial Labor Relations* (2) _____
Prerequisite: Mechanical Engineering 141-42. Tues. and Thurs., 6:10 P.M.
- 189-90 *Proseminar in Mechanical Engineering* (1-1) Mason
Hours to be arranged.

REQUIRED AND ELECTIVE COURSES FROM OTHER DEPARTMENTS

On the following pages appears a partial list of courses in other departments of instruction which are closely related to engineering. Some of these courses are prescribed in the several curricula of the School of Engineering; all are recommended as suitable elective subjects for engineering students. Information on the times and places of meeting of courses may be found in the class schedule which will be available at the time of registration.

The number which precedes the name of the course indicates the term in which that course is offered.

Fall Term.—An odd number preceding the name of the course indicates that the course is offered in the fall term.

The letter "x" following an *even* course number (e.g., 22x) indicates that the course normally offered in the winter term is given in the 1944-45 fall term.

Winter Term.—An even number preceding the name of the course indicates that the course is offered in the winter term.

The letter "x" following an odd course number (e.g., 21x) indicates that the course normally offered in the fall term is given in the 1944-45 winter term.

BUSINESS ADMINISTRATION

51-52 *Principles of Accounting* (3-3)

Rules of debit and credit, underlying principles of accounting records, simple partnership and corporation problems, and the preparation of financial statements.

Business Administration 51x—same as Business Administration 51, but offered winter term.

Business Administration 52x—same as Business Administration 52, but offered fall term. Prerequisite: Business Administration 51, or the approval of the instructor.

Business Administration 51-52 offered summer term 1944.

101-2 *Business Organization and Management* (3-3)

Promotion of an enterprise and selection of a form of organization; departmentizing and administration.

Also offered summer term 1944.

115 *Business Finance* (3)

Basic principles involved in the financial policies of business enterprises. Prerequisite: Business Administration 51-52; Economics 1-2.

Also offered summer term 1944.

127 *Business Forecasting* (3)

Forces and factors underlying fluctuations of business activity and methods of forecasting such fluctuations. Prerequisites: Economics 1-2.

- 128 *Principles of Insurance* (3)
A general course in underlying principles of property, life, marine, and casualty insurance, and the function of insurance in the economic life of a business or individual. Prerequisite: Economics 1-2.
- 145 *Cost Accounting* (3)
Job order and process systems of cost findings; interrelation of the cost records and the general accounts; standard costs; distribution costs. Prerequisite: Business Administration 51-52.
- 155 *Analysis of Financial Statements* (3)
Technique of analyzing financial statements for the guidance of operating executives, directors, stockholders, and creditors; valuation of balance sheet items; determination and interpretation of ratios. Prerequisite: Business Administration 151.
Business Administration 155 also offered summer term 1944.
- 171 *Principles of Marketing* (3)
A survey of marketing, giving particular attention to consumption, retailing, wholesaling, and sales management; the entire marketing structure and its relation to the total economy. Prerequisite: Economics 1-2.
- 181 *Public Utilities* (3)
Public utility characteristics, organization, management, financing, combinations, and accounting; regulation, valuation, and rate-making are stressed. Prerequisite: Economics 1-2.
Business Administration 181x—same as Business Administration 181, but offered winter term.
- 185 *Principles of Railroad Transportation* (3)
Railroad history; organization, regulations, rate-making theory and practice, accounting, securities, and consolidation. Work of Interstate Commerce Commission stressed. Prerequisite: Economics 1-2.
- 186 *Principles of Motor, Air, and Water Transportation* (3)
History, organization, economics, regulations, and rates of motor, air, and water carriers; coordination of transportation. Prerequisite: Economics 1-2.

CHEMISTRY

11-12 *General Chemistry*† (4-4)

Material fee,* \$9 a term.

Chemistry 11x—same as Chemistry 11, but offered winter term.

Chemistry 12x—same as Chemistry 12, but offered fall term.

Chemistry 11-12 offered summer term 1944.

21 *Qualitative Inorganic Analysis* (4)

Theoretical and practical study of methods of separating and identifying the more common cations and anions. Prerequisite: Chemistry 12.

Material fee,* \$9 a term.

Chemistry 21x—same as Chemistry 21, but offered winter term.

Also offered summer term 1944.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee.

† Chemistry 11 and 12 constitute the minimum course in chemistry. Engineering students who have credit for high school chemistry from an accredited high school may be excused from Chemistry 11 upon passing a qualifying examination given at the beginning of each term. They will then be permitted to take Chemistry 12 and 21 instead.

22 *Quantitative Inorganic Analysis* (4)

The principles of gravimetric and volumetric analysis. Prerequisite: Chemistry 21. Material fee,* \$12 a term.

Also offered summer term 1944.

†111-12 *Physical Chemistry* (4-4)

Introduction to theoretical chemistry. Prerequisite: Chemistry 22; Mathematics 20; Physics 8. Material fee,* \$9 a term.

Chemistry 111-12 also offered summer term 1944.

122X *Advanced Quantitative Analysis* (4)

Application of the fundamental principles of analysis to more difficult separations and determinations. Prerequisite: Chemistry 22. Material fee,* \$12.

†131-32 *Inorganic Chemistry* (2-2)

Chemistry and its theories from the standpoint of the periodic table, with major emphasis on the more common elements. Prerequisite: Chemistry 152. Prerequisite or concurrent registration: Chemistry 111-12.

135-36 *Inorganic Chemistry: Preparations* (2-2)

Application of the technique of inorganic chemistry to the preparation and purification of a selected list of substances. Prerequisite: Chemistry 152. Prerequisite or concurrent registration: Chemistry 111-12. Material fee,* \$12 a term.

†151-52 *Organic Chemistry* (4-4)

151: Chemistry of the acyclic carbon compounds. Prerequisite: Chemistry 12; however, students are strongly advised to take Chemistry 21 and 22 before entering this course. Material fee,* \$9. 152: chemistry of the cyclic carbon compounds. Prerequisite: Chemistry 151. Material fee,* \$9.

Also offered summer term 1944.

155X *Organic Chemistry: Preparations* (2 or 3)

The synthesis of carbon compounds, and a study of the fundamental techniques of purification. Prerequisite: Chemistry 22 and 152. Material fee,* \$12.

191 *History of Chemistry* (2)

The development of chemistry, and the biographies of eminent contributors to the science. Prerequisite: Chemistry 152. Prerequisite or concurrent registration: Chemistry 22.

251-52 *Advanced Organic Chemistry* (3-3)

An introduction to the literature of organic chemistry; the study of the syntheses, reactions, and properties of carbon compounds; the fundamental theories of organic chemistry. Prerequisite: Chemistry 152; prerequisite or concurrent registration: Chemistry 111-12. Open to the senior student with the permission of the instructor.

Chemistry 252X—same as Chemistry 152, but offered fall term.
Chemistry 251 also offered summer term 1944.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee.

† This course may not be entered in the second term. Credit will not be given until the work of both terms has been completed.

ECONOMICS

- 1-2 *Introductory Economics** (3-3)
Survey of the major economic institutions and economic problems in contemporary society.
Also offered summer term 1944.
- 121-22 *Money and Banking* (3-3)
Money, bank credit, and prices; commercial and investment banking; banking systems; historical development of banking; government and banking; functions of money and banking.
- 141 *Labor Economics* (3)
Labor problems: wages, hours, and working conditions; growth of labor organizations; types of unions; union tactics and programs.
- 142 *Government and Labor Problems* (3)
Labor legislation; labor and the courts; federal regulation of capital-labor relations; the work of federal labor boards. Prerequisite: Economics 141.
- 161-62 *Public Finance and Taxation* (3-3)
General survey of government expenditures, sources and methods of taxation, economic effects of expenditures and taxes, and of government debt policies.
- 169 *Economics of War* (3)
The problems of production, price control, and finance in the defense preparation and war economies; post-war problems.
- 170 *Economic Geography* (3)
The economics of natural resources: raw materials; staple crops; and location of industry.

ENGLISH

- 1-2 *Freshman English*† (3-3)
Grammatical review, exercises in composition, study and criticism of prose essays.
English 1x—same as English 1, but offered winter term.
English 2x—same as English 2, but offered fall term.
English 1-2 also offered summer term 1944.
- 9 *Sophomore Composition* (3)
A study of the contemporary essay, with weekly exercises in expository writing. Prerequisite: English 1 and 2.

* Economics 1-2 is prerequisite to all other courses in economics.

† Special placement examinations, required of all entering freshmen, will be conducted by the English Department. These examinations will test the student's proficiency in spelling, grammar, punctuation, and sentence structure; his vocabulary; and through an impromptu theme, his ability to present his ideas in logical sequence with clarity and effectiveness. On the basis of these tests students will be classified as follows: (1) specially superior students who, by the unanimous decision of the examiners, are regarded as possessing the equivalent of English 1-2 and who may be relieved of the curriculum requirement of the course; and (2) all other students, who will be required to take English 1-2.

MATHEMATICS*

3 *College Algebra* (3)

Exponents and logarithms; linear equations; complex numbers; quadratic equations; introduction to theory of equations; mathematical induction and the binomial theorem; permutations, combinations, and probability; determinants; progressions. Prerequisite: one year each of high school algebra and high school geometry.

Mathematics 3x—same as Mathematics 3, but offered winter term.

6 *Plane Trigonometry* (3)

Prerequisite: two years of high school algebra and one year of high school geometry, or Mathematics 3 (or concurrent registration therefor).

Mathematics 6x—same as Mathematics 6, but offered fall term.

12 *Analytic Geometry* (3)

Prerequisite: Mathematics 3 and 6, or two years of high school algebra, one year of high school geometry, and one-half year of high school trigonometry.

Mathematics 12x—same as Mathematics 12, but offered fall term.

Mathematics 12 also offered summer term 1944.

19 *Differential Calculus* (3)

Prerequisite: Mathematics 12.

Mathematics 19x—same as Mathematics 19, but offered winter term.

Mathematics 19 also offered summer term 1944.

20 *Integral Calculus*† (3)

Prerequisite: Mathematics 19.

Mathematics 20x—same as Mathematics 20, but offered winter term.

Mathematics 20 also offered summer term 1944.

132 *Differential Equations* (3)

Mathematics 132x—same as Mathematics 132, but offered winter term.

Mathematics 132 also offered summer term 1944.

138 *Advanced Calculus* (3)171 *Vector Analysis* (3)

PHYSICS

5 *General Physics* (3)

Introduction to the scientific method as used in the study of energy and forces; physical properties of solids, liquids, and gases; phenomena of heat and light. Material fee, \$6.

Physics 5x—same as Physics 5, but offered winter term.

6 *General Physics*§ (3)

Mechanics, wave-motion, sound, and the theory of optical instruments. Offered winter term. Prerequisite: Physics 5. Material fee, \$6.

Also offered summer term 1944.

* Mathematics 3, 6, 11, 12, 19, and 20 are not available for college credit if the student's previous training in mathematics meets the prerequisites for a higher numbered course.

† Mathematics 20 is prerequisite to all higher numbered courses.

§ Physics 6, 7, and 8 constitute the basic course in physics. Students who have credit for high school physics from an accredited high school may omit Physics 5 as a prerequisite to Physics 6 and 7, provided that they pass a qualifying examination given at the beginning of the course (Physics 6 or Physics 7).

Before completing registration for Physics 5, 6, 7, or 55, each student must obtain from the representative of the Department an assignment to a class section.

7 General Physics* (3)

Electricity; magnetism; the principles underlying the uses of electric power in everyday life. Offered fall term. Prerequisite: Physics 5.

Also offered summer term 1944.

8 General Physics* (2)

The experimental evidence concerning the nature of light, electricity, and matter; practical developments of modern physics, such as X-ray apparatus, electron tubes, and radio. Prerequisite: Physics 6 and 7.

Also offered summer term 1944.

55 Physical Measurements (2)

Theory and use of the methods of precise measurement in the several fields of physics. Prerequisite: Physics 6 and 7. Prerequisite or concurrent registration: Mathematics 19. Material fee, \$6.

113-14 Molecular and Atomic Physics (3-3)

Constituent particles of matter; kinetic theory and the properties of macroscopic bodies; spectra and the structure of atoms and molecules; introduction to chemical physics. Prerequisite: Physics 8; Mathematics 20.

116 Optics (3)

Geometrical optics; elementary theory of wave motion; interference, diffraction, polarization, and dispersion of light; laws of black-body radiation. Prerequisite: Physics 8; Mathematics 20.

Also offered summer term 1944.

121 Mechanics (3)

Statics, elasticity, dynamics of solids and fluids, and gravitation. Prerequisite: Physics 6; Mathematics 20.

122 Heat and Thermodynamics (3)

Thermometry, calorimetry, heat conduction, the laws of thermodynamics with application to physical systems. Prerequisite: Physics 8; Mathematics 20.

128 Sound (3)

Production, propagation, and detection of sound waves; vibration of sounding bodies; acoustic instruments and acoustic measurements. Prerequisite: Physics 8; Mathematics 20.

132 Electronics (3)

The phenomena of electron emission from solids; the physical properties of electron tubes, and the principles underlying their basic applications. Prerequisite: Physics 8 and 125 or Physics 8 and Electrical Engineering 101. Material fee, \$6.

155 Advanced Physical Measurements (3)

An individual program of experiments arranged for each student in accordance with his preparation and his special interests. Prerequisite: Physics 55 and one course from Physics 116, 121, 125 (or Electrical Engineering 9 and 10). Material fee, \$6 a term.

* Physics 6, 7, and 8 constitute the basic course in physics. Students who have credit for high school physics from an accredited high school may omit Physics 5 as a prerequisite to Physics 6 and 7, provided that they pass a qualifying examination given at the beginning of the course (Physics 6 or Physics 7).

Before completing registration for Physics 5, 6, 7, or 55, each student must obtain from the representative of the Department an assignment to a class section.

PSYCHOLOGY

1 *General Psychology* (3)

The fundamental principles underlying human behavior.

Psychology 1x—same as Psychology 1, but offered winter term.

Psychology 1 also offered summer term 1944.

2 *Applied Psychology* (3)

The application of psychology in business, industry, medicine, law, guidance, education, and social problems.

Psychology 2x—same as Psychology 2, but offered fall term.

Psychology 2 also offered summer term 1944.

SPEECH

1 *Principles of Effective Speaking* (3)

Short informative speeches; delivery practice; pronunciation, enunciation, and diction; impromptu speaking. Speech recordings are required. Recording fee, \$1.50.

Speech 1x—same as Speech 1, but offered winter term.

Speech 1 also offered summer term 1944.

2 *Persuasive and Entertaining Speaking* (3)

Special emphasis is placed on persuasive and entertaining speeches. This course is a continuation of Speech 1, which is prerequisite. Recording fee, \$1.50.

131 *Group Thinking and Conference Leadership* (3)

The process of thinking and problem-solving in committees and small groups, and the methods of leading discussions and conferences. Prerequisite: six credit hours of speech or permission of the instructor.

STATISTICS

100 *General Statistics* (3)

A survey of statistical methods for business administration, biological sciences, commercial engineering, economics, education, fisheries, forestry, medical science, military science, sociology, psychology, and physical sciences.

Statistics 100 also offered summer term 1944.

†101-2 *Economic and Sociological Statistics* (3-3)

Sources of data; collecting and assembling of statistics; tabulation; graphical analysis; averages, measures of dispersion; frequency distributions, index numbers; time series; the normal curve; correlation. Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5 a term.

Statistics 101-2 also offered summer term 1944.

117 *Analysis of Variance* (3)

A technique for segregating from comparable groups of data the variation traceable to specific sources; a method to estimate experimental error. Prerequisite: Statistics 101-2.

118 *Advanced Economic and Sociological Statistics* (3)

Advanced study of correlation and frequency analysis; and of sources, their uses and limitations. Prerequisite: Statistics 101-2.

†157-58 *Intermediate Theoretical Statistics* (3-3)

Adjustments of observations; curve fitting; design of experiment; simple sampling; theories of dispersion; expectation; frequency functions; Thiele's semi-invariants; Gram-Charlier series. Prerequisite: Mathematics 20.

† This course may not be entered in the second term. Credit will not be given until the work of both terms has been completed.

WAR SERVICE OPPORTUNITIES

IN

THE GEORGE WASHINGTON UNIVERSITY

THE UNIVERSITY AND WAR SERVICE

The George Washington University is meeting the educational responsibilities of war-time with an accelerated program, designed to satisfy immediate war needs and the needs of the post-war future. Through a readjustment of its educational program, the University is giving full attention to the present national requirements, and at the same time is recognizing the necessity for young men and women to plan for careers after the war.

THE ACCELERATED PROGRAM

The accelerated program of study, made possible by year-round instruction on a three term basis and set up to meet the demands of a nation at war for professionally and technically trained men and women, is established to reduce the time required for the completion of college work.

This program will enable students entering from high schools to complete what has formerly been considered a four-year college program in two and two-thirds years. Under special guidance the students entering The George Washington University will be assisted to plan their study so that, should it become necessary for them to enter the armed forces, the civilian public service, or a war production industry before they are graduated, they will be better prepared to make their contributions to the war effort.

PREPARATION FOR THE ARMED SERVICE

To meet the needs of the training program of the Armed Forces, the University offers a full program of pre-induction courses for men not yet called to service. The Office of the Junior College is prepared to furnish full information regarding selective service regulations, opportunities for enlistment in the Armed Forces, and war service opportunities for both men and women.

Through its Division of Extension, the University is offering intensive courses that prepare for war service, such as: Pre-flight Aeronautics; Industrial Camouflage; Cryptanalysis; and Japanese, Chinese, Russian, Arabic, and Turkish.

DIETETICS TRAINING FOR NAVY NURSES

The Department of Home Economics of the School of Education, in cooperation with the Nurse Corps of the United States Navy, provides a special course in Dietetics for Navy Nurses who are preparing for hospital assignments as dietitians. Subjects include Quantity Cookery, Institutional Management, Food Sanitation, Diet Therapy, Special Diet Preparation, and Nutrition.

PREPARATION FOR WARTIME BUSINESS OR THE PUBLIC SERVICE

Administrative Assistants Curriculum.—Recognizing the need for office executives and that college women are being called upon to assume the responsibilities of many men who enter the Armed Service, the University has established a curriculum to train administrative assistants. This training is offered in two-year terminal curricula as well as in the curriculum leading to the Bachelor of Science degree.

Latin American Program.—The University is offering courses in Spanish and Portuguese, and in Latin American literature, geography, economics, history, and political science.

ENGINEERING WAR TRAINING PROGRAM

The School of Engineering of The George Washington University was the first school in the country to offer courses in Engineering, Science, and Management War Training in cooperation with the United States Office of Education. Since December 1940, when the program was inaugurated, 10,000 students have received training in 234 different courses in this University under this program. At this time some forty courses are offered, which include such subjects as map making, construction, higher structures, general engineering drafting, building construction, tool design, ship construction, mathematics, radio, electric motors, and circuit analysis. This work is offered in the evening on a part-time basis in three terms of fifteen weeks each, throughout the year.

DISTANCE TEACHING FOR NAVEY SCHOOLS

The Department of Home Economics of the School of Education, in cooperation with the Navy Corps of the United States Navy, provides a special course in Dietetics for Navy Nurses who are preparing for hospital assignments at sea. Subjects include Quantity Cooking, Institutional Management, Food Sanitation, Diet Therapy, Special Diet Preparation, and Nutrition.

PART-TIME AND WARTIME STUDIES OF THE PUBLIC SERVICE

Administrative Courses—Increasingly recognizing the need for able executives and that college seniors are being called upon to assume the responsibilities of men who will enter the Armed Service, the University has established a program of part-time administrative programs. This training is offered in two-year part-time courses as well as in the certificate leading to the Bachelor of Science degree.

Latin American Program—The University is offering courses in Spanish and Portuguese, and in Latin American literature, geography, and history.

DISSEMINATING WAR TRAINING PROGRAM

The School of Engineering and Applied Sciences of the University was the first school in the country to offer courses in Engineering, Science, and Management War Training in cooperation with the United States Office of Education. Since December 1943, when the program was inaugurated, participants have received training in all different courses in the University under this program. At this time about forty courses are offered, which include the subjects of ship building, construction, higher mathematics, physics, chemistry, drafting, building construction, and design, ship construction, communications, radio, electric motors, and other subjects. This work is offered in the evening on a part-time basis in three groups of three weeks each throughout the year.

HISTORY AND ORGANIZATION

HISTORY

The idea of a university located in the Capital of the United States was conceived by George Washington, who during his public life urged the establishment of such an institution and who in his will left fifty shares of stock in the Potomac (Coke's) Company for the endowment of a university to be established in the District of Columbia "in which the youth of America and talents from all parts thereof might be sent for the purpose of their Education in all the branches of polite Literature, Science and Sciences—in acquiring knowledge in the principles of Politics & good Government."

It was George Washington's hope that the "National Legislature" would enact laws which in accordance with his wishes should be passed. The effort was taken by Congress to carry out the wishes of Washington's will and the great step in the history of the United States was the establishment of the University of the District of Columbia.

THE UNIVERSITY

Since 1820, however, a movement was started by private citizens under the leadership of Luther Rice to establish an institution of higher learning at the seat of the National Government for the education of the youth of the country and to afford general collegiate training. In 1827 an association was formed by Luther Rice, Charles D. Brown, Stephen H. Choate, and Edwin Reynolds for the purpose of raising funds to lay the foundation of the college.

A group of the Nation's leaders who were especially interested in Washington's idea became members of the college and contributed to the cause. Among the names of those who were especially interested in the cause of higher education were: James McKim, President of the Board of Trade; William B. Ewing, Secretary of the Treasury; John C. Calhoun, Secretary of War; William Wirt, Attorney General; Rufus J. Reade, Postmaster General; and others who were members of the Congress.

Finally to implement the college a petition was sent to Congress for the incorporation of "The National University of the District of Columbia" in the District of Columbia for educational and literary purposes. The petition was passed by Congress on April 25, 1829, before it was referred to the Senate.

During its history a denominational character, members of the association declared their objects as to educate national youth and give the youth of the United States a liberal education in the sciences and arts. The National University of the District of Columbia was established by Congress in 1829 and is now the National University of the District of Columbia. It is now the National University of the District of Columbia.

HISTORY AND ORGANIZATION

HISTORY

The idea of a university located in the Capital of the Nation was sponsored by George Washington, who during his public life urged the establishment of such an institution and who in his will left fifty shares of stock in the Potomac (Canal) Company for the endowment of a university to be established in the District of Columbia "to which the youth of fortune and talents from all parts thereof might be sent for the completion of their Education in all the branches of polite literature;— in arts and Sciences,—in acquiring knowledge in the principles of Politics & good Government".

It was George Washington's hope that the "General Government" would extend toward such an institution "a fostering hand". No steps were taken by Congress to carry out the provision of Washington's will, and the stock that he had bequeathed for the establishment of a university in the District of Columbia became valueless owing to the failure of the Potomac Canal properties.

Meanwhile, however, a movement was started by private persons under the leadership of Luther Rice to establish an institution of higher learning at the seat of the National Government for the education of the Baptist ministry and to afford general collegiate training. In 1819 an association was formed by Luther Rice, Obadiah B. Brown, Spencer H. Cone, and Enoch Reynolds for the purpose of raising funds to buy land for the use of the college.

A group of the Nation's leaders who were especially interested in Washington's idea became patrons of the college and contributed to funds raised for the purchase of land and erection of buildings. Among them were James Monroe, President of the United States; William H. Crawford, Secretary of the Treasury; John C. Calhoun, Secretary of War; William Wirt, Attorney General; Return J. Meigs, Postmaster General; and thirty-two members of the Congress.

Legally to implement the college a petition was made to Congress for the incorporation of "the General Convention of the Baptist Denomination in the District of Columbia for evangelical and literary purposes". This petition was denied by Congress, on April 26, 1820, because of its sectarian character.

Failing to obtain a denominational charter, members of the association enlarged their objective to embrace national aims, and with the sponsorship of Government leaders there was presented in Congress a bill for the incorporation of "the Columbian Society for literary purposes", it being proposed to realize in this way "the aspirations of Wash-

ington, Jefferson and Madison for the erection of a university at the seat of the federal government".

Acting upon this second petition, on February 9, 1821, Congress chartered Columbian College in the District of Columbia, inserting in the charter by special action the provision "That persons of every religious denomination shall be capable of being elected Trustees; nor shall any person, either as President, Professor, Tutor or pupil, be refused admittance into said College or denied any of the privileges, immunities or advantages thereof, for or on account of his sentiments in matters of religion".

Thus Columbian College in the District of Columbia was chartered by Congress as one of the early nonsectarian institutions of higher learning in the United States, under the distinguished favor of President James Monroe and members of his Cabinet.

A tract of approximately forty-seven acres, extending about one-half mile northwest of Boundary Street (Florida Avenue) between 14th and 15th Streets, was purchased and by 1822 the main building was completed sufficiently to use.

Two years later, when the first Commencement was held on December 15, 1824, Congress and the Supreme Court adjourned their sessions to enable their members to attend the exercises. President Monroe, John Quincy Adams, John C. Calhoun, Henry Clay, and the Marquis de Lafayette headed the eminent company in attendance.

The School of Medicine, established in 1821, was formally opened in 1825 and has been in continuous operation since that time. The Law School, organized in 1826, was discontinued the following year, and was reestablished in 1865. It is the oldest law school in Washington.

By an act of Congress of March 3, 1873, the name of the college was changed to "Columbian University", in recognition of the enlarged scope of the institution. The following year the University was moved from its first location on "College Hill", now Columbia Heights, to the new University Hall built for it at Fifteenth and H Streets. Near-by buildings accommodated the School of Medicine.

For a period of six years, from 1898 to 1904, the University was placed under control of the Baptist Denomination. In 1904 an act restoring the original secular character of the University and authorizing change of name to The George Washington University was passed by Congress.

Subsequently all the colleges, schools, and divisions of the University except the School of Medicine, which is situated on H Street between Thirteenth and Fourteenth Streets NW., were brought together at the present location in the city block bounded by Twentieth, Twenty-first, G, and H Streets NW., and in the blocks adjacent.

In 1930 a new plan of academic organization for the liberal arts work was effected. The Junior College was established, comprising the

work of the freshman and sophomore years. The junior and senior years were retained in Columbian College, which was designated the senior college of letters and sciences. As a further step, the year of study leading to the Master's degree was separated from the graduate work for the Doctor's degree and assigned to Columbian College. The Graduate Council was organized to administer the work for the degree of Doctor of Philosophy. These innovations were accompanied by the establishment of a carefully controlled independent study plan, the grouping of departments of instruction under the divisional type of organization, and the institution of a new plan of administration both for the undergraduate major and for the Master's work.

THE COLLEGES, SCHOOLS, AND DIVISIONS

The George Washington University includes thirteen colleges, schools, and divisions, as follows: the Junior College; Columbian College, the senior college of letters and sciences; the Graduate Council; the School of Medicine; the Law School; the School of Engineering; the School of Pharmacy; the School of Education; the School of Government; the Division of University Students; the Division of Extension; the Inter-American Center; and the Summer Sessions.

ACADEMIC STATUS

The George Washington University is on the approved list of the Association of American Universities, the standard accrediting body for the United States. This fact not only assures to students the academic standards of this accrediting body, but also is important to those who desire to transfer credits from one institution to another.

The University is also accredited by its regional accrediting agency, the Middle States Association of Colleges and Secondary Schools, and is on the approved list of the American Association of University Women.

The Law School is a charter member of the Association of American Law Schools and is approved by the Council of Legal Education of the American Bar Association. The School of Medicine is a member of the Association of American Medical Colleges, is one of the medical colleges which have been designated continuously as "class A" by the American Medical Association, and is accredited for all its work by the Combined (Royal) Medical Examining Boards in England. The School of Pharmacy is accredited by the American Council on Pharmaceutical Education and is a member of the American Association of Colleges of Pharmacy. The School of Engineering is on the accredited list of the Engineers' Council for Professional Development.

LOCATION

The George Washington University is in downtown Washington, four blocks west of the White House and east of the Potomac River with its extensive parkway. Within a few blocks are many of the departments of the Government, including the Department of State, the Department of the Treasury, the Department of War, the Department of Justice, the Department of the Navy, the Department of the Interior, the Department of Agriculture, the Department of Commerce, and the Department of Labor. The Corcoran Gallery of Art, the Pan American Union Building, and the National Academy of Sciences are also near by, and the Capitol, the Library of Congress, and the National Gallery of Art are readily accessible to the University.

GOVERNMENT

The government and general educational management of The George Washington University are vested in a self-perpetuating Board of Trustees, with the President of the University as member ex officio. The members of the Board are named for a period of three years and are divided into three classes. The members of one class are elected at each annual meeting to fill the places of the members whose terms of office expire. Two members of each class are nominated by the Alumni Association.

ENDOWMENT

The endowment of the University is \$2,525,000.

EDUCATIONAL FACILITIES

BUILDINGS

Buildings, grounds, and equipment are valued at approximately \$6,000,000.

The buildings of the Junfor College, Columbian College, the Graduate Council, the Law School, the School of Engineering, the School of Pharmacy, the School of Education, the School of Government, and the Division of University Students are grouped in the vicinity of Twenty-first and G Streets NW. THE UNIVERSITY LIBRARY

The University Library contains more than 150,000 volumes. The well equipped Library building houses all of the library except the law and medical collections. Over 5,000 bound volumes are added annually, and approximately 750 periodicals and publications of learned societies are received currently. Among the special collections of the Library are the Richard Heinzel Collection of Germanic philology and literature; the Curt Wachsmuth Collection of Greek and Roman literature, archeology and history; the Mount Vernon Collection on political history, international law, and the social sciences; a representative collection of Spanish American books, the gift of the governments of Hispanic America; the Chauncey Mitchell Depew Public Speaking Collection, the gift of the late Mrs. Depew; and the Art Collection, which contains about 1,000 volumes made available by the American Institute of Architects, and the 7,500 mounted photographs of the Russell Sturgis Collection.

OTHER LIBRARY FACILITIES

The student has access also to the Library of Congress; the Public Library of the District of Columbia and its branches; the Library of the Carnegie Endowment for International Peace; the Library of the Pan American Union; the Library of the Bureau of Railway Economics; the Library of the United States Department of Agriculture, with its scientific departmental collections; the Library of the United States Office of Education; the Army Medical Library; the Library of the Smithsonian Institution; and many of the other great special collections of the government departments.

GOVERNMENTAL INSTITUTIONS ACCESSIBLE TO STUDENTS

The Congress of the United States has made the scientific resources of the Government accessible to students under the terms of the following joint resolution, approved April 12, 1892:

Resolved by the Senate and House of Representatives of the United States of America, in Congress assembled, That the facilities for research and illustration in the following and any other Governmental collections now existing or hereafter to be established in the city of Washington for the promotion of knowledge shall be accessible, under such rules and restrictions as the officers in charge of each collection may prescribe, subject to such authority as is now or may hereafter be permitted by law, to the scientific investigators and to students of any institution of higher education now incorporated or hereafter to be incorporated under the laws of Congress or of the District of Columbia, to wit:

- One. Of the Library of Congress.
- Two. Of the National Museum.

ADMISSION

All departments of the University accept men and women.

Students may enter any college, school, or division of the University except the School of Medicine at the beginning of the fall term, the winter term, or either session of the summer term.

Entrance to the School of Medicine in 1944-45 is permitted only at the opening of terms beginning in September 1944 and June 1945.

GENERAL ADMISSION REQUIREMENTS

The following factors are considered in determining the eligibility of an applicant for admission:

1. The adequacy of previous academic work as preparation for the course of study now contemplated—including quantity and quality of work and the standing of the institution in which it was done.
2. The aptitude of the student for the course contemplated.
3. The character of the student.

The University reserves the right to refuse admission to any student who has a previous academic record of such grade as to create doubt of his ability to pursue college work successfully, or who for any other reason would not be a desirable student.

APPLICATION FOR ADMISSION

An applicant for admission must obtain from the Office of the Director of Admissions an application blank which he must fill out completely and return.

A recent photograph, with signature, of the applicant must be attached to the blank.

To insure prompt action, applications should be filed not later than July 1 for the fall term, January 1 for the winter term, and May 1 for the summer term. Applications for admission to the School of Medicine should be filed as far in advance as possible because qualified applicants far outnumber the capacity of the School.*

An applicant from a secondary school must send the high school record form provided by the University to his high school principal with the request that the principal fill out the form and mail it *direct* to the Office of the Director of Admissions.

An applicant who has previously attended an institution of higher learning must request the registrar of that institution to mail directly

* A fee of \$3 to defray the costs of completing the records for final consideration for admission to the School of Medicine must accompany each application.

to the Office of the Director of Admissions a transcript of his record. If he has attended more than one such institution he must request the registrar of each institution to send to the Office of the Director of Admissions a transcript of his record, *even though credits were not earned*, together with an honorable dismissal from the institution last attended.

METHODS OF ADMISSION

FROM SECONDARY SCHOOLS

An applicant from a secondary school may be admitted by certificate or examination.

By Certificate

A certificate of graduation with a minimum of fifteen "units"* from an accredited secondary school and the recommendation from the principal of the secondary school that the applicant is prepared to undertake college work will be accepted subject to the following conditions:

1. If the school is accredited by the regional accrediting association, the student must rank not lower than the fourth fifth of his class.

2. If the school is not listed by the regional accrediting association, but has been accredited by the state accrediting agency, the student must rank in the upper two fifths of his class. The Committee on Admission and Advanced Standing may review the case of a student in the third or fourth fifth and, when such action is warranted by evidence of progress in the last two years of work, may permit such a student to take a special aptitude test, from the results of which the committee will determine his eligibility or ineligibility.

By College Entrance Board Examinations

An applicant who cannot be admitted by certificate may qualify by passing satisfactorily College Entrance Board examinations as prescribed by the Director of Admissions. These examinations are given at The George Washington University on September 6, 1944; December 2, 1944; April 7, 1945; and June 2, 1945.

Arrangements for the examinations should be made with the College Entrance Examination Board, 431 West 117th Street, New York City, not less than one month before the date of the examinations.

FROM HIGHER INSTITUTIONS†

An applicant for advanced standing is admitted upon the presentation of satisfactory credentials from an accredited institution of higher learning. The student must be in good standing as to scholarship and conduct,

* A unit represents a year's study in a secondary school subject, including in the aggregate not less than 120 sixty-minute periods of prepared classroom work.

† The University reserves the right to refuse advance credit in whole or in part, or to allow it provisionally. Credit so given may be withdrawn for subsequent poor work.

and must be eligible to return to the previously attended institution in the term for which he seeks admission to this University.

If the transcript of record from such an institution includes the record of his secondary school work, it is not necessary for the applicant to have forwarded a separate record directly from the principal of the secondary school. High school work is considered only as fulfilling entrance requirements; it is never credited toward advanced standing.

Properly certified courses taken at accredited colleges or universities may be applied toward a degree at this University, subject to the curriculum requirements and regulations of the school or college to which admission is sought. Work of low pass grade (such as *D* or the equivalent) may not be considered for transfer.

ENTRANCE REQUIREMENTS

THE JUNIOR COLLEGE

An acceptable certificate of graduation from an accredited secondary school, or the satisfactory passing of College Entrance Board examinations selected with the approval of the Director of Admissions is required. (See "Methods of Admission".)

Distribution of Units for All Curricula except Premedical.—Except for admission to the premedical curriculum, certification by the principal that the student has satisfied all curriculum requirements of the school will be accepted in lieu of any prescribed distribution of units. Attention is called, however, to the necessity of completing stated prerequisite studies during the secondary school period for admission to certain curricula. For a statement of the foreign-language requirements, see page 54.

Distribution of Units for the Premedical Curriculum.—The several state medical boards govern the granting of licenses to practice; hence their requirements as to high school credits must be met exactly. The fifteen units required must include three in English, two in one foreign language, one in algebra, one in geometry, one in history, and one in science (botany, chemistry, physics, or zoology). Eleven of the units offered must be in the above subjects.

COLUMBIAN COLLEGE (THE SENIOR COLLEGE)

Two years of Junior College work leading to the Junior Certificate, or the lower-division work in institutions not organized on the junior-senior-college plan, following a specified curriculum, meet the minimum requirements of Columbian College. In addition, however, scholarship requirements for admission may be set somewhat higher than those for graduation from the Junior College.

For the Bachelor's Degrees

Bachelor of Arts.—A Junior Certificate based on curriculum A-I* in the Junior College, or the equivalent (see page 52 and table facing page 56), is required.

Bachelor of Science.—A Junior Certificate based on curriculum A-II in the Junior College, or the equivalent (see page 52 and table facing page 56), is required.

For the Master's Degrees

An approved Bachelor's degree from an accredited higher institution is required. A student from an unaccredited institution may be admitted at the discretion of the Committee on Admission and Advanced Standing, but he will be required to take such extra work above the minimum requirements as may be prescribed. A superior quality of work in the major field is essential.

Applications for admission must be approved by the department or division and by the Dean.

Master of Arts.—The student's undergraduate curriculum must include a program of study substantially equivalent to a major in his chosen field, together with an appropriate distribution of courses in other fields, or he must complete this prerequisite work in addition to that required for the Master's degree.

Master of Science.—The student's undergraduate curriculum must include the equivalent of the undergraduate major of the scientific department under which he desires to work.

THE GRADUATE COUNCIL

Doctor of Philosophy.—The student must possess an adequate academic preparation for advanced study in the proposed field, as evidenced by approved Bachelor's and Master's degrees, or the equivalent, together with acceptable personal qualities and capacity for creative work.

THE SCHOOL OF MEDICINE

Doctor of Medicine.—Sixty credit hours of work, exclusive of physical education, in an accredited higher institution are required. Premedical college requirements must be completed.

Specific Educational Requirements

SECONDARY SCHOOL REQUIREMENTS

Of the fifteen secondary school units required, three must be in English, two in one foreign language (ancient or modern), one in algebra,

* A Junior Certificate based on curriculum A-II is acceptable for the combined Bachelor of Arts and Doctor of Medicine degrees. For details see "Curriculum Requirements", under Columbian College.

one in geometry, one in history, and one in science (botany, chemistry, physics, or zoology). Eleven of the units offered must be in English, foreign language, mathematics, science, and history.

PREMEDICAL COLLEGE REQUIREMENTS

SIXTY CREDIT HOURS

1. Chemistry, sixteen credit hours as follows: (a) eight credit hours in general inorganic chemistry, of which at least four credit hours are laboratory work (qualitative analysis may be counted as general inorganic chemistry); (b) eight credit hours or a one-year college course of organic chemistry, including laboratory work.

2. Physics, eight credit hours, of which at least two credit hours are laboratory work. It is recommended that this course be preceded by one in trigonometry.

3. Biology, eight credit hours, of which at least four credit hours are laboratory work. This requirement may be satisfied by a course of eight credit hours in either general biology or zoology, or by four credit hours each in zoology and botany, but not by botany alone.

4. English composition and literature, six credit hours: the usual introductory college course or the equivalent. The student should develop facility in speaking and writing English.

5. Modern foreign language: a reading knowledge, preferably of French or German.

6. Electives. It is recommended that the remaining credit hours required include: (a) comparative vertebrate anatomy; (b) qualitative and quantitative chemical analysis; (c) social science and psychology.

Advanced Standing

A student who has satisfactorily attended one or two years at any other "class A" medical school, and who has the necessary preliminary educational requirements, may be admitted to advanced standing.

THE LAW SCHOOL

For the Degrees in the Professional Course

Bachelor of Laws.—During the present national emergency, not less than one half the work necessary for graduation from an approved college or university is required.

Juris Doctor.—The degree of Bachelor of Arts or the equivalent from an approved college or university is required.

ADVANCED STANDING

Advanced standing toward the degree of Bachelor of Laws may be granted only for work successfully completed in other law schools which are members of the Association of American Law Schools.

Advanced standing toward the degree of Juris Doctor will not be granted for work in other law schools.

For the Degrees in the Graduate Course

Master of Laws.—Not less than two years of college work in an approved college or university and the degree of Bachelor of Laws from an approved law school are required.

Doctor of Juridical Science.—The following are required: (1) the degree of Juris Doctor from this Law School; or (2) the degree of Bachelor of Arts from an approved college, the degree of Bachelor of Laws or the equivalent, earned with high rank, from an approved law school, outstanding capacity for scholarly work in the field of law, and acceptance as a candidate by the Dean's Council of the Law School.

Unclassified Students

A person eligible for admission to regular standing but not a candidate for a degree may, at the discretion of the Dean, be admitted as an unclassified student.

A person who is in good standing as a candidate for a degree in another approved law school may, at the discretion of the Dean, be admitted as an unclassified student. Work taken by an unclassified student will not be accepted for credit toward a degree at this Law School.

THE SCHOOL OF ENGINEERING

Bachelor of Civil Engineering, Bachelor of Electrical Engineering, Bachelor of Mechanical Engineering, Bachelor of Science in Engineering.

—An acceptable certificate of graduation from an accredited secondary school, or the satisfactory passing of College Entrance Board examinations in secondary school subjects selected with the approval of the Director of Admissions is required.

Nine and one-half of the fifteen units required for entrance must be distributed as follows: three in English, two in algebra, one in plane geometry, one-half in plane trigonometry, one in physics or chemistry, and two in one foreign language or history. A graduate of an approved high school who does not offer for admission the particular subjects required for the engineering curriculum, but who does present not less than fifteen acceptable units, may be admitted on condition, if such deficiency in the distribution of units does not exceed two units. If the deficiency is more than two units, it is frequently possible to admit an otherwise qualified student to the Junior College (liberal arts college) as an unclassified student for such period as may be necessary to permit him to make up such units by taking college courses designed for this purpose.

THE SCHOOL OF PHARMACY

Bachelor of Science in Pharmacy.—A Junior Certificate based on the curriculum in Pharmacy* in the Junior College, or the equivalent is required.

A student who has received a Bachelor's degree from an accredited institution or who has completed work in the general cultural or foundational subjects of the pharmacy curriculum may be admitted to advanced standing. No more than one year of advanced standing will be granted a student from any institution other than an accredited college of pharmacy.

THE SCHOOL OF EDUCATION

For the Bachelor's Degrees

Bachelor of Arts in Education, Bachelor of Science in Home Economics, Bachelor of Science in Physical Education.—A Junior Certificate based on curriculum D-I,* D-II,* or D-III-IV* in the Junior College, or the equivalent from another accredited higher institution, or a certificate of graduation from an approved normal school or the equivalent is required.

For the Master's Degree

Master of Arts in Education.—A Bachelor's degree from an accredited institution, or the completion of a course of study that is the equivalent is required. A student from an unaccredited institution whose work is judged by the Faculty to be not more than twelve credit hours short of that required for an approved Bachelor's degree may remove his deficiencies while registered for the Master's degree.

For the Doctor's Degree

Doctor of Education.—The degree of Master of Arts in Education or the equivalent, and at least three years of satisfactory educational experience are required.

THE SCHOOL OF GOVERNMENT

For the Bachelor's Degree

Bachelor of Arts in Government.—A Junior Certificate based on curriculum E* in the Junior College, or the equivalent is required.

For the Master's Degree

Master of Arts in Government, Master of Arts in Public Personnel Administration.—A Bachelor's degree from an accredited institution, or evidence of a course of study that is judged by the Faculty to be the

* See pages 52 and 53 and the chart facing page 57.

equivalent is required. A student from an unaccredited institution may be admitted at the discretion of the Dean's Council, but he will be required to take such extra work above the minimum requirements as may be prescribed.

The course of study pursued for the Bachelor's degree must be approved by the Dean as having provided the proper basic training. If this course of study is deemed inadequate, additional undergraduate work will be required. The Dean may permit deficiencies to be made up concurrently with work for the degree. A superior quality of work in the major field of the undergraduate study is required.

THE DIVISION OF UNIVERSITY STUDENTS

The student who is twenty-one years of age or over (or in special cases arising out of the national emergency, nineteen years of age or over) and who has not attended another institution within the year preceding his application to this University may register without filing records.

The student twenty-one years of age or over who has attended another institution within the year preceding application to this University must request a statement of good standing and honorable dismissal from the last institution attended.

The student under twenty-one years of age must submit complete and satisfactory credentials.

In special instances, with the permission of the instructor, a person may be registered as an "auditor" in a class without being required to take active part in the exercises or to pass examinations, but no credit will be allowed for such attendance.

For the adult student who does not present the work of a satisfactory high school certificate, a program of studies of college grade may be outlined by the Office of the Director of Admissions. Such work completed with a grade of at least *C* in the Division of University Students, may be converted into the equivalent of high school units in the ratio of three credit hours to one unit and applied toward the entrance requirements of the college or school to which admission is sought.

CLASSIFICATION OF STUDENTS

REGULAR STUDENTS

Regular students are those who have met the entrance requirements for candidacy and are registered for certificates or degrees.

UNIVERSITY STUDENTS

Persons of mature age, as specified in the rules of the Division of University Students, may be admitted to that Division to pursue courses

for which they have had adequate preparation. In special instances, with the permission of the instructor, a person may register as an auditor in a class without being required to take active part in the exercises or to pass examinations, but no credit will be allowed for such attendance. (See the announcement of the Division of University Students.)

EXTENSION STUDENTS

Persons unable to come to the University who wish to undertake University courses and persons who wish to take intensive courses, not a part of the regular program, may be admitted to the Division of Extension. (See the announcement of the Division of Extension.)

Additional information concerning curricula, courses offered, entrance requirements, or admission procedure may be obtained from the Office of the Director of Admissions.

REGISTRATION

Before a student may be admitted to registration he must have satisfied the Office of the Director of Admissions that he is qualified for entrance to the University. (See "Admission", pages 10-18.)

A student who has previously matriculated in the University, but who has not been in attendance during the term prior to registration, should file an application for readmission in advance of registration.

Registration is for the term unless otherwise indicated on the registration paper. No registration is accepted for less than a term or one summer session.

A student may not register concurrently in The George Washington University and another institution without the permission of the dean of the college, school, or division in which he is registered in The George Washington University. Allowance of credit for work done concurrently will be at the discretion of the appropriate Committee on Admission and Advanced Standing.

TIME AND PLACE OF REGISTRATION

Preregistration.—Students may register between 9:00 A.M. and 8:00 P.M. during the following registration periods: *summer term 1944*, May 19 to June 3; *fall term*, September 11 to 27; *winter term*, January 15 to 27. Preregistration, except for the Law School, is conducted in the Office of the Registrar, Building C, 2029 G Street NW.; for the Law School, in Stockton Hall, 720 Twentieth Street NW.

Registration.—Registration is conducted between 12:00 N and 7:00 P.M. during the following periods: *summer term 1944*, June 5 for the first session, July 27 for the second session; *fall term*, September 28 for new students, September 29 and 30 for former students; *winter term*, January 31 and February 1. Registration, except for the Law School, is conducted in the Hall of Government, 710 Twenty-first Street NW.; for the Law School, in Stockton Hall, 720 Twentieth Street NW.

LATE REGISTRATION

For registration after the stated registration periods, a late-registration fee of \$5 is charged. Registration for credit closes one week after the registration day for each session of the summer term; two weeks after the final registration day for the fall and winter terms.

REGISTRATION CHANGES AND WITHDRAWALS

For regulations governing changes in registrations and withdrawals, see pages 22 and 36 and 37.

FEES AND FINANCIAL REGULATIONS

By authorization of the Board of Trustees, the following fees have been adopted:

UNIVERSITY FEE (see explanation below)	
For each term or any part thereof.....	\$8.00
For each session of the summer term or any part thereof*.....	4.00
For auditors,† for each registration.....	2.00
For extension students‡.....	5.00

TUITION FEES

For each credit hour for which the student registers (except work taken by a candidate for a Doctor's degree§).....	8.00
For the degree of Doctor of Medicine, for two terms 	534.00
For the degree of Doctor of Philosophy:	
For work leading to and including the Council Fellowship examination¶.....	240.00
For work leading to and including the final examinations¶.....	240.00
For the degree of Doctor of Education:	
For work leading to and including the general examination¶.....	240.00
For work leading to and including the final examinations¶.....	240.00
For the degree of Doctor of Juridical Science:	
For work leading to and including the final examinations¶.....	240.00

ADDITIONAL COURSE FEES AND DEPOSITS

In certain courses additional fees and deposits, such as laboratory and material fees and breakage deposits, are charged as indicated in the course descriptions. These fees are charged by the term and, unless otherwise indicated, may be defrayed in three payments when the tuition is paid in this manner. Fees and deposits payable in advance are due in full at the time of registration. Breakage of apparatus is charged against the individual student, and the amount paid in excess of breakage will be credited to the student's account at the end of the course.

GRADUATION FEES

Wherein a degree is granted.....	\$20.00
Wherein a certificate is granted.....	10.00

FEE FOR BINDING MASTER'S THESIS.....	3.00
--------------------------------------	------

* Students registered for only those courses which extend over a single term of fifteen weeks must pay a University fee of \$8.

† Payment of this fee entitles auditors and extension students to the reference use of the University Library facilities, upon identification by the registration card, but it does not entitle auditors or extension students to the other privileges to which payment of the preceding fees entitles resident students.

§ Payment of tuition for the thesis will entitle the candidate, during the academic year of registration, to the advice and direction of the member of the faculty under whom the thesis is to be written. In case a thesis is unfinished, an additional successive academic year may be granted without further tuition payment. If the preparation of the thesis extends beyond the second academic year, it must be registered for again, and tuition paid on the same basis as for a repeated course.

|| Registration in the School of Medicine is for a period of two terms. After the student has entered the courses of instruction, he is obligated for the full tuition for two terms. No part of the tuition will be refunded upon withdrawal or dismissal for any cause.

¶ When a limited schedule is carried which extends the time of either the preparation period or the examination period to more than one year, the proportionate part of the charge may be fixed by the Comptroller.

FEE FOR THE PROFESSIONAL THESIS IN THE SCHOOL OF ENGINEERING.... 50.00
 An annual fee: one half, plus the University fee, payable in advance at the time of each registration.

FEE FOR PRINTING AND FILING SUMMARY OF DOCTORAL THESIS..... 50.00

SPECIAL FEES

 Service fee, charged each student for late payment of tuition (see "Payment of Fees")..... 1.00
 Reinstatement fee, charged each student who is reinstated after suspension for delinquency in fees..... 5.00
 For special physical examination..... 2.00
 For examining admission credentials in the School of Medicine..... 3.00
 Student Bar Association fee, charged each student in the Law School for each term or any part thereof except the summer term..... 2.00
 For examinations to qualify for advanced courses and for all special examinations 5.00

UNIVERSITY FEE

Payment of the University fee covers all expenses incident to registration and, in addition, secures to each student the following University privileges: (1) the issuance of three certified transcripts of record, if and when desired; (2) the services of the Placement Office; (3) the use of University library facilities, except as otherwise designated; (4) gymnasium privileges; (5) admission to all athletic contests, unless otherwise specified; (6) subscription to the *University Hatchet*, the student newspaper; (7) admission to University debates; (8) medical attention and hospital services as described under the Department of Health Administration. These privileges, however, with the exception of the issuance of transcripts, terminate, and a student is no longer in residence, when he withdraws or is dismissed from the University.

PAYMENT OF FEES

All fees are payable at the Office of the Cashier, 725 Twenty-first Street NW. No student is permitted to complete registration or to attend classes until all fees are paid. Fees for each term are due and payable in advance at the time of registration.

In exceptional cases, subject to the approval of the Comptroller, the student may sign a contract for term charges, except for the University fee and other fees payable in advance, permitting payments as follows:

Summer Term 1944.—One third at the time of registration, plus the University fee and deposits; one third on July 10; and one third on August 14.

Fall Term.—One third at the time of registration, plus the University fee and deposits; one third on November 3; one third on December 4.

Winter Term.—One third at the time of registration, plus the University fee and deposits; one third on March 5; one third on April 3.

During the summer term a student who fails to meet payments when due, on July 10 and August 14, but who pays his fees between July 11 and July 14 and between August 15 and August 18, is charged a service fee of \$1. A student who fails to make these payments by July 14 and August 18 will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5.

During the fall and winter terms a student who fails to meet payments when due, but who pays his fees on or before the tenth day of the month in which payment is due, is charged a service fee of \$1. A student who fails to meet payments by the tenth day of the month in which payment is due will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5.

A suspended student may not be reinstated for the term after two weeks from the date of suspension. Applications for reinstatement are to be made to the dean of the college, school, or division in which the student is registered.

An auditor pays a University fee of \$2 and all other fees chargeable to the student registered for credit except the late-registration fee.

WITHDRAWALS AND REFUNDS

Application for withdrawal from the University or for change in class schedule must be made in person or in writing to the dean of the college, school, or division in which the student is registered. Notification to an instructor is not an acceptable notice (see "Withdrawal," page 36).

In authorized withdrawals and changes in schedules, financial adjustments will be made as follows:

Summer Term 1944.—Withdrawal dated on or before July 7, cancellation of the second and third payments; withdrawal dated on or before August 11, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to August 11.

Fall Term.—Withdrawal dated on or before October 31, cancellation of the second and third payments; withdrawal dated on or before November 30, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to November 30.

Winter Term.—Withdrawal dated on or before February 28, cancellation of the second and third payments; withdrawal dated on or before March 31, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to March 31.

In no case will the University fee or any part of an initial payment of

fees be refunded, and in no case will tuition be reduced or refunded because of nonattendance upon classes.

Payment applies only to the term for which a registration charge is incurred and in no case will this payment be credited to another term.

A student granted "war leave" during a term will be credited with tuition payments made prior to the granting of such leave, which credit will be applicable toward a subsequent registration.

Any student in chemistry who fails to check out of the laboratory on or before the date set by the instructor, unless excused by the instructor, will forfeit the balance of his deposit. A student who drops a course before the end of the term must check out of the laboratory at once.

Authorization to withdraw and certification for work done will not be given a student who has not a clear financial record.

FELLOWSHIPS, SCHOLARSHIPS, PRIZES, LOANS

FELLOWSHIPS

The following fellowships are available to graduate students. Applications should be submitted for consideration not later than March 1 preceding the period for which the fellowship is to be awarded.

The applicant for a University Teaching Fellowship or a Special Fellowship is expected to be a prospective candidate for the degree of Doctor of Philosophy, and to have the Master of Arts degree, or the equivalent, in the general field of his future doctoral study and research. Forms on which to make application for these fellowships may be obtained from the Chairman of the Graduate Council.

University Teaching Fellowships.—These are assigned for the academic year 1944-45 in the following departments of instruction: Bacteriology, Biochemistry, Botany, Chemistry, Economics, English, History, Physics, Psychology, Romance Languages, and Statistics. Each fellow receives a stipend of \$600, plus full tuition in the Graduate Council for whatever schedule of study or research his fellowship duties permit him to carry. The occupant of each of these fellowships renders a designated unit of service to the department of instruction in his major field of doctoral study, usually in classroom or laboratory assignments.

Special Fellowships.—A number of special fellowships are supported by endowment, and are awarded to doctoral students of unusual promise and ability. The stipend is not fixed but varies in amount with the need of the individual receiving the award. In applying for one of these fellowships it is advantageous that the student appear personally for an interview with the Chairman and such other members of the graduate Council as would be interested in the research investigations proposed. These fellowships include the following:

Isabella King Research Fellowship.—Of the value of \$1,200 annually, offered in the general field of biology, and intended to foster research for which the libraries and scientific establishments in Washington provide special facilities.

Thomas Bradford Sanders Fellowships.—Established by Miss Addie Sanders in memory of her brother, Thomas Bradford Sanders, and offered in various academic fields of study, with stipends designated by the Chairman of the Graduate Council.

SCHOLARSHIPS

Scholarships are awarded for two terms unless otherwise specified and are credited in equal parts for each term. Each holder must carry a

full schedule of academic work (fifteen credit hours or in the professional schools the full prescribed schedule) during the period for which the scholarship is awarded. Except in the case of the Columbian Women's Scholarships, the High School Scholarships, the National League of Masonic Clubs Scholarships, the Order of the Eastern Star Scholarship, and the Trustee Scholarships, applicants must have established an academic record in courses at this institution and should apply on prescribed forms which must be filed in the Office of the Registrar not later than May 15th preceding the academic year for which the scholarship is to be awarded. Further information may be obtained from the Registrar of the University.

American Foundation for Pharmaceutical Education.—These two scholarships, established by the American Foundation for Pharmaceutical Education in the amount of two hundred dollars (\$200.00) each, are awarded on recommendation of the Faculty of the School of Pharmacy to competent and promising applicants in need of support to pursue the professional collegiate study of pharmacy.

Byron Andrews Scholarships.—Three scholarships, in the amount of \$100 each, founded in 1920 by Mrs. Belle Fisk Andrews in memory of her husband, Byron Andrews, are available "for ambitious and needy students, who desire to pursue courses in English, Latin, journalism, history, literature, or political science".

Emma K. Carr Scholarships.—Four scholarships in the amount of \$240 each and twelve in the amount of \$100 each, founded in 1932 by Mrs. Emma K. Carr, are awarded annually to "young men (of the white race) for undergraduate or postgraduate work, considering character, capacity, and need".

Henry Harding Carter Scholarships.—These three scholarships, founded in 1896 by Mrs. Maria M. Carter in memory of her husband, Henry Harding Carter, are of the annual value of \$50 each and may be awarded to deserving students who are preparing for the civil-engineering profession.

Maria M. Carter Scholarship.—This scholarship, in the amount of \$30 to be awarded annually to a young man, was given to the University in 1871 by Mrs. Maria M. Carter.

Isaac Davis Scholarship.—This scholarship, in the amount of \$30 to be awarded annually, was given to the University in October 1869 by the Honorable Isaac Davis, of Massachusetts. Nominations for the scholarship may be made "by the founder or his eldest lineal descendant". In case no such nomination is made, the scholarship is to be awarded by the University.

Charles Worthington Dorsey Memorial Scholarship.—This scholarship, established as a memorial to Charles Worthington Dorsey, Bachelor

of Laws, '81, Master of Laws, '82, is awarded upon the recommendation of the Faculty of the Law School to a needy and promising graduate of Columbian College or other division of the University, with a Bachelor of Arts or other equivalent degree, who has maintained an average of *B* as an undergraduate student and who desires to pursue the study of law as a full-time student. The scholarship covers tuition for the course leading to the first degree from the Law School, Bachelor of Laws or Juris Doctor, provided that the holder maintains an average of *B*. The right is reserved to suspend the benefits of the scholarship for cause at any time. The scholarship is awarded ordinarily once every three years.

Robert Farnham Scholarship.—This scholarship, in the amount of \$30 to be awarded annually to a student in Columbian College, was given to the University in 1871 by Mrs. Robert Farnham.

Elma Lewis Harvey Scholarship.—This scholarship, of the annual value of \$200, was founded in 1921 by Mrs. Emma Elizabeth Harvey in memory of her daughter, and is to be awarded every four years, or as often as vacant, to a young woman student in Columbian College of the Protestant faith and of the Caucasian race who shall be selected for scholarship and moral qualifications.

High School Scholarships.—Two University scholarships, one for a man student, the other for a woman, are assigned for award to each of the following schools: Anacostia, Central, Coolidge, Eastern, McKinley, Roosevelt, Western, and Woodrow Wilson High Schools (District of Columbia); Bethesda-Chevy Chase High School (Maryland); Washington-Lee and George Washington High Schools (Virginia). The *Amos Kendall Scholarship*, founded by the late Honorable Amos Kendall, is one of the two assigned to the Central High School. Each of the above scholarships is awarded annually, on the recommendation of a committee consisting of the Dean of the Junior College of The George Washington University, the principal of the high school concerned, and an alumnus of both the high school and the University, to a member of the graduating class who intends to enter the Junior College and to continue in Columbian College. A principal and an alternate may be recommended.

The holders of these scholarships are exempt from tuition fees, but are charged the University fee, laboratory, graduation, and other fees. The scholarships are valid for eight terms. Beginning with the summer of 1942 the University expanded its program to permit a student to accomplish, during the summer, the work of a full term. As long as this accelerated program is in force, the high school scholarships may be used during the summer which becomes a part of the regular academic year. In any case they must be used for no less than two terms during a calendar year. The principal, or, if the principal declines, the alternate, must register in either June or September following the award.

To retain any high school scholarship a student must carry a full pro-

gram of study (a full program being defined as at least fifteen hours of work each term), unless otherwise determined in individual cases by the Committee on Student Loans and Scholarships upon recommendation of the dean of the college concerned. An average of *B* and a high standard of deportment must be maintained. In case the holder of the scholarship, after registering in the University, does not continue the use of it, the scholarship will not be reassigned.

A. Morehouse Scholarship.—This scholarship was founded by Mr. A. Morehouse, in 1861. It carries an annual stipend of \$45, which is available for an undergraduate intending to enter the Christian ministry.

Newspaper Scholarships.—Four scholarships are to be awarded each year to candidates recommended by the following newspapers: *The Washington Daily News*, *The Washington Post*, *The Evening Star*, and *The Times-Herald*. These scholarships cover tuition for four years, but do not include the University fee, laboratory fees, graduation fee, or other special fees.

Order of the Eastern Star Scholarship.—This scholarship in the amount of \$125 was established by the Order of the Eastern Star of the District of Columbia and is to be awarded to a woman of the Order or to a daughter of a member in good standing. The donors reserve the right to nominate the holder of this scholarship.

David Spencer Scholarship.—This scholarship, established in 1918 by Miss Louisa J. Spencer, is available under conditions stated in the bequest.

Mary Lowell Stone Scholarship.—This scholarship, founded in 1893 in memory of Mary Lowell Stone, is in the amount of \$60, to be awarded annually to a woman student of science in Columbian College.

Charles Clinton Swisher Scholarship.—This scholarship, founded in 1941 by the late Professor Charles Clinton Swisher, is in the amount of \$240 and is awarded annually under the terms of the bequest to a student having a special interest in and aptitude for the study of medieval history.

Trustee Scholarships.—Five scholarships are awarded each year, upon the recommendation of regional alumni clubs, to outstanding male graduates of accredited high schools. The scholarships cover tuition costs for four terms of full-time work but do not include the University fee, special fees such as laboratory charges, room, board, or other expenses. To retain the scholarship, the student must maintain a *B* average. Additional information may be obtained from the Alumni Secretary.

William Walker Scholarship.—This scholarship was founded in 1824 by William Walker, Esq., of Putnam County, Georgia. It carries an annual stipend of \$75, which is available for an undergraduate intending to enter the Christian ministry.

John Withington Scholarship.—This scholarship was founded in 1830 by the New York Baptist Theological Seminary, to be known as the John Withington Scholarship. It has an annual stipend of \$60.

Ellen Woodhull Scholarship.—This scholarship, founded by the late Ellen M. E. Woodhull, is in the amount of \$20, to be awarded annually to a student in Columbian College.

THE COLUMBIAN WOMEN SCHOLARSHIP FUNDS

The Columbian Women Scholarships, granted under any of the funds hereinafter described, are awarded by the Scholarship Committee of the Columbian Women. Applications for the Columbian Women Scholarships should be addressed to the Chairman of the Scholarship Committee, the Columbian Women, The George Washington University, Washington, D.C., not later than May 15 preceding the academic year for which the scholarship is to be awarded; or, in the case of award for the winter term, not later than January 1.

Nellie Maynard Knapp Scholarship Fund.—The income from this fund of \$5,000, established in 1915 by the Columbian Women in memory of a former president, Mrs. Martin A. Knapp, is available for scholarships for women.

Founders of Columbian Women Scholarship Fund.—The income from this fund of \$5,000, established in 1920 by the Columbian Women, is available for scholarships.

Lillian Young Herron Scholarship Fund.—The income from this fund of \$5,000, established by the Columbian Women in 1925 and named in 1930 in memory of a former president, is available for scholarships.

Elizabeth V. Brown Scholarship Fund.—This fund of \$1,200 was established in 1925 by the College Women's Club of Washington, D.C., in memory of the late Elizabeth V. Brown. The scholarship granted thereunder is available for a woman student in the School of Education.

College Women's Scholarship Fund.—The income from this fund of \$500, established in 1926 through the courtesy of the College Women's Club of Washington, D.C., is available for scholarship aid.

Lewes D. and Myrtie H. Wilson Memorial Scholarship Fund.—This fund of \$1,000 was established by Miss Elizabeth Wilson in 1926 as a memorial to her parents, Lewes D. and Myrtie H. Wilson. The income is available for a scholarship in the School of Medicine.

Grace Ross Chamberlin Scholarship Fund.—The income from this fund of \$2,300, established in 1932 by the Columbian Women in honor of a former president, is available for scholarship aid.

PRIZES

Alpha Chi Sigma Prizes.—Alpha Pi Chapter of Alpha Chi Sigma Fraternity offers annually the following prizes:

A "Handbook on Chemistry and Physics" is awarded to each of the three male students who carry at least eighteen credit hours during the freshman year and attain the highest averages in freshman chemistry.

The fraternity will have engraved on a bronze plaque in Corcoran Hall the name and year of graduation of the graduating male student who has attained the highest quality-point index in courses in chemistry, exclusive of the work of the final term, provided that he has completed the requirements for a major in chemistry and has done three fourths of this work in The George Washington University.

Alpha Delta Pi Prize.—Alpha Pi Chapter of Alpha Delta Pi Fraternity offers an annual prize of \$10 to the student doing the best work in third-year French.

Alpha Kappa Psi Prize.—Beta Mu Chapter of Alpha Kappa Psi Fraternity awards annually a scholarship medallion to the male student who has completed ninety credit hours at The George Washington University and has attained the highest average grade of the students enrolled in economics, business administration, public accounting, public finance, and foreign commerce.

The prize essays shall become the property of the University and shall not be printed or published without the written consent of the University. The University reserves the right to withhold the award if no essay attaining the required degree of excellence is submitted.

LOAN FUNDS

The following loan funds are available to students in the University in accordance with the qualifications placed thereon by the donors. Inquiries should be directed to the Office of the Comptroller.

University Student Loan Fund.—The Trustees of The George Washington University have established a loan fund amounting to \$10,000.

Daughters of the American Revolution Loan Fund.—The District of Columbia Chapters of the Daughters of the American Revolution have

established an endowment fund of \$5,000, the income (\$1,673.50) of which is available for interest-bearing loans to descendants of patriots of the American Revolution.

Henry Strong Educational Foundation.—The Henry Strong Educational Foundation, established at Chicago under the will of General Henry Strong, makes available a fund for loans to both men and women students under the age of twenty-five years.

Henry Strong-William A. Maury Loan Fund.—This fund, also allocated from the funds of the Henry Strong Educational Foundation, is to be loaned to students under the age of twenty-five years in the George Washington University Law School.

Home Economics Loan Fund.—This fund in the amount of \$118, contributed by the D. C. Home Economics Association, is available for loans to senior girls majoring in Home Economics.

Kellogg Medical School Loan Fund.—The W. K. Kellogg Foundation in Battle Creek, Michigan, has established a fund in the amount of \$15,000 for loans to students in the School of Medicine.

Kellogg Medical Technology Loan Fund.—This fund, also contributed by the W. K. Kellogg Foundation, in the amount of \$2,000 is available for loans to medical technologists.

Knights Templar Educational Loan Fund.—This fund, contributed and administered by the Grand Commandery of Knights Templar of the District of Columbia, is available for loans to students, preferably in the upper classes, who are residents of the District of Columbia.

Law Association Loan Fund.—The George Washington Law Association has established a loan fund in the amount of \$568.00 for loans to students in the School of Law.

Sutherland Medical School Loan Fund.—This fund, in the amount of \$1,175 and established by Mrs. Rose L. Sutherland, is available for loans to students in the School of Medicine.

REGULATIONS

A student enrolled in the University is required to conform to the University regulations and to comply with the rules and regulations of the college, school, or division in which he is registered.

If a student knowingly makes a false statement or conceals material information on an application for admission, registration card, or any other University document, his registration may be canceled and he will be ineligible (except by special action of the Faculty) for subsequent registration in any unit of the University.

ATTENDANCE

A student is not permitted to attend classes until registration has been completed and fees due have been paid. Regular attendance is required. For undue absence in any course, a student may be dropped from the course. Tuition will not be refunded or reduced because of non-attendance.

A student who has been suspended, either for delinquency in payment of fees or for any other reason, is not permitted to attend classes during the period of suspension.

For further regulations regarding attendance, consult the announcements of the several colleges and schools.

CONTINUOUS REGISTRATION

A student who withdraws or is suspended, or is otherwise absent from the University for one term or more, may re-enter and continue his work only under the rules and regulations in force at the time of his return. With the approval of the dean of the college or school concerned, a student may be granted leave of absence; such student should, however, remain technically in residence by paying the usual University fee for each term he is absent.

For the purpose of this regulation, the summer sessions will not be considered a term.

SCHOLARSHIP REQUIREMENTS

A student who fails to maintain the scholarship requirements of the college, school, or division in which he is registered may be dismissed from the University.

GRADES

Grades are not given out by instructors but are mailed to the student through the Office of the Registrar at the close of each term. Upon

request, a copy of the student's grades will be forwarded to his parent or guardian.

The following grading system is used: *A* (90-100 per cent), excellent; *B* (80-89 per cent), good; *C* (70-79 per cent), average; *D* (60-69 per cent), passing; *E*, conditioned, not passing; *F* (below 60 per cent), failing; *Inc.*, incomplete; *W*, withdrawn. *W* is followed by a letter grade indicating the quality of work the student was doing at the time of withdrawal. A course failed must be repeated with a passing grade in order to be credited. No student may repeat for credit a course in which he has received a grade above *E*, without the permission of the faculty of the college, school, or division in which he is registered. A condition may be removed within one year on terms specified by the instructor, but in no case will a final grade above *D* be given unless the course is repeated in class. A grade of "incomplete" cannot be altered after the lapse of one calendar year except by action of the Faculty.

For graduate work, grades are indicated as "satisfactory", "unsatisfactory", or "incomplete".

For the grading systems of the Law School and the School of Medicine, see the explanations in the announcements of those schools.

QUALITY-POINT INDEX

Quality-points are computed from grades as follows: *A*, four points; *B*, three points; *C*, two points; *D*, one point; *E*, and *F*, no points, for each credit hour for which the student has registered.

Scholarship is computed in terms of the quality-point index, obtained by dividing the number of quality-points by the number of credit hours for which the student has registered, both based on the complete collegiate record. Courses marked *W* or *Inc.* are not considered in determining the index.

EXAMINATIONS

Examinations are scheduled in all courses at the end of each term or at the completion of the course.

A student guilty of dishonesty in examinations may be deprived of credit for the courses in which dishonesty occurs and may be dismissed from the University.

For further regulations regarding examinations, consult the announcements of the several colleges, schools, and divisions.

WITHDRAWAL

A student who is obliged to withdraw from the University or from a course must immediately notify the dean of the college, school, or division

in which he is registered. Permission to withdraw from the University cannot be obtained by a student who has not a clear financial record. (See "Fees and Financial Regulations", pages 20-23.)

Withdrawal within the last month of a term or within the last two weeks of a summer session will be approved only in exceptional cases. (See "Withdrawals and Refunds", page 22.)

The grade of F (failing) will be given in a course dropped without the approval of the dean.

All charges for courses dropped without the approval of the dean must be met by the student. Reporting the dropping of a course to an instructor does not effect its discontinuance.

CHANGES IN PROGRAM OF STUDIES

A student may not change or drop (see "Withdrawals", above) courses or change his status to that of auditor except with the approval of the dean of the college, school, or division in which he is registered, upon presentation of adequate reasons for such changes.

Change from one section to another of the same course or from one major subject to another within the same college or school may be made with the approval of the dean. All requirements specified in the course of study to which the change is made must be satisfied before graduation.

Transfer from one college, school, or division to another may be made only with the approval of the deans concerned. Application for such change should be made on the proper form, obtainable in the Office of the Director of Admissions, where it should be filed.

CREDIT

Credit toward a degree is given only after regular registration for and satisfactory completion of the required work of classes in the University, or upon the granting of advanced standing in accordance with the regulations of the several colleges, schools, and divisions.

On request the Registrar will issue to the student a balance sheet showing the amount of work completed and the amount necessary to complete the requirements for a degree.

TRANSCRIPTS OF RECORD

Official transcripts of student records will be forwarded on request to other institutions. Unofficial copies of records will be issued to the student on request. No charge is made for the first three transcripts; a fee of one dollar is charged for each one thereafter. No certificate of work done will be issued for a student who does not have a clear financial record.

SUMMER SCHOOL CREDIT

A student who plans to attend summer school sessions at another institution with the intention of having credits so obtained apply toward graduation from this University must first secure the written approval of the dean of his college or school. In no event will such credits be recognized to an amount in excess of that which might be earned in a similar period in this institution.

PHYSICAL EDUCATION REQUIREMENTS

Students in the Junior College and freshmen and sophomores in the School of Engineering are required to take Physical Education 1-2 and 11-12 unless they are registered for less than three courses, or unless regular employment during the day makes it necessary to take all classes during the late afternoon hours.

Any other exemptions will be granted only upon written application which has been recommended by the physical education department concerned and approved by the dean of the college or school in which the student is registered.

A student entering the University with advanced standing is not exempt from the physical education requirements unless he has satisfactorily met the requirements elsewhere. Courses in military training are not accepted in satisfaction of these requirements.

The required medical and physical examinations, as specified by the departments of physical education, will be arranged at the time of registration.

GRADUATION REQUIREMENTS

To be recommended for graduation a student must have met the admission requirements of the college or school, in which he is registered, completed satisfactorily the scholarship, curriculum, residence, and other requirements for the certificate or degree for which he is registered, and be free from all indebtedness to the University.

Application for Graduation.—Application for a degree or a Junior Certificate should be filed in the Office of the Registrar at the time of registration for the first term of the senior or final year and may not be filed later than the date specified in the University calendar.

Scholarship.—In all undergraduate divisions of the University the scholarship requirement for graduation is a quality-point index of at least 2.00.

The graduate student must meet the scholarship requirements for the particular degree for which he is registered.

Curriculum.—Curriculum requirements for each certificate and degree are stated under the college or school offering work in preparation for the certificate or degree.

Residence.—In all undergraduate divisions of the University a min-

imum of one year, or thirty credit hours, must be completed in residence. Summer term work may be counted in residence, but in no case may the period of residence aggregate less than thirty weeks. Unless special permission is granted by the dean of the college or school concerned to pursue work elsewhere, the work of the senior or final year must be completed in residence.

The graduate student must meet the residence requirements for the particular degree for which he is registered.

Attendance and Conduct.—The University reserves the right to refuse to confer a degree or a certificate upon a candidate whose attendance or conduct has been unsatisfactory.

Thesis.—A thesis submitted in partial satisfaction of requirements for the Master's degrees, the professional degrees in engineering, the degree of Doctor of Education, or the degree of Doctor of Philosophy must be presented in its final form to the dean of the college or school concerned not later than the date specified in the University calendar. Three* copies of each thesis are required, one typewritten original and two legible and complete carbon copies. Detailed instructions for the styling of all theses should be obtained from the appropriate Dean.

Accepted theses, with accompanying drawings, are the property of the University and will be deposited in the University Library, where the duplicate copies will be bound and made available for circulation. Permission to publish or adapt material in the thesis must be secured from the appropriate faculty.

Presence at Graduation.—A candidate is required to be present at the graduation exercises unless written application for graduation in absentia is approved by the dean of his college or school.

HONORS

With Distinction.—In all undergraduate divisions of the University the degree may be conferred "with distinction", at the discretion of the Faculty, if a student attains a quality-point index of 3.50 or higher on all work taken at this institution except that taken during the term immediately preceding the granting of the degree. To be eligible for this honor a student must have completed at this institution at least one half of the work required for the degree.

Special Honors.—Special honors may be awarded by the Faculty to any member of the graduating class for outstanding achievement in the student's major field of work on recommendation of the major department, under the following regulations:

1. The student must have his candidacy for special honors approved by the faculty member representing the major department not later than the beginning of the senior year.

* In the School of Education, four copies.

2. The student must meet such other conditions as the major department may set at the time his candidacy is approved.

3. No student will be awarded special honors unless he has a quality-point index of at least 3.00 on all work taken at this institution except that taken during the term immediately preceding the granting of the degree. To be eligible for this honor a student must have completed at this institution at least one half of the work required for the degree.

THE LIBRARY

A student registered in the University is entitled to the reference use of the University Library. The Student Activities Book or the Registration Card, issued upon payment of the University fee, must be presented as identification.

Library books, with the exception of those in the Law and Medical collections, may be drawn for home use for a period of two weeks. Any book which does circulate is subject to recall by the Librarian at any time. Reserve books and periodicals for collateral reading must be used in the reading rooms when the Library is open. With special permission they may be drawn for overnight use when the Library closes. A fine of twenty-five cents will be charged for the first hour or fraction of an hour and five cents for each hour or fraction thereafter that a reserve book is overdue. Grades of a student will be withheld until his library record is clear.

HOURS

The University Library is open from 9:00 A.M. to 10:00 P.M. each class day (Saturday, 9:00 A.M. to 1:00 P.M.), and from 2:00 to 6:00 P.M. on Sunday.

The Law Library, in Stockton Hall, 720 Twentieth Street, is open from 9:00 A.M. to 10:00 P.M. each class day (Saturday, 9:00 A.M. to 1:00 P.M.), and from 2:00 to 6:00 P.M. on Sunday.

The Medical Library, at 1335 H Street, is open from 8:30 A.M. to 9:00 P.M. each class day (Saturday, 8:30 A.M. to 4:00 P.M.).

RIGHT TO DISMISS STUDENTS

The right is reserved by the University to dismiss or exclude any student from the University, or from any class or classes, whenever, in the interest of the student or the University, the University Administration deems it advisable to do so.

RIGHT TO CHANGE RULES

The University and its various colleges, schools, and divisions reserve the right to modify or change requirements, rules, and fees. Such regulations shall go into force whenever the proper authorities may determine.

STUDENT LIFE

RELIGIOUS LIFE

The University recognizes the contribution that religion can make to the education of its students by encouraging them to participate in denominational clubs of their own choice. National Catholic, Hebrew, and Protestant bodies sponsor these religious organizations, which act as links between the University and the local churches. The Director of the University Chapel and the advisers to the various denominational organizations are available throughout the year for consultation on personal problems.

UNIVERSITY CHAPEL

The University Chapel is maintained as a non-sectarian expression of the faith of the University in the contribution that religion can make to the education of its students. Twenty-minute services are held Friday of each week at 12:10 P.M. in the West Room of Columbian House. Lenten Vesper Services are conducted each Wednesday during Lent at 8:00 P.M. in the Upper Room of Columbian House. Representative clergymen of Washington are guest speakers at these non-denominational services.

HEALTH ADMINISTRATION

The University maintains a staff of medical officers and a hospital.

The University Physician for Women maintains an office in the University.

The payment of the University fee entitles the student to certain health services described under the Department of Health Administration.

LIVING ACCOMMODATIONS

Application for room reservations should be made well in advance. Forms for application, together with detailed information may be obtained from the Director of Personnel Guidance. The prices stated below are subject to change without notice.

Women Students.—Women students under twenty-one years of age who carry twelve or more credit hours of academic work must have their residences approved by the Director of Personnel Guidance before their registrations can be completed.

The Hattie M. Strong Residence Hall: single rooms with breakfast and dinner are \$54 a month; double rooms with the same service are \$47 a month a person.

PLACEMENT OFFICE

The Placement Office is maintained to assist graduates and students in finding positions for which their college work has prepared them, and to cooperate with employers who wish to fill vacancies. Enrollment is open to alumni members and students of the University without charge for placement.

STUDENT EMPLOYMENT

An employment service is operated to assist the self-supporting student in finding employment.

The prospective student who expects to earn any part of his expenses and who does not have a definite appointment to a position before coming to Washington should have the means of support for at least one term.

Many out-of-town students secure positions in the departments of the Government in Washington by taking the United States Civil Service examinations in their home states. The hours of employment permit them to pursue a college course in the late afternoon.

STUDENT ACTIVITIES

Control and direction of all student activities are vested in the committees on Extracurricular Activities and Student Relationships. For a list of student activities and rulings governing them see the special printed regulations of the University.

RECOGNITION OF STUDENT ORGANIZATIONS

No student club or society (except social fraternities, sororities, scholastic honor societies, religious or professional clubs or societies) organized as a branch or affiliate of a non-George Washington University organization will be recognized by the Committee on Student Life.

PROPERTY RESPONSIBILITY

The University is not responsible for the loss, in any University building, of personal property belonging to a student.

For further information, catalogues, and application blanks, address the Director of Admissions.

GENERAL INFORMATION

INTRODUCTORY

The Junior College, which comprises the first two years of the standard four-year college program in the liberal arts and sciences, was established in 1930 as a part of the academic reorganization of the University. Prior to 1930, the four-year program had been administered by Columbian College since its organization in 1821.

The Junior College curricula continue the studies of a general cultural nature begun in the secondary schools, and lay a foundation for the more specialized work which is to follow. Emphasis is accordingly laid (1) upon the social, cultural, biological, and physical background of civilization (history, political science, physical and biological sciences, literature, etc.) and (2) upon the discipline necessary to the effective prosecution of more advanced work (English rhetoric and composition, foreign languages, mathematics, etc.).

The Junior College also provides the preprofessional work required for admission to the schools of Law, Pharmacy, Education, and Government, and the first two years of the preprofessional work required by the School of Medicine.

In addition it provides two-year curricula in vocational training, leading to the Junior Certificate.

ADVISORY SYSTEM

In order that students may have opportunities for assistance in planning their courses and also for obtaining personal, educational, and vocational advice in every phase of their academic work during the first two years, a number of members of the Faculty serve as advisers to Junior College students.

Members of the Faculty, selected for their knowledge of Junior College requirements and student programs, advise both incoming freshmen and old students in making up their programs of study for each term. A separate staff of experienced advisers under the chairmanship of the Dean assists those students who find it difficult to make adjustments to college life because of scholastic or other reasons. Students who are "warned" or who are on probation may be required to consult these advisers at regular intervals. Students are encouraged to consult any members of the Advisory Staff or their instructors about college problems at any time.

Copies of notices of "warning" or probation will be sent to the parents or guardians of students on request, and the Dean and members of the

Advisory Staff are always available for consultation with parents or guardians concerning student problems.

REGULATIONS

Students in the Junior College are subject to, and are expected to familiarize themselves with, the regulations regarding ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 35-40.

SCHOLASTIC-APTITUDE TESTS

Students admitted to the Junior College may be required to take the scholastic-aptitude tests of the University.

ENGLISH PLACEMENT EXAMINATIONS

Special placement examinations, required of all entering freshmen, will be conducted by the English Department. These examinations will test the student's proficiency in spelling, grammar, punctuation, and sentence structure; his vocabulary; and, through an impromptu theme, his ability to present his ideas in logical sequence with clarity and effectiveness. On the basis of these tests students will be classified as follows: (1) especially superior students who, by the unanimous decision of the examiners, are regarded as possessing the equivalent of English 1-2 and who may be relieved of the curriculum requirements of the course; (2) all other students, who will be required to take English 1-2.

FIRST- AND SECOND-GROUP COURSES

A Junior College student may not take second-group courses (courses numbered 101-200) without the written permission of the instructor and of the Dean of the Junior College. A student will not be permitted to postpone a first-group course, required under the curriculum for which he is registered, in order to take a second-group course for elective credit. The principle that first-group courses must be taken in the Junior College years, and advanced courses in Columbian College and the professional schools, will be rigidly adhered to in approving student programs. No student on probation is permitted to take second-group courses except by the express permission of the scholarship committee.

AMOUNT OF WORK

Fifteen or sixteen credit hours, not including required physical education, constitute normal work. A student not on probation may be permitted by the Dean to take seventeen credit hours.

A student having a quality-point index of 3.50 may, with the permission

of the Dean, take eighteen or nineteen credit hours. No student may take more than nineteen credit hours, except with the permission of the Committee on Scholarship.

For an employed student working more than twenty-four hours a week, nine credit hours, not including required physical education, constitute normal work. An employed student not on probation may be permitted by the Dean to take ten credit hours. An employed student having a quality-point index of 3.50 may be permitted by the Dean to take twelve or thirteen credit hours.

ATTENDANCE

The student is held responsible to the instructor in charge of the course for which he is registered for all the work of the course, and all absences must be excused before provision will be made for him to make up the work missed.

With the exceptions noted below, occasional absences, not to exceed in number for each term the credit hours for the term, will be automatically excused. (If a course has distinct divisions such as lectures, laboratories, recitations, etc., these excuses apply pro rata to such separate divisions.) In applying this rule absences immediately preceding or following holiday periods are to be counted double.

Such automatic excuses are intended to cover the occasional minor exigencies and not to constitute an indiscriminate privilege. A student on probation is allowed no automatic excuses.

Excuses for absences from two or more consecutive class periods, and for absences from examinations which have been announced in advance, can be obtained only by making written application to the Dean of the Junior College. All other absences may be excused by the instructor in charge.

A student whose absences from any class, whether excused or unexcused, are in excess of one fourth of the total number of class periods will receive the grade of *F* for the course, except by special ruling of the Dean on recommendation of the instructor in the course.

CLASSIFICATION OF STUDENTS

A student who has satisfactorily completed at least thirty-two credit hours of work, including eighteen credit hours in his curriculum requirements, is classed as a *sophomore*.

THE JUNIOR CERTIFICATE

Upon the satisfactory completion of the requirements of the Junior College, a Junior Certificate is awarded.

REQUIREMENTS FOR THE CERTIFICATE

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 35 and 36.

In order to receive a Junior Certificate a student must have a quality-point index of at least 2.00.

Honor Roll.—The name of every student who has a quality-point index of 3.50 or higher will be placed on the honor roll and published. No consideration is given to those who have completed a total of less than fifteen credit hours. A place on the honor roll does not necessarily mean that the student will receive honors upon graduation.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation. The case of each student who has a quality-point index between 1.50 and 2.00, however, will be considered by the Committee on Scholarship, which may retain or remove the probation. A student remains on probation as long as his quality-point index is below 2.00, or until his probation is removed by the Committee.

Suspension.—A student who has a quality-point index below 1.50 will be suspended. The case of each student who has a quality-point index between 1.35 and 1.50, however, will be considered by the Committee on Scholarship, which may retain him on probation or suspend him.

A student who falls under probation for the third term, whether successive or after an interval, will be suspended.

For the purpose of these rules, the summer sessions are considered a term.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence to the Committee on Admission and Advanced Standing that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

The foregoing scholarship rules are applied to a student with a limited schedule only when he has undertaken a minimum of fifteen credit hours.

Warnings.—At stated intervals during the academic year instructors file in the Office of the Registrar the names of those students who are doing work of D grade or lower. A "warning" will then be transmitted to the student concerned and a copy forwarded to his adviser. A warning constitutes notice to the student that he must consult his adviser within two weeks after receipt of the warning. Upon request a parent or guardian may receive a copy of a warning notice sent to a student. "Warning periods" are established as follows: fall term—November 1 to 15; winter term—March 15 to 30; summer term—each session, third to fourth week.

CURRICULUM REQUIREMENTS

The satisfactory completion of sixty credit hours of college work, exclusive of physical education, is required as outlined in one of the Junior College curricula described below and in the chart facing pages 56 and 57.

Not more than twelve credit hours of professional courses may be included in the one hundred and twenty credit hours required for the Bachelor's degrees in Columbian College. Junior College students electing professional courses under this rule must obtain the approval of the Dean of the Junior College.

Curricula for Admission to Columbian College and the Professional Schools.—Each of the following curricula comprises the first two years of a standard four-year college course and prepares the student for upper division work. Requirements for graduation from the Junior College may not be the same as the requirements for admission to Columbian College or a professional school. Therefore, the student should consult the specific admission requirements of the college or school for which he is preparing.

The first two years of the premedical college work are undertaken in the Junior College in accordance with either curriculum A-I* or A-II*. Each premedical program must be approved by the premedical adviser.

Curricula for admission to:

1. Columbian College:

A-I*—Prepares for the Bachelor of Arts curriculum in Columbian College.

A-II*—Prepares for the Bachelor of Science curriculum in Columbian College.

2. The Law School:

A-I*, E*, or the equivalent—Prepares for the Bachelor of Laws curriculum in the Law School.

3. School of Pharmacy:

C*—Prepares for the Bachelor of Science curriculum in the School of Pharmacy.

4. School of Education:

D-I (Same as A-I*)—Prepares for the Bachelor of Arts in Education curriculum in the School of Education.

D-II*—Prepares for the Bachelor of Science in Home Economics curriculum in the School of Education.

D-III*—Prepares for the Bachelor of Science in Physical Education for Men curriculum in the School of Education.

D-IV*—Prepares for the Bachelor of Science in Physical Education for Women curriculum in the School of Education.

* See the chart facing pages 56 and 57.

5. School of Government:

E*—Prepares for the Bachelor of Arts in Government curricula in the School of Government.

Vocational Curricula.—In addition to the above curricula, all of which prepare for admission to upper division colleges and schools, the Junior College offers the following two-year terminal courses.

† The Junior College curriculum in Secretarial Studies comprises the first two years of a four-year curriculum leading to the degree of Bachelor of Science in Secretarial Administration (see special bulletin). Students with advanced standing in secretarial studies may substitute electives approved by the Faculty adviser.

Psychology 1 is a prerequisite for upper division courses in personnel administration; one year of science and two years of a foreign language (see foreign-language requirements, page 54) are required for the degree of Bachelor of Science in Secretarial Administration.

Physical Education

Physical education is required of all students in the freshman and sophomore years. (See "Physical Education Requirements", page 38.)

Foreign-Language Requirements

The curriculum requirement in foreign languages is articulated with the admission requirements. For the Junior Certificate a student must have completed satisfactorily the equivalent of two years of college work in a single foreign language.

A student offering for admission four acceptable high school units of a single foreign language, or the equivalent, is not required to take any foreign language. If he offers three units, he must complete the second term of the second-year college course in the same language. If he offers two units, he must complete the entire second-year college course in the same language (except in the Pre-Pharmacy Curriculum, where he may substitute another language or elective). If he offers one unit, he must complete the second term of the first-year college course and the entire second-year course in the same language. A student who offers irregular or inadequate preparatory work in a given language, or who has permitted a year or more to elapse since the completion of the second high school unit, must consult the executive officer of the department in question for assignment to proper courses. On written recommendation of the proper executive officer, and with the approval of the Dean of the Junior College, a student may repeat for credit a language course taken in high school.

In some instances foreign languages are required or recommended as a preparation for advanced work in Columbian College and the professional schools. The student should consult his adviser as to these requirements, so that appropriate foreign languages may be included, when necessary, in his Junior College program.

Examinations for Waiving Curriculum Requirements*

A student desiring to omit a required course may take such examination as the department prescribes, and, on passing satisfactorily, he may be relieved of the curriculum requirements in that subject and may qualify for registration in an advanced course. Passing of this examination shall not entitle the student to any hours of credit toward the degree. A student desiring to take such examinations should make the request of the Dean.

* This provision does not apply to the premedical student, all of whose required premedical work must be taken in a recognized college of arts and sciences.

A fee of \$5 for each examination must be paid at the Office of the Comptroller and the receipt exhibited at the door of room 105, Building D, on September 27, at 2:00 P.M. for the fall term, and on January 29, at 2:00 P.M. for the winter term. Two hours are allowed for each examination. Should a student wish to take more than one examination, arrangements will be made accordingly.

Honors

Honorable mention with the Junior Certificate may be granted to the student who has a quality-point index of 3.50 or higher.

A full and complete history of the United States of America, from the first discovery of the continent to the present time. This work is the result of many years of research and study, and is the most complete and accurate history of the United States ever published.

The history of the United States is a story of growth and development. It is a story of the struggles of a young nation to establish itself in the world, and of the triumphs it has achieved. The story begins with the first discovery of the continent, and continues through the years of exploration, settlement, and war. It is a story of the founding of the nation, and of the growth of its institutions. It is a story of the struggles of the people, and of the triumphs of their spirit. The history of the United States is a story of hope and courage, and of the power of the human spirit.

GENERAL INFORMATION

INTRODUCTORY

Columbian College was founded in 1821. James Monroe, then President of the United States, aided in obtaining the charter from Congress which established "The Columbian College in the District of Columbia" for the "sole and exclusive purpose of educating youth in the English, learned and foreign languages, the liberal arts, sciences and literature", with full power to confer all degrees "usually granted and conferred in colleges".

In 1930, when the Junior College was established, the name "Columbian College" was bestowed upon the senior college of liberal arts.

THE COLUMBIAN COLLEGE PROGRAM

In The George Washington University, the program for liberal arts and sciences extends from the general collegiate education of the Junior College (the freshman and sophomore years), through the instruction for the Bachelor's degrees of Columbian College (the junior and senior years), and the studies for the Master's degrees which are also in Columbian College, to the graduate discipline leading to the degree of Doctor of Philosophy, which is administered by the Graduate Council.

The purpose of Columbian College is to round out the program of liberal education begun in the Junior College and to bring to a focus educationally the individual talents and aptitudes of the student of liberal arts.

The program involves a comprehensive survey of a field of study, together with such knowledge of other fields as will contribute to the general educational development of the student. A field of study may be confined to one department or may involve a group of related courses in more than one department, or more than one division. The following

divisions have been established in The George Washington University based on the relationship of course content, interrelation of methods and prerequisites, and similarity of background and viewpoint:

1. *The Division of Languages and Literatures.*—The departments of Classical Languages and Literatures, English, Germanic Languages and Literatures, and Romance Languages and Literatures.
2. *The Division of Mathematics and the Physical Sciences.*—The departments of Biochemistry, Chemistry, Mathematics, Pharmacology, Physics, and Statistics.
3. *The Division of the Natural Sciences.*—The departments of Anatomy, Bacteriology, Biology, Botany, Geology, Neurology, Pathology, Physiology, Psychology, and Zoology.
4. *The Division of the Social Sciences.*—The departments of Business Administration, Economics, Education, History, Law, Philosophy, Political Science, Sociology, and Speech.

REGULATIONS

Students in Columbian College are subject to, and are expected to familiarize themselves with, the regulations regarding ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 35-40.

AMOUNT OF WORK

A full-time student who is not on probation may take ordinarily not more than seventeen credit hours. A student employed more than twenty-four hours a week, who is not on probation, may take not more than ten credit hours.

A full-time student whose quality-point index is 3.50 or higher may take not more than nineteen credit hours. An employed student who meets the same standard may take not more than twelve credit hours.

A student previously unemployed who accepts employment subsequent to registration or at any time during a term is required to report that fact immediately to the Dean, in order that adjustments in schedule may be made, if necessary, to bring his program within the Faculty's limitations upon the amount of work to be carried by an employed student.

ATTENDANCE

The student is held responsible for all the work of the courses in which he is registered, and all absences must be excused by the instructor in charge before provision is made for the student to make up the work missed.

CLASSIFICATION OF STUDENTS

A student who has completed less than thirty credit hours in Columbian College, and who has registered his major at the Office of the Registrar, is classed as a *junior*. A student who has completed thirty credit hours in

Columbian College, including at least one course in his major, is classed as a *senior*. A student who has satisfactorily completed the work for the Bachelor's degree, and whose program of study has been approved and filed in the Office of the Registrar, is classed as a *master in course*.

INDEPENDENT STUDY PLAN

Under the independent study plan a student of demonstrated capacity, with special interest in the subject matter of a course, may be permitted to undertake independent study under the personal direction of an instructor, in accordance with the rules of the division in which the subject falls. Credit under this plan is limited to the specific course-credits as designated in the list of courses of instruction in the CATALOGUE.

CORRESPONDENCE AND HOME-STUDY COURSES

No credit is given for work done by correspondence or in home-study courses.

THE BACHELOR'S DEGREES

Upon the satisfactory completion of the undergraduate requirements of Columbian College, the degree of Bachelor of Arts or Bachelor of Science is conferred.

In cooperation with the School of Medicine a seven-year curriculum leading to the combined degrees of Bachelor of Arts and Doctor of Medicine is offered.

In cooperation with the Law School a six-year curriculum leading to the combined degrees of Bachelor of Arts and Bachelor of Laws is offered.

REQUIREMENTS FOR THE DEGREES

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 35 and 36.

In order to graduate, a student must have a general quality-point index of at least 2.00. In addition, he must have a quality-point index of at least 2.50 in his major subject. Grades in courses taken at other institutions are not considered in computing the quality-point index.

In computing the quality-point index in the major, all second-group and third-group courses in the major field taken at The George Washington University are included, even though minimum requirements for the major may have been exceeded. Grades received in first-group courses are not considered.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation. A student remains on probation as long as his quality-point index is below 2.00, or until his probation is removed by the Committee on Scholarship.

Suspension.—A student who has a quality-point index below 1.00 or who is placed on probation for a third term, whether successive or after an interval, is suspended.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence to the Committee on Admission and Advanced Standing that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

For the purpose of these rules, the summer sessions are considered a term.

The foregoing scholarship rules are applied to a student with a limited schedule only when he has undertaken a minimum of fifteen credit hours.

Use of Correct English

Any student whose English in any course whatever is deemed unsatisfactory may be reported by the instructor to the Dean and to the Committee on the Use of English. The Chairman of the Committee may assign supplementary work, without academic credit, varying in amount with the needs of the student. If the work prescribed is equivalent to a course, the regular tuition fee is charged. The granting of a degree may be delayed for failure to make up any such deficiency in English to the satisfaction of the Committee and the Dean.

CURRICULUM REQUIREMENTS

Every candidate for graduation must satisfy curriculum A-I or A-II, listed below, leading to the degree of Bachelor of Arts or Bachelor of Science. The curriculum requirements include at least sixty credit hours beyond the requirements of the Junior College, and the satisfactory completion of the major (see "The Undergraduate Major", page 65). At least twenty-four credit hours must be taken in subjects not included in the major.* Not more than twelve credit hours of professional courses may be included in the one hundred and twenty credit hours required for the Bachelor's degrees in Columbian College. Columbian College students electing professional courses under this rule must obtain the approval of the Dean of Columbian College.

* Art, bacteriology, biochemistry, biology, botany, chemistry, classical languages and literatures, economics, English, geology, Germanic languages and literatures, history, mathematics, philosophy, physics, physiology, political science, psychology, Romance languages and literatures, sociology, speech, statistics, zoology.

After selecting a curriculum, a student may not change to another except by permission of the Dean and on condition that he fulfill the requirements of the curriculum to which he changes as of the date when the change is approved by the Dean.

The freshman and sophomore years of each curriculum will be found in the announcement of the Junior College.

Each student is required to select and file with the Registrar a choice of major* upon entering Columbian College. He may change the major only with the consent of the Dean and of the Department or division concerned, and must meet the requirements for the major to which he changes as of the date when the change is approved by the Dean.

First-group courses may be required as prerequisites to undergraduate-major programs, but because of their introductory character may not be counted as part of such programs. (See "Explanation of Course Numbers".)

Examinations for Waiving Curriculum Requirements

A student desiring to omit a required or prerequisite course may take such examination as the department prescribes, and, on passing satisfactorily, he may be relieved of the curriculum or prerequisite requirement in that subject and may qualify for registration in an advanced course. Passing of this examination shall not entitle him to any credit toward the degree. A student desiring to take such examinations should make written request of the Dean.

A fee of \$5 for each examination is to be paid at the Office of the Comptroller and the receipt exhibited at the door of Room 105, Building D, on September 27 at 2:00 P.M. for the fall term, and on January 29 at 2:00 P.M. for the winter term. Two hours will be allowed for the examination. Should a student wish to take more than one examination, arrangements will be made accordingly.

THE UNDERGRADUATE MAJOR†

There are two types of undergraduate majors: the *New-Type* or field-of-study major; and the *Old-Type* or departmental major.

THE NEW-TYPE MAJOR

Definition of New-Type Major.—Each new-type major covers a carefully worked out field of coordinated study and is under the supervision of the division or divisions concerned. The content of the major is defined in terms of related subject matter, not in terms of courses and hours of credit. The passing of a written examination in the field of the major is evidence that the requirements for the major have been satisfied.

*See the table of the Junior College curricula, facing page 56.

†For a complete description of the undergraduate major, see the special bulletin.

Under the new type, the following majors are offered: (1) American Thought and Civilization, (2) Biology, (3) English Literature, (4) French Literature, (5) Hispanic American Civilization and Culture, (6) Hispanic American Economics, (7) History, (8) International Relations, (9) Philosophy, (10) Spanish American Literature, (11) Spanish Literature, (12) Statistics, (13) Zoology.

Of the new-type majors offered, two, those in International Relations and in Biology, extend broadly over the work of their respective divisions, and another, that in the field of American Thought and Civilization, involves studies in two divisions, those of Languages and Literatures and of Social Sciences. The other majors, with the exception of the major in Spanish American Literature, replace old-type majors in their respective fields.

These major fields involve the departments of English, French, History, Philosophy, Spanish, Statistics, and Zoology. A new candidate for a major in the work of these departments must elect a new-type major. A student who began work on a major in these departments before the new-type major was established will be permitted to complete his old-type major.

Proseminar in the Major

For the convenience of the student a proseminar course is offered in each field of study, under the supervision of the division in which the major is taken. This course, planned and administered by the professor or adviser of the major subject, will advise, guide, and instruct the student in his reading, study, and laboratory exercises in order to assist him in gaining a coordinated knowledge of his field. It is a presentation of the content and methods of the major field as a whole through the organization and coordination of the knowledge obtained in the various formal courses in the major subject and of material not usually included in such courses. This course is not required. Six credit hours, but no qualitative grade, may be assigned. When registered in this course, the student will have the privilege of visiting any other course offered in the college.

Proseminars are offered in new-type major fields and are open only to the student who has been accepted as a candidate under that specific new-type major.

The Major Examination

The major examination will normally be taken by the student at the close of the senior year; in the case of the student on a limited schedule, the major examination may be taken not earlier than one calendar year

before graduation. A student who fails to pass a major examination may, at the discretion of the Columbian College Committee on Studies, be re-examined at a later regular major-examination period. The educational committees of the respective divisions will have general supervision of the preparation, reading, and grading of major examinations. Major examinations will be held in each regular term on dates fixed by the respective educational committees, but in no case later than January 15 for the fall term, May 15 for the winter term, and August 7 for the summer term.

THE OLD-TYPE MAJOR

Until further notice departmental majors will be offered in the following: Art, Botany, Chemistry, Classical Languages and Literatures, Economics, Geology, Germanic Languages and Literatures, Mathematics, Physics, Political Science, Psychology, Sociology, and Speech.

Requirements for the major will be found under the courses of instruction of the department concerned immediately following the listing of the faculty of the department.

THE MASTER'S DEGREES

Upon the satisfactory completion of the graduate requirements of Columbian College, the degree of Master of Arts or Master of Science is conferred.

DEFINITION OF THE MASTER'S WORK

The study leading to the degree of Master of Arts or Master of Science is a comprehensive survey of a field of knowledge. It is a continuation of the work of the student's undergraduate major and involves a greater acquaintance with scholarly method.

The student must satisfy certain minimum requirements as to previous preparation, residence, ability to read an approved modern foreign (European) language, and courses taken; but these requirements, while essential, are regarded primarily as qualifying measures. The student's knowledge of his field, as demonstrated by his thesis and by the results of his Master's examination (together with such other examinations involving special skills or techniques as the department or division may require), is the basis upon which the Master's degree is conferred.

REQUIREMENTS FOR THE DEGREES

RESIDENCE

An academic year of residence in Columbian College is required, i.e., completion of a minimum of thirty credit hours of work including the

thesis, which is counted as the equivalent of six credit hours of course work. Summer term work may be counted in residence, but in no case may the period of residence aggregate less than twenty-seven weeks. Not more than twelve credit hours (which must be approved in advance by the Dean of Columbian College) may be taken in another school or division of this University, and such work may not be counted toward both a degree in that school or division and the Master's degree in Columbian College. No part of the minimum requirement may be taken elsewhere. All work for the degree of Master of Arts or Master of Science must be completed within a maximum of three years, unless the Dean's Council considers the circumstances so unusual as to justify an extension of time.

SCHOLARSHIP

A student whose scholarship is unsatisfactory may be suspended by the Dean upon recommendation of the division under which the student is working. Regarding the system of grading, see pages 35 and 36.

PROGRAM OF STUDIES

The student's program of studies must be outlined in detail at the beginning of his work, in triplicate on forms available at the Office of the Dean. Each program is subject to the approval of the department and the division. The program may be revised as the occasion requires, but any change necessitates a repetition of the procedure just described.

Courses numbered from 1 to 100 may not be credited toward the Master's degree, but may in certain instances be required as a basis for advanced work. (See "Explanation of Course Numbers".)

A student who expects to continue his studies for the degree of Doctor of Philosophy after receiving the Master's degree is strongly advised so to plan his program from the beginning that work for the lower degree may help to prepare him for the higher.

ADMISSION TO CANDIDACY

A student must have been admitted to candidacy, at the discretion of the department and the division concerned, before he begins the last half of his work for the Master's degree. Application for admission to candidacy is made on a form obtained at the Office of the Registrar, and must be approved by the appropriate representative of the division and by the Dean. If a prospective candidate, in his previous academic work, has not substantially satisfied the prerequisites for the Master's degree, including the undergraduate major as defined by the appropriate department or division, he will not be admitted to candidacy until such deficiency has been made up.

Before being admitted to candidacy the student must also show that he has a reading knowledge (certified by the appropriate foreign-language department) of at least one modern foreign (European) language, selected by the division under which he is studying. A student whose field is a modern foreign language or literature may not offer that language in satisfaction of the reading-knowledge requirement. Examinations in modern foreign languages will be given on Saturday, October 14, Saturday, February 3, and Saturday, May 5, at 2:00 P.M. In exceptional circumstances the respective departments will arrange for examinations at other times.

THE MASTER'S THESIS

The thesis may be of a research, expository, critical, or creative type. The main purpose of a Master's thesis is to demonstrate the student's ability to make independent use of the information and training acquired through his other disciplines, and to furnish objective evidence of his constructive powers in his chosen field. Registration for the thesis must be no later than the beginning of the final year of preparation, unless the professor in charge of the thesis permits registration at the beginning of the final term. The choice of the thesis subject must be approved by the professor in charge of the student's field and recorded in the Office of the Registrar by the date announced in the University calendar. Registration for the thesis is ordinarily made on the basis of three credit hours for two successive terms. In exceptional cases, and with the approval of the professor in charge of the thesis, the student may register for the entire six credit hours during a single term. The typewritten thesis in its final form must have the approval of the professor in charge of the student's field and of the educational committee of the division concerned, and must be presented to the Dean by the student not later than the date announced in the University calendar. Requirements regarding the form of the thesis are stated on page 39, and additional information will be supplied by the Dean.

Payment of tuition for the thesis entitles the candidate, during the academic year of registration, to the advice and direction of the member of the faculty under whom the thesis is to be written. In case a thesis is unfinished, an additional successive academic year may be granted without further tuition payment. If the preparation of the thesis extends beyond the two-year period the student must register for it again, and pay tuition on the same basis as for a repeated course.

THE MASTER'S EXAMINATION

In addition to such other examinations as may be required, the candidate must pass a general written examination on the major subject.

Examinations will be held on dates fixed by the respective educational committees, but in no case later than January 15 for the fall term, May 15 for the winter term, and August 7 for the summer term. The provisions of the new plan for undergraduate majors, as far as they concern the general examination for the major, also apply to the Master's examination. A candidate who fails to pass the Master's examination may, in exceptional circumstances and with the specific approval of the division concerned, repeat the examination, but only after the lapse of one term. If he fails a second time, no further opportunity to take the examination will be permitted.

GENERAL INFORMATION

INTRODUCTORY

The Graduate Council, a reorganization of the Graduate School of Letters and Sciences which had heretofore administered the disciplines leading to the Master of Arts and Doctor of Philosophy degrees, was instituted in 1930. Since then the Graduate Council has offered a program of advanced study and research leading only to the degree of Doctor of Philosophy.

The purpose of the Graduate Council of The George Washington University is to create a fellowship between the Masters in Research in the various fields and the students who have apprenticed themselves to these Masters, and through this fellowship to foster a creative spirit in the graduate studies leading to the degree of Doctor of Philosophy. The basic conception of this degree is the attainment of a mastery of related fields of knowledge, achieved without regard to specific courses of instruction and culminating, through original research, in a contribution to knowledge. It is hoped that in the development of this program the historical relationship of master and apprentice may be revived. In keeping with this idea a student, after satisfying certain requirements, is responsible solely to the Master under whom he has signified his desire to work.

APPLICATION TO UNDERTAKE DOCTORATE DISCIPLINES

A student wishing to undertake work under the Graduate Council must possess an adequate academic preparation for advanced study in the proposed field, as evidenced by satisfactory Bachelor's and Master's

* On war leave 1944-45.

degrees, or the equivalent, together with acceptable personal qualities and capacity for creative work.

After an applicant's credentials have been filed with the Director of Admissions of the University, the Chairman of the Graduate Council will appoint a consultative committee (usually composed of five members), which will evaluate the records submitted and interview the applicant. The applicant will also meet the personnel committee of the Graduate Council. When the recommendations of the consultative and personnel committees have been presented, the Graduate Council will act upon the application for candidacy for Fellowship in the Graduate Council.

CANDIDACY FOR COUNCIL FELLOWSHIP EXAMINATION

If accepted, the candidate must demonstrate his ability to read both French and German and must satisfy all other prerequisites for advanced study specified by the consultative committee. The necessary examinations will be arranged by the Chairman of the Graduate Council.

The consultative committee will, after conference with the candidate, designate a program of study in the several fields of learning on which the candidate must stand examination as a part of the requirements for admission to Fellowship in the Graduate Council. Ordinarily courses of instruction are assigned by the consultative committee only to make up deficiencies.

The candidate will be directed by his consultative committee throughout the entire period of preparation for this Council Fellowship examination.

THE COUNCIL FELLOWSHIP EXAMINATION

Upon application of the consultative committee the Chairman of the Graduate Council will set a date for the Council Fellowship examination and appoint an examining committee, composed of the members of the consultative committee and at least two other members of the Graduate Council. The Council Fellowship examination will be a written examination, conducted during a period of one week. The candidate, in consultation with the Chairman of the Graduate Council, will have designated the Master with whom he wishes to undertake research if admitted as a Fellow. If he is successful in the Council Fellowship examination and is accepted by the Master, the candidate will be nominated to the Graduate Council for election as a Fellow.

FELLOWSHIP IN THE GRADUATE COUNCIL

When a student has been admitted as a Fellow of the Graduate Council, his consultative committee will be discharged and he will become

responsible to his Master alone for the development of his field, the selection of a thesis subject, and the preparation of his thesis. He will be formally inducted into Fellowship, which carries with it the privilege of membership in the Graduate Council, including participation in its general meetings, and unrestricted use of all the academic facilities of the University. The Master may refer the Fellow to other institutions for special study, under arrangements made by the Council.

THE THESIS

Not later than the date specified in the University calendar the Fellow must submit to the Chairman of the Graduate Council one typewritten original and two legible and complete carbon copies of his thesis in its final form and also a typewritten summary of the thesis consisting of not more than 2,500 words. Requirements regarding the form of the thesis are stated on page 39, and additional information will be supplied by the Chairman.

The summaries of accepted theses will be printed in a volume forming a number of the University BULLETIN. The successful candidate for the doctorate is required, before receiving his degree, to pay a fee to cover the expense of printing the summary of his thesis.

THE FINAL EXAMINATION

After the presentation of the Fellow's thesis, the Chairman of the Council, upon application of the Master, will set the date of the final examination and appoint the final examination committee. The examiners will include at least five members of the Graduate Council other than the Master, and at least two qualified experts in the Fellow's special field from other institutions of research. The Master will present the Fellow to the examining committee. In this final examination, which will be oral, the Fellow will defend his thesis in relation to the field of learning in which it lies. The examination will be public.

THE DEGREE OF DOCTOR OF PHILOSOPHY

If the Fellow satisfies this committee in respect to the high quality of his contribution to knowledge and his mastery of the field, he will be recommended by the committee to the Graduate Council and, if approved, nominated by the Council to the Board of Trustees of the University for the degree of Doctor of Philosophy.

TEACHING FELLOWSHIPS

Teaching fellowships are available in the departments of Bacteriology, Biochemistry, Botany, Chemistry, Economics, English, History, Physics, Psychology, Romance Languages, and Statistics. An announcement re-

garding qualifications and application for these fellowships will be sent upon request to the Chairman of the Graduate Council.

REGULATIONS

Candidates and Fellows in the Graduate Council are subject to, and are expected to familiarize themselves with, the regulations regarding ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 35-40.

RESIDENCE AND CONTINUOUS REGISTRATION

The Graduate Council expects all students to work on their doctoral programs in residence, although there is no formal regulation concerning the amount of time of resident study either in preparation for the Council Fellowship examination or as a Fellow of the Council engaged in doctoral research. The student who undertakes either part of the doctoral program on full or limited schedule must, in accordance with University regulations, maintain continuous registration under the Graduate Council even when the Council has granted a leave of absence for study or residence elsewhere. Failure to maintain registration in each term of the academic year disrupts the residence status of the student under his consultative committee or his Master in Research. In such a case, the student must reapply for admission to the Council, under whatever new conditions and regulations are set up by his consultative committee or by his Master in Research.

A pamphlet describing details of the Graduate Council program will be sent upon request to the Office of the Graduate Council.

HOSPITAL STAFF APPOINTMENTS

Members of the staff assigned to the University Hospital and Dispensary and those assigned to the Gallinger Hospital Service are listed in the bulletin of the School of Medicine.

GENERAL INFORMATION

INTRODUCTORY

The School of Medicine of The George Washington University was opened in March 1825; of the medical schools now in existence in the United States, it is the eleventh in chronological order of founding. The University Hospital and Dispensary were established in 1898 and made a part of the organization of the School.

The School is a member of the Association of American Medical Colleges and is one of the medical colleges which have been designated continuously as "class A" by the American Medical Association. The degrees of the School of Medicine are recognized by all state examining boards.

PLAN OF INSTRUCTION

The George Washington University School of Medicine, recognizing the urgent need for medical services during the war period, has reorganized its course to permit the completion of the customary four academic years in three calendar years. Each academic year will be composed of two terms totaling thirty-six weeks. A new class will be admitted every other term. In approving the plan adopted by the Faculty of the School of Medicine, the Board of Trustees authorized its continuance for the duration of the war.

EQUIPMENT AND FACILITIES

Medical School Building.—The building housing the School of Medicine is a five-story structure with lecture rooms and classrooms, laboratories, and students' rooms.

Laboratories.—A four-story laboratory building is adjacent to the main medical building. The major laboratories are for anatomy, histology and embryology, bacteriology, hygiene and preventive medicine, biochemistry, pathology, pharmacology and physiology, and clinical microscopy. They are fully equipped to enable students to pursue adequately the laboratory courses and to acquire the technical skill necessary in modern clinical and investigative work.

Medical Library.—The Library contains a selected reference collection of more than 5,000 volumes, and provision is made to add to it the important new medical works. The principal medical periodicals are received regularly.

The University Hospital and the University Dispensary.—The Hospital and Dispensary are adjacent to the School of Medicine and are controlled by the Faculty of Medicine.

GOVERNMENT LIBRARIES AND MUSEUMS

The Library of the Surgeon General's Office of the United States Army is the most complete general medical library in the world. In addition to its great collections of medical works, all leading medical periodicals of the world are available. This Library, as well as the Library of Congress, the Public Library, and the many excellent libraries of the various government departments, is available to students and teachers through a service maintained by the Medical School Library.

The Army Medical Museum affords opportunity for studying the conditions met in military and general medicine and surgery. Its collection of anatomical and pathological specimens is unequaled by any other museum in this country. The Museum of Hygiene, the National Museum, the Smithsonian Institution, the Botanic Gardens, and the Department of Agriculture all afford opportunities for study in Medicine and its allied sciences.

CLINICS

The city of Washington, with about a million inhabitants, provides ample clinical material. The University Hospital and Dispensary furnish clinical facilities and a large proportion of the materials studied in the courses in pathology and clinical pathology.

The University Hospital.—All clinics are under the supervision of the Dean, who is also Medical Director of the Hospital. This insures the highest possible utilization of available clinical material for teaching purposes and the proper supervision of clinicians and students; it brings the individual student into direct contact with patients and requires him to do, under authoritative supervision, the clinical and laboratory work necessary for diagnosis and treatment; and it permits proper interpretation of the conditions occurring during the progress of cases and promotes the keeping of adequate records. Clinical and clinico-pathological conferences are held in which the history of cases, the physical findings, laboratory records, and the post-mortem pathology when available, are presented and correlated.

The University Dispensary.—The Dispensary has a large out-patient service in all departments, to which several thousand visits are made

annually. Fourth-year students are assigned in rotation by sections for clinical instruction in the Dispensary.

Gallinger Municipal Hospital.—Clinical instruction is available in all branches of medicine. A great wealth of clinical material is afforded in this hospital by ordinance of the municipal authorities of the District of Columbia, whereby one half of the patients are assigned for treatment and clinical teaching to members of the Faculty of this School, nominated by this University. Third-year students serve their clinical clerkships at this institution.

Children's Hospital.—Clinical instruction in pediatrics, dermatology, and orthopedic surgery.

Emergency Hospital and Central Dispensary.—Clinical instruction in medicine, surgery, obstetrics and gynecology, and the specialties.

Garfield Memorial Hospital.—Clinical instruction in gynecology and obstetrics in the out-patient department, on the wards, and in the operating room.

St. Elizabeths Hospital.—Clinical instruction in mental and nervous diseases, medicine, post-mortem work, and gross pathology. This hospital, with five and one-half thousand beds, is maintained by the United States Government. The psychiatric clinic is one of the largest in the world.

Episcopal Eye, Ear and Throat Hospital.—Clinical instruction in ophthalmology, otology, rhinology, and laryngology.

Columbia Hospital.—Clinical instruction in gynecology and obstetrics in the out-patient department, on the wards, and in the operating room.

ADMISSION, REGISTRATION, FEES AND FINANCIAL REGULATIONS

Students in the School of Medicine are subject to, and are expected to familiarize themselves with, the regulations stated on pages 10-23.

Registration in the School of Medicine is for a period of one academic year of two terms. After the student has entered the courses of instruction he is obligated for the full tuition for the year. No part of the tuition will be refunded upon withdrawal or dismissal for any cause. Acceptance by the School of a student's fees does not in any way obligate the School to accept the student for any subsequent year.

A fee of \$3 to defray the costs of completing the records for final consideration for admission must accompany each application. Fees for each term (including the University fee) are \$275, payable in advance.

Because the number of applicants far exceeds the limit of each class, places can be reserved for only those qualified applicants who remit a deposit of \$100 which will be credited toward the tuition of the first term. Should the matriculant be unable to attend, this initial payment, less a charge of \$50 for registration, transfer, etc., will be returned up to one month before the opening of the term.

Credit for work will not be given until, at the completion of a laboratory course, the student has replaced or paid for all articles of equipment or other University property which he has lost, broken, or destroyed. All breakage or loss not directly traceable to an individual student is assessed pro rata.

COST OF TEXTBOOKS AND STUDENT EQUIPMENT

The minimum cost of necessary textbooks and student equipment (microscope, drawing materials, glass slides, clinical thermometer, stethoscope, hemocytometer, etc.) is approximately as follows: first year, \$250; second year, \$100; third year, \$75; fourth year, \$75; total \$500.

REGULATIONS

Students in the School of Medicine are subject to, and are expected to familiarize themselves with, the general University regulations stated on pages 35-40.

ABSENCE

Absence is not allowed unless an excuse is obtained from the Dean or the instructor.

Absence consists in being away from a class or clinic during a scheduled period, entering after the class or clinic has begun, or leaving before either is dismissed.

Excuse for absence due to sickness must be accompanied by a certificate signed by the attending physician and must be filed in the Office of the Dean.

For every unexcused absence a department will deduct one-half of one per cent from the student's final grade in the subject involved.

GRADES

The following grading system is used: *A* (90-100); *B* (80-89); *C* (75-79); *D* (65-74), condition; *E* (below 64) failure; *Inc.*, incomplete. The passing grade in each subject is *C*.

FAILURE

A student who has failed in any subject will not be advanced until such failure is removed and then only by authority of the Committee on Scholarship. All conditions must be removed at the next make-up examination period provided for this purpose.

EXAMINATIONS

Examinations, which may be written, oral, or practical, will be held at the end of each term.

A student who fails to appear at a regularly scheduled final examination will not be examined until the next regular examination, except by special permission of the Committee on Scholarship. For make-up examinations to remove conditions, a fee of \$5 will be charged for each subject.

All students in the School of Medicine are required to take Part I and Part II of the National Board Examinations, except that students from those states and foreign countries which do not recognize the National Board may be exempted from Part II by action of the Committee on Scholarship.

SPECIAL UNDERGRADUATE AND GRADUATE ADVANTAGES

PHYSICAL EXAMINATIONS*

All first-year students are given a comprehensive physical examination by the Department of Health Administration upon admission to the School of Medicine. The students are informed of the findings and advised regarding such measures as will tend to maintain a high standard of health.

In addition medical students benefit from the complete Tuberculosis Case Finding Program which the School has maintained since 1938-39. Under this program all students receive tuberculin tests, X-ray examinations, and such special attention from chest specialists as is necessary to reduce to a minimum the dangers from tuberculosis to which medical students are believed to be subject. Students are immunized against those diseases for which proven prophylactics exist.

RESERVE OFFICERS' TRAINING CORPS, U. S. ARMY, MEDICAL UNIT

A Medical Unit of the Reserve Officers' Training Corps is established in this School by authority of the Secretary of War, and an officer of the Medical Corps of the Army is detailed to the University for supervision and instruction of the unit.

Membership in the Unit, which is voluntary, is open to any physically fit male student who is a citizen of the United States. The instruction is divided into two two-year courses, the basic and the advanced. Students who satisfactorily complete the basic course may, up to the quota allowed by the War Department, enter the advanced course. A student

* A charge of \$2 is made if a student fails to appear for a physical examination during the period set for this purpose.

who enters the advanced course receives approximately \$200 from the Government. He is obligated to complete the course.

A student who successfully completes the course is recommended for a commission in the Medical Section, Officers' Reserve Corps, if he desires appointment. A graduate may, after completion of one year's internship in a civil hospital, compete in the examinations held yearly for appointment as first lieutenant in the Medical Corps, Regular Army.

All students in the School of Medicine are required to attend all lectures for the Reserve Officers' Training Unit.

HOSPITAL APPOINTMENTS

Interns and residents are appointed annually in the University Hospital.

Students who, after graduation, desire internships in other hospitals should apply directly to the institution which they wish to enter. A list of hospitals approved for intern training is published annually in the *Journal of the American Medical Association*, and a copy of the list may be consulted in the Office of the Dean.

COMMISSION ON LICENSURE, DISTRICT OF COLUMBIA

Graduates who wish to take the examinations of the Commission on Licensure, District of Columbia, or desire to use the District license for reciprocity with the states, should apply to the Secretary, Commission on Licensure, Healing Arts Practice Act, District Building, Washington, D. C.

DEPARTMENTS OF INSTRUCTION

The work of the School is organized under the following departments: Anatomy; Bacteriology, Hygiene, and Preventive Medicine; Biochemistry; Dermatology and Syphilology; Medicine; Military Science and Tactics; Neurology; Obstetrics and Gynecology; Ophthalmology; Otorhino-laryngology; Pathology; Pediatrics; Pharmacology and Therapeutics; Physiology; Psychiatry; Surgery; and Urology.

CLINICS

Courses of clinical instruction are included in the announcements of the clinical departments. The Dean prepares schedules of clinics and of student section assignments to the various hospitals and dispensaries.

THE DEGREE OF DOCTOR OF MEDICINE

Upon the satisfactory completion of the requirements of the School of Medicine, the degree of Doctor of Medicine is conferred.

REQUIREMENTS FOR THE DEGREE

Every candidate for graduation with the degree of Doctor of Medicine must be at least twenty-one years of age, of reputable character, and free of all indebtedness to the University. He must have satisfied the admission requirements, completed satisfactorily not less than four academic years of study as a matriculated student in Medicine, completed all required courses, and passed satisfactorily all prescribed examinations.

COMBINED ARTS AND MEDICINE CURRICULUM

The candidate registers in the Junior College for the freshman and sophomore years of the premedical curriculum and in Columbian College for the junior year. In order to be recommended for the degree of Bachelor of Arts, he must complete at least ninety credit hours of prescribed college work exclusive of Physical Education (at least thirty credit hours and one year of residence must be completed in Columbian College), and the first year of the medical curriculum. Upon satisfactory completion of the fourth year in the medical curriculum the student becomes eligible for the degree of Doctor of Medicine.

HONORS

A candidate who has completed the four-year medical course with an average grade of *A* may be recommended for graduation "with distinction".

It is not only the physician's duty to his patient, but also to his community, to maintain the highest standard of medical knowledge and skill. This requires a continuous study of the latest advances in medicine, and a willingness to accept of the most modern methods of treatment. The physician who neglects his duty to his community, and who is content with a mediocre knowledge of his profession, is unworthy of the title of physician.

CONSTITUTIONAL AND PHYSIOLOGICAL CHANGES

The human body is a complex machine, and its various parts are constantly at work. The system of circulation, for example, is a most intricate one, and it is the duty of the physician to understand its workings, and to be able to detect any abnormality. The system of respiration is another of these, and it is the duty of the physician to understand its workings, and to be able to detect any abnormality. The system of excretion is another of these, and it is the duty of the physician to understand its workings, and to be able to detect any abnormality.

The system of nutrition is another of these, and it is the duty of the physician to understand its workings, and to be able to detect any abnormality. The system of locomotion is another of these, and it is the duty of the physician to understand its workings, and to be able to detect any abnormality. The system of sensation is another of these, and it is the duty of the physician to understand its workings, and to be able to detect any abnormality.

DEPARTMENT OF INSTRUCTION

The Department of Instruction is the most important of the various departments of the Medical Society. It is the duty of the Department to maintain the highest standard of medical knowledge and skill, and to be able to detect any abnormality. The Department is composed of the following members: The President, the Vice-President, the Secretary, the Treasurer, and the members of the Executive Committee.

GRADUATES

The following are the names of the graduates of the Medical Society for the year 1900: The President, the Vice-President, the Secretary, the Treasurer, and the members of the Executive Committee.

THE JOURNAL OF THE MEDICAL SOCIETY

The Journal of the Medical Society is the most important of the various publications of the Medical Society. It is the duty of the Journal to maintain the highest standard of medical knowledge and skill, and to be able to detect any abnormality.

GENERAL INFORMATION

INTRODUCTORY

The George Washington University Law School, established in 1826, discontinued and reorganized in 1865, is the oldest law school in the District of Columbia. Its course of instruction is planned to fit its graduates for the practice of law in any of the states of the United States or in foreign countries, the law of which is based on the Anglo-American legal system. It is also designed to prepare students for public service as lawyers in the Federal Government or the governments of the states. In 1900 the School took part in the organization of the Association of American Law Schools and it has been a member of the Association since that time. The School is approved by the Council of Legal Education of the American Bar Association.

ADJUSTMENTS TO THE WAR EMERGENCY

The war emergency has increased the demand for men and women with legal training. To enable students to secure a maximum of legal training in the time available, the Law School's plan of instruction has been modified. The work of the year is organized into three terms known as the fall term, winter term, and summer term. The work undertaken in any one term may be completed by the end of that term. The summer term constitutes a full term of sixteen weeks. It is divided into two sessions so that work undertaken during one session may be completed during that session.

Mid-term examinations will be given in full subjects, that is those given four hours a week during a term. Students who pass these examinations successfully will be given credit for the first half of such subjects in case they are compelled to leave the School without completing the term. Such students will be permitted to register for the second half of such subjects when they return to the School.

The Dean's Council will endeavor in every way consistent with proper educational standards to approve such special arrangements as may be necessary to meet individual problems arising from the demands made upon students by the war. Students who have such problems are re-

* The President of the University and the Dean of the Law School are ex officio members of the council.

quested to submit them to the Dean of the Law School for the full and immediate consideration of the Dean's Council.

In the field of public law, made doubly important by the war emergency, courses will be offered in Administrative Law, Constitutional Law, Trade Regulation, Labor Law, International Law, and Government Corporations.

During the fall term a course entitled War Law will be offered. This course, designed to meet more specifically the needs of the war emergency, will consist of two parts: Military Law and War Contracts. Students may register for an individual part.

THE LIBRARY

The Law School Library of 23,000 volumes contains the official reports of the decisions of the courts of last resort of all the states prior to the National Reporter System and of fourteen states complete to date; the National Reporter System, complete; the reports of the United States Supreme Court and lower federal courts, and the reports of federal administrative agencies; Shepard's Citations for the units of the Reporter System; the English Reprint and English Law Reports; the United States Statutes; the United States Code, Annotated, and the Federal Code, Annotated; reasonably complete sets of statutes of all of the states; the English statutes; the principal English and American digests and encyclopedias; collections of special reports and annotated cases; and the leading textbooks, casebooks, and legal periodicals.

The Library is open from 9:00 A.M. to 10:00 P.M. each class day (Saturday, 9:00 A.M. to 1:00 P.M.), and from 2:00 to 6:00 P.M. on Sunday.

THE LAW REVIEW

The George Washington Law Review, published by the University, is edited by the Faculty and students of the Law School. It is devoted exclusively to state and federal public law. The location of the University in the National Capital, where the primary sources of federal public law may be observed in operation, affords an unexcelled opportunity for specialization in this field.

The *Review* is edited by a faculty editor-in-chief, a faculty board of associate editors, a board of departmental advisory editors, and a board of student editors. The student editors are chosen each year on the basis of scholarship.

RESEARCH IN PUBLIC LAW

Washington, the capital of the Nation, furnishes unsurpassed advantages for research in the fields of public law. In it are the offices of the

major executive departments, the Congress, the Supreme Court of the United States, and four lower federal courts. In the executive departments and among the many independent establishments of the Federal Government there have been estimated to be between seventy-five and one hundred agencies, the activities of which involve the various branches of public law, particularly administrative law. The student of public law can study at first hand the work of these administrative agencies. He also has available as sources for investigation their records of administrative adjudications. In addition there are more than double the number of law offices in the various departmental and independent agencies the principal business of which is public law.

Research in public law will be conducted under the supervision of members of the faculty. The fields of public law covered will be administrative law, constitutional law, international law, municipal and government corporations, and trade regulation. The purpose of this research is to furnish means for training specialists in public law, either as government lawyers or as lawyers representing individuals or corporations in cases in which the Government is a party, and to assist in the analysis, clarification, formulation, and improvement of public law, substantive and procedural.

Candidates for the graduate degrees in the Law School and seniors who are candidates for the degree of Juris Doctor are eligible to pursue this work. Other students may be admitted with the special permission of the professor in charge.

As part of the research in public law, the Law School has conducted conferences on specific problems in the field. Leading experts were brought together for the following conferences, the results of which were published in *The George Washington Law Review*: Government Corporations, July 1938; Administrative Law, February 1939; Constitutional Law, March 1940; Labor Relations Regulation, March 1941. Because of the war no conferences were held in 1942 and 1943.

THE STUDENT BAR ASSOCIATION

Every student in the Law School is required to be a member of the Student Bar Association. This is organized to enable the student to become better acquainted with problems of the profession, to develop better professional ideals, and to bring about closer contact with members of the profession engaged in active practice of the law.

The work of the Student Bar Association is carried on by various committees and by group and general meetings of a professional and social nature. From time to time lectures are given by outstanding authorities on legal and professional problems.

Each member of the Student Bar Association receives a subscription to *The George Washington Law Review*.

PRACTICE AND PRACTICE COURT

The curriculum is planned to include such training in the fundamentals of practice as is feasible in a law school. Classroom instruction is conducted in the theories of pleading and procedure, trial and appellate practice, and evidence. This instruction includes grounding in the principles of the new Federal Rules of Civil Procedure. In addition each senior student is required to participate in the work of the practice or Moot Court. This includes trying a specified number of cases, both as a senior counsel and junior counsel. For students who are planning to practice patent law, a special section of the court is conducted devoted exclusively to the trial of patent cases.

ORDER OF THE COIF

The Order of the Coif, a national honor society with chapters in thirty-five law schools, aims "to foster a spirit of careful study and to mark in a fitting manner those who have attained a high grade of scholarship". The George Washington University Chapter was established in 1926. Members are elected each year from the highest-ranking 10 per cent of the graduating class of the Law School.

REGULATIONS

Students in the Law School are subject to, and are expected to familiarize themselves with, the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 35-40.

HOURS OF INSTRUCTION

Primarily for the accommodation of employed students, the regular course may be taken in classes held from 6:20 to 8:00 P.M.

ATTENDANCE

Regular attendance on classes is required and is necessary for successful work. A student who is deficient in class attendance in any subject may, by action of the Dean's Council, be barred from taking the examination in that subject.

RESIDENCE REQUIREMENTS

A year's attendance in the evening classes is counted as residence for three fourths of a year. A student admitted with advanced standing

must complete at least one year of residence in this School and pass twenty-eight credit hours with the required average for the degree.

GRADES

At the end of each term each student is given a letter grade in each subject completed and a letter grade indicating the average for the term.

Grades are indicated by the letters *A*, excellent; *B*, good; *C*, satisfactory; *D*, poor—below standard for graduation; and *F*, failed.

The grades *A*, *B*, *C*, and *D*, mean that the work has been successfully completed and credit given for the subjects.

F, failed, means that no credit will be given. To obtain credit the student must repeat the subject; but a student who has obtained an average of *C* in the work of the academic year and received a grade of *F* in only one subject may take the next regular examination in that subject, and if on such reexamination he obtains a passing grade he will be given credit in the subject.

EXAMINATIONS

Written examinations are held in the middle of the fall and winter terms in subjects given four hours a week and at the end of each term in all subjects. Every student is required to take the regular examinations in the subjects pursued, unless excused by the Dean. A student who, with the consent of the Dean, does not take the examination in a subject with the class in which he is enrolled may take the next regular examination given in the subject.

No special examinations will be given; except that, upon written application to the Dean's Council, showing sufficient cause, a candidate for a degree at a convocation before the next regular examination, if he would be entitled to take a postponed examination, may, at the discretion of the Dean's Council, be given a special examination.

EXCLUSION AND PROBATION FOR POOR SCHOLARSHIP

A student who during an academic year fails in courses aggregating eight or more credit hours will be excluded. Such a student is not eligible to be registered in the Law School or to attend classes in the next academic year. He may, however, be admitted to the regular examinations in that academic year in those subjects in which he has made a grade below passing, and if he receives a grade of passing in these subjects with an average sufficient to make his general average not less than *C*, he will be reinstated at the beginning of the academic year next succeeding the passing of these examinations.

A student not subject to exclusion under the foregoing rule who at

the end of an academic year has failed to maintain a general average of at least *C*, will be on probation during the next academic year. A student on probation may at the discretion of the Dean be required to reduce his program of study. A student on probation will be excluded at the end of the probationary year unless he has made grades sufficient to give him a general average of at least *C*.

The general average of a student includes all the grades in all the subjects taken while he is in the Law School working for a particular degree. When a subject is repeated or a reexamination is taken, both the first grade and the subsequent grade or grades are counted in the general average.

In special cases in which it is clear that the student's failure does not indicate lack of ability to pursue the study of law, the student who has become subject to exclusion may be readmitted by vote of the Dean's Council of the Law School.

No student is put on probation or excluded because of the work of one term only, or as the result of a program of less than four hours a week during the academic year.

CLASSIFICATION OF STUDENTS

Students are divided into classes on the completion of credit hours as follows: first year, one through twenty-eight; second year, twenty-nine through fifty-six; third year, fifty-seven or more.

THE DEGREES

IN THE PROFESSIONAL COURSE

These degrees are Bachelor of Laws (LL.B.) and Juris Doctor (J.D.).

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF LAWS

To be recommended for this degree the student must have completed: (1) a residence period of not less than three academic years on a full-time basis (four years on a part-time basis); (2) eighty credit hours, including the course in Moot Court, with a general average of at least *C*.

Combined Degrees of Bachelor of Arts and Bachelor of Laws.—A candidate for the combined degrees of Bachelor of Arts and Bachelor of Laws must: (1) complete three years of satisfactory college work; (2) fulfill the residence requirement of at least thirty credit hours of Columbian College, the School of Government, or the School of Education;

(3) obtain the approval of the Dean of the college concerned at the time of entering the Law School; (4) obtain the recommendation of the Dean of the Law School at the completion of the first year of the Law School, at which time the degree of Bachelor of Arts will be conferred (Professional work taken at another institution will not satisfy the major requirement for the combined degrees.); (5) maintain throughout the entire course the scholarship level required for graduation.

Combined Degrees of Bachelor of Science in Engineering and Bachelor of Laws.—The requirements for the combined degrees are stated on page 106.

REQUIREMENTS FOR THE DEGREE OF JURIS DOCTOR

This degree is conferred as a recognition of the completion at the George Washington University Law School, with high rank, of the full professional course of not less than three full years (four years on a part-time basis) including experience in research and legal authorship.

To be recommended for this degree the student must have completed: (1) a residence period of not less than three academic years on a full-time basis (four years on a part-time basis) in the Law School; (2) eighty credit hours with a general average of at least *B* including the course in Moot Court and either the course in Comparative Law or one of the graduate seminars; and (3) one year of acceptable service on the board of student editors of *The George Washington Law Review*, election to which is subject to regulations laid down by the Faculty.

HONORS

The degree of Bachelor of Laws or of Juris Doctor "with distinction" will be awarded the student who obtains a general average of *A* in the work for the degree.

IN THE GRADUATE COURSE

These degrees are Master of Laws (LL.M.) and Doctor of Juridical Science (S.J.D.).

REQUIREMENTS FOR THE DEGREE OF MASTER OF LAWS

To be recommended for this degree the student must have completed a residence period of not less than one academic year. He must have completed satisfactorily twenty credit hours of subjects in the graduate curriculum. In individual cases, third- or fourth-year subjects listed in the professional curriculum may be included in the program of study. All

requirements for this degree must be completed in a period not exceeding two academic years.

REQUIREMENTS FOR THE DEGREE OF DOCTOR
OF JURIDICAL SCIENCE

To be recommended for this degree the student must have completed a residence period of not less than one academic year. He must have pursued a course of study and research designated by his consultative committee and approved by the Dean's Council of the Law School. At the conclusion of his first year of residence or at such other time as the consultative committee may set, the candidate must pass an oral examination in those fields of study selected by the consultative committee. This examination shall be conducted by the consultative committee and such other members of the faculty as may be assigned by the Dean.

Not later than the date specified in the University calendar the candidate must submit to the Dean one typewritten original and two legible and complete carbon copies of his thesis in its final form and also a typewritten summary of the thesis consisting of not more than 2,500 words. To be acceptable the thesis must, in the opinion of the examining committee, constitute a substantial contribution to the field of law concerned and be suitable for publication. Requirements regarding the form of the thesis are stated on page 39, and additional information will be supplied by the Dean.

The summaries of accepted theses will be printed in a volume forming a number of the University BULLETIN. The successful candidate for the doctorate is required, before receiving his degree, to pay a fee to cover the expense of printing the summary of his thesis.

A field of study may be selected from the following: Administrative Law, Civil Procedure, Conflict of Laws, Constitutional Law, Evidence, Federal Jurisdiction, Public Corporations, Government Regulation of Business Organization, History of Law, International Law, Labor Law, Municipal Corporations, Trade Regulation, and Trusts.

GENERAL INFORMATION

INTRODUCTORY

HISTORY AND ACCREDITATION

The School of Engineering was organized in 1884 as the Corcoran Scientific School. In 1903 that school was combined with Columbian College in the Department of Arts and Sciences. In 1905 the engineering courses were placed under an administrative organization known as the Washington College of Engineering and in 1909 the name was changed to the College of Engineering and Mechanic Arts. In 1914 the name became the School of Engineering.

Courses leading to the degrees of Bachelor of Civil Engineering, Bachelor of Mechanical Engineering, and Bachelor of Electrical Engineering are accredited by the Engineers' Council for Professional Development, the recognized accrediting body of the engineering profession, composed of representatives of the American Society of Civil Engineers, the American Institute of Mining and Metallurgical Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers, the Society for the Promotion of Engineering Education, the American Institute of Chemical Engineers, and the National Council of State Boards of Engineering Examiners.

REGULATIONS

Students in the School of Engineering are subject to, and are expected to familiarize themselves with, the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 35-40.

AMOUNT OF WORK

Eighteen credit hours, including required physical education, constitute normal full-time work. Nine credit hours constitute normal part-time work.

A full-time student who is not on probation may take ordinarily not more than nineteen credit hours. A student employed more than twenty-four hours a week, who is not on probation, may take ordinarily not more than ten credit hours. A student whose quality-point index is 3.00 or higher may be permitted by the Dean to exceed these limits by not more than two credit hours.

A student previously unemployed who accepts employment subsequent to registration or at any time during a term is required to report that fact immediately to the Dean, in order that adjustments in schedule may be made, if necessary, to bring his program within the Faculty's limitations upon the amount of work to be carried by an employed student.

ATTENDANCE

The student is expected to attend every meeting of the course in which he is registered fully prepared to carry on the work required. The student is held responsible for all work in the course, and all absences must be excused before provision will be made for him to make up the work missed. Excuses for absences from examinations which have been announced in advance can be obtained only by making written application to the instructor in charge of the course.

THE BACHELOR'S DEGREES

The Bachelor's degrees are: Bachelor of Civil Engineering, Bachelor of Electrical Engineering, Bachelor of Mechanical Engineering, and Bachelor of Science in Engineering.

The degree of Bachelor of Science in Engineering may be earned with any of the following majors: Business Administration, Chemistry, Economics, Mathematics, Naval Architecture, Physics, or Statistics.

In cooperation with the Law School a six-year curriculum leading to the combined degrees of Bachelor of Science in Engineering and Bachelor of Laws is offered.

REQUIREMENTS FOR THE DEGREES

SCHOLARSHIP

The system of grading and computing scholarship is described in detail on pages 35 and 36.

In order to graduate, a student must have a quality-point index of at least 2.00. No student whose quality-point index is below 2.00 will be admitted to the junior year.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation. A student remains on probation as long as his quality-point index is below 2.00, or until his probation is removed by the Dean's Council.

Suspension.—A student who has a quality-point index below 1.50 or who is placed on probation for a third term, whether successive or after an interval, will be suspended. A student suspended for poor scholarship may apply for readmission after an interval of one calendar year. He must then submit evidence to the Dean's Council that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

USE OF CORRECT ENGLISH

Any student whose English in any course whatever is deemed unsatisfactory may be reported by the instructor to the Dean's Council. The Council may assign supplementary work, without academic credit, varying in amount with the needs of the student. If the work prescribed is equivalent to a course, the regular tuition fee is charged. The granting of a degree may be delayed for failure to make up any such deficiency in English to the satisfaction of the Dean's Council.

The foregoing regulation is to be interpreted as applying to both written and spoken English.

RESIDENCE

One year, or thirty-six credit hours, must be completed in residence in the School of Engineering. Summer term work may be counted in residence, but in no case may the period of residence aggregate less than thirty weeks. Unless special permission is granted by the Dean to pursue work elsewhere, the work of the senior or final year must be completed in residence.

CURRICULUM REQUIREMENTS

The satisfactory completion of one of the following curricula of 144 credit hours is required.

Variations from the prescribed curricula may be made, with the permission of the Dean's Council. A student desiring to omit a required course and substitute another must make written application to the Dean, presenting satisfactory reasons for the substitution; and written approval must be obtained before registration for the course.

The purpose of the Bachelor of Science in Engineering curriculum is to allow a student who has demonstrated his ability to do better than passing work to center his attention upon a group of subjects in which he has special interest. Options may be elected in Business Administration, Chemistry, Economics, Mathematics, Naval Architecture, Physics, or Statistics. The student's choice of subjects for the entire junior and senior years must be submitted to the Dean's Council for approval before the beginning of the junior year. The student must comply with such requirements as to subjects, schedules, and scholarship as the department concerned may prescribe.

Curricula recommended by the several departments in which options

may be elected are available in the Office of the Dean of the School of Engineering for the guidance of students in arranging their programs. Variations from these curricula may be made to satisfy the needs of the exceptional individual student. However, any variation must be approved in writing by the major department and the Dean's Council.

COMBINED BACHELOR OF SCIENCE IN ENGINEERING AND BACHELOR OF LAWS DEGREES

For those students who desire to enter the branches of the legal profession in which a background in engineering is necessary a six-year curriculum is offered, leading to the combined degrees of Bachelor of Science in Engineering and Bachelor of Laws. A candidate for the combined degrees must conform to the residence and scholarship requirements of the School of Engineering throughout the period of preparation for the degree in engineering. His scholarship level for the junior and senior years must be acceptable to both the School of Engineering and the Law School. During the junior and senior years he must complete: (1) the required courses in engineering, (2) the 28 credit hours of courses required in the first year of the Law School, and (3) such electives as he needs to satisfy the 144 credit-hour requirement for the degree in engineering. Upon the satisfactory completion of the senior year, the degree of Bachelor of Science in Engineering will be conferred. The student will then continue his studies in the Law School; upon the satisfactory completion of which the degree of Bachelor of Laws will be conferred.

For detailed information the student should consult the deans of the School of Engineering and the Law School.

THE PROFESSIONAL DEGREES

The professional degree of Civil Engineer, Electrical Engineer, or Mechanical Engineer may be conferred upon a graduate of the School of Engineering who has demonstrated his professional ability.

REQUIREMENTS FOR THE DEGREES

1. Application may not be made sooner than three years after graduation, and then only if the candidate has had responsible charge of engineering work.

2. A detailed statement of the candidate's experience, references, the degree sought, and the title of the thesis must be filed with the Dean eight months before the Commencement at which the degree is to be conferred.

Detailed information concerning the preparation of the thesis may be obtained from the Office of the Dean.

GENERAL INFORMATION

INTRODUCTORY

In 1867 the foundation for the National College of Pharmacy was laid by the Apothecaries' Association of the District of Columbia. The College was opened in 1872 and continued until 1906, when it became affiliated with The George Washington University.

The School of Pharmacy is accredited by the American Council on Pharmaceutical Education.

The School of Pharmacy is a member of the American Association of Colleges of Pharmacy.

* The President of the University and the Dean of the School of Pharmacy are members ex officio of all committees.

† Elected by the Faculty.

Washington offers many opportunities for the study of pharmacy. Not only are the facilities of government laboratories and libraries open to the student, but the School of Pharmacy is located only a few blocks from the American Institute of Pharmacy building, in which has been established a pharmaceutical museum and library, and research laboratories which have brought to Washington the outstanding men of the profession.

REGULATIONS

Students in the School of Pharmacy are subject to and are expected to familiarize themselves with the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES as stated on pages 10-23, and the University regulations stated on pages 35-40.

AMOUNT OF WORK

Normal work for any year is that outlined under the head of "Curriculum Requirements", below. A student who wishes to take more than the normal amount of work may do so only with the permission of the Committee on Scholarship, the members of which are guided in their decision by his scholastic record and the extent to which he is employed. A student on probation is limited in the amount of work he may carry.

ATTENDANCE

Except by special permission of the instructor, credit will not be given for any course if absences, including both lecture and laboratory, exceed in number for each term the hours of credit for the term.

Absence consists of being away from a lecture or a laboratory, entering after the lecture or laboratory has begun, or leaving before either is dismissed.

EXAMINATIONS BEFORE STATE BOARDS OF PHARMACY

To be eligible for examination before most state boards of pharmacy the applicant is required to present satisfactory evidence of college graduation and in addition must have had from one to four years of practical experience in a pharmacy where prescriptions are compounded. The student is not encouraged to undertake professional work while attempting a full course of study. A student who maintains a quality-point index of 2.00 or higher, may be granted permission by the Dean to acquire a limited amount of this professional experience by working in a pharmacy while carrying a full schedule. A student who falls below a quality-point index of 2.00 will be required to reduce his academic load, or to limit his professional-experience time to less than twenty-four hours a week.

THE DEGREE OF BACHELOR OF SCIENCE IN PHARMACY

Upon the satisfactory completion of the requirements of the School of Pharmacy, the degree of Bachelor of Science in Pharmacy is conferred.

REQUIREMENTS FOR THE DEGREE

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 35 and 36.

In order to graduate, a student must have a general quality-point index of at least 2.00. In addition, he must have a quality-point index of at least 2.50 in all pharmacy courses.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation where he will remain as long as he fails to attain this index.

Suspension.—A student who has a quality-point index below 1.00 or who is placed on probation for a third term, whether successive or after an interval, will be suspended. A student who receives a grade of *E* or *F* in two courses in any one term will be suspended.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence to the Dean of the School of Pharmacy that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

The foregoing scholarship rules are applied to a student with a limited schedule only when he has undertaken a minimum of fifteen credit hours.

CURRICULUM

The laboratory method of teaching is used. Recitation classes are held in connection with each course in order to provide systematic drill in the subjects.

The curriculum requirements include at least 126 credit hours. The following curricula lead to the degree of Bachelor of Science in Pharmacy.

GENERAL INFORMATION

INTRODUCTORY

It is the purpose of the School of Education to prepare teachers, supervisors, and administrators for the higher ranges of educational service and to offer opportunities to teachers of experience to extend their education. The School embraces the departments of Education, Physical Education, and Home Economics, and it is affiliated with all the other departments of the University in which the student is likely to elect work. It offers both graduate and undergraduate work.

* On war leave 1944-45.

‡ On leave of absence 1944-45.

The schedule of courses is arranged to meet the convenience of both full-time and part-time students. By attending afternoon, Saturday, and summer classes, teachers in the schools of Washington and vicinity may complete all the requirements for a degree without giving up their positions.

In cooperation with the United States Navy, the Department of Home Economics offers a special program in dietetics and related subjects for Navy Nurses. Candidates are selected by the Nursing Corps of the United States Navy.

REGULATIONS

Students in the School of Education are subject to, and are expected to familiarize themselves with, the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 35-40.

AMOUNT OF WORK

A normal program of work for an undergraduate student is sixteen or seventeen credit hours. A student with a quality-point index of 3.00 or higher may, with the Dean's permission, take nineteen hours. More than nineteen hours may not be taken except by special permission of the Committee on Scholarship.

For an employed student ten credit hours constitute a normal program. A student with a quality-point index of 3.00 or higher for the preceding term may be permitted by the Dean to take twelve or thirteen credit hours.

For a graduate student twelve credit hours, exclusive of the thesis, constitute a normal program. An employed student may not take more than nine credit hours.

THE BACHELOR'S DEGREES

Upon the satisfactory completion of the undergraduate requirements of the School of Education, the degree of Bachelor of Arts in Education, Bachelor of Science in Home Economics, or Bachelor of Science in Physical Education is conferred.

The program of work of each student must be approved by a Faculty adviser. Since each student's program of work will be defined by his particular needs, it is important that the student have a clear conception of his major interest in education, and also that he be familiar with the teaching-certificate requirements in the locality in which he expects to teach.

REQUIREMENTS FOR THE DEGREES

To be recommended for a degree a student must satisfy the admission, residence, scholarship, and curriculum requirements.

RESIDENCE

For full details concerning continuous registration, see page 35.

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 35 and 36.

In order to graduate, a student must have a quality-point index of at least 2.00.

Probation.—An undergraduate student who fails to maintain a quality-point index of at least 2.00 will be placed on probation. A student remains on probation as long as his quality-point index is below 2.00, or until his probation is removed by the Committee on Scholarship.

Suspension.—An undergraduate student who fails to pass (i.e., who receives a grade of *E* or *F*) in half or more than half of his work, based on a minimum of sixteen credit hours, will be suspended.

A student who has been suspended for poor scholarship may within ten days appeal his case to the Committee on Scholarship through the Dean. If the case appears to be remediable and the student appears likely to improve in his scholarship thereafter, the Committee may readmit him on probation. A student who has been denied readmission on probation may petition the Committee on Scholarship through the Dean for readmission after the lapse of a calendar year. A student who has been suspended twice will not be readmitted.

CURRICULUM REQUIREMENTS

In any of the following curricula at least thirty credit hours must consist of courses numbered above 100.

Bachelor of Arts in Education

Students admitted with two years of approved college work are granted the degree of Bachelor of Arts in Education upon the satisfactory completion of sixty-six or more credit hours. This work must include:

	Credit Hours
*Education (including Observation and Cadet Teaching).....	18
†Educational Psychology	2 or 3
†Educational Sociology	2 or 3
Subject-matter field	24 or more
Electives	6 to 20

* The choice of courses in education will depend largely upon the certification requirements that the student wishes to meet. Courses listed under the Department of Education as "Closely Related Courses in Other Departments" are accepted in fulfilling the requirements in education. Some certification requirements for elementary school teachers include as much as 40 credit hours in education.

† Required in addition to eighteen credit hours in education.

To the extent that courses in the foregoing list are offered for admission, the range of electives is increased.

In accordance with the foregoing general pattern of work for the degree, programs of study are available for elementary school teachers with normal school training and for prospective secondary school teachers in the following teaching fields: English; social studies; history and geography; history, civics, and economics; general science and biology; general science and chemistry; general science and physics; general science and mathematics; French; Spanish; German; Latin; secretarial studies; accounting, banking, and business management; and art. Additional information concerning these programs may be obtained by writing to the Dean.

Normal School Students.—Students from approved normal schools are granted such advanced standing as their credentials warrant. Their unfinished requirements are determined by the Dean.

Subject-matter Field.—Courses elected within the subject-matter field will depend upon the teaching certificate desired. Usually twenty-four to thirty-six credit hours are required. The subject-matter program should be planned in consultation with, and must be approved by, the Faculty adviser in the field selected. Relevant work completed in normal school or junior college may be counted toward the subject-matter requirements with the approval of the Faculty adviser and the Dean.

Bachelor of Science in Home Economics

The curriculum leading to this degree is designed to prepare young women for the important responsibility of home-making. The program can be adapted, however, to meet special requirements. Each student will plan her work with the assistance of a Faculty adviser in the Department of Home Economics.

The student desiring to prepare herself to teach another subject in addition to physical education for women may do so by choosing her elective hours from one subject-matter field with the advice of the Dean of the School of Education. Relevant work completed in the Junior College may be counted in this subject-matter field.

THE DEGREE OF MASTER OF ARTS IN EDUCATION

Upon the satisfactory completion of the graduate requirements of the School of Education, the degree of Master of Arts in Education is conferred. This is a professional degree, designed to prepare the student for some particular type of educational service. The program of studies leading to the degree will be selected by the candidate and his consultative committee from the various related departments of the University to give the student an adequate background in his chosen vocational field. For the prospective high school or junior high school teacher this will ordinarily include study in the subject which he is planning to teach as well as in the field of education.

In accordance with the foregoing general pattern of work, graduate programs of study are available in early childhood education, elementary education in the intermediate grades, elementary school administration, guidance, agricultural education, adult education, and the various teaching fields in secondary education. Programs of work for teachers-in-service are differentiated from those for students without teaching experience. Additional information concerning these programs may be obtained by writing to the Dean.

ADMISSION TO CANDIDACY

In addition to admission requirements stated on page 16 the applicant for admission to candidacy for the Master's degree must be ac-

cepted by the Committee on Admission and Advanced Standing. The general procedure in meeting this requirement includes scholarship and personality ratings from instructors under whom the candidate has studied, a personal interview with the Dean, and a scholastic-aptitude test.

ADVANCED STANDING

Graduate work completed in other accredited institutions of learning may be credited toward the Master's degree, but a minimum of twenty-four credit hours must be completed at The George Washington University.

Advanced courses completed in excess of the requirements for the Bachelor's degree in this University may be credited toward the Master's degree to the extent of twelve credit hours, provided the work fits in with the student's plan of specialization and is approved in writing by the Dean before being undertaken.

Work completed more than three years prior to registration for the Master's degree at this University will be credited only after the candidate has satisfied the department concerned that he is proficient in the subject matter of the courses offered for credit. Such proficiency may be determined by examination or by other means.

REQUIREMENTS FOR THE DEGREE

RESIDENCE

A candidate must pass in resident study at this University at least two terms, or one term and two six-week summer sessions, or four six-week summer sessions.

AMOUNT OF WORK

A student whose previous preparation in his chosen field has been adequate may complete his requirements, including the thesis, by a minimum of thirty credit hours; others are required to do additional work.

THE THESIS

The program of studies will be rounded out by a thesis, which will count as six hours of credit toward the degree. It may be of a research, expository, critical, or creative type, and is intended to demonstrate the student's ability to make independent use of the information and training that he has acquired, and to furnish objective evidence of his constructive powers in his chosen field. The thesis subject must be approved in writing by the candidate's adviser and recorded in the Office of the Registrar by the date announced in the University calendar. One typewritten original and three legible and complete carbon copies of

the thesis in its final form must be presented to the Dean by the candidate not later than the date announced in the University calendar. Requirements regarding the form of the thesis are stated on page 39, and additional information will be supplied by the Dean.

Payment of tuition for the thesis will entitle the candidate, during the academic year of registration, to the advice and direction of the member of the Faculty under whom the thesis is to be written. In case a thesis is unfinished, an additional successive academic year may be granted without further tuition payment. If the preparation of the thesis extends beyond the two-year period, it must be registered for again, and tuition paid on the same basis as for a repeated course.

FINAL EXAMINATION

In addition to the course examinations, the candidate must pass a final examination on the thesis and its related fields. This examination may be either written or oral at the discretion of the candidate's Consultative Committee.

If the thesis is submitted more than three years after the course requirements have been completed, a written examination covering the student's complete program of study will also be required.

THE DEGREE OF DOCTOR OF EDUCATION

The requirements for the degree of Doctor of Education cannot be stated in credit hours, but they consist in general of at least two full years of work beyond the degree of Master of Arts in Education or the equivalent. The programs of study are designed to prepare students for administrative or supervisory positions, the teaching of education in normal schools or colleges, the teaching of an academic subject in schools, or colleges, or for specialized types of educational service. The work is given a practical rather than a theoretical bent, and emphasizes the mastery and application of subject matter, both in the study requirements and in the thesis. Special emphasis is placed upon the professional success of the candidate.

The candidate's program of study largely depends upon his previous educational background and his professional objective. Opportunities are provided for study leading to the following professional objectives: school superintendent, secondary school principal, supervisor, director of guidance, director of curriculum development, professor of education, and specialist in educational research.

QUALIFICATIONS OF THE APPLICANT

The candidate for the degree of Doctor of Education must have completed (1) graduate work in fields prerequisite to his objective, equivalent

to that required for the degree of Master of Arts in Education in The George Washington University, and (2) at least three years of successful educational experience.

ADMISSION TO CANDIDACY

To be admitted to candidacy for the degree the applicant must be accepted by the Faculty of the School of Education on the basis of an examination conducted by a committee appointed by the Dean. This examination will usually include the following: (1) a written examination involving problems related to the applicant's background; (2) a scholastic-aptitude test; (3) an oral examination.

CONSULTATIVE COMMITTEE

If the applicant is accepted as a candidate, his consultative committee will counsel the candidate and guide his work.

The consultative committee, in cooperation with the candidate, will (1) determine the candidate's fields of study, in each of which the candidate must pass a written examination at least eight months before he presents himself for the degree; (2) formulate a list of course requirements and of readings that will assist him in preparing for these examinations; and (3) designate the tools of investigation that will be needed by the candidate in the prosecution of his study. These tools may include one or more foreign languages, statistical methods, historical criticism, or any others considered essential by the committee. An examination in the tools designated must be passed by the candidate before he takes his comprehensive examination.

THE THESIS

After the candidate has satisfied the requirements enumerated in the preceding section, his committee is dissolved, and he is assigned to a member of the Faculty in whose field the topic of his thesis falls. It is the duty of this person to serve as the candidate's adviser on his thesis and in his field of specialization, and to recommend him to the Dean for the final oral examination when, in his judgment, the candidate's thesis is acceptable.

Not later than the date specified in the University calendar the candidate shall submit to the Dean of the School of Education four copies of his thesis—one typewritten original and three legible and complete carbon copies, on official thesis paper—and also a typewritten summary of the thesis consisting of not more than 2,500 words. Requirements regarding the form of the thesis are stated on page 39, and additional information will be supplied by the Dean.

The successful candidate is required, before receiving his degree, to pay a fee to cover the expense of printing the summary of his thesis.

THE FINAL EXAMINATION

At least three weeks before the degree is to be conferred the candidate must pass an oral examination on his thesis and on his field of specialization before a committee of the Faculty appointed by the Dean, supplemented by two experts from outside the University appointed by the President. This examination is open to the public, and all are privileged to question the candidate. The Dean, or a member of the Faculty designated by him, will preside at this examination.

THE EDUCATION GUILD

The Education Guild of The George Washington University is a group for advanced study and discussion established in 1935-36 to test methods of greater freedom in preparing for the doctoral examination and of correlating the doctoral work more closely with the candidate's occupation.

Membership, at present restricted to twenty, is subject to invitation, and includes both men and women employed in Washington and the vicinity and known for their leadership in the classroom, in supervision, and in administration. Each member is under the guidance of a consultative committee and must satisfy all of the requirements for the degree of Doctor of Education. Attendance upon seminars is advised but is optional, since directed reading and personal conferences may take the place of the more formal seminar.

GENERAL INFORMATION

INTRODUCTORY

The George Washington University School of Jurisprudence and Diplomacy existed from 1898 to 1913, when it was discontinued as a separate school. The courses were given, however, in Columbian College until September, 1928, when training in foreign service and governmental theory and administration was reestablished as a separate branch under the School of Government.

It is the purpose of the School to give the student an understanding of the responsibilities under the Constitution of the United States in the conduct of public office—domestic and foreign. This can be accomplished not through any single course but through a curriculum which correlates social, economic, political, historical, and psychological studies.

* On war leave 1944-45.

† The President of the University and the Dean of the School of Government are members *ex officio* of all committees.

§ Elected by the Faculty.

The courses in domestic government train in the theory of and practice in local, state, and national positions. The courses in foreign service train the student for the many opportunities offered in the foreign fields to carry out the ideals for which America stands, not only in governmental work but in the much wider field of foreign trade as conducted by private enterprise in all parts of the world. This training fits the student especially to assist American citizens who have occasion to travel or to do business abroad, to understand their reciprocal rights and duties, and to protect them in these rights without infringing upon the rights of others, as well as to collect and report information concerning commercial conditions and opportunities abroad. The student thus gains an insight into international affairs from both the American and the foreign point of view, with a resultant broader understanding of economic and political problems.

REGULATIONS

Students in the School of Government are subject to, and are expected to familiarize themselves with, the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES as stated on pages 10-23, and the University regulations stated on pages 35-40.

AMOUNT OF WORK

A full-time student not on probation may take ordinarily not more than seventeen credit hours. A student employed more than twenty-four hours a week, who is not on probation, may take not more than ten credit hours.

A full-time undergraduate student whose quality-point index is 3.50 or higher may take not more than nineteen credit hours. An undergraduate student employed more than twenty-four hours a week, whose quality-point index is 3.50 or higher, may take up to twelve credit hours.

Exceptions to these rules will require the approval of the Dean.

ATTENDANCE

The student is held responsible for all the work of the courses in which he is registered, and all absences must be excused by the instructor in charge before provision is made for him to make up the work missed.

CLASSIFICATION OF STUDENTS

A student who holds a Junior Certificate from the Junior College or the equivalent from another accredited institution, and who has registered his choice of one of the prescribed curricula at the Office of the Registrar, is classed as a *junior*. A student who has completed thirty credit hours in the School of Government is classed as a *senior*. A student

who has satisfactorily completed the work for the Bachelor's degree, and who has registered his choice of one of the prescribed fields of study at the Office of the Registrar, is classed as a *master in course*.

INDEPENDENT STUDY PLAN

Under the independent study plan a student of demonstrated capacity, with special interest in the subject matter of a course, may be permitted to undertake independent study under the personal direction of an instructor, in accordance with the rules of the division in which the subject falls. Credit under this plan is limited to the specific course-credits as designated in the list of courses of instruction in this CATALOGUE.

THE DEGREE OF BACHELOR OF ARTS IN GOVERNMENT

Upon the satisfactory completion of the undergraduate requirements of the School of Government, the degree of Bachelor of Arts in Government, with a designation of the major field of study, is conferred. The major fields are Public Affairs, Foreign Service, Foreign Commerce, Public Administration, Business Administration, Public Finance, Public Accounting, and Business and Government Statistics.

A student who has completed the required Junior College work and thirty hours in the School of Government, with a quality-point index of 2.00 or higher, in any of the undergraduate curricula, may be admitted to the Law School, and upon completing the work of the first year in law with an average of *C* or higher, may upon recommendation of the Dean of the Law School, be granted the degree of Bachelor of Arts in Government. Students who intend to follow this plan must signify their intention in advance with the Dean of the School of Government and all courses must be approved.

REQUIREMENTS FOR THE DEGREE

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 35 and 36.

In order to graduate, a student must have the following: (1) a quality-point index in all of his work of at least 2.00, and (2) a quality-point index of at least 2.50 in thirty credit hours, excluding electives, in the work of the third and fourth years.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation, where he will remain as long as his quality-point index is below 2.00.

Suspension.—A student who has a quality-point index below 1.00 or

who is placed on probation for a third term, whether successive or after an interval, will be suspended.

For the purpose of these rules, the summer sessions are considered a term.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence to the Committee on Admission and Advanced Standing that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

A student with a limited schedule is affected by the foregoing scholarship rules only when he has undertaken fifteen credit hours.

CURRICULUM REQUIREMENTS

Curriculum requirements for the Bachelor's and Master's degrees are stated on pages 132-35.

Examinations for Waiving Curriculum Requirements

A student desiring to omit a required course may take such examination as the department prescribes, and, on passing satisfactorily, he may be relieved of the curriculum requirement in that subject and may qualify for registration in an advanced course. Passing of this examination does not entitle the student to any hours of credit toward the degree. A student desiring to take such examinations should make the request of the Dean.

A fee of \$5 for each examination must be paid at the Office of the Comptroller and the receipt exhibited at the door of room 105, Building D, on September 27 at 2:00 P.M. for the fall term, and on January 29 at 2:00 P.M. for the winter term. Two hours are allowed for the examination. Should a student wish to take more than one examination, arrangements will be made accordingly.

THE DEGREE OF MASTER OF ARTS IN GOVERNMENT*

Upon the satisfactory completion of the graduate requirements of the School of Government, the degree of Master of Arts in Government, with a designation of the major field of study, is conferred. The major fields are Public Affairs, Foreign Service, Foreign Commerce, Public Administration, Business Administration, Public Finance, Public Accounting, and Business and Government Statistics.

* For the degree of Master of Arts in Public Personnel Administration, see page 136.

ADMISSION TO CANDIDACY

A student is formally recognized as a candidate for the Master's degree only when his application for candidacy has been approved by the Dean. Application is made on a form obtainable at the Office of the Registrar.

Before being admitted to candidacy in the curricula in Public Affairs, Foreign Commerce, or Foreign Service, the student must show a reading knowledge (certified by the appropriate language department) of at least one modern foreign language, to be approved by the Dean. Examinations in modern foreign languages will be given on Saturday, October 14; Saturday, February 3, and Saturday, May 5, at 2:00 P.M.

REQUIREMENTS FOR THE DEGREE

A minimum of thirty credit hours of work, as outlined in the curricula on pages 132-35, must be completed successfully. Variations from these curricula require the permission of the Dean.

Not more than twelve credit hours of work may be taken in another professional school; and work so taken cannot be counted toward degrees in both schools. No part of the minimum requirement may be taken in any other institution.

A second-group course (numbered 101-200), taken either in the undergraduate or graduate years, may be counted toward the Master's degree only when registration for advanced credit has been approved at the beginning of the course by the Dean and by the officer of instruction, and provided that the student has done such extra work in the course as may be prescribed by the instructor.

Work completed more than three years prior to registration for the Master's degree will be counted only if the candidate successfully passes an examination on the subject matter of the work offered for credit.

In addition to the course examinations, the candidate must pass a comprehensive written examination in his major field. An oral examination on his thesis may also be required.

No work counted toward a Bachelor's degree may be counted toward a Master's degree.

A student working toward the Master's degree and at the same time completing an undergraduate major must have a quality-point index of 2.50 or higher in the courses undertaken as part of his undergraduate-major program.

A student who expects to continue his studies for the degree of Doctor of Philosophy after receiving the Master's degree is strongly advised to plan his program from the beginning so that work for the lower degree may help to prepare him for the higher.

RESIDENCE

No credit is granted for work done in absentia, i.e., without formal instruction, except for the thesis, which may be completed in absentia with the permission of the department concerned.

SCHOLARSHIP

A student whose scholarship is unsatisfactory may be suspended by the Dean. Regarding the system of grading, see pages 35 and 36.

CURRICULUM REQUIREMENTS

Curriculum requirements for the Bachelor's and Master's degrees are stated on pages 132-35.

THE THESIS

The thesis must be registered for not later than the beginning of the final year, unless the professor in charge of the thesis permits registration at the beginning of the final term. The choice of the thesis subject must be approved by the professor in charge and recorded in the Office of the Registrar by the date announced in the University calendar. The typewritten thesis in its final form must have the approval of the professor in charge and must be presented to the Dean by the student not later than the date announced in the University calendar. Requirements in regard to the form of the thesis are stated on page 39, and additional information will be supplied by the Dean.

Payment of tuition for the thesis entitles the candidate, during the academic year of registration, to the advice and direction of the member of the Faculty under whom the thesis is to be written. In case a thesis is unfinished, an additional successive academic year is granted without further tuition payment. If the preparation of the thesis extends beyond the two-year period, it must be registered for again, and tuition paid on the same basis as for a repeated course.

CURRICULUM REQUIREMENTS

For recommendation for graduation the School of Government requires, in addition to the appropriate Junior College work (see page 53 and table facing page 57), a minimum of sixty credit hours during the junior and senior college years, as set forth in one of the following curricula. The junior and senior years of these eight curricula lead to the degree of Bachelor of Arts in Government with a designation of the major field of study; the graduate years as here outlined lead to the degree of Master of Arts (see pages 129 and 130) in the respective fields. Electives as well as other subjects must be approved by the Dean.

THE DEGREE OF MASTER OF ARTS IN PUBLIC PERSONNEL ADMINISTRATION

The degree of Master of Arts in Public Personnel Administration is a professional degree designed to provide the necessary pre-entry training for personnel work. The requirements for the degree cannot be stated definitely in terms of credit hours, although a minimum of thirty credit hours including either a thesis (6 credit hours) or field work (6 credit hours) is required. Unless a candidate is already credited with the introductory courses in economics, political science, and psychology prerequisite to admission to second-group courses, he will be required to take these courses without credit toward the Master's degree. Each student's program will be planned in the light of his background and professional objective. A typical program of work is described below. It is assumed that many of these courses will be offered as undergraduate credits and that frequently the program will not exceed thirty credit hours. Students qualified by experience or independent study may satisfy some of these requirements by examination without taking formal courses, although in no case will less than thirty credit hours meet the requirement for the degree.

GENERAL INFORMATION

INTRODUCTORY

The Division of University Students was organized in 1930 in order to make the work of the University in its several divisions more fully accessible to mature students and to provide for the offering of special courses to meet special demands as they might arise from time to time. Students registered in this Division are designated "University students", as distinguished from regularly matriculated undergraduate and graduate students.

REGULATIONS

Students in the Division of University Students are subject to, and are expected to familiarize themselves with, the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 35-40.

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 35 and 36.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation. The case of each student who has a quality-point index between 1.50 and 2.00, however, will be considered individually. A student will remain on probation as long as his quality-point index is below 2.00, or until his probation is removed.

Suspension.—A student who has a total quality-point index below 1.50 will be suspended. The case of each student having a total quality-point index between 1.35 and 1.50, however, will be considered individually.

A student who receives a grade of *E* or *F* in two courses in any two out of three successive terms will be suspended.

* The President of the University and the Dean of University Students are members *ex officio* of the council.

A student who falls under probation for the third term, whether successive or after an interval, will be suspended.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

For the purpose of these rules, the summer sessions are considered a term.

Warnings.—At stated intervals during the academic year instructors will file in the Office of the Registrar the names of those students who are doing work of *D* grade or lower. "Warnings" will then be transmitted to the students concerned. Upon request a parent or guardian may receive a copy of a warning notice sent to a student. A warning constitutes notice to the student that he must consult the instructor within a reasonable time and in any case not later than two weeks after receipt of the warning. "Warning periods" are established as follows: fall term—November 1 to 15; winter term—March 15 to 30; summer term—each session, third to fourth week.

The foregoing scholarship rules are applied to a student with a limited schedule only when he has undertaken a minimum of fifteen credit hours.

TRANSFER TO REGULAR STATUS

A "University student" may be transferred, at his request, to another college or school of the University only upon complying with the regulations of the specific college or school to which he wishes to transfer. The student should familiarize himself with the regulations printed in the University CATALOGUE concerning admission, residence, amount and quality of work. Specifically, he should note that in some cases not more than thirty (30) hours of credit may be transferred from this Division; that at least the last thirty (30) credit hours must be spent in residence in the college or school granting the degree; and that a general quality-point index of 2.00 must be maintained, with an index of 2.50 in the major.

THE DIVISION OF EXTENSION

Cloyd Heck Marvin, Ph.D., LL.D., *President of the University*
Sidney Bartlett Hall, A.M., Ed.D., LL.D., *Director of Extension*

GENERAL INFORMATION

The Division of Extension is an integral part of The George Washington University. Its educational program is designed as a means of extending the services and opportunities of university study to people of the District of Columbia, Virginia, West Virginia, and Maryland. The function of the new Division is to coordinate the offerings of the University and to provide the means and facilities for making these offerings available to those who are unable to come to the campus for all of their studies. Special attention will be given to the needs of the various departments of the Federal Government in their efforts to provide opportunities for their employees to improve their efficiency through further study and likewise to offer programs of study for prospective employees. Provisions have been made for two types of courses and services. They are: (1) credit courses that will be conducted in accordance with existing rules and regulations of the University as to content, examinations, hours, credits, and fees, with the exception that the registration fee will be \$5.00 (tuition will be \$8.00 for each credit hour); (2) non-credit courses that will be provided on the same basis as credit courses and in terms of the needs and ability of the University to provide adequately therefor.

Further details may be obtained by writing to the Director of Extension.

Because of its situation in the National Capital, The George Washington University is able to offer certain types of academic work and to promote and foster conferences, publications, and studies which profit especially by the resources of the Federal Government, the Library of Congress, the Pan American Union, the various embassies and legations, and other institutions located in Washington. Particularly do these advantages apply to work concerning the nations of the Americas. It is intended that the Center shall take advantage of these manifold opportunities, not only by facilitating the offering of regularly constituted courses and special lectures, but also by encouraging directed research and scholarly and informational publications in the broad field of Inter-American relations.

INTER-AMERICAN CENTER ACTIVITIES

1. Lectures on Latin American and Pan American problems, given for students at the University and for a limited number of the public.
2. Series of talks at public high schools and private schools, and before civic organizations.

* On war leave 1944-45.

3. Annual series of lectures in Spanish for Spanish-speaking people of Washington.
4. Annual Pan American conference for Washington high school students.
5. Annual mid-winter conference on Pan American affairs, given for the public.
6. Weekly broadcast in English to the United States; topics include current Latin American affairs.

THE SUMMER SESSIONS

1944

The George Washington University is responding to the demands of the Government for professionally and technically trained men and women by expanding the educational program of the 1944 summer term into two seven and one-half weeks' sessions. This summer term is the equivalent of the fall or winter term of the academic year and is similarly administered.

Basic courses in the arts and sciences, education, and government are included in the course offerings of the two summer sessions. The professional schools of Medicine, Law, and Engineering offer complete programs which are the equivalent of a full term's work.

By taking advantage of this opportunity for intensive summer study, the student may accomplish the work of a full term. By continuous attendance he may shorten the time required for his degree from four to two and one-half years.

Complete information concerning the summer term is available in the Summer Sessions catalogue and the separate bulletins of the schools of Medicine, Law, and Engineering.

COURSES OF INSTRUCTION

On the following pages of this Catalogue, under the alphabetically arranged names of the Departments of Instruction, are listed the courses of instruction offered by the University in the autumn of 1922 and in the summer of 1923-24. The courses as here listed are subject to some slight change. The University reserves the right to withdraw any course announced.

Hours of Instruction

Courses of instruction are scheduled in the morning and early afternoon hours for full-time students.

In addition, there are few afternoon sessions of some of the courses of instruction. These sessions are usually for students who are unable to attend the morning sessions, and carry the same amount of credit. By taking the late-morning and afternoon classes and extending the time of study beyond the customary four years, a student who is able to give only part of his time to college work may complete a regular curriculum and obtain a degree.

COURSES OF INSTRUCTION

Explanation of Course Numbers

The odd number preceding the name of the course indicates that the course is offered in the fall term; the even number, that it is offered in the winter term; and a double number (e.g., 151-152), that it is offered in the fall term and continues in the winter term. The letter "A" following the odd course number (e.g., 151-A) indicates that the course, normally offered in the fall term, is given in the winter term. The letter "B" following an even course number (e.g., 152-B) indicates that the course, normally offered in the winter term, is given in the fall term.

In the School of Engineering, the terms in which courses are offered are stated under the departments of Civil, Electrical, and Mechanical Engineering.

In the departments of the School of Medicine, two-year courses are numbered from 100 to 200; one-year courses, from 200 to 300; and four-year courses, from 300 to 400.

In the Law School, first-year courses are numbered from 100 to 200; second-year courses, from 200 to 300; third-year courses, from 300 to 400; and graduate courses, from 400 to 500.

COURSES OF INSTRUCTION

COURSES OF INSTRUCTION

On the following pages of this CATALOGUE, under the alphabetically arranged names of the departments of instruction; are listed the courses of instruction offered by the University in the summer of 1944 and in the academic year 1944-45. The courses as here listed are subject to some slight change. The University reserves the right to withdraw any course announced.

HOURS OF INSTRUCTION

Courses of instruction are scheduled in the morning and early afternoon hours for full-time students.

In addition, there are late-afternoon sections of most of the courses of instruction, scheduled from 5:10 to 9:10 P.M. These classes are identical with the morning sections of the corresponding courses, are taught by the same instructors, and carry the same amount of credit. By taking the late-afternoon and summer classes and extending the time of study beyond the customary four years, a student who is able to give only part of his time to college work may complete a regular curriculum and obtain a degree.

EXPLANATION OF COURSE NUMBERS

An odd number preceding the name of the course indicates that the course is offered in the fall term; an even number, that it is offered in the winter term; and a double number (e.g., 157-58), that it begins in the fall term and continues in the winter term. The letter "x" following an odd course number (e.g., 21x) indicates that the course, normally offered in the fall term, is given in the winter term. The letter "x" following an even course number (e.g., 22x) indicates that the course, normally offered in the winter term, is given in the fall term.

In the School of Engineering, the terms in which courses are offered are stated under the departments of Civil, Electrical, and Mechanical Engineering.

In the departments of the School of Medicine, first-year courses are numbered from 101 to 200; second-year courses, from 201 to 300; third-year courses, from 301 to 400; and fourth-year courses, from 401 to 500.

In the Law School, first year courses are numbered from 101 to 200; second-year courses, from 201 to 300; third-year courses, from 301 to 400; and graduate courses, from 401 to 500.

In all other schools and colleges the following system of numbering is used:

First-group courses.—Courses numbered from 1 to 100, are planned for students in the freshman and sophomore years. With the approval of the adviser and the dean, they may also be taken by juniors and seniors. In certain instances, they may be taken by graduate students to make up undergraduate deficiencies or as prerequisite to advanced courses, but they may not be credited toward a higher degree.

Second-group courses.—Courses numbered from 101 to 200, are planned for students in the junior and senior years. They may be credited toward higher degrees only when registration for graduate credit has been approved at the beginning of the course by the dean responsible for the graduate work and by the officer of instruction, and when the completion of additional work has been certified by the officer of instruction.

Third-group courses.—Courses numbered from 201 to 300, are planned primarily for graduate students. They are open, with the approval of the officer of instruction, to qualified seniors; they are not open to Junior College students or other undergraduates.

INDICATION OF THE AMOUNT OF CREDIT

The number of credit hours given for the satisfactory completion of a course is in most cases indicated in parentheses after the name of the course. Thus, a year course giving three hours of credit each term is marked (3-3), and a term course giving three hours of credit is marked (3). A credit hour usually consists of the completion of one fifty-minute period of class work or of one laboratory period a week for one term.

A dagger (†) preceding the number of a year course indicates that the course may not be entered in the second term and that credit will not be given until the work of both terms has been completed.

* Courses offered by the staff of the Corcoran School of Art may be taken under the same instructor as many as four times with the consent of the Dean of Columbian College and the Principal of the Corcoran School of Art.

Materials for courses in drawing, painting, and sculpture are to be purchased by the student. A locker fee is charged all students of drawing, painting, or sculpture by the Corcoran School of Art: single locker, \$2 a year (of which \$1 is refunded); double locker, \$1 a year (of which \$.50 is refunded).

181-82 *Etching*

Credits to be arranged. 1:00 to 3:45 P.M.

183-84 *Design and Commercial Art*

Credits to be arranged. (Not offered in 1944-45.)

185-86 *Advanced Commercial Art*

Credits to be arranged. (Not offered in 1944-45.)

ART EDUCATION

141-42 *Teaching of Art (3-3)*

Hours to be arranged.

BACTERIOLOGY, HYGIENE, AND PREVENTIVE MEDICINE

Leland Wilbur Parr, Ph.D., *Professor of Bacteriology, Executive Officer*
 Ralph Gregory Beachley, M.D., Dr.P.H., *Adjunct Professor of Public Health Practice*
 Angus MacIvor Griffin, Ph.D., *Associate Professor of Bacteriology*
 Mary Louise Robbins, Ph.D., *Instructor in Bacteriology*

SEMINAR LECTURERS

Roscoe Roy Spencer, A.B., M.D., *Professorial Lecturer in Hygiene and Preventive Medicine*
 Charles Armstrong, B.S., M.D., Sc.D., *Professorial Lecturer in Preventive Medicine*
 Rolla Eugene Dyer, A.B., M.D., LL.D., *Professorial Lecturer in Preventive Medicine*
 Royd Ray Sayers, A.M., M.D., *Professorial Lecturer on Industrial Hygiene*
 Sara Elizabeth Branham, Ph.D., M.D., Sc.D., *Professorial Lecturer in Preventive Medicine*
 Alice Catherine Evans, M.S., M.D., Sc.D., *Professorial Lecturer in Preventive Medicine*
 Chester Wilson Emmons, Ph.D., *Professorial Lecturer on Medical Mycology*
 Willard Hull Wright, D.V.M., Ph.D., *Professorial Lecturer on Medical Zoology*
 James Stevens Simmons, M.D., Ph.D., Sc.D., *Professorial Lecturer in Preventive Medicine*

112 *General Bacteriology* (4)

Griffin

A study of the fundamentals of bacteriology, including industrial and hygienic applications. Several groups of bacteria, yeasts, and molds are studied in the laboratory. Material fee, \$7.50. Tues., Thurs., and Sat., 9:10 A.M. to 12:00 M.

209 *Bacteriology, Parasitology, and Immunology*

Parr, Griffin

Bacteriological technique study of micro-organisms and parasites related to medical and hygienic problems. Methods of diagnosis are stressed and immunological procedures and theory fully treated. Eighteen hours a week for fourteen weeks.

210 *Immunology and Serology*

Griffin

Prerequisite: Bacteriology 112 or 209. Hours and credits to be arranged.

220 *Fundamentals of Hygiene and Preventive Medicine (2)*

Parr and Staff

An introduction to the study of preventive medicine and hygiene, involving all the subject matter suitable for the student of medicine who has not yet had clinical training. Two hours a week.

303-4 *Research in Bacteriology*

The Staff

Hours and credits to be arranged.

305-6 *Staff Seminar (1-1)*

Parr and Staff

Bi-weekly throughout the year.

401-2 *Public Health Practice*

Beachley

The application of the specialty of preventive medicine in health department practice. One hour a week.

BIOCHEMISTRY

Joseph Hiram Roe, Ph.D., *Professor of Biochemistry, Executive Officer*

*Arnold Kent Balls, Ph.D., *Adjunct Professor of Enzymology*

William Henry Sebrell, Jr., M.D., *Professorial Lecturer on Nutrition*

Alan Hisey, Ph.D., *Assistant Professor of Biochemistry*

†Oliver John Irish, Ph.D., *Instructor in Biochemistry*

Marian Wood Kies, A.M., *Instructor in Biochemistry*

Marvel-Dare Fellows Nutting, Ph.D., *Instructor in Biochemistry*

113-14 *Biochemistry*

Roe and Staff

Physiological and clinical chemistry for the first-year medical student. Tues. and Thurs., 1:00 to 5:00 P.M. Two lectures and two three-hour laboratory periods a week.

221-22 *Biochemistry* (2-2 or 4-4)

Hisey

A lecture (2-2) and laboratory (2-2) course for nonmedical students. Prerequisite: Chemistry 152. Material fee, \$12 a term. Mon. and Wed., 9:00 A.M. to 12:00 M.

224 *Biochemistry of the Enzymes (elective)*

Lecture course dealing with the biochemistry of the enzymes and enzyme reactions. Prerequisite: Biochemistry 113 or 221. (Not offered in 1944-45.)

225 *Biochemical Preparations*

The Staff

Material fee, \$10. Hours and credits to be arranged.

226 *Biochemical Laboratory Methods*

The Staff

Material fee, \$10. Hours and credits to be arranged.

227-28 *Biochemistry Seminar* (1-1)

Roe and Staff

The current literature in the field of biochemistry, mainly for graduate students, but open to a limited number of specially qualified medical students. Fri., 4:45 P.M.

229-30 *Research in Biochemistry*

Roe and Staff

Hours and credits to be arranged.

231-32 *Nutrition* (1-1)

Roe and Staff

For graduate students and qualified medical students (elective). Lecture course on the science of nutrition. Prerequisite: Biochemistry 114 or 222. Wed., 5:00 P.M. (Not offered in 1944-45.)

404 *Applied Nutrition* (1)

Sebrell

For senior medical students and graduate students. Lecture course upon dietary requirements, deficiency diseases, and therapeutic diets. Prerequisite: Biochemistry 114 or 222. Tuesday, 8:00 A.M.

* On leave of absence 1944-45.
† On war leave 1944-45.

BIOLOGY*

‡Paul William Bowman, Ph.D., *Associate Professor of Biology, Executive Officer*

The major.—Prerequisite: Biology 1-2, Botany 1 and 2, and Zoology 1-2. The student who majors in biology will be required to demonstrate in the major examination a reasonable knowledge and understanding of the following subjects: classification of plants and animals and their life histories, geology, ecology, evolution, heredity, the physical and cultural development of man, the biological problems of the community and the nation, the historical development of biology, and the great biologists of the past and present. Some of this information he will obtain by taking courses offered in these fields and some by reading and observation under the guidance of his adviser. For further details, see the pamphlet on this subject or consult the adviser.

FIRST GROUP

- 1-2 *Survey in Biology* (3-3) Bowman
Systematic study of the plant and animal kingdoms, with emphasis upon the interdependence of living things. Review of work done in evolution, heredity, public health, and conservation. Material fee, \$3.00 a term. (Not offered in 1944-45.)

SECOND GROUP

- §107-8 *Evolution* (3-3) Griggs
Survey stressing the data which have led to the larger generalizations of the science; the derivation and discussion of theories based largely on these data. Prerequisite: one year of college work in biology, botany, geology, or zoology. Mon., Wed., and Fri., 6:10 P.M.
- 115-16 *Principles of Cytology* (3-3) Bowman
Study of plant and animal cells based on Sharp's *Introduction to Cytology*, with training in preparation of slides and use of laboratory equipment. Prerequisite: one year of college work in biology, botany, or zoology. Material fee, \$6.00 a term. (Not offered in 1944-45.)
- 127-28 *Genetics* (3-3) Bowman
A laboratory course with problems and experiments. Prerequisite: Biology 2, Botany 1, or Zoology 2. Material fee, \$6.00 a term. (Not offered in 1944-45.)
- †137-38 *General Physiology* (3-3) Yocum
The fundamental physiology of protoplasm as applicable to both animals and plants. Prerequisite: Chemistry 12 and one year of college work in biology, botany, or zoology. 1944-45 and alternate years, Mon., Wed., and Fri., 11:10 A.M.

* See also departments of Botany and Zoology, pages 158-59 and 277-79.

‡ On war leave 1944-45.

§ Excursions into the out-of-doors and visits to museums and other places of biological interest.

- 199-200 *Proseminar: Biology* (3-3) Bowman
Individually planned and directed work by means of which majors in biology may learn something of those branches not studied in regular courses and may organize and coordinate their knowledge of the field. (Not offered in 1944-45.)

THIRD GROUP

- 201-2 *Seminar: Cytology* (3-3) Bowman
Hours to be arranged. (Not offered in 1944-45.)
- 203-4 *Seminar: Genetics* (3-3) Bowman
Hours to be arranged. (Not offered in 1944-45.)
- 211-12 *Research in Cytology* Bowman
Hours and credits to be arranged. (Not offered in 1944-45.)
- 213-14 *Research in Genetics* Bowman
Hours and credits to be arranged. (Not offered in 1944-45.)
- 299-300 *Thesis* (3-3) Bowman

BOTANY*

Robert Fiske Griggs, Ph.D., *Professor of Botany, Executive Officer*

‡William Webster Diehl, Ph.D., *Adjunct Professor of Mycology*

Lawson Edwin Yocum, Ph.D., *Associate Professor of Botany*

Minimum requirements for the major.—Twenty-four credit hours of botany beyond the introductory courses, with collaterals as recommended in conference.

FIRST GROUP

- 1 *Structure and Functions of the Flowering Plant*§|| (3) Yocum
The typical plant as a working mechanism, with the emphasis on the general biological significance of plant physiology. Material fee, \$4.50. Section A: Tues. and Thurs., 9:10 A.M. Laboratory—Fri., 1:40 to 3:30 P.M. Section B: Tues. and Thurs., 11:10 A.M. Laboratory—Thurs., 1:40 to 3:30 P.M. Section C: Mon. and Wed., 6:10 to 8:00 P.M.
Summer term 1944.
- 2 *Survey of the Plant Kingdom*|| (3) Yocum
Study of the different kinds of plants, with emphasis on the evolution of the plant kingdom; practice in identifying flowering plants. Material fee, \$4.50. Section A: Tues. and Thurs., 9:10 A.M. Laboratory—Fri., 1:40 to 3:30 P.M. Section B: Tues. and Thurs., 11:10 A.M. Laboratory—Thurs., 1:40 to 3:30 P.M. Section C: Mon. and Wed., 6:10 to 8:00 P.M.
Summer term 1944.
- 5 *Field Botany*|| (6) Griggs
Field trips to neighboring localities of botanical interest, with classroom study. (Not offered in 1944-45.)

SECOND GROUP||

- 121 *Grasses* (3) Griggs
The taxonomy, morphology, phylogeny, and economics of the Poaceae; the making of a collection; and the determination of a series of representative grasses not available in the vicinity. Text: Hitchcock, *Manual of Grasses*. 1945-46 and alternate years, Mon., 7:10 P.M. Laboratory hours to be arranged.
- 122 *Higher Monocots* (3) Griggs
Survey of Arales, Palmales, Liliales, Armaryllidales, Marantales, Orchidales; study of flower morphology and evolutionary tendencies indicated; determination of a series of representative species. 1945-46 and alternate years, Mon., 7:10 P.M. Laboratory—hours to be arranged.

* See also the departments of Biology and Zoology, pages 156-57 and 277-79.

‡ On leave of absence 1944-45.

§ Before completing registration for Botany 1, each student must obtain from the representative of the Department an assignment to a laboratory section.

|| Prerequisite to all second group courses: Botany 1 and 2, or 5.

- 123-24 *Dicots* (3-3) Griggs
Survey of selected dicotyledonous orders, the selection varying from year to year; practice in naming unknowns. Text: Pool, *Flowers and Flowering Plants*. 1944-45 and alternate years, Mon., 7:10 P.M. Laboratory—hours to be arranged.
- 131-32 *Mycology* (3-3) Diehl
(Not offered in 1944-45.)
- 133-34 *Plant Pathology* (3-3) Diehl
Material fee, \$6.00 a term. (Not offered in 1944-45.)
- 135-36 *Plant Physiology* (3-3) Yocum
Fall term: mineral and water relations of plants; winter term: organic syntheses and growth. Prerequisite: Chemistry 11-12. Material fee, \$6.00 a term. 1944-45 and alternate years, Tues. and Thurs., 6:10 P.M. Laboratory—Thurs., 7:00 to 9:00 P.M.
- 141-42 *Plant Ecology* (3-3) Griggs
1945-46 and alternate years, Fri., 7:10 P.M. Laboratory—hours to be arranged.
- 143 *Plant Distribution* (3) Griggs
Plant distribution, especially in the United States and Canada; biological relationships of eastern America with eastern Asia and of lands in the Southern Hemisphere, and their bearing on biological and geological history. 1944-45 and alternate years, Fri., 7:10 P.M. Laboratory—hours to be arranged.
- 144 *Vegetation of the United States* (3) Griggs
Seminar on the areas and characteristics of the principal types of vegetation in the United States. 1944-45 and alternate years, Fri., 7:00 P.M. Laboratory—hours to be arranged.

THIRD GROUP

- 219-20 *Seminar: Morphology* (3-3) The Staff
(Not offered in 1944-45.)
- 221-22 *Seminar: Taxonomy* (3-3) Griggs
(Not offered in 1944-45.)
- 235-36 *Seminar: Physiology* (3-3) Yocum
Subject for 1944-45: Growth regulators of plants. Wed., 7:00 to 9:00 P.M.
- 241-42 *Seminar: Ecology* (3-3) Griggs
(Not offered in 1944-45.)
- 251-52 *Seminar* (3-3) The Staff
Discussions of current advances in plant science—partly by the staff and advanced students, partly by authorities invited from neighboring laboratories. (Not offered in 1944-45.)
- 261-62 *Research* The Staff
Hours and credits to be arranged.
- 299-300 *Thesis* (3-3) The Staff

BUSINESS ADMINISTRATION

Richard Norman Owens, Ph.D., C.P.A., *Professor of Accounting and Business Administration*

Harold Griffith Sutton, M.S., *Professor of Finance*

Ralph Dale Kennedy, Ph.D., *Professor of Accounting and Business Administration, Executive Officer*

Wilford Lenfestey White, M.B.A., D.C.S., *Professorial Lecturer on Marketing*

Orton Wells Boyd, A.M., C.P.A., *Lecturer in Business Administration*

Arlin Rex Johnson, Ph.D., *Lecturer on Accounting*

Harry Meredith Kurth, B.S., *Lecturer on Accounting*

Harry Gray Brainard, Ph.D., *Lecturer on Accounting*

Minimum requirements for the major.—See page 134.

FIRST GROUP

51-52 *Principles of Accounting* (3-3) Kennedy and Staff
Rules of debit and credit, underlying principles of accounting records, simple partnership and corporation problems, and the preparation of financial statements. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.; section C: Tues. and Thurs., 7:35 to 8:50 P.M.

Business Administration 51x—same as Business Administration 51, but offered winter term. Tues. and Thurs., 6:10 to 7:25 P.M.

Business Administration 52x—same as Business Administration 52, but offered fall term. Prerequisite: Business Administration 51, or the approval of the instructor. Tues. and Thurs., 6:10 to 7:25 P.M.

Summer Term 1944.

SECOND GROUP

101-2 *Business Organization and Management* (3-3) Owens
Promotion of an enterprise and selection of a form of organization; departmentizing and administration. Mon., Wed., and Fri., 10:10 A.M.
Summer Term 1944.

115 *Business Finance* (3) Kennedy
Basic principles involved in the financial policies of business enterprises. Prerequisite: Business Administration 51-52; Economics 1-2. Tues. and Thurs., 6:10 to 7:25 P.M.

Summer Term 1944.

118 *Investments* (3) Sutton
Analysis of factors of investment credit with application to different types of investments; proper selection of investments for various classes of investors; regulation. Prerequisite: Business Administration 115. (Not offered in 1944-45.)

- 121 *Bank Management* (3) Sutton
Analysis of the lending and investing policies which under various business conditions are best adapted to efficient bank management. Prerequisite: Economics 121-22. (Not offered in 1944-45.)
- 127 *Business Forecasting* (3) Brainard
Forces and factors underlying fluctuations of business activity and methods of forecasting such fluctuations. Prerequisite: Economics 1-2. (Not offered in 1944-45.)
- 128 *Principles of Insurance* (3) Brainard
A general course in underlying principles of property, life, marine, and casualty insurance, and the function of insurance in the economic life of a business or individual. Prerequisite: Economics 1-2. (Not offered in 1944-45.)
- 145 *Cost Accounting* (3) Owens
Job order and process systems of cost findings; interrelation of the cost records and the general accounts; standard costs; distribution costs. Prerequisite: Business Administration 51-52. Tues. and Thurs., 6:10 to 7:25 P.M.
- 151-52 *Advanced Accounting* (3-3) Owens
Corporations and partnerships, valuation, actuarial science, estates, receiverships and reorganizations, consolidated statements, and other topics. Prerequisite: Business Administration 51-52. Mon., Wed., and Fri., 6:10 P.M.
- 155x *Analysis of Financial Statements* (3) Kennedy
Technique of analyzing financial statements for the guidance of operating executives, directors, stockholders, and creditors; valuation of balance sheet items; determination and interpretation of ratios. Prerequisite: Business Administration 51-52. Tues. and Thurs., 6:10 to 7:25 P.M.
Summer Term 1944.
- 159 *Federal Taxation* (3) Boyd
Tax problems which confront business enterprise: income, excess profits, capital stock, pay roll, and excise taxes. Prerequisite: Business Administration 151. Tues. and Thurs., 7:35 to 8:50 P.M.
- 160 *Governmental Accounting* (3) Kurth
Accounting problems of federal, state, and local government. Budgetary control; appropriation accounts; encumbrances; fund accounting. Prerequisite: Business Administration 151-52. Tues. and Thurs., 7:35 to 8:50 P.M.
- 165 *Auditing* (3) Owens
Duties and responsibilities of the auditor; principles and procedures in making audits; arrangement of working papers and the preparation of reports. Prerequisite: Business Administration 151-52. Mon., Wed., and Fri., 7:10 P.M.
- 168 *Accounting Theory and Problems* (3) Owens
The solution of advanced problems and a discussion of the principles involved. Prerequisite: Business Administration 151-52. Mon., Wed., and Fri., 7:10 P.M.

- 171X *Principles of Marketing* (3) White
A survey of marketing, giving particular attention to consumption, retailing, wholesaling, and sales management; the entire marketing structure and its relation to the total economy. Prerequisite: Economics 1-2. Tues. and Thurs., 7:35 to 8:50 P.M.
- 172 *Marketing Problems* (3) White
Marketing principles applied to specific distribution policy and operating problems of retailers, wholesalers, and manufacturers handling consumers' and industrial goods. Prerequisite: Business Administration 171. 1945-46 and alternate years. Tues. and Thurs., 7:35 to 8:50 P.M.
- 174 *Exporting and Importing* (3) White
Policy and operating questions of foreign marketing—exporting and importing; markets, limitations, and opportunities. Prerequisite: Economics 1-2. 1945-46 and alternate years, Tues. and Thurs., 6:10 to 7:25 P.M.
- 177-78 *Problems in Retailing* (3-3) Johnson
Principles and problems in retail merchandising, including markup, inventory valuation, and expense control; also, service and personnel problems. Admission by permission of the instructor. Mon., 8:10 P.M. (Not offered in 1944-45.)
- 181 *Public Utilities* (3) Kennedy
Public utility characteristics, organization, management, financing, combinations, and accounting; regulation, valuation, and rate-making are stressed. Prerequisite: Economics 1-2. (Not offered in 1944-45.)
- 185 *Principles of Railroad Transportation* (3) Kennedy
Railroad history, organization, regulations, rate-making theory and practice, accounting, securities, and consolidation. Work of Interstate Commerce Commission stressed. Prerequisite: Economics 1-2. 1944-45 and alternate years, Mon., Wed., and Fri., 6:10 P.M.
- 186 *Principles of Motor, Air, and Water Transportation* (3) Kennedy
History, organization, economics, regulations, and rates of motor, air, and water carriers; coordination of transportation. Prerequisite: Economics 1-2. 1944-45 and alternate years, Mon., Wed., and Fri., 6:10 P.M. 1945-46 and alternate years, Tues., Thurs., and Sat., 10:10 A.M.

THIRD GROUP

- 251-52 *Seminar in Accounting* (3-3) Owens
Research in accounting problems. Admission by permission of the instructor. (Not offered in 1944-45.)
- 291-92 *Seminar in Business Administration* (3-3) Kennedy
Admission by permission of the instructor. Tues., 7:35 P.M.
- 299-300 *Thesis* (3-3) The Staff

CHEMISTRY

- Colin Mackenzie Mackall, Ph.D., *Professor of Chemistry*
 *Benjamin Douglass Van Evera, Ph.D., *Professor of Chemistry*
 *Ralph Edward Gibson, Ph.D., *Adjunct Professor of Chemistry*
 Samuel Nathaniel Wrenn, Ph.D., *Associate Professor of Chemistry*
 *Charles Rudolph Naeser, Ph.D., *Associate Professor of Chemistry*
 Maurice Hart Van Horn, Ph.D., *Associate Professor of Chemistry*,
Acting Executive Officer
 Florence Everett Hooper, Ph.D., *Assistant Professor of Chemistry*
 James Irvin Hoffman, Ph.D., *Lecturer in Chemistry*
 Howard Wissler Bond, Ph.D., *Lecturer in Chemistry*
 *Robert Corbin Vincent, Ph.D., *Instructor in Chemistry*

The Major.—Prerequisite: Chemistry 11-12, 21, and 22; Mathematics 19 and 20; Physics 5, 6, 7, and 8. Required: Chemistry 111-12, 122, 151-52, and 191. The work of the junior and senior years must be approved by the Department. The German language is strongly recommended for all majors, and is essential for all students doing graduate work.

Requirements for the Master's degree.—In addition to the requirements for the Bachelor's degree: Chemistry 131-32, 211-12, 251-52, 299-300, and the program must include at least four credit hours of laboratory courses. A reading-knowledge examination in French or German (German preferred) must be passed before the second half of the work is started.

Registration.—Before completing registration for courses in which there are laboratory sections, each student must obtain from the representative of the Department an assignment to a laboratory section.

FIRST GROUP

†11-12 *General Chemistry* (4-4)

Wrenn, Hooper,
and Assistants

Chemistry 11-12 constitutes an elementary course in General Chemistry. Students who have credit for high school chemistry may enter Chemistry 12 or 12x only after passing a qualifying examination. (See the University calendar for the date of the qualifying examination.) Prerequisite: One year of high school algebra. Material fee, ‡ \$9 a term. Section A: Mon. and Wed., 10:10 A.M.; section B: Mon. and Wed., 6:10 P.M. Laboratory—section M: Mon. and Wed., 1:40 to 4:30 P.M.; section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section R: Mon. and Wed., 7:10 to 10:00 P.M.; section P: Tues. and Thurs., 7:10 to 10:00 P.M.

Chemistry 11x—same as Chemistry 11, but offered winter term. Section A: Wed. and Fri., 11:10 A.M.; section B: Tues. and Thurs., 6:10 P.M. Laboratory—section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section P: Tues. and Thurs., 7:10 to 10:00 P.M.

* On war leave 1944-45.

‡ A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee. See page 23.

Chemistry 12x—same as Chemistry 12, but offered fall term. Section A: Wed. and Fri., 11:10 A.M.; section B: Tues. and Thurs., 6:10 P.M. Laboratory—Section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section P: Tues. and Thurs., 7:10 to 10:00 P.M.

Summer term 1944.

21 *Qualitative Inorganic Analysis* (4)

Theoretical and practical study of methods of separating and identifying the more common cations and anions. Prerequisite: Chemistry 12. Material fee,* \$9 a term. Section A: Mon. and Wed., 11:10 A.M.; section B: Mon. and Wed., 6:10 P.M. Laboratory—section M: Mon. and Wed., 1:40 to 4:30 P.M.; section R: Mon. and Wed., 7:10 to 10:00 P.M.

Chemistry 21x—same as Chemistry 21, but offered winter term. Tues. and Thurs., 6:10 P.M. Laboratory—section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section P: Tues. and Thurs., 7:10 to 10:00 P.M.

Summer term 1944

22 *Quantitative Inorganic Analysis* (4)

The principles of gravimetric and volumetric analysis. Prerequisite: Chemistry 21. Material fee,* \$12 a term. Section A: Mon. and Wed., 11:10 A.M.; section B: Mon. and Wed., 6:10 P.M. Laboratory—section M: Mon. and Wed., 1:40 to 4:30 P.M.; section R: Mon. and Wed., 7:10 to 10:00 P.M.

Summer term 1944.

SECOND GROUP

†111-12 *Physical Chemistry* (4-4)

Van Horn

Introduction to theoretical chemistry. Prerequisite: Chemistry 22 and 152; Mathematics 20; Physics 8. Material fee,* \$9 a term. Mon. and Wed., 6:10 P.M. Laboratory—section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section R: Mon. and Wed., 7:10 to 10:00 P.M.

Summer term 1944.

122x *Advanced Quantitative Analysis* (4)

Application of the fundamental principles of analysis to more difficult separations and determinations. Prerequisite: Chemistry 22. Material fee,* \$12. Fri., 6:10 P.M. Laboratory—section M: Mon., Wed., and Fri., 1:40 to 4:30 P.M.; section R: Mon., Wed., and Fri., 7:10 to 10:00 P.M.

123 *Qualitative Inorganic Microanalysis* (2)

The microtechnique of Emich and others applied to qualitative inorganic analysis. Prerequisite: Chemistry 22. Material fee,* \$6. (Not offered in 1944-45.)

†131-32 *Inorganic Chemistry* (2-2)

Chemistry and its theories from the standpoint of the periodic table, with major emphasis on the more common elements. Prerequisite: Chemistry 152. Prerequisite or concurrent registration: Chemistry 111-12. Tues. and Thurs., 7:10 P.M.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee. See page 23.

- 135-36 *Inorganic Chemistry: Preparations* (2-2) Bond
Application of the technique of inorganic chemistry to the preparation and purification of a list of selected substances. Prerequisite: Chemistry 152. Prerequisite or concurrent registration: Chemistry 111-12. Material fee,* \$12 a term. Laboratory—Tues. and Thurs., 7:10 to 10:00 P.M.
- †151-52 *Organic Chemistry* (4-4) Mackall and Assistants
The acyclic and cyclic compounds of carbon are studied concurrently. Semi-micro technique is emphasized in the laboratory. Prerequisite: Chemistry 12. Students are strongly advised to take Chemistry 21 before entering this course. Material fee,* \$9 a term. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M. Laboratory—section M: Fri., 1:40 to 4:30 P.M.; section N: Thurs., 1:40 to 4:30 P.M.; section R: Wed., 7:10 to 10:00 P.M.
Summer term 1944.
- 155x *Organic Chemistry: Preparations* (2 or 3) Wrenn
The synthesis of carbon compounds, and a study of the fundamental techniques of purification. Prerequisite: Chemistry 22 and 152. Material fee,* \$6 a credit hour. Hours to be arranged.
- 156 *Qualitative Organic Analysis* (2) Mackall
The identification of pure organic compounds, the separation of mixtures, and the identification of their components. Prerequisite: Chemistry 22 and 152. Material fee,* \$12. Laboratory—Mon. and Wed., 7:10 to 10:00 P.M.
Summer term 1944.
- 191 *History of Chemistry* (2) Mackall
The development of chemistry, and the biographies of eminent contributors to the science. Prerequisite: Chemistry 22 and 151. Tues. and Thurs., 6:10 P.M.

THIRD GROUP

- 203 *Chemical Kinetics* (2)
The rates of chemical reaction and the factors influencing them. Prerequisite: Chemistry 112. (Not offered in 1944-45.)
- 204 *Catalysis* (2)
Prerequisite: Chemistry 203. (Not offered in 1944-45.)
- 205 *Surface Chemistry* (2)
Prerequisite: Chemistry 112. (Not offered in 1944-45.)
- 206 *Colloid Chemistry* (2)
Prerequisite: Chemistry 205. (Not offered in 1944-45.)
- 211-12 *Advanced Physical Chemistry* (2-2) Van Horn
Development and application of the principles of thermodynamics and the kinetic theory to chemical problems. Prerequisite: Chemistry 112. Tues. and Thurs., 6:10 P.M.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee. See page 23.

- 215-16 *Physical Chemistry of Solids, Liquids, and Solutions* (2-2) Gibson
 215: solids, liquids, and solutions of nonelectrolytes.
 216: thermodynamics and statistical mechanics of solutions. Prerequisite: Chemistry 212. (Not offered in 1944-45.)
- 217-18 *Recent Advances in Physical Chemistry* (2-2) Gibson
 Prerequisite: Chemistry 212. (Not offered in 1944-45.)
- †221-22 *Advanced Quantitative Analysis* (2-2) Hoffman
 The theory of the quantitative estimation of the less common elements. Prerequisite: Chemistry 122 and 132. (1945-46 and alternate years.)
- 226 *Quantitative Organic Analysis* (3)
 Micro and semi-micro procedures. Prerequisite: Chemistry 22 and 152; permission of the instructor. Material fee,* \$9. (Not offered in 1944-45.)
- †231-32 *Advanced Inorganic Chemistry* (2-2) Hoffman
 The chemistry of the less familiar elements. Prerequisite: Chemistry 132 and 152. 1944-45 and alternate years, Tues. and Thurs., 7:10 P.M.
- 251-52 *Advanced Organic Chemistry* (3-3) Wrenn
 An introduction to the literature of organic chemistry; the study of the syntheses, reactions, and properties of carbon compounds; the fundamental theories of organic chemistry. Prerequisite: Chemistry 152; prerequisite or concurrent registration: Chemistry 111-12. Open to the senior student with the permission of the instructor. (Not offered 1944-45.)
 Chemistry 252x—same as Chemistry 252 but offered fall term 1944-45. Mon., Wed., and Fri., 7:10 P.M.
 Summer term 1944—Chemistry 251.
- 253x *Advanced Synthetic Organic Chemistry* (3) Wrenn
 A critical study of the reactions employed in the synthesis of organic compounds. Prerequisite: Chemistry 252. Mon., Wed., and Fri., 7:10 P.M.
- 254 *Stereochemistry* (2) Mackall
 The stereochemistry of organic compounds. Prerequisite: Chemistry 252. 1944-45 and alternate years. Tues. and Thurs., 6:10 P.M.
- 255 *Carbohydrates* (2) Hooper
 The structure and properties of the carbohydrates. Prerequisite or concurrent registration: Chemistry 252. Tues. and Thurs., 6:10 P.M.
- 256 *Polypeptides* (2)
 The structure and classification of polypeptides and their derivatives. Prerequisite: Chemistry 252. (Not offered in 1944-45.)

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee. See page 23.

- 291-92 *Seminar* (1-1) The Staff
(Not offered in 1944-45.)
- 297-98 *Research* The Staff
Research on problems approved by the staff. Open to qualified students with advanced training. Hours, credits, and fees to be arranged.
Summer term 1944.
- 299-300 *Thesis* (3-3) The Staff
Material fee,* \$12 a term. Hours to be arranged.
Summer term 1944.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee. See page 23.

CIVIL ENGINEERING

- *Frank Artemas Hitchcock, M.S. in C.E., C.E., *Professor of Civil Engineering; Director of War Training Program*
 Joseph Young Dreisonstok, Capt., U. S. Navy, B.S., *Professorial Lecturer on Navigation*
 *Charles Edward Cook, B.S. in E.E., B.S. in C.E., C.E., *Associate Professor of Civil Engineering*
 *George Strollo, B.S. in C.E., M.C.E., *Associate Professor of Civil Engineering*
 Carl Hugo Walther, B.E., M.C.E., *Associate Professor of Civil Engineering, Acting Executive Officer*
 Joseph Carl Oleinik, B.S. in C.E., M.S., *Associate in Civil Engineering*
 William Hayward, B.S. in C.E., *Associate in Civil Engineering*
 Earl Hildreth Lund, B.S. in C.E., C.E., LL.B., *Associate in Civil Engineering*
 Ralph Edward Fuhrman, B.S. in C.E., M.S., *Associate in Civil Engineering*

Minimum requirements for the major.—See pages 101-2.

Summer term 1944.—Odd-numbered courses will be offered except 15, 147.

Fall term 1944-45.—Even-numbered courses will be offered except 148, 172.

Winter term 1944-45.—Odd-numbered courses will be offered except 151, 181.

FIRST GROUP

- 2 *Plane Surveying* (3) Hayward
 Principles, methods, and instruments used in surveying; with field work. Prerequisite: Trigonometry. Surveying fee, \$6. Section A: Tues. and Thurs., 12:10 P.M.; section B: Tues. and Thurs., 7:10 P.M. Field work—Sat., 9:10 A.M. and 1:40 P.M.
- 15 *Navigation* (3) Dreisonstok
 Principles, methods, and instruments used in surface and aerial navigation. Charts, piloting, dead-reckoning, nautical astronomy, position determination. Prerequisite: Trigonometry. Mon., Wed., and Fri., 6:10 P.M.
- 17 *Meteorology for Navigation* (2)
 Principles and elements of atmospheric behavior; weather forecasting, data, and maps. Prerequisite: Physics 6 and 7.
- 21 *Analytical Mechanics: Statics* (2)
 Composition and resolution of forces; axial stresses; centroids; friction. Prerequisite: Physics 6; prerequisite or concurrent registration: Mathematics 20. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 7:10 P.M.

* On war leave 1944-45.

- 22 *Analytical Mechanics: Dynamics* (3) _____
Kinematics of a particle; kinetics of a body in translation, rotation, and plane motion; work and energy; impulse and momentum. Prerequisite: Civil Engineering 21. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.
- 23 *Higher Surveying* (4) _____ Hayward
Elements of geodesy, triangulation, topography, hydrography, and precise and trigonometric leveling, with field work. Prerequisite: Civil Engineering 2. Surveying fee, \$6. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M. Field work—Sat., 9:10 A.M. and 1:40 P.M.
- 25-26 *Materials of Construction* (2-2) _____ Walther
Nonmetallic materials, with emphasis on cement; metallic materials, with emphasis on iron and steel. Prerequisite or concurrent registration: Chemistry 12. Section A: Tues. and Thurs., 9:10 A.M.; section B: Tues. and Thurs., 6:10 P.M.

SECOND GROUP

- 123 *Strength of Materials* (3) _____
Tension, compression, shear, flexure, and torsion; deflection; combined and working stresses. Prerequisite: Civil Engineering 22. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.
- 136 *Hydraulics* (3) _____
Hydrostatics: flow through pipes and open channels; laminar and turbulent flow. Prerequisite: Civil Engineering 22. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.
- 140 *Materials and Hydraulics Laboratory* (2) _____
Determination of the properties of materials by mechanical tests, and a study of the flow of fluids. Prerequisite: Civil Engineering 123; prerequisite or concurrent registration: Civil Engineering 26 and 136. Laboratory fee, \$6. Section A: Tues. and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 8:10 P.M.
- 141 *Graphic Statics* (3) _____ Walther
Fundamental principles; analyses of beams; determination of stresses in roof trusses and framed bents. Prerequisite or concurrent registration: Civil Engineering 123. Drafting-room fee, \$1. Section A: Tues. and Thurs., 11:10 A.M., and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 7:10 P.M., and Tues., 8:10 P.M.
- 142 *Bridge Stresses* (3) _____ Walther
Determination of stresses in modern types of bridge trusses. Prerequisite: Civil Engineering 141. Drafting-room fee, \$1. Section A: Tues. and Thurs., 11:10 A.M., and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 7:10 P.M., and Tues., 8:10 P.M.
- 147-48 *Structural Design* (2-2) _____ Walther
Computations and drawings for the design of steel structures. Prerequisite: Civil Engineering 142. Drafting-room fee, \$3 a term. Tues. and Thurs., 8:10 P.M.

- 149-50 *Concrete and Masonry Construction* (3-3) Oleinik
Plain concrete; general properties and theory of reinforced concrete; foundations and retaining walls. Prerequisite: Civil Engineering 25 and 123. Civil Engineering 149, laboratory fee, \$6; Civil Engineering 150, drafting-room fee, \$1. Tues. and Thurs., 6:10 P.M., and Mon., 8:10 P.M.
- 151-52 *Statically Indeterminate Structures* (2-2) Walther
A study of such structures as continuous spans, rigid frames, and arches by methods of work, slope deflection, and moment distribution. Prerequisite: Civil Engineering 142. Mon. and Fri., 6:10 P.M.
- 164 *Highway Engineering* (3)
Highway economics, location, construction, and maintenance. Prerequisite or concurrent registration: Civil Engineering 25 and 171. Mon., Wed., and Fri., 6:10 P.M.
- 171 *Route Surveying* (3) Hayward
Curves and earthwork, and methods of location as used on railroads and highways; field work; complete highway location. Prerequisite: Civil Engineering 2. Surveying fee, \$6. Tues. and Thurs., 6:10 P.M. Field work—Sat., 1:40 P.M.
- 172 *Railroad Engineering* (3)
Track construction and requirements, rolling stock, cost and operation of railroads, with field work. Prerequisite: Civil Engineering 171. Surveying fee, \$6.
- 181-82 *Water Supply and Sewerage* (3-3) Fuhrman
Collection, storage, purification, and distribution of water; sewerage systems and treatment of sewage. Prerequisite: Civil Engineering 156; Chemistry 12. Mon., Wed., and Fri., 7:10 P.M.
- 187 *Contracts and Specifications* (2) Lund
Contract principles; preparation of contracts; specifications and methods of studying them; examples of contracts and specifications; practice in analyzing and writing specifications. Tues. and Thurs., 7:10 P.M.
- 189-90 *Civil Engineering Proseminar* (1-1) Mason
Hours to be arranged.

CLASSICAL LANGUAGES AND LITERATURES

*John Francis Latimer, Ph.D., *Associate Professor of Classical Languages and Literatures*

LATIN

- †1-2 *First-year Latin* (3-3)
Essentials of Latin grammar; reading selections; composition. (Not offered in 1944-45.)
- †3-4 *Second-year Latin* (3-3)
Review of grammar; wide variety of reading selections; composition. (Not offered in 1944-45.)

GREEK

- †1-2 *First-year Greek* (3-3)
Essentials of Greek grammar; reading selections; composition. (Not offered in 1944-45.)
- †3-4 *Second-year Greek* (3-3)
Review of grammar; wide variety of reading material; composition. (Not offered in 1944-45.)

* On war leave 1944-45.

DERMATOLOGY AND SYPHILOLOGY

Harry Ford Anderson, M.D., *Professor of Dermatology and Syphilology*
Executive Officer
 George William Creswell, A.B., M.D., *Associate in Dermatology and Syphilology*
 Hayden Kirby-Smith, B.S., M.D., *Associate in Dermatology and Syphilology*
 Adolph Rostenberg, Jr., A.B., M.D.C.M., *Clinical Instructor in Dermatology and Syphilology*
 George Davis Weickhardt, M.D., *Clinical Instructor in Dermatology and Syphilology*

313-14 *Dermatology and Syphilology*

Lectures on diseases of the skin and syphilis. One hour a week. Anderson

316 *Neurosyphilis*

Lectures, clinical demonstrations, and practical diagnostic and therapeutic procedures. One hour a week for eight weeks. The Staff

317-18 *Clinic*

Case demonstrations, diagnosis, and treatment of skin diseases and syphilis. Three hours a week. Gallinger Hospital. The Staff

407-8 *Clinic*

Dermatology and syphilology in infants and children. Children's Hospital. Two hours a week. Anderson

409-10 *Clinic*

Clinical demonstration, diseases of the skin. One hour a week. Emergency Hospital. Anderson

411-12 *Clinic*

Clinical demonstrations, diseases of the skin, and diagnosis and therapy of syphilis. One hour a week. University Hospital. The Staff

413-14 *Clinic*

Diagnosis, laboratory procedures, and treatment of syphilis. Two hours a week. Southwest Health Center. Creswell

ECONOMICS

John Donaldson, Ph.D., *Professor of Political Economy*

James Christopher Corliss, A.M., *Adjunct Professor of Inter-American Economics*

Arthur Edward Burns, Ph.D., *Adjunct Professor of Economics*

Gerhard Colm, Dr. rer. pol., *Professorial Lecturer in Economics*

*Edward Campion Acheson, Ph.D., *Associate Professor of Finance*

Donald Stevenson Watson, Ph.D., *Associate Professor of Economics, Acting Executive Officer*

Don Dougan Humphrey, Ph.D., *Lecturer in Economics*

Peyton Armstrong Kerr, Ph.D., *Lecturer in Economics*

Richard Musgrave, Ph.D., *Lecturer in Economics*

Arthur Max Ross, Ph.D., *Lecturer in Economics*

Charles David Stewart, M.Soc. Sci., *Lecturer in Economics*

The major.—Prerequisite: Economics 1-2. Required: (1) Economics 101 and three additional credit hours in economic theory (courses numbered 100-109); (2) six credit hours in each of three of the four following groups: finance (courses numbered 120-29), labor (courses numbered 140-49), government and economic activity (courses numbered 160-69), and international economics (courses numbered 180-92); (3) fifteen credit hours of second-group courses selected from the following departments—Business Administration, History, Philosophy, Political Science, and Statistics; strongly recommended: History 147 and 174; Statistics 101-2.

FIRST GROUP

1-2 *Introductory Economics*‡ (3-3)

The Staff

Survey of the major economic institutions and economic problems in contemporary society. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.; section C: Tues. and Thurs., 7:35 to 8:50 P.M.

Summer term 1944.

SECOND GROUP‡

101 *Economic Theory* (3)

Watson, Humphrey

Introduction to formal economic theory; advanced analysis of demand, supply, and price relations. Tues. and Thurs., 7:35 to 8:50 P.M.

Economics 101X—same as Economics 101, but offered winter term. Tues. and Thurs., 7:35 to 8:50 P.M.

Summer term 1944.

* On war leave 1944-45.

‡ Economics 1-2 is prerequisite to all other courses in economics.

- 102 *Development of Economic Thought* (3) Burns
Economic doctrines since the mercantilist writers; the history of the major schools of thought; influence of changing problems on theory. Summer term 1944.
- 103 *Advanced Economic Theory* (3) Watson
Analysis of the theory of monopolistic competition and other recent developments in general economic theory. Prerequisite: Economics 101. Mon., Wed., and Fri., 7:10 P.M.
- 105 *Economic Fluctuations: Business Cycles* (3)
Analysis of strategic factors in economic instability and economic retardation; survey of recent business-cycle theories. Summer term 1944.
- 107 *The Level of Employment and Income* (3) Burns
Intensive study of the theories of Keynes and of other modern economists. (Not offered in 1944-45.)
- 121-22 *Money and Banking* (3-3) Donaldson, Musgrave
Money, bank credit, and prices; commercial and investment banking; banking systems; historical development of banking; government and banking; functions of money and banking. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.
- 123 *Monetary Theory* (3) Acheson
The development of monetary theory; principal contemporary approaches; theoretical background of recent monetary policy. (Not offered in 1944-45.)
- 125 *Monetary Problems*
Survey of monetary developments since the First World War; monetary policies in the 1930's; war finance; post-war monetary reconstruction. Summer term 1944.
- 126 *Foreign Exchange and International Finance* (3) Acheson
Theory and practice of foreign exchanges; the gold standard and international finance during the nineteenth century; war and post-war exchange problems. Prerequisite: Economics 121-22. (Not offered in 1944-45.)
- 140 *Occupational Trends* (3) Stewart
Primarily for occupational counselors. Forecasting the level of activity; post-war problems in demobilization and reconversion; significance of national trends for vocational counselors; national and local labor markets. Tues. and Thurs., 7:35 to 8:50 P.M.
- 141 *Labor Economics* (3) Ross
Labor problems: wages, hours, and working conditions; growth of labor organizations; types of unions; union tactics and programs. Tues. and Thurs., 6:10 to 7:25 P.M.

- 142 *Government and Labor Problems* (3) Ross
Labor legislation; labor and the courts; federal regulation of capital-labor relations; the work of federal labor boards. Tues. and Thurs., 6:10 to 7:25 P.M.
- 146 *Economic Security and Social Insurance* (3) Burns
Economic and social problems of unemployment and destitution; analysis of the federal social security program; survey of the Beveridge and other plans for post-war social security.
Summer term 1944.
- 161-62 *Public Finance and Taxation* (3-3) Watson
General survey of government expenditures, sources and methods of taxation, economic effects of expenditures and taxes, and of government debt policies. Tues. and Thurs., 6:10 to 7:25 P.M.
- 165 *Government Control of Economic Activity* (3) Watson
Changing role of government in promoting and regulating economic activity; types and spheres of control. Mon., Wed., and Fri., 6:10 P.M.
- 166 *Comparative Systems of Economic Reform* (3) Watson
Critical analysis of the major theories of economic and social reform, with special attention to their origins and backgrounds. Mon., Wed., and Fri., 6:10 P.M.
- 167 *Economics of Planning* (3) Watson
Analytical comparison of economic systems coordinated by market price with those coordinated by central authority. (Not offered in 1944-45.)
- 169 *Economics of War* (3) Donaldson
The problems of production, price control, and finance in the defense preparation and war economies; post-war problems. Mon. and Wed., 8:10 to 9:25 P.M.
- 170 *Economic Geography* (3)
The economics of natural resources: raw materials; staple crops; and location of industry.
Summer term 1944.
- 181-82 *International Economics* (3-3) Donaldson
Survey of world economics: basic factors; resource controls; international trade, industrial, financial, and monetary processes; relation to internal economic systems. Mon., Wed., and Fri., 7:10 P.M.
- 183 *Tariffs and Commercial Treaties* (3) Donaldson
Origins and types of modern foreign commercial policy, in the light of evolving doctrines; forms and economic effects of tariffs and other measures, and of international commercial accords. Mon., Wed., and Fri., 6:10 P.M.
- 184 *The New Foreign Economic Policies* (3) Donaldson
The new types of foreign trade and exchange controls and agreements; causes, growth, and techniques. Mon., Wed., and Fri., 6:10 P.M.

- 185-86 *Economic History and Problems of South America* (3-3) Corliss
Economic development of South America (excluding Colombia and Venezuela). Particular emphasis on economic developments and problems since the First World War. 1944-45 and alternate years, Tues. and Thurs., 7:35 to 8:50 P.M.
- 187-88 *Economic History and Problems of the Caribbean Area* (3-3) Corliss
Economic development of Colombia, Venezuela, Mexico, and the Central American and West Indian republics. Particular emphasis on economic developments and problems since the First World War. 1945-46 and alternate years, Tues. and Thurs., 7:35 to 8:50 P.M.
- 190 *International Economic Reconstruction* (3) Donaldson
Survey of international economic problems in the post-war period; consideration of proposals for post-war reconstruction. Mon. and Wed., 8:10 to 9:25 P.M.
- 191-92 *Contemporary Banking, Currency, and Exchange in Latin America* (3-3) Corliss
Survey of monetary and banking developments in important Latin American republics since the First World War. (Not offered in 1944-45.)
- 193-94 *Proseminar in Hispanic American Civilization and Culture* (3-3) Corliss
Coordination and review course. Open only to candidates majoring in Hispanic American Civilization and Culture. Hours to be arranged.

THIRD GROUP

- 201-2 *History of Economic Thought* (3-3) Burns
Critical analysis and interpretation of the development and the literature of economic thought; origins and problems of the major types of theory; their relation to present problems and policies. Tues. and Thurs., 6:10 to 7:25 P.M.
- 204 *Contemporary Economic Theory* (3) Watson
Intensive analysis of the recent literature in price theory. Prerequisite: Economics 201-2. Mon., 8:10 P.M.
- 206 *Business Cycles: Theory and Problems* (3) Humphrey
Analysis of several types of current business-cycle theories; the problem of economic stagnation; recent works of Keynes and others. (Not offered in 1944-45.)
- 227 *International Finance* (3) Acheson
Studies of the monetary history and exchange problems of specific countries. (Not offered in 1944-45.)

- 242 *Labor and Social Economics* (3)
Analysis of labor problems, with special reference to labor organization; intensive study of federal regulation and participation in capital-labor relations. (Not offered in 1944-45.)
- 261 *Public Finance* (3) Colm
Special problems: deficit financing; current tax problems; and federal, state, and local financial relationships. Thurs., 8:00 P.M.
- 265 *Government Control and Economic Planning* (3) Watson
Problems of government in relation to business; work of federal agencies in regulation and stimulation of business; economic theory and problems of planning. Mon., 8:10 P.M.
- 281 *Theories of International Economics* (3) Donaldson
Examination and critique of mercantilism, classical international equilibrium analysis, and other schools of world economic thought. Tues., 8:00 P.M.
- 282 *The Balance of International Payments* (3) Donaldson
Structure and theories of the balance; money and interrelationships of trade, gold flows, capital movements, etc.; the balance and foreign economic policy formulation. Tues., 8:00 P.M.
- 283-84 *Research in International Economic Relations* (3-3) Donaldson
Original investigations, analyses, and seminar discussions of special problems and concepts in world economics. (Not offered in 1944-45.)
- 285-86 *Public and Private Finance in Latin America* (3-3) Corliss
Corporate finance, banking, and capital movements in Latin America; fiscal problems; public debt, deficit financing, taxation, public expenditures; foreign-exchange controls and problems. A reading knowledge of Spanish or Portuguese is required. Wed., 8:10 P.M.
- 287-88 *Economic Problems of Latin America* (3-3) Corliss
Foreign trade and foreign commercial policy; growth of industry and agriculture; government control of economic activity; recent economic trends and problems. (Not offered in 1944-45.)
- 299-300 *Thesis* (3-3) The Staff

EDUCATION

 Sidney Bartlett Hall, A.M., Ed.D., LL.D., *Professor of Education*
 James Harold Fox, A.M., Ed.D., *Professor of Education, Executive Officer*
 Chester Winfield Holmes, Ed.D., *Adjunct Professor of Education*
 Benjamin Franklin Kyker, A.M., *Adjunct Professor of Education*
 William Carson Ryan, Jr., Ph.D., Ed.D., LL.D., *Adjunct Professor of Education*
 Meredith Chester Wilson, B.S., *Adjunct Professor of Education*
 Ruth Emma Coyner, Ph.D., *Associate Professor of Education*
 Burnice Herman Jarman, A.M., Ed.D., *Associate Professor of Education*
 Jane Frost Hilder, *Lecturer in Education*
 Madaline Kinter Remmlein, Ph.D., *Lecturer in Education*
 Agnes Kerr Tweedie, A.B., Ed.M., *Lecturer in Education*
 *LuVerne Crabtree Walker, A.M., *Lecturer in Education*
 *Veryl Gladys Schult, A.M., *Lecturer in Education*

CONSULTANTS IN RESEARCH

- John Kerr Rose, Ph.D., *Research Associate in Education*
 Eugene Davis Owen, Ph.D., *Research Associate in Education*

Minimum requirements for degrees.—See pages 116–19.

SECOND GROUP

- 109–10 *Learning and Teaching* (3–3) Hall
 Fall term: psychological bases of teaching and learning, including emphasis upon early childhood development, adolescent growth, individual differences, and mental hygiene. Winter term: principles of teaching. Wed., 7:10 to 9:10 P.M. Conference hour: Wed., 6:10 to 7:10 P.M.
 Summer term 1944—Education 109 (3).
 112 *History of American Education* (3) French
 Tues. and Thurs., 6:10 to 7:25 P.M.
 123–24 *Reading Problems* (3) Hilder
 A clinical approach to reading difficulties on elementary and secondary school levels. Sat., 9:10 to 11:00 A.M.
 131 *Introduction to Teaching* (3) Coyner
 For students without teaching experience. Construction of units of work; questioning; assignments; discipline; records and reports. Tues. and Thurs., 6:10 to 7:25 P.M.

* On leave of absence 1944–45.

- 133-34 *Observation and Cadet Teaching** (2 to 6) Coyner
Education 134, practice-teaching fee, \$4.50 a credit hour. Hours and credits to be arranged individually.
- 136 *Teaching of English* (3) Tweedie
Specific methods for meeting the problems of the teacher of secondary school English; survey of recent professional publications in the field. Fri., 7:10 to 9:10 P.M. Conference hour: Fri., 6:10 to 7:00 P.M.
- 137 *Teaching of Geography* (3) Coyner
Role of geography in an air age; aims and objectives; organization of materials for work; critical examination of texts and other classroom equipment.
Summer term 1944.
- 138 *Teaching the Social Studies* (3) Coyner
War and post-war problems in the teaching of the social studies; aims and methods; classroom and library equipment; evaluation of textbooks; testing. Thurs., 7:30 to 9:30 P.M. Conference hour: Thurs., 6:30 to 7:30 P.M.
- 156 *Secondary Education: The Junior and Senior High School* (3) Jarman
Development; purpose; relation to elementary education; organization and administration; guidance; program of studies; community relationships, Mon., Wed., and Fri., 6:10 P.M.
Summer term 1944.
- 167 *Teaching Secretarial Training Courses* (3) Veon
New methods of teaching secretarial courses; including shorthand, typewriting, transcription, secretarial practice, and the fundamentals of business. (Not offered in 1944-45.)
- 168 *Teaching Bookkeeping and Related Skills* (3) Veon
Methods of teaching commercial arithmetic, general business, and bookkeeping. (Not offered in 1944-45.)
- 173 *Adult Education* (3) Jarman
Extent and organization; interests, needs, and capacities of adult learners; techniques employed in motivating and directing learning activities; reviews of recent literature.
Summer term 1944.

THIRD GROUP

- 205-6 *The Curriculum* (3-3) French
Analysis of basic curriculum literature and procedures. The winter term will be organized as a curriculum workshop with lectures, conferences, and group discussions. Thurs., 7:30 to 9:30 P.M. Conference hour: Thurs., 6:30 to 7:30 P.M.
Summer term 1944—Education 206 (Hall).

* May not be taken for credit by a student registered in Columbian College.

- 211 *Seminar: Twentieth Century Movements in American Education* (3) French
Historical background of twentieth century movements and leaders. Intensive study of problems of special interest. (Not offered in 1944-45.)
- 213-14 *Seminar: Origins of American Education* (3-3) French
Historical research in American Education. (Not offered in 1944-45.)
- 215-16 *Seminar: Great Teachers in American Education* (3-3) French
A study of great teachers from the colonial period to the present. An attempt will be made to find out the qualities and characteristics that have made these teachers great. Tues., 7:30 to 9:30 P.M. Conference hour: Tues., 5:00 to 6:00 P.M.
- 217-18 *Contemporary Problems in Education* (3-3) Jarman
Fall term: designed to help students formulate a personal philosophy of education. Winter term: a study of the forces that shape the policies and offerings of the school. Mon., 7:10 to 9:10 P.M. Conference hour: (217) Mon., 6:10 to 7:10 P.M.; (218) Mon., 5:00 to 6:00 P.M.
Summer term 1944—Education 218 (3).
- 221-22 *Seminar: Early Childhood Education* (3-3) Coyner
Fall term: home backgrounds, nursery school, and kindergarten situations. Winter term: primary grades. Fri., 7:10 to 9:10 P.M. Conference hour: Fri., 6:10 to 7:10 P.M.
- 224 *New Developments in Children's Literature* (3) Walker
(Not offered in 1944-45.)
- 225-26 *Seminar: Elementary Education in the Intermediate Grades* (3-3) Coyner
A comprehensive study of the major problems of the intermediate grades. (Not offered in 1944-45.)
- 227 *Contemporary Movements in Elementary Education* (3) Coyner
Survey of present practices throughout the United States; trends and their changing emphases; lessons to be learned from the war.
Summer term 1944.
- 228 *Teaching Materials in the Elementary Grades* (3) Coyner
Critical examination of texts, visual and auditory aids, and other materials available to elementary school teachers. Laboratory and discussion.
Summer term 1944.
- 229-30 *Administration and Supervision of Elementary Education* (3-3) Hall
Problems of elementary school administrators and supervisors. Hours to be arranged.

- 241 *Problems in Secondary School Mathematics* (3) Schult
For experienced teachers. Discussion of teaching problems in the light of recent publications, current trends, and modern viewpoints. (Not offered in 1944-45.)

- 244 *Seminar: Problems in Secondary School Science* (3) Fox

For experienced teachers. Selection of problems will be based upon the interests and needs of the students. (Not offered in 1944-45.)

- 251 *Principles and Methods in the Senior High School* (3) Jarman

For students without teaching experience. Emphasis placed on basic principles, current issues and problems, and methods of instruction. (Not offered in 1944-45.)

- 255-56 *Seminar: Secondary Education* (3-3) Fox

For experienced teachers. A review of recent developments. Tues., 7:30 to 9:30 P.M. Conference hour: Tues., 6:30 to 7:30 P.M.

Summer term 1944—Education 255 (3).

- 259-60 *Administration of Secondary Education* (3-3) Fox

Management problems, master schedule, public relations. Hours to be arranged.

- 271 *Administration: the Teacher and School Administration* (3) Fox

For teachers and prospective administrators. Organization of public education—local, state, and federal; administrative problems of concern to teachers; effective human relationships in administration. Wed., 7:10 to 9:10 P.M. Conference hour: 6:10 to 7:10 P.M.

Summer term 1944.

- 272 *Supervision: the Teacher and School Supervision* (3) Fox

Aims and objectives of supervision in relation to wartime demands; personnel problems; supervisory techniques; evaluation of school efficiency. Wed., 7:10 to 9:10 P.M. Conference hour: 6:10 to 7:10 P.M.

- 273 *Administration: Organization and Administration of a School System* (3) Hall

For superintendents and those aspiring to this position. Issues, principles, and problems of the superintendency as conditioned by local circumstances. Prerequisite: Education 271 and 272 or the equivalent. Hours to be arranged.

- 274 *Administration: Management Problems of the Superintendent* (3) Hall

For superintendents and those aspiring to this position. Business management, the budget, construction of buildings, equipment and supplies, pupil transportation. Prerequisite: Education 273 or the equivalent. Hours to be arranged.

- 275 *Seminar: State School Administration* (3) Hall
Organization, administration, supervision, instruction, and finance.
Prerequisite: Education 271 or the equivalent. Hours to be arranged.
- 276 *Seminar: Public Relations in School Administration* (3) Fox
Factors influencing public approval and disapproval; social interpretation of the program of public educational public relations agencies.
Prerequisite: Education 271 or the equivalent. Hours to be arranged.
- 277 *Supervision of Student Teaching* (3) Coyner
For critic teachers. Activities through which the student is inducted into teaching; duties and responsibilities of the training supervisor; evaluation of student teaching. (Not offered in 1944-45.)
- 278 *School Law* (3) Remmler
Sources and scope of school law; legal rights and responsibilities of teachers, pupils, and taxpayers. Other legal problems of major interest to the group. Prerequisite: Education 271 or the equivalent. Hours to be arranged.
- 281 *Audio-visual Education* (3) Jarman
Selection, organization, and utilization of audio-visual aids; emphasis upon demonstration and practice. Thurs., 7:30 to 9:30 P.M. Conference hour: Thurs., 6:30 to 7:30 P.M.
- 285 *Extra-classroom Activities in Secondary Schools* (3) Fox
Victory Corps, stamp and bond drives, conservation and salvage activities, cooperative work programs, student self-government, assemblies, school publications, homeroom programs. (Not offered in 1944-45.)
- 286 *The Home Room* (3) Fox
Functions in relation to orientation, guidance, student self-government, administrative routine, and special services. Students will assemble resource materials and plan programs for use in their local situations.
Summer term 1944.
- 287-88 *Clinical Study of Reading Problems* (3-3) Hilder
For advanced students. Diagnostic work under supervision in the Reading Clinic. Admission by permission of the instructor. Sat. 11:10 A.M. to 1:00 P.M. Individual conferences to be arranged.
- 289-90 *Teacher Education* (3-3) Hall
Historical background of teacher education; present trends and modifications in the United States. Hours to be arranged.
- 292 *Education Faces the Future* (3) Hall
Review of the impact of the war upon education on the elementary, secondary, and adult levels; role of education in perpetuating and recreating the ideals and principles of democracy.
Summer term 1944.

- 293-94 *Research* (3-3) The Staff
Individual research under the guidance of a member of the staff. Program and conferences arranged with an instructor.
- 297-98 *Thesis* (3-3) The Staff
Hours to be arranged.
Summer term 1944.

Minimum requirements for the major.—See pages 101, 102-3.

Summer term 1944.—Odd-numbered courses will be offered except 125, 137.

Fall term 1944-45.—Even-numbered courses will be offered except 126, 136.

Winter term 1944-45.—Odd-numbered courses will be offered except 125, 137.

FIRST GROUP

9-10 *Elements of Electrical Engineering* (3-3) Akers
Electrical Engineering 9: magnetic and electric circuits, and direct-current instruments and machines; Electrical Engineering 10: alternating-current circuits, instruments, and machines. Prerequisite: Physics 7. Prerequisite or concurrent registration: Mathematics 20. Section A: Mon., Wed., and Fri., 12:10 P.M.; section B: Mon., Wed., and Fri., 7:10 P.M.

13-14 *Direct- and Alternating-Current Laboratory* (2-2) Shytle
For the student not majoring in electrical engineering. Experiments in direct and alternating currents and direct- and alternating-current machinery. Prerequisite: Electrical Engineering 10. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 8:10 P.M.; section D: Thurs., 8:10 P.M.; section E: Fri., 8:10 P.M.

17-18 *Direct-Current Laboratory* (2-2) Shytle
For the student majoring in electrical engineering. A course in measurements and direct-current dynamo laboratory. Prerequisite: Electrical Engineering 9-10. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 8:10 P.M.; section D: Thurs., 8:10 P.M.; section E: Fri., 8:10 P.M.

* On war leave 1944-45.

SECOND GROUP

- 101 *Electric Circuits* (3) Gross
 Alternating-current-circuit theory. Extensive consideration is given to harmonic analysis and to the study of harmonics in both single-phase and polyphase circuits. Prerequisite: Electrical Engineering 10. Mon., Wed., and Fri., 6:10 P.M.
- 102 *Alternating-Current Machinery* (3) Akers
 Synchronous generators and motors, transformers, and mercury arc rectifiers. Prerequisite: Electrical Engineering 101. Mon., Wed., and Fri., 6:10 P.M.
- 103 *Alternating-Current Machinery* (3) Akers
 A continuation of Electrical Engineering 102. Converters, induction motors, single-phase motors, and elementary transmission and distribution of alternating currents. Prerequisite: Electrical Engineering 102. Mon., Wed., and Fri., 6:10 P.M.
- 111-12 *Electrical Measurements* (2-2) Harris
 Theory of direct-current and alternating-current instruments, bridges, and meters. Prerequisite or concurrent registration; Electrical Engineering 101. Tues. and Thurs., 7:10 P.M.
- 125-26 *Principles of Electric Power Transmission* (2-2) Akers
 Mechanical and electrical characteristics of transmission lines; approximate and rigorous solutions by means of hyperbolic functions; steady-state and elementary transient considerations; the more important phases of distribution of electrical energy. Prerequisite: Electrical Engineering 101. Tues. and Thurs., 7:10 P.M.
- 133-34 *Alternating-Current Laboratory* (2-2) Shytle
 A continuation of Electrical Engineering 17-18, with experiments on alternating-current circuits, instruments, and machinery. Prerequisite: Electrical Engineering 18 and 103. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 8:10 P.M.; section D: Thurs., 8:10 P.M.; section E: Fri., 8:10 P.M.
- 136 *Hydro-Electric Engineering* (2) Akers
 Present-day theory and practice in hydro-electric engineering. Prerequisite: Electrical Engineering 10; Civil Engineering 136. Tues. and Thurs., 6:10 P.M.
- 137 *Electric Traction* (2) Akers
 Theory and practice of modern direct- and alternating-current railways. Prerequisite: Electrical Engineering 10. Tues. and Thurs., 6:10 P.M.
- 138 *Industrial Electrical Power Applications* (2) Akers
 The characteristics of the various types of electrical motors and other power appliances and the principles governing their applications in industry. Prerequisite: Electrical Engineering 10 and junior standing. Mon. and Fri., 5:10 P.M.

- 140 *Electrical Design* (3) Akers
Principles of design, with reference to materials of construction and electrical equipment. Practical exercises are assigned in connection with classroom work. Prerequisite: Electrical Engineering 103. Mon. and Fri., 6:10 P.M., and Tues., 8:10 P.M.
- 143-44 *High-Frequency Communication* (3-3) N. Smith
Principles of high-frequency communication circuits and of high-frequency measurement. Prerequisite: Electrical Engineering 103; Physics 132. Tues. and Thurs., 6:10 to 7:25 P.M.
- 151-52 *Communication Engineering* (2-2) Iannelli
Principles of communication circuits and measurements. Particular attention is given to low and intermediate-frequency phenomena. Prerequisite: Electrical Engineering, 101; Physics 132. Tues. and Thurs., 6:10 P.M.
- 153 *Electronic Engineering* (3)
Theory and application of electronic tubes and circuits to radio and industrial controls. Designed expressly for electrical engineering students who do not elect the communications option and for mechanical and civil engineering students. Prerequisite: Electrical Engineering 10 and Junior standing. Tues. and Thurs., 5:45 to 7:00 P.M.
- 161-62 *Communications Laboratory* (2-2) C. Smith
A laboratory course paralleling Electrical Engineering 151-52. Prerequisite or concurrent registration: Electrical Engineering 151. Tues., 8:00 to 10:30 P.M.
- 171 *Advanced Electrical Laboratory* (2) Akers
Individually assigned laboratory problems. Open only to students who have shown the capacity for independent work. Prerequisite: Electrical Engineering 134. Hours to be arranged.
- 180 *Advanced Electrical Design* (2) Akers
Individual problems worked out in conference with the instructor. Open only to students who have shown the capacity for independent work. Prerequisite: Electrical Engineering 140. Hours to be arranged.
- 189-90 *Proseminar in Electrical Engineering* (1-1) Akers
Prerequisite: Electrical Engineering 103. Wed., 6:10 P.M.

The major.—The coordinated knowledge which a student must exhibit in the major in English, and upon which he will be examined at the end of his senior year, is summarized under four general headings: (1) the history of English literature from the Anglo-Saxon period to 1900; (2) the chief English writers (a certain familiarity with each man and his main works and a detailed knowledge of Shakespeare); (3) English social and political history, 1300 to 1900, as it bears upon or is reflected in the literature; (4) European intellectual backgrounds and movements which have affected English literature. It is advised that the student planning to major in English elect courses in English and European historical and intellectual backgrounds before his junior year.

The major in American Thought and Civilization.—For details, see the pamphlet on this subject and consult the adviser.

FIRST GROUP

1-2 *Freshman English*§ (3-3)

The Staff

Grammatical review, exercises in composition, study and criticism of prose essays. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Tues., Thurs., and Sat., 9:10 A.M.; section C: Mon., Wed., and Fri., 10:10 A.M.; section D: Tues., Thurs., and Sat., 10:10 A.M.; section E: Mon., Wed., and Fri., 11:10 A.M.; section F: Tues., Thurs., and Sat., 11:10 A.M.; section G: Mon., Wed., and Fri., 5:10 P.M.; section H: Mon., Wed., and Fri., 6:10 P.M.; section K: Tues. and Thurs., 6:10 to 7:25 P.M.; section L: Mon., Wed., and Fri., 7:10 P.M.; section M: Mon., Wed., and Fri., 8:10 P.M.

* On leave of absence 1944-45.

† On war leave 1944-45.

§ Students registered in English 1 are at the beginning of the course tested in the minimum essentials of standard usage, vocabulary, writing skill, and reading speed and comprehension. Those students who show marked superiority may be exempted from one or both terms of the course.

English 1x—same as English 1, but offered winter term. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Tues., Thurs., and Sat., 9:10 A.M.; section C: Mon., Wed., and Fri., 10:10 A.M.; section D: Tues., Thurs., and Sat., 10:10 A.M.; section E: Mon., Wed., and Fri., 11:10 A.M.; section F: Tues., Thurs., and Sat., 11:10 A.M.; section G: Mon., Wed., and Fri., 5:10 P.M.; section H: Mon., Wed., and Fri., 6:10 P.M.; section K: Tues. and Thurs., 6:10 to 7:25 P.M.; section L: Mon., Wed., and Fri., 7:10 P.M.; section M: Mon., Wed., and Fri., 8:10 P.M.

English 2x—same as English 2, but offered fall term. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Tues., Thurs., and Sat., 9:10 A.M.; section C: Mon., Wed., and Fri., 10:10 A.M.; section D: Tues., Thurs., and Sat., 10:10 A.M.; section E: Mon., Wed., and Fri., 11:10 A.M.; section F: Tues., Thurs., and Sat., 11:10 A.M.; section G: Mon., Wed., and Fri., 5:10 P.M.; section H: Mon., Wed., and Fri., 6:10 P.M.; section K: Tues. and Thurs., 6:10 to 7:25 P.M.; section L: Mon., Wed., and Fri., 7:10 P.M.; section M: Mon., Wed., and Fri., 8:10 P.M.

Summer term 1944.

- 3-4 *Freshman English for Foreign Students* (3-3) Rogers
A course in reading and writing designed to take the place of English 1-2. Special attention is given to spelling, syntax, grammar, idiom, and vocabulary. Tues. and Thurs., 6:10 to 7:25 P.M.

- 9 *Sophomore Composition* (3) Irvine, Howard
A study of the contemporary essay, with weekly exercises in expository writing. Prerequisite: English 1-2. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.; section C: Mon., Wed., and Fri., 7:10 P.M.

- 10 *Sophomore Composition* (3) Irvine, Howard
A study of the modern short story, with exercises in narrative writing. Prerequisite: English 1-2. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.; section C: Mon., Wed., and Fri., 7:10 P.M.

- 51-52 *Introduction to English Literature* (3-3) Smith
A historical survey. Section A: Tues., Thurs., and Sat., 10:10 A.M.; section B: Tues. and Thurs., 6:10 to 7:25 P.M.
Summer term 1944.

- 71-72 *Introduction to American Literature* (3-3) Bolwell, Cole
A historical survey. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.
Summer term 1944.

- 91-92 *Introduction to European Literature* (3-3) Shepard
Consideration of various types. Section A: Tues., Thurs., and Sat., 9:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.
Summer term 1944.

SECOND GROUP

- 115-16 *The Short Story* (3-3) Irvine
Some study of the technique of the short story and class criticism of student writing. Prerequisite: English 10 with honor grade, or consent of the instructor after submission of a specimen of imaginative writing. Mon., Wed., and Fri., 5:10 P.M.
- 121-22 *English Literature from the Beginnings to 1400* (3-3) Howard
Prerequisite: English 51-52, 71-72, or 91-92. Tues. and Thurs., 6:10 to 7:25 P.M.
- 123-24 *Old English* (3-3) Stone
English language and literature before 1100. Prerequisite: English 51-52, 71-72, or 91-92. (Not offered in 1944-45.)
- 125 *The Evolution of Modern Speech* (2) Stone
The development of the English language in a historical treatment of English grammar. (Not offered in 1944-45.)
- 129-30 *Renaissance and Elizabethan Literature* (3-3) Tupper
Nondramatic literature from 1400 to 1603. Prerequisite: English 51-52, 71-72, or 91-92. (English 129 not offered in 1944-45.)
English 130X—same as English 130, but offered fall term, Mon., Wed., and Fri., 6:10 P.M.
Summer term 1944—English 129 (3).
- 135-36 *Shakespeare* (3-3) Tupper
Prerequisite: English 51-52, 71-72, or 91-92. Mon., Wed., and Fri., 9:10 A.M.
Summer term 1944—English 135 (3).

- 179-80 *Proseminar: Readings for American Civilization Major* (3-3) Bolwell, Cole
Conferences and group discussions. Wed., 8:00 P.M.
- 181 *The English Novel* (3) Smith
Major English novelists from Richardson to the Brontës. Prerequisite: English 51-52, 71-72, or 91-92. Mon., Wed., and Fri., 6:10 P.M.
- 182 *The English Novel* (3) Shepard
Major English novelists from Dickens to Hardy. Prerequisite: English 51-52, 71-72, or 91-92. Mon., Wed., and Fri., 6:10 P.M.
- 183x-84 *The English Drama* (3-3) Tupper
A historical survey. Mon., Wed., and Fri., 5:10 P.M. (English 184 not offered in 1944-45.)
- 199-200 *Proseminar: Readings for the English Literature Major* (3-3) Tupper
Conferences and group discussions. Section A: Tues., 1:00 to 4:00 P.M.; section B: Thurs., 7:30 to 10:30 P.M.

THIRD GROUP

- 201-2 *Methods and Materials in Elizabethan Research* (3-3) J. Q. Adams
Open only to the graduate student. Admission by permission of the instructor. (Not offered in 1944-45.)

- 235-36 *Seminar in Shakespeare* (3-3) Tupper
Prerequisite: English 135-36. Hours to be arranged.
- 241-42 *Studies in Neoclassical Literature* (3-3) Smith
Prerequisite: English 141-42. (Not offered in 1944-45.)
- 251-52 *Studies in the Romantic Movement* (3-3) Smith
Prerequisite: English 151-52. Hours to be arranged.
- 271-72 *Seminar: American Literature* (3-3) Bolwell
Prerequisite: English 171-72 or the equivalent. Mon., 8:00 P.M.
- 295-96 *History of English Literary Criticism* (3-3) Smith
Open to the undergraduate with the approval of the instructor. (Not offered in 1944-45.)
- 299-300 *Thesis* (3-3) The Staff

RELATED COURSE IN ANOTHER DEPARTMENT

Education 136, *Teaching of English*

GEOLOGY

_____, *Assistant Professor of Geology*

Minimum requirements for the major.—Twenty-four credit hours of geology beyond the first-group courses.

FIRST GROUP

5 *Field Geology* (6)

Field trips to neighboring localities of geological interest, with classroom study. (Not offered in 1944-45.)

21-22 *Physical and Historical Geology* (3-3)

Survey course covering the principles of physiography, geology, and mineralogy. (Not offered in 1944-45.)

SECOND GROUP

121-22 *Paleontology* (3-3)

Lectures and laboratory work on classification and structure of fossil invertebrates, vertebrates, and plants, including their use as guide fossils in stratigraphic geology. (Not offered in 1944-45.)

123-24 *Regional Geology of North and South America* (3-3)

Lectures and map work on the physiographic regions of the Western Hemisphere, stressing the relationship between geology and geography and culture. (Not offered in 1944-45.)

125-26 *Regional Geology of the Eastern Hemisphere* (3-3)

Alternating with Geology 123-24 and with it completing a survey of the world. (Not offered in 1944-45.)

THIRD GROUP

215-16 *Seminar* (3-3)

Detailed study and presentation by the class and instructor of some phase of geology with review of current literature. (Not offered in 1944-45.)

22 -28 *Research*

Original work on individual problems, including a digest of the published record. (Not offered in 1944-45.)

299-300 *Thesis* (3-3)

(Not offered in 1944-45.)

The payment of the University fee entitles the student to health services hereinafter described. Through student reports and those of University officials, the University attempts to keep informed as to all cases of illness among its students. This service is primarily diagnostic in its intent. It also provides first aid in the event of an emergency.

Medical privileges include: (1) the physical examination of every student entering from secondary school;† (2) three visits by the University physician or surgeon, office or residence (District of Columbia) in any one illness, exclusive of a specialist, surgical operation, laboratory, or X-ray examination; (3) hospitalization, including board, medicine, and nursing in the University Hospital for not more than two weeks during a school year—the necessity to be determined by the Director of Health Administration. The duration of hospitalization period (maximum, two weeks) is also to be determined by the Director of Health Administration.

This medical benefit does not apply to illness or disability incurred previous to the University term or prior to payment of the University registration fee.

The student is allowed, if he so desires, to engage physicians and nurses of his own choice, but when he does so he will be responsible for the fees charged.

Rules: (1) The Director of Health Administration is empowered to limit or deny the medical benefits where, in his discretion, a student has, by his misconduct or breach of the rules of the University, made himself ineligible; (2) the Director of Health Administration has authority to determine the necessity and length of hospitalization; (3) a student who has severed his connection with the University is ineligible for medical benefits; (4) a student intending to train for an athletic team is required to pass a thorough examination at the beginning of each term; (5) the above regulations apply also during the summer term of the University.

The University is not responsible for injuries received in inter-collegiate or intra-mural games, or in any of the activities of the physical education departments.

* On war leave 1944-45.

† A charge of \$2 is made by the University if a student fails to appear for a physical examination during the period set for this purpose.

Required of, and limited to, members of the student staff of the Law Review.
- 326 *Federal Jurisdiction* (2) Collier
Constitutional origins and powers of federal courts; sources of law applicable to them; business and extent of jurisdiction of federal courts. Case book to be announced. Wed., 6:20 to 8:00 P.M.

- 331 *Labor Law* (2) Larremore
Legality of collective labor action, of ends sought and means used; strike, picketing, boycott, trade agreements; labor injunctions; scope of federal jurisdiction. Landis, Cases on Labor Law. Wed., 6:20 to 8:00 P.M.
- 333 *Legislation* (2)
A study of the problems and principles of legislation. (Not offered in 1944-45.)
- 335-36 *Moot Court* (2-2) Gordon, Craighill, Morris, Edgerton
Open only to students who have completed fifty credit hours. Prerequisite: Law 105 and 242. Wed., 6:20 to 8:00 P.M.
- 345-46 *Patent Law* (2-2) Sutton
Substantive patent law; patentability; revision, use, and enforcement of patents; Patent Office practice: Rules of Practice; appeal and interference procedure. Mon., 6:20 to 8:00 P.M.
- 349 *Patent Moot Court* (4) Coe
This course may be elected instead of Law 335-36 to satisfy the Moot Court requirement. Both subjects may not be counted toward a degree. Wed., 6:20 to 8:00 P.M.
- 351 *Public Utilities* (2) Collier
Limits of regulation of businesses affected with public interest; ascertainment of value of property used for the public service and the fixing of adequate rates of return.
Summer term 1944.
- 353 *Domestic Relations* (2) Larremore
Marriage, annulment, and divorce; rights of husband and wife; rights of parent and child; infants; conflict of laws involving problems of marriage evasion and migratory divorce. Madden and Compton, Cases on Domestic Relations.
- 357 *Sales* (4) Oppenheim
(Not offered in 1944-45.)
- 371-72 *Taxation* (2-2) Collier
Emphasis on the federal estate tax and the federal income tax. Attention given state inheritance and income taxes. Problem of jurisdiction to tax, construction of tax statutes, methods of judicial review of administrative actions in the tax field, modern excise taxes on business concerns. Magill and Maguire, Cases on Taxation, 1941 ed. Fri., 6:20 to 8:00 P.M.
- 377 *Trade Regulation I* (4) Oppenheim
Unfair trade practices, combination and monopoly at common law and under various statutes; trade-marks; business torts; Sherman Antitrust Act; Federal Trade Commission and Clayton Acts; marketing, price and patent practices; Fair Trade Acts; mergers; trade associations; remedies. Oppenheim, Cases on Trade Regulation. Section A: Mon. and Wed., 10:00 to 11:50 A.M.; section B: Tues. and Fri., 6:20 to 8:00 P.M.

- 382 *Trusts* (4)
Nature, creation, elements, administration, termination, modification of trusts; charitable, resulting, construction trusts; liabilities of and to third persons; transfer of beneficiary's interest. (Not offered in 1944-45.)
- 383 *War Law: Military Law* (1)
(Not offered in 1944-45.)
- 387 *War Law: War Contracts* (1)
(Not offered in 1944-45.)
- 404 *Administrative Law II* (4)
Research seminar course in special problems, including the study of specific administrative agencies, federal or state. (Not offered in 1944-45.)
- 405 *Admiralty* (2)
Federal and state jurisdiction; jurisdiction over waters, craft, contracts, torts, crimes, in equitable matters, etc.; laws applicable to maritime workers and maritime liens. Sayre, Cases on the Law of Admiralty. Mon., 6:20 to 8:00 P.M.
- 411 *Business Associations II* (4)
Seminar: study of the historical background and functioning of the statutes involved in the work of the Securities and Exchange Commission. (Not offered in 1944-45.)
- 416 *Comparative Law* (2)
Historical and comparative study of some of the institutions and principles of the civil law (law of South and Central America and most of the Continent of Europe) compared with those of the common law; the influence of the former upon the latter. Text to be announced. Mon., 6:20 to 8:00 P.M.
- 421 *Constitutional Law II* (4)
Research seminar in contemporary problems in constitutional law; special emphasis on interstate-commerce cases and due process of law. (Not offered in 1944-45.)
- 426-27 *Municipal and Government Corporations* (2-2)
Municipal corporations: organization, powers, functions, and legal relations of local governmental units. Federal corporate agencies: organization, powers, functions, and legal relations of functional governmental units separately incorporated. Tooke and McIntire, Cases on Municipal Corporations. Thurs., 6:20 to 8:00 P.M.
- 431 *International Law* (2)
Customary and treaty rights and duties of states; diplomatic and consular agents; treaty interpretation; nationality laws; international courts; claims procedure; war; neutrality. Hudson, Cases on International Law, 2d ed. Tues., 6:20 to 8:00 P.M.
- 434 *Interstate Commerce Commission Law and Procedure* (2)
Interstate Commerce Act; the Interstate Commerce Commission; practice and procedure before the Commission. (Not offered in 1944-45.)

435 *Jurisprudence* (2)

Collier

History of jurisprudence; schools of jurists, particularly the nineteenth century schools; sociological jurisprudence; theories of justice; the nature of law; law and morals; law and the state; the scope and subject matter of law; sources and forms of law; the traditional element; analysis of general legal conceptions. Wed., 6:20 to 8:00 P.M.

438 *Labor Relations Regulation* (2)

Law of relations between workers and management under the National Labor Relations Act. (Not offered in 1944-45.)

452 *Trade Regulation II* (4)

A research seminar course in specific problems of trade regulation. (Not offered in 1944-45.)

MATHEMATICS

James Henry Taylor, Ph.D., *Professor of Mathematics, Executive Officer*
 Francis Edgar Johnston, Ph.D., *Professor of Mathematics*
 Florence Marie Mears, Ph.D., *Professor of Mathematics*
 Earl Larkin Williams, A.M., *Associate in Mathematics*

Minimum requirements for the major.—Fifteen credit hours of mathematics beyond calculus, i.e., of approved second- and third-group courses.

FIRST GROUP*

3 *College Algebra* (3)

The Staff
 Exponents and logarithms; linear equations; complex numbers; quadratic equations; introduction to theory of equations; mathematical induction and the binomial theorem; permutations, combinations, and probability; determinants; progressions. Prerequisite: one year each of high school algebra and high school geometry. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 8:10 P.M.; section C: Tues. and Thurs., 7:35 to 8:50 P.M.

Mathematics 3x—same as Mathematics 3, but offered winter term. Section A: Tues., Thurs., and Sat., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.

6 *Plane Trigonometry* (3)

The Staff
 Prerequisite: two years of high school algebra and one year of high school geometry, or Mathematics 3 (or concurrent registration therefor). Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 8:10 P.M.; section C: Tues. and Thurs., 7:35 to 8:50 P.M.

Mathematics 6x—same as Mathematics 6, but offered fall term. Section A: Tues., Thurs., and Sat., 10:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.; section C: Tues. and Thurs., 6:10 to 7:25 P.M.

11 *Introductory College Mathematics* (3)

Summer term 1944.

12 *Analytic Geometry* (3)

The Staff
 Prerequisite: Mathematics 3 and 6, or two years of high school algebra, one year of high school geometry, and one-half year of high school trigonometry. Section A: Tues., Thurs., and Sat., 10:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.; section C: Tues. and Thurs., 6:10 to 7:25 P.M.

Mathematics 12x—same as Mathematics 12, but offered fall term. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 11:10 A.M.; section C: Mon., Wed., and Fri., 6:10 P.M.; section D: Tues. and Thurs., 7:35 to 8:50 P.M.

Summer term 1944.

* No first-group course in Mathematics is available for college credit if the student's previous training in Mathematics meets the prerequisite for a higher numbered course.

19 *Differential Calculus* (3) The Staff

Prerequisite: Mathematics 12. Section A: Tues., Thurs., and Sat., 9:10 A.M.; section B: Tues. and Thurs., 6:10 to 7:25 P.M.; section C: Tues. and Thurs., 7:35 to 8:50 P.M.

Mathematics 19x—same as Mathematics 19, but offered winter term. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 11:10 A.M.; section C: Mon., Wed., and Fri., 6:10 P.M.

Summer term 1944.

20 *Integral Calculus** (3) The Staff

Prerequisite: Mathematics 19. Section A: Tues., Thurs., and Sat., 9:10 A.M.; section B: Tues. and Thurs., 6:10 to 7:25 P.M.; section C: Tues. and Thurs., 7:35 to 8:50 P.M.

Mathematics 20x—same as Mathematics 20, but offered fall term. Section A: Tues., Thurs., and Sat., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.

Summer term 1944.

SECOND GROUP

102 *Fundamental Concepts of Mathematics* (3)

(Not offered in 1944-45.)

123 *Theory of Equations* (3)

Summer term 1944.

Mears

125 *Advanced Algebra* (3)

(Not offered in 1944-45.)

126 *Advanced Analytic Geometry* (3)

Mon., Wed., and Fri., 7:10 P.M.

Taylor

132 *Differential Equations* (3)

Tues. and Thurs., 7:35 to 8:50 P.M.

Mears

Mathematics 132x—same as Mathematics 132 but offered fall term. Tues. and Thurs., 6:10 to 7:25 P.M.

Summer term 1944.

134 *Introduction to Boundary Value Problems* (3)

Prerequisite: Mathematics 132. (Not offered in 1944-45.)

Taylor

†135-36 *Projective Geometry* (2-2)

(Not offered in 1944-45.)

138 *Advanced Calculus* (3)

Tues. and Thurs., 6:10 to 7:25 P.M.

Mears

142 *Introduction to Infinite Series* (3)

(Not offered in 1944-45.)

167 *Fourier Series and Spherical Harmonics* (3)

Prerequisite: Mathematics 132. (Not offered in 1944-45.)

* Mathematics 20 is prerequisite to all second-group courses.

- 171 *Vector Analysis* (3)
Mon., Wed., and Fri., 7:10 P.M.

Taylor

THIRD GROUP

- 220 *Theory of Numbers* (3)
(Not offered in 1944-45.)
- †237-38 *Theory of Functions* (3-3)
(Not offered in 1944-45.)
- 249 *Ordinary Differential Equations* (3)
(Not offered in 1944-45.)
- 250 *Integral Equations* (3)
(Not offered in 1944-45.)
- 255 *Differential Geometry* (3)
Mon., Wed., and Fri., 6:10 P.M.
- 257 *Theory of Groups* (3)
(Not offered in 1944-45.)
- †265-66 *Modern Algebra* (3-3)
Mon., Wed., and Fri., 7:10 P.M.
- †267-68 *Calculus of Variations* (2-2)
(Not offered in 1944-45.)
- 270 *Tensor Analysis* (3)
Mon., Wed., and Fri., 6:10 P.M.
- 271 *Riemannian Geometry* (3)
(Not offered in 1944-45.)
- 277 *Partial Differential Equations* (3)
(Not offered in 1944-45.)
- 297-98 *Reading and Research* (3-3)
Hours to be arranged.
- 299-300 *Thesis* (3-3)

MECHANICAL ENGINEERING

- *Arthur Frederick Johnson, M.E., Ph.D., *Professor of Mechanical Engineering*
 Frederick Morris Feiker, B.S. in E.E., D.Eng., *Professor of Engineering Administration*
 Benjamin Carpenter Cruickshanks, B.S. in M.E., *Professor of Mechanical Engineering, Acting Executive Officer*
 Garbis Keulegan, Ph.D., *Professorial Lecturer in Mechanical Engineering*
 Robert Gay Trumbull, B.S. in C.E., *Associate Professor of Mechanical Engineering*
 *Howard Henry Koster, M.S. in M.E., *Assistant Professor of Mechanical Engineering*
 Martin Alexander Mason, B.S. in Eng., Dr. Ing., *Lecturer in Mechanical Engineering*
 Harry Joseph Keegan, B.M.E., *Lecturer in Mechanical Engineering*
 Rudolph Michel, M.S. in M.E., *Lecturer in Mechanical Engineering*

Minimum requirements for the major.—See pages 101 and 104.

Summer term 1944.—Odd-numbered courses will be offered except 5, 9, 15, 101, 103, 117, 133.

Fall term 1944-45.—Even-numbered courses will be offered except 10, 16, 102, 104, 118, 126.

Winter term 1944-45.—Odd-numbered courses will be offered except 5, 9, 15, 101, 103, 117, 131.

FIRST GROUP

- 1 *Engineering Survey and Orientation* (1) Cruickshanks and Staff
 Open to freshmen only. Section A: Mon., 12:40 P.M.; section B: Tues., 7:10 P.M.
- 3 *Mechanical Drawing* (2) Trumbull
 Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:10 to 11:00 P.M.
- 4 *Descriptive Geometry* (2) Trumbull
 Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:10 to 11:00 P.M.
- 5 *Introductory Naval Architecture* (3)
 Nomenclature, functions, and arrangement of hull structure, equipment, and machinery for merchant vessels. Lectures supplemented by visits to shipyards.

* On war leave 1944-45.

- 7 *Machine Drawing* (2) Trumbull
Prerequisite: Mechanical Engineering 3 and 4. Drafting-room fee, \$3.
Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri.,
8:10 to 11:00 P.M.
- 8 *Mechanism Drawing* (2) Trumbull
Prerequisite: Mechanical Engineering 3, 4, and 13. Prerequisite or
concurrent registration: Mechanical Engineering 14. Drafting-room
fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon.
and Fri., 8:10 to 11:00 P.M.
- 9-10 *Ship Drafting* (2-2)
Fairing of lines; displacement, stability curves, midship section, general
arrangements and structural detail plans, machinery details. Prerequi-
site or concurrent registration: Mechanical Engineering 15. Drafting-
room fee, \$3 a term.
- 13-14 *Mechanism* (2-2) Trumbull
Prerequisite: Mathematics 12. Prerequisite or concurrent registration:
Mathematics 19. Section A: Tues. and Thurs., 12:10 P.M.; section B:
Tues. and Thurs., 6:10 P.M.
- 15-16 *Elementary Ship Calculations* (2-2)
Form characteristics, detailed weights, displacement, transverse and
longitudinal equilibrium, launching. Prerequisite: Mechanical Engi-
neering 5.

SECOND GROUP

- 101-2 *Advanced Ship Calculations* (2-2)
Stabilizing, model basin practice, powering, steering, launching, hull
strength, floodability, vibrations. Prerequisite: Mechanical Engineer-
ing 16.
- 103-4 *Ship Design* (2-2)
Prerequisite: Mechanical Engineering 10, 16; prerequisite or concu-
rent registration: Mechanical Engineering 117. Drafting-room fee, \$3
a term.
- 111-12 *Thermodynamics* (3-3) Cruickshanks
With introductory study of laws of heat transmission. Prerequisite
or concurrent registration: Mathematics 20. Section A: Mon., Wed.,
and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.
- 115-16 *Mechanical Laboratory* (2-2) Cruickshanks
Calibration of instruments; calorimetry; testing of prime movers,
auxiliaries, and combustion engines. Eight-hour boiler test required.
Prerequisite: Mechanical Engineering 13-14 and 111-12. Laboratory
fee, \$6 a term. Section A: Mon. and Fri., 1:10 P.M.; section B: Mon.
and Fri., 8:10 P.M.
- 117-18 *Marine Engines and Auxiliaries* (2-2)
Details, arrangements and performance of steam unflow, steam turbine,
and Diesel propelling plants. Prerequisite or concurrent registration:
Mechanical Engineering 5, 13-14, and 111-12.

- 126 *Methods of Manufacture* (2) Koster
Fixtures, gauging, tools, costs. Prerequisite: Mechanical Engineering 8 and 14; Civil Engineering 26. Tues. and Thurs., 7:10 P.M.
- 127-28 *Machine Design* (2-2) Keegan
With stress-analysis lectures. Prerequisite: Mechanical Engineering 112 and 126; Civil Engineering 25, 123, 136, and 141. Drafting-room fee, \$3 a term. Tues. and Thurs., 8:10 to 11:00 P.M.
- 129-30 *Power Plants* (3-3) Cruickshanks
Study of design, layout, installation, and operation of power plants and equipment. Prerequisite: Mechanical Engineering 112. Mon., Wed., and Fri., 6:10 P.M.
- 131-32 *Heating, Ventilating, Air Conditioning, and Refrigeration* (2-2) Koster
Prerequisite: Mechanical Engineering 112. Tues. and Thurs., 6:10 P.M.
- 133 *Combustion Engines* (2) Koster
Prerequisite: Mechanical Engineering 112; Civil Engineering 123 and 136; Electrical Engineering 10. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 7:10 P.M.
- 139 *Fluid Dynamics* (3) Keulegan
The theories of hydro- and aero-mechanics as influenced by density, viscosity, and turbulence. Prerequisite: Mechanical Engineering 112; Civil Engineering 140. Mon., Wed., and Fri., 7:10 P.M.
- 140 *Dynamics of Machinery* (3) Michel
Inertia effects, balancing, vibration phenomena. Prerequisite: Mechanical Engineering 115; Civil Engineering 123 and 136. Mon., Wed., and Fri., 7:10 P.M.
- 141-42 *Management Problems* (2-2) Feiker
The handling and training of men. Prerequisite: Economics 1-2. Tues. and Thurs., 7:10 P.M.
- 145-46 *Management Controls* (2-2) _____
Prerequisite: Economics 1-2; Business Administration 101-2. Hours to be arranged.
- 147 *Industrial Labor Relations* (2) _____
Prerequisite: Mechanical Engineering 141-42. Tues. and Thurs., 6:10 P.M.
- 189-90 *Proseminar in Mechanical Engineering* (1-1) Mason
Hours to be arranged.

MEDICINE

- Walter Andrew Bloedorn, A.M., M.D., *Professor of Medicine, Executive Officer*
- Coursen Baxter Conklin, A.M., M.D., *Clinical Professor of Medicine*
- Charles Robert Lee Halley, A.B., M.D., *Clinical Professor of Medicine*
- Paul Frederick Dickens, M.D., *Clinical Professor of Medicine*
- Harry Filmore Dowling, A.B., M.D., *Clinical Professor of Medicine*
- Charles Powell Cake, M.D., *Adjunct Clinical Professor of Medicine*
- Robert Port Herwick, Ph.D., M.D., LL.B., *Adjunct Clinical Professor of Medicine*
- Joseph Thomas Roberts, M.D., Ph.D., *Adjunct Clinical Professor of Medicine*
- Frank Adelbert Hornaday, M.S., M.D., *Associate Clinical Professor of Medicine*
- Walter Kendall Myers, B.S., M.D., *Assistant Clinical Professor of Medicine*
- John Alton Reed, A.B., M.D., *Assistant Clinical Professor of Medicine*
- Clayton Bernard Ethridge, M.D., *Assistant Clinical Professor of Medicine*
- Watson William Eldridge, Jr., M.D., *Associate in Medicine*
- Maurice Protas, A.B., M.D., *Associate in Medicine*
- Bernard Lauriston Hardin, Jr., A.B., M.D., *Associate in Medicine*
- A. Fife Heath, M.D., *Associate in Medicine*
- Benjamin Manchester, M.D., *Associate in Medicine*
- Malcolm Foster Lent, M.D., *Associate in Medicine*
- Nicholas Athanasiou Mandelos, M.D., *Clinical Instructor in Medicine*
- *Richard Bernard Castell, A.B., M.D., *Clinical Instructor in Medicine*
- John Ellsworth Everett, A.B., M.D., *Clinical Instructor in Medicine*
- John Bayne Marbury, M.D., *Clinical Instructor in Medicine*
- Louis Ross, M.D., *Clinical Instructor in Medicine*
- Irving Wolfe Winik, M.D., *Clinical Instructor in Medicine*
- Carl Calvin Dauer, A.B., M.D., M.P.H., *Clinical Instructor in Medicine*
- John Edward Morris, B.S., M.D., *Clinical Instructor in Medicine*
- Russell Crandle Payne, A.B., M.D., *Clinical Instructor in Medicine*
- Lawrence Elias Putnam, A.B., M.D., *Clinical Instructor in Medicine*
- Ruth Benedict, A.B., M.D., *Clinical Instructor in Medicine*
- James Theodore Burns, M.D., *Clinical Instructor in Medicine*
- Saiyude Dithakar Bhakdi, A.B., M.D., *Clinical Instructor in Medicine*
- Frederic Dunbar Chapman, A.B., M.D.C.M., *Clinical Instructor in Medicine*

* On war leave 1944-45.

- Meredith Benjamin Hesdorffer, B.S., M.D., *Clinical Instructor in Medicine*
- Irvin Kerlan, B.S., M.D., C.P.H., *Clinical Instructor in Medicine*
- Leon Schwartz, A.B., M.D., M.P.H., *Clinical Instructor in Medicine*
- Robert George Taylor, B.S., M.D., *Clinical Instructor in Medicine*
- Lawrence Jay Thomas, B.S., M.D., *Clinical Instructor in Medicine*
- Virginia Patterson Beelar, A.B., M.D., *Clinical Instructor in Medicine*
- Sylvan Adolph Steiner, M.D., *Clinical Instructor in Medicine*
- Paul Fleming-Holland, M.D., *Clinical Instructor in Medicine*
- James Joseph Feffer, A.B., M.D., *Clinical Instructor in Medicine*
- Beatrice Bishop Berle, A.M., M.D., *Clinical Instructor in Medicine*
- Myer Harold Stolar, B.S., M.D., *Clinical Instructor in Medicine*
- Frank Louis Williman, M.S. in Med., M.D., *Clinical Instructor in Medicine*

Locker fee.—A fee of \$1 a term is charged for the use (optional) of a locker.

- 126 *History of Medicine* Halley
One hour a week.
- 241-42 *Physical Diagnosis* Conklin and Staff
Demonstrations and practice on the normal and abnormal subject; designed to cover the entire subject of physical diagnosis.
- 244 *General Medicine* Bloedorn, Halley
Lectures covering general aspects of all phases of medical disease, and including therapeutics. Three hours a week.
- 312 *Radiology and Radiotherapy* The Staff
One hour a week.
- 324 *Clinical Physiology* Dickens
Lectures and clinics for the correlation of preclinical and laboratory studies of physiology with altered function as observed in clinic and ward. One hour a week.
- 325-26 *Clinical Clerkship* Dowling and Staff
Individual case work under strict supervision (student's histories generally accepted as hospital records). Emergency and Gallinger hospitals.
- 327-28 *Clinical Pathological Conference* Bloedorn, Choisser
Required in the third and fourth years. Correlation of clinical and post-mortem findings: detailed case descriptions from the clinical point of view, followed by thorough demonstrations, grossly and with lantern slides, of post-mortem findings. One hour a week.
- 349-50 *Grand Ward Rounds* Bloedorn and Staff
Conducted weekly at Gallinger Hospital. Cases are presented at this conference by members of the Resident Staff and Visiting Staff.

- 416 *Tropical Medicine* The Staff
Lectures, laboratory exercises, museum and clinical demonstrations designed to familiarize the student with problems of tropical medicine, particularly as applied to the present emergency. Two hours a week.
- 417-18 *Physiotherapy* Eldridge
Lectures and demonstrations of the fundamentals of physical treatment and their applications to general medical diseases. St. Elizabeths Hospital.
- 420 *Medical Jurisprudence* Eldridge
Lectures on the legal and ethical rights of physicians, and on the legal problems with which the physician is brought into contact. One hour a week for eleven weeks.
- 421-22 *Dispensary Clinics* The Staff
Thorough study of individual cases subsequently reviewed in detail by the Staff. The University and Emergency hospitals.
- 424 *Clinics* Bloedorn and Staff
Etiology, diagnosis, and treatment of the usual and more rare diseases, with special emphasis on differential diagnosis and the demonstration of clinical abnormalities found in various morbid processes. Medical School.
- 425-26 *Clinical Clerkship* Dickens, Halley
Individual case work under strict supervision (student's histories generally accepted as hospital records). The University and Emergency hospitals.
- 440 *Clinical Pharmacology* Herwick
Brief review in materia medica, prescription writing, and the fundamentals of therapeutics; discussion of the pharmacological basis of therapeutics.
- 498 *Professional Aspects of Military Medicine* The Staff
Study of problems arising in civilian, industrial, and military life peculiar to the present emergency; lectures by members of the staff and specialists of the Army, the Navy, and the United States Public Health Service on duty in Washington. Two hours a week.
- 499 *Clinical Physiology* Dickens
Continuation of Medicine 324. One hour a week.

MILITARY SCIENCE AND TACTICS

James Emory Phillips, M.D., Lieutenant Colonel, Medical Corps, United States Army, *Professor of Military Science and Tactics*

Elbert Raymond Moses, Jr., Ph.D., Lieutenant, Signal Corps, United States Army, *Assistant Professor of Military Science and Tactics*

129-30 *Basic Course (First Year)* Phillips
Legal basis of national defense; organization of the Army and the Medical Department; military law and courts-martial; customs of the service; map reading; military administration.

247-48 *Basic Course (Second Year)* Phillips
Organization and operation of the Medical Department with the Arms; combat orders and problems; map exercises; medical service of Infantry and Cavalry divisions.

329-30 *Advanced Course (First Year)** Phillips
Mess management; military preventive medicine; sanitation; chemical warfare, tactics, defense, and medical aspects.

429-30 *Advanced Course (Second Year)** Phillips
Military history; leadership; diseases peculiar to war; organization and equipment within the division; mobilization; property accounting.

* Students in the first and second year of the advanced course are selected from those who have satisfactorily completed the basic course.

NEUROLOGY

Walter Freeman, Ph.D., M.D., *Professor of Neurology, Executive Officer*

James Winston Watts, B.S., M.D., *Clinical Professor of Neurosurgery*

Robert Henry Groh, B.S., M.D., *Clinical Instructor in Neurology*

Vasilios Simos Lambros, M.D., *Clinical Instructor in Neurosurgery*

Harold Stevens, M.D., Ph.D., *Clinical Instructor in Neurology*

Harvey Hirsch Ammerman, B.S., M.D., *Clinical Instructor in Neurology*

249 *Neurology (elective)*

Methods of study of the nervous system. Gross and microscopic preparations, embryology, comparative anatomy, stimulation and extirpation, human pathology, etc. Laboratory demonstrations. One hour a week. Freeman

331 *Neurology*

Systematic lectures with lantern slides illustrating the chief neurologic syndromes and their anatomic bases. One hour a week. Watts

333-34 *Neurology Clinic (elective)*

May be elected in the third or fourth year. Neurological outpatient clinic. Consultation of staff on ambulatory cases, demonstration of diagnostic procedures, disposition of neuropsychiatric cases. Three hours a week. Freeman and Staff

335-36 *Neurologic Conference*

Weekly staff conference at Gallinger Municipal Hospital covering interesting problems from the Neurologic Service. One fourth of the class for one and one-half hours a week. Freeman and Staff

383-84 *Ward Neurology*

Daily rounds and frequent assignments at Gallinger Municipal Hospital Neurologic Service. Each student works up a number of cases during his service. One eighth of the class for four weeks. Groh

431 *Neurosurgery (elective)*

Lectures and clinical demonstrations in surgery of the brain, spinal cord, and peripheral nerves. Emphasis is laid upon fundamentals and upon the possibilities of surgery in the relief of symptoms. One hour a week. Watts

433-34 *Clinical Neurology*

Lectures and demonstrations of patients illustrating the diagnosis and treatment of nervous disorders. Material is available at St. Elizabeths Hospital illustrative of the more common disorders and some of the unusual syndromes. One hour a week. Freeman

435-36 *Neurologic Examinations*

Practical instruction in the examination of patients presenting nervous diseases. Detailed examination of six patients is required of each student. St. Elizabeths Hospital. One fourth of the class, two hours a week. Freeman and Staff

OBSTETRICS AND GYNECOLOGY

- John Louis Parks, M.S., M.D., *Professor of Obstetrics and Gynecology, Executive Officer*
- *Howard Francis Kane, A.B., M.D., *Clinical Professor of Obstetrics and Gynecology*
- Radford Brown, M.D., *Clinical Professor of Obstetrics and Gynecology*
- Elijah White Titus, Phar.D., M.D., *Clinical Professor of Obstetrics and Gynecology*
- Jacob Kotz, M.D., *Clinical Professor of Obstetrics and Gynecology*
- Henry Laurant Darner, A.B., M.D., *Clinical Professor of Obstetrics and Gynecology*
- Herbert Percy Ramsey, A.B., M.D., *Clinical Professor of Obstetrics and Gynecology*
- William Preston Haynes, A.B., M.D., *Associate in Obstetrics and Gynecology*
- George Nordlinger, A.B., M.D., *Associate in Obstetrics and Gynecology*
- Joseph Harris, A.B., M.D., *Associate in Obstetrics and Gynecology*
- Laurence Lee Cockerille, M.D., *Associate in Obstetrics and Gynecology*
- Samuel Mayer Dodek, A.M., M.D., *Associate in Obstetrics and Gynecology*
- Bernard Notes, M.D., *Associate in Obstetrics and Gynecology*
- Russell Jon Jansen, M.D., *Associate in Obstetrics and Gynecology*
- Howard Pope Parker, A.B., M.D., *Associate in Obstetrics and Gynecology*
- Helen Gladys Kain, B.S., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Esther Alsylvia Nathanson, A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Katherine Elizabeth Parker, A.M., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Harry Samuel Douglas, A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Roger O'Donnell, Jr., A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- William Dandridge Terrell, Jr., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- James Albert Dusbabek, M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Barton Winters Richwine, M.D., *Clinical Instructor in Obstetrics and Gynecology*

* On war leave 1944-45.

- Julius Robert Epstein, M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Morton Selwyn Kaufman, A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Floyd Sterling Rogers, M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Clarence Kendall Fraser, Ph.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Rufus Martin Roll, A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Caroline Jackson, A.M., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- 253-54 *Pregnancy, Normal and Abnormal* Dodek, O'Donnell
Lectures and recitations on the physiology and management of pregnancy and its complications. One hour a week.
- 337-38 *Labor, Normal and Abnormal* Parks, Nordlinger
Lectures, recitations, and demonstrations on the mechanism and course of labor and its complications. Two hours a week.
- 344 *Gynecology* Brown
Lectures on the principles of gynecological surgery. One hour a week for seven weeks.
- 345-46 *Manikin Demonstrations* Harris
The mechanism of labor and various types of operative delivery demonstrated to sections of the class. One hour a week.
- 439 *Gynecological Pathology (elective)* Brown
Lectures on the essentials of gynecological pathology, and demonstrations and study of gross and microscopic material discussed in the lectures. One hour a week.
- 441-42 *Clinical Obstetrics* The Staff
Observation of, and participation in, the work of the pre- and post-natal clinics, on the wards, and in the delivery rooms of the University, Gallinger, Columbia, and Garfield hospitals.
- 443-44 *Clinical Gynecology* The Staff
Observation of, and participation in, the work at the out-patient clinics on the wards, and in the operating rooms of the University, Gallinger, Columbia, and Garfield hospitals.
- 445 *Female Endocrinology and Operative Gynecology* Kotz, Darner
Lectures on the physiology and pathology of the endocrine system in women and on the principles of gynecological surgery. One hour a week.

OPHTHALMOLOGY

William Thornwall Davis, M.D., *Professor of Ophthalmology, Executive Officer*

Ernest Alfred Watson Sheppard, M.D.C.M., *Associate Clinical Professor of Ophthalmology*

Edgar Leonard Goodman, M.D., M.M.S., *Assistant Clinical Professor of Ophthalmology*

Ronald Atmore Cox, A.B., M.D., *Assistant Clinical Professor of Ophthalmology*

Frank Duncan Costenbader, B.S., M.D., *Assistant Clinical Professor of Ophthalmology*

Richard Wallace Wilkinson, A.B., M.S., M.D., *Associate in Ophthalmology*

Sterling Bockoven, M.D., *Clinical Instructor in Ophthalmology*

Carmon Robert Naples, B.S., M.D., *Clinical Instructor in Ophthalmology*

351-52 *Ophthalmology*

Davis and Staff

A lecture course presenting the principles of ophthalmology, with special reference to topics of importance to the general practitioner. One hour a week for twenty weeks.

447 *Clinic*

Davis and Staff

Intensive training in diseases of the eye; etiology, diagnosis, and treatment in their application to clinical cases. Episcopal Hospital. Three hours twice a week.

OTO-RHINO-LARYNGOLOGY

- Daniel Bruce Moffett, A.B., M.D., *Professor of Oto-rhino-laryngology*
Executive Officer
 William Herndon Jenkins, M.D., *Clinical Professor of Oto-rhino-laryngology*
 Leroy Lee Sawyer, Jr., A.B., M.D., *Assistant Clinical Professor of Oto-rhino-laryngology*
 David Davis, A.B., M.D., *Associate in Oto-rhino-laryngology*
 Aubrey David Fischer, M.D., *Associate in Oto-rhino-laryngology*
 Jeter Carroll Bradley, M.D., *Associate in Oto-rhino-laryngology*
 Joel Norton Novick, M.S., M.D., *Clinical Instructor in Oto-rhino-laryngology*
 John Gordon Bell, M.D., *Clinical Instructor in Oto-rhino-laryngology*
 Catharine Birch, A.B., M.D., *Clinical Instructor in Oto-rhino-laryngology*
 Homer King Vann, A.B., M.D., *Clinical Instructor in Oto-rhino-laryngology*

- 451 *Oto-rhino-laryngology* Moffett, Jenkins
 Lectures and demonstrations on anatomy, physiology, and diseases of the ear, nose, and throat, bronchoscopy and esophagoscopy. One hour a week. Davis
- 454 *Bronchoscopy*
 A series of lectures on the fundamental principles and the use of instruments, including both the bronchoscope and esophagoscope. One hour a week for four weeks. The Staff
- 456 *Clinic*
 Practical clinical instruction in the diagnosis and treatment of diseases of the ear, nose, and throat. Episcopal Hospital. One and one-half hours twice a week.

PATHOLOGY

Roger Morrison Choisser, B.S., M.D., *Professor of Pathology, Executive Officer*

Thomas Martin Peery, A.B., M.D., *Associate Professor of Pathology*

Pearl Holly, M.S., M.D., *Associate in Pathology*

Eugene Leonard Lozner, A.B., M.D., *Associate in Pathology*

Anna Margaret Allen, L.R.C.P.S.I., D.P.H., *Instructor in Pathology*

Jack Spier, M.D., *Instructor in Pathology*

236 *Clinical Pathology*

Choisser and Staff

Lectures and laboratory work covering aspects of laboratory diagnosis of disease, including a study of: urinalysis, blood counting, the anemias, leukemias, and other blood dyscrasias. Examination of exudates, transudates, stomach contents, spinal fluids, and stools also emphasized. Three hours a week.

259-60 *Pathology*

Choisser, Peery

Malformations, inflammations, degenerations, and neoplasms; special pathology of the organs and specific diseases. The laboratory work consists of the gross and microscopic study of diseased tissues. Necropsies are held regularly at the University and Gallinger hospitals.

307 *Necropsy (elective)*

The Staff

Students assist in the performance of necropsies. Fresh gross specimens and microscopic sections from each case are presented at weekly conferences. Current literature relating to cases is reviewed and presented by the students.

327-28 *Clinical Pathological Conference*

Choisser, Bloedorn

Required in the third and fourth years. Case histories are presented and discussed by members of the staff and student body; necropsy and clinical findings are compared, and gross and microscopic specimens examined. One hour a week.

460 *Research*

Choisser

Hours and credits to be arranged.

461 *Tumors*

Choisser and Staff

Sixteen lectures and laboratory periods covering experimental production of tumors by means of carcinogens. Microscopic diagnosis of tumors is stressed. One hour a week.

PEDIATRICS

- Preston Alexander McLendon, B.S., M.D., *Professor of Pediatrics, Executive Officer*
 Charles Aurelius Schutz, M.D., *Clinical Professor of Pediatrics*
 Margaret Mary Nicholson, A.B., M.D., *Clinical Professor of Pediatrics*
 Edward Lewis, M.D., *Clinical Professor of Pediatrics*
 Lewis Kaigler Sweet, A.B., M.D., *Adjunct Clinical Professor of Pediatrics*
 William Staton Anderson, A.B., M.D., *Assistant Clinical Professor of Pediatrics*
 Mabel Harlakenden Grosvenor, A.B., M.D., *Assistant Clinical Professor of Pediatrics*
 John Augustine Washington, A.B., B.S., M.D., *Assistant Clinical Professor of Pediatrics*
 Elizabeth Emery Chickering, A.B., M.D., *Associate in Pediatrics*
 Aaron Nimetz, A.B., M.D., *Associate in Pediatrics*
 Carolyn Snyder Pincok, A.B., M.D., *Clinical Instructor in Pediatrics*
 Richard Henry Todd, A.B., M.D., *Clinical Instructor in Pediatrics*
 Dorothy Steinle Jaeger, M.D., *Clinical Instructor in Pediatrics*
 Herbert Harold Diamond, M.D., *Clinical Instructor in Pediatrics*
 George Maksim, M.D., M.S. in Ped., *Clinical Instructor in Pediatrics*

- 354 *Pediatrics*
 Ward walks and weekly clinic. Gallinger Hospital. Two sections. Nicholson
- 355-56 *Pediatrics*
 Lectures on diseases and malformations of the newly born. Growth, metabolism, nutrition, nutritional diseases, therapeutics, habits, preventive pediatrics, and social aspects are considered. One hour a week for twenty-four weeks. Schutz
- 357-58 *Clinic*
 Clinical instruction in the care and diseases of the newly born, congenital malformations, birth injuries, and prematurity. Gallinger Hospital. One fourth of the class, one hour a week. Pincok, Grosvenor
- 359-60 *Contagious-Disease Clinic*
 Bedside instruction in scarlet fever, diphtheria, etc. Gallinger Hospital. One fourth of the class, one hour a week. Ward walks twice a week. The Staff
- 463-64 *Child-Welfare and Preventive Clinic*
 Clinical course in the infant and the pre-school child. Children's Hospital, Child Welfare Center. One section, one hour a week. Schultz, Jaeger

- 465-66 *Clinic* The Staff
 Out-patient clinic: minor to serious disorders of children, emotional life of the child, habit formations, and behavior problems. Children's Hospital. One section, Mon., Tues., Wed., and Fri., one and one-half hours.
- 467-68 *Clinic* McLendon
 Teaching clinic. Children's Hospital. Entire class, one and one-fourth hours a week.
- 469-70 *Clinical Clerkship* The Staff
 Ward walks, physical diagnosis, pediatric procedures, bedside instruction in contagious diseases, laboratory and necropsy instruction, diagnosis of urgent cases. Children's Hospital. One fourth of the class. Mon., Tues., Wed., and Fri., 9:30 A.M. to 4:30 P.M.
- 471-72 *Allergy Clinic* Jaeger, Todd
 Prerequisite: Bacteriology 209. Practical work in the Allergy Clinic of Children's Hospital may be obtained by a small group of senior students. Two afternoons a week.

PHARMACOLOGY AND THERAPEUTICS

George Byron Roth, A.B., M.D., *Professor of Pharmacology, Executive Officer*

Edgar William Ligon, Jr., Ph.D., *Assistant Professor of Pharmacology*

Edward Leong Way, Ph.D., *Instructor in Pharmacology*

263 *Pharmacology*

Laboratory instruction covering both the chemical nature and the biological effects of drugs. Five hours a week. Roth and Staff

265 *Pharmacology*

Lectures and demonstrations to correlate the most prominent facts relating to the more important therapeutic agents. Drugs found in the *United States Pharmacopoeia* and *New and Non-official Remedies* are stressed. Three hours a week. Roth

267 *Pharmacology Conference*

One hour a week. Roth and Staff

269 *Prescription Writing*

Sixteen one-hour conferences on the form of the prescription, with practical exercises. Roth

362 *Research*

Hours and credits to be arranged. Roth and Staff

PHARMACY

- *William Paul Briggs, M.S., *Professor of Pharmacy*
- *Lea Gene Gramling, Ph.D., *Assistant Professor of Pharmacology and Pharmacognosy*
- Lloyd Walter Hazleton, Ph.D., *Assistant Professor of Pharmacology, Acting Executive Officer*
- *Charles Watson Bliven, M.S., *Assistant Professor of Pharmaceutical Chemistry*
- Asa Vernon Burdine, *Lecturer on Pharmaceutical Economics*
- Harold Clayton Kinner, B.S. in Phar., *Lecturer on Pharmaceutical Law*
- Leopold Henry Forster, Ph.G., *Instructor in Hospital Pharmacy*
- Helen McDonald Tingle, B.S. in Phar., *Instructor in Pharmacy*
- Emily Anna May Godfrey, B.S. in Ed., *Associate in Pharmaceutical Chemistry; Research Associate in Pharmacology*
- Kathleen Darner Talbert, A.B., *Associate in Pharmacognosy; Research Associate in Pharmacology*

SEMINAR LECTURERS

- James Johnson Durrett, M.S., Phar.G., M.D., *Professorial Lecturer on Drug Control Problems*
 - Evander Francis Kelly, Phar.D., Sc.D., *Professorial Lecturer on Pharmaceutical Organizations*
 - Carson Peter Frailey, Phar.D., *Professorial Lecturer on Industrial Pharmacy*
 - Warren Fales Draper, A.B., M.D., *Professorial Lecturer on Public Health*
 - Frederick John Cullen, Phar.G., M.D., *Professorial Lecturer on Drug Manufacture*
 - James Albert Horton, LL.B., *Professorial Lecturer on Drug Trade Regulations*
 - John Christian Krantz, Jr., Ph.D., *Professorial Lecturer on Pharmaceutical Research*
 - Justin Lawrence Powers, Ph.D., *Professorial Lecturer on Official Drug Standards*
 - George Clemens Ruhland, M.D., *Professorial Lecturer on Hygiene and Sanitation*
 - Robert Lee Swain, Phar.D., LL.B., *Professorial Lecturer on Contemporary Pharmacy*
 - George Potter Larrick, *Professorial Lecturer on Drug Control*
- Minimum requirements for the degree.—See pages 110-12.*

* On war leave 1944-45.

FIRST GROUP

- 1-2 *Principles of Pharmacy* (2-2) Tingle
Pharmaceutical mathematics and fundamental laboratory technique. Material fee, \$6 a term; breakage deposit,* payable in advance, \$5 a year. Mon. and Wed., 9:10 A.M. Laboratory—Fri., 9:10 to 11:00 A.M.
- 21-22 *Operative Pharmacy* (4-4) Godfrey
The theory and manufacture of pharmacopoeial and formulary preparations. Material fee, \$9 a term; breakage deposit,* payable in advance, \$10 a year. Mon. and Wed., 9:10 A.M. Laboratory—fall term: Tues. and Thurs., 1:40 to 4:30 P.M.; winter term: Mon. and Wed., 1:40 to 4:30 P.M.
- 23-24 *Pharmacognosy* (3-3) Talbert
Macroscopic and microscopic. Prerequisite: Botany 1. Material fee, \$6 a term. Tues. and Thurs., 10:10 A.M. Laboratory—Fri., 1:40 to 4:30 P.M.

SECOND GROUP

- 102 *Dispensing Pharmacy* (4) Tingle
Compounding of typical prescriptions and a study of incompatibilities. Prerequisite: Pharmacy 2 and 22. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Mon. and Wed., 10:10 A.M. Laboratory—Tues. and Thurs., 1:40 to 4:30 P.M.
- 103 *Dispensing Pharmacy* (4) Tingle
Continuation of Pharmacy 102. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Tues. and Thurs., 10:10 A.M. Laboratory—Tues. and Fri., 1:40 to 4:30 P.M.
- 105-6 *Pharmacology I* (2-2) Hazleton
Uses of official and new nonofficial drugs; biologicals, glandular products, first aid, and medical requisites. Mon. and Wed., 9:10 A.M.
- 108 *History of Pharmacy* (1) Tingle
Fri., 10:10 A.M.
- 109 *Organic Pharmaceutical Chemistry* (3) Tingle
Preparation and qualitative testing of official organic chemicals and chemical preparations. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Prerequisite: Chemistry 152. Tues. and Thurs., 10:10 A.M. Laboratory—Fri., 1:40 to 4:30 P.M.
- 110 *Inorganic Pharmaceutical Chemistry* (3) Tingle
Preparation and qualitative testing of official inorganic chemicals and chemical preparations. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Prerequisite: Chemistry 21. Mon. and Wed., 11:10 A.M. Laboratory—Thurs., 1:40 to 4:30 P.M.
- 151 *Advanced Pharmacognosy* (2) (Not offered in 1944-45.)
Microscopic. Prerequisite: Pharmacy 24. Material fee, \$6.

* The maximum deposit for two or more courses is \$10. In case the student's breakage totals more than this amount, he will be required to make an additional deposit.

- 153-54 *Pharmacology II* (3-3) Hazleton
Laboratory work in basic pharmacological technique. Prerequisite: Pharmacy 106; Physiology 115 and 117. Material fee, \$6 a term. Hours to be arranged.
- 165-66 *Pharmacology III* (3-3) Hazleton
Pharmacodynamics, toxicology, and biological assays. Prerequisite: Pharmacy 24 and 106; Physiology 115 and 117. Pharmacy 166, material fee, \$9. Fall term: Tues., Thurs., and Fri., 9:10 A.M. Winter term: Tues. and Thurs., 9:10 A.M. Laboratory—Fri., 1:40 to 4:30 P.M.
- 172 *Advanced Dispensing Pharmacy* (2)
The equipment and management of professional pharmacies and advanced dispensing. Prerequisite: Pharmacy 103. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. (Not offered in 1944-45.)
- 174 *Quantitative Pharmaceutical Analysis* (4) Tingle
Drug analysis. Prerequisite: Chemistry 22. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Tues. and Thurs., 11:10 A.M. Laboratory—Tues. and Thurs., 1:40 to 4:30 P.M.
- 176 *Pharmaceutical Law* (1) Kinner
Fri., 9:10 A.M.
- 178 *Pharmaceutical Economics* (2) Burdine
Fri., 11:10 A.M. to 1:00 P.M.
- 181 *Advanced Pharmacology I* (2)
Special problems and studies in the field of pharmacology. Prerequisite: Pharmacy 106. Prerequisite or concurrent registration: Pharmacy 165. (Not offered in 1944-45.)
- 184 *Advanced Pharmacology II* (2)
Advanced biologicals and glandular products. Prerequisite: Pharmacy 106. Prerequisite or concurrent registration: Pharmacy 166. (Not offered in 1944-45.)
- 186 *Pharmaceutical Chemistry* (2)
A study of the relationship of structure to action of synthetic drugs. Prerequisite: Pharmacy 109. (Not offered in 1944-45.)
- 187-88 *Seminar* (1-1) The Seminar Staff
A symposium covering the various phases of Pharmacy. Fri., 10:10 A.M. (Not offered in 1944-45.)
- 192 *Prescription Practice (no credit)* Forster
The compounding of prescriptions and manufacture of medicinal preparations in the University Hospital Pharmacy. Required of seniors.

* The maximum breakage deposit for two or more courses is \$10. In case the student's breakage totals more than this amount, he will be required to make an additional deposit.

PHILOSOPHY

Christopher Browne Garnett, Jr., Ph.D., Litt.D., *Elton Professor of Philosophy, Executive Officer*

The major.—The major in philosophy, administered under the new plan, provides an opportunity for the student to become acquainted with the broader and more fundamental aspects of his world and his civilization.

FIRST GROUP

I-2 *Introduction to Philosophy* (3-3)

The course is designed to introduce the student to the vital issues, both theoretical and practical, with which human intelligence is confronted in the present age. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.

Summer term 1944.

SECOND GROUP

III-12 *History of Philosophy* (3-3)

A historical survey of the large periods and the main philosophers in the Orient and the Western world. Tues., Thurs., and Sat. 9:10 A.M.

121 *Logic* (3)

A critical study of deductive logic, induction, and the application of the principles of reflective thought in the natural and social sciences.

Summer term 1944.

132 *Ethics* (3)

A study of wisdom in conduct in personal and group life. (Not offered in 1944-45.)

142 *Contemporary American Philosophy* (3)

A comparative study of the general philosophies of Dewey, Perry, Pratt, Stace, Whitehead, Santayana, and Fite. (Not offered in 1944-45.)

151 *Problems in the Philosophy of the Sixteenth and Seventeenth Centuries* (3)

A comparative study of the general philosophies of Bruno, Bacon, Descartes, Malebranche, Spinoza, Leibniz, and Newton. (Not offered in 1944-45.)

155-56 *Philosophical Movements in the Eighteenth Century* (3-3)

A study of the general culture of the Enlightenment with special emphasis upon science, art, literature, religion, and politics. Ability to read French and German is desirable. (Not offered in 1944-45.)

199-200 *Proseminar: Readings for the Major* (3-3)

Hours to be arranged.

PHYSICAL EDUCATION FOR MEN*

†James Ebenezer Pixlee, B.S., *Professor of Physical Education for Men*
 William Henry Myers, A.M., *Associate Professor of Physical Education for Men; Executive Officer*
 Milo Frederick Christiansen, B.S., M.R., *Lecturer in Physical Education*
 George Albert Lentz, *Associate in Physical Education for Men*

This Department includes all the recognized athletic activities of the men students of the University.

Two years of physical education (Physical Education 1-2 and 11-12) are required of all men for graduation, except those students exempt under the regulations stated on page 38.

Upon entering the University, all freshmen or other undergraduate students who have not fulfilled the physical education requirement are given a medical examination. Assignments for medical examinations will be given at the time of registration. The students who satisfy the requirements of the medical examination are then given a physical efficiency test in the general bodily skills of agility, endurance, and strength; and in swimming. If the physical efficiency test is passed, the student may elect from the following list of activities, all of which are essential for war training:

- Setting-up Exercises (stretching exercises)
- Military Exercises (self-defensive combative skills)
- Competitive Exercises (modified games and sports)
- Swimming Exercises (distance, speed, and war functioning)

If the physical efficiency test is not passed, the student will be assigned to a class for training in the above activities in the order listed.

The Department furnishes gymnasium uniforms and personal equipment upon a small payment.

Minimum requirements for the Dual-Major Teacher's Course.—See page 118.

Minimum requirements for the Single-Major Teacher's Course.—See page 118.

Minimum requirements for the minor.—Prerequisite: Physical Education 42, 43-44, 45-46 (all of these courses may be satisfied by examination), 47, 49, 58. Required: twelve credit hours of second-group courses in physical education, including 101, 102, and 113-14.

FIRST GROUP

1-2 *Freshman Physical Education*§ (2-2) The Staff
 Four periods of supervised activity a week. Locker and towel fee, \$2 a term. Assignment for activities and hours to be arranged.

11-12 *Sophomore Physical Education*§ (2-2) The Staff
 Four periods of supervised activity a week. Locker and towel fee, \$2 a term. Assignment for activities and hours to be arranged.

* The University is not responsible for injuries received in inter-collegiate or intra-mural games, or in any of the activities of the departments of physical education.

† On war leave 1944-45.

§ Freshmen and sophomores in the School of Engineering are required to take two, instead of four, periods of physical education a week for which they receive one, instead of two, credits a term.

- 42 *Aquatic Sports, Swimming, and Lifesaving* (2)
Fri., 1:00 to 3:00 P.M.
- 43-44 *Techniques of Physical Education Motor Activities for Freshmen* (2-2)
A critical survey of the fundamental skills, rules, organization, appreciations, and attitudes in these activities. Mon. and Wed., 1:40 to 3:30 P.M.
- 45-46 *Techniques of Physical Education Motor Activities for Sophomores* (2-2)
Tues. and Thurs., 1:40 to 3:30 P.M.
- 47 *Introduction to Physical Education* (2)
An orientation course presenting in elementary form the problems of physical education, vocational analysis, historical implication, scientific foundations, and scope of field. (Not offered in 1944-45.)
- 49 *Human Anatomy* (3)
The structure of the human body. Basic course for physical education students. Open to both men and women. Prerequisite: Biology 1-2. Hours to be arranged.
- 58 *First Aid and Care of Athletic Injuries* (2)
Prevention and emergency care of injuries of all types, with special reference to first aid, bandaging, and massage. A practical course. Prerequisite: Physical Education 49; Biology 1-2. Tues. and Thurs., 1:40 P.M.

SECOND GROUP

- 101 *Nature and Function of Play* (2)
The significance of play in human growth and development; social and physical aspects of play; play activities in relation to age levels. Open to both men and women. Tues. and Thurs., 6:10 P.M.
- 103 *History and Principles of Physical Education* (2)
The interpretation of objectives of physical education activities under leadership, in terms of development, adjustment, and standards. Open to both men and women. Mon. and Wed., 9:10 A.M.
- 107 *Introduction to Methods in Physical Education* (2)
Essential facts of education, psychology, and sociology, with special reference to the problem of method in physical education. Prerequisite: Biology 1-2; Psychology 1 and 22; Sociology 27 and 28. (Not offered in 1944-45.)
- 109 *Leadership Organization in the Intramural Program* (2)
Principles of administration, organization, and supervision of intramural activities in the physical-education program of the junior high

schools, senior high schools, and colleges. Prerequisite: Physical Education 47 and 107. Mon. and Wed., 1:40 P.M.

Physical Education 109x—same as Physical Education 109, but offered winter term. Mon. and Wed., 1:40 P.M.

113-14 *Directed Teaching in Physical Education Activities (2-2)* The Staff

Practical demonstration of teaching procedures in adapting activities to the various problems in the secondary school organization. Prerequisite: a minimum of twelve credit hours in physical education; Physical Education 107. Hours to be arranged.

115-16 *Methods in Major Sport Activities (2-2)* The Staff

Teaching procedures in adapting major sport activities to the several age-period groups and to individual differences existing in the secondary school organization. Prerequisite: demonstration of a fair degree of skill in these various activities; Physical Education 107. (Not offered in 1944-45.)

117-18 *Methods in Minor Sport Activities (2-2)* The Staff

The scientific procedures in adapting these various activities to a secondary school physical-education program. Prerequisite: demonstration of a fair degree of skill in these various activities; Physical Education 107. (Not offered in 1944-45.)

121 *School and Community Health Programs (3)* Myers

Health services, healthful environment, health instruction, sources of material for general health knowledge. Open to both men and women. Prerequisite: Zoology 1-2 or Biology 1-2. Hours to be arranged.

122 *Methods and Materials in Health Education (3)* Woodsen

Organization and presentation of health materials for each age level. Prerequisite: Zoology 1-2 or Biology 1-2. Open to both men and women. Hours to be arranged.

123 *Psychological Analysis of Activities (2)* The Staff

A detailed analysis of the mental processes during participation in physical-education activities. Prerequisite: Psychology 1 and 22. (Not offered in 1944-45.)

124 *Applied Anatomy and Physiology (3)* Myers

The anatomical and physiological effects of physical-education activity. Prerequisite: Physical Education 49; Physiology 115; Zoology 1-2. (Not offered in 1944-45.)

125 *Kinesiology of Sports for the Physically Handicapped (3)* Myers

Methods employed in the teaching of body mechanics which are adapted to the prevention and correction of physical disabilities. Prerequisites: Physical Education 49 and 124; Zoology 1-2. (Not offered in 1944-45.)

131 *Tests and Measurements in Physical Education* (3)

Atwell

Critical survey of tests in physical activities; methods of test construction; elementary statistics. Open to both men and women. Hours to be arranged.

133-34 *Observation and Practice Teaching* (3-3)

Myers

Required of every major student in the junior or senior year. Assignments are made to schools in Washington, D. C., and vicinity. Prerequisites: Education 131; Physical Education 113-14. Hours to be arranged.

138 *Administration and Organization of Physical Education* (2)

Myers

The administration of a unified program; a study of physical education plants, athletic fields, and equipment. Prerequisite: Physical Education 47. Tues. and Thurs., 9:10 A.M.

146 *Administration of Community Recreational Programs* (3)

Christiansen

The administrative organization of recreational projects; related agencies; problems of program content. Field trips, observation, practical work. Prerequisite: Physical Education 101. Open to both men and women. Hours to be arranged.

PHYSICAL EDUCATION FOR WOMEN*

Ruth Harriet Atwell, A.M., *Professor of Physical Education for Women*

Helen Bennett Lawrence, A.M., *Associate Professor of Physical Education for Women, Acting Executive Officer*

†Jenny Emsley Turnbull, A.M., *Assistant Professor of Physical Education for Women*

Elizabeth Burtner, A.M., *Assistant Professor of Physical Education for Women*

Camille Jacob Craig, B.S., *Instructor in Physical Education for Women*

Edith Grosvenor Woodson, B.S., *Associate in Physical Education for Women*

Two years of physical education (Physical Education 1-2 and 11-12) are required of all women for graduation, except of students exempt under the regulations stated on page 38. In the fall a complete medical and physical examination is given each student for the purpose of discovering individual needs. Those students whose examinations indicate the desirability of remedial or restricted activity are assigned to a program especially adapted to their needs. This limited program includes moderate sports and individual body mechanics in small groups under careful supervision.

The required costume for physical education classes may be purchased at the Student Club.

Minimum requirements for the major.—For the first two years in Junior College see page 52. For the last two years in the School of Education see page 119. Students desiring to prepare themselves to teach another subject in addition to physical education may do so by choosing their elective hours in one subject-matter field with the advice of the Dean of the School of Education.

FIRST GROUP

1-2 *Freshman Physical Education (1-1)*

The Staff

One period on fundamentals of hygiene and two periods of activity a week.

Hygiene: study of a well-balanced program for daily living based on the general physiological laws of personal hygiene. Section A: Thurs., 12:10 P.M.; section B: Tues., 12:10 P.M.; section C: Wed., 12:10 P.M.

Activities: fall season, soccer or field hockey; winter season, dance, basketball, badminton, ice skating, or individual body mechanics; spring season, elementary, intermediate, or advanced swimming, or (if the swimming test has been passed) archery, canoeing, riding, golf, tennis, or bicycling. Locker and towel fee, § \$2 a term. Section A: Mon. and Fri., 1:40 P.M.; section B: Tues. and Thurs., 1:40 P.M.; section C: Mon. and Fri., 2:40 P.M.; section D: Tues. and Thurs., 2:40 P.M.

* The University is not responsible for injuries received in inter-collegiate or intra-mural games, or in any of the activities of the departments of physical education.

† On war leave 1944-45.

‡ The locker and towel fee is required for registration in one or more of the activity courses.

11-12 *Sophomore Physical Education (1-1)*

The Staff

Two periods of activity a week. Fall season, field hockey, soccer, golf, archery, tennis, or riding; winter season, dance, basketball, badminton, ice skating, or individual body mechanics; spring season, swimming, or (if the swimming test has been passed) tennis, golf, riding, archery, canoeing, or bicycling. Locker and towel fee,* \$2 a term. Section A: Tues. and Thurs., 9:10 A.M.; section B: Mon. and Fri., 12:10 P.M.; section C: Mon. and Fri., 1:40 P.M.; section D: Tues. and Thurs., 1:40 P.M.; section E: Mon. and Fri., 2:40 P.M.; section F: Tues. and Thurs., 2:40 P.M.

13-14 *Skill Techniques in Physical Education Activities (2-2)*

The Staff

Practice in basic motor skills for prospective teachers in the following: (1) team sports—field hockey, soccer, basketball, softball, and speedball; (2) dance—folk, tap, modern; (3) body mechanics; (4) individual and dual sports—swimming, tennis, golf, badminton, archery; (5) graded games for all ages; (6) self-testing activities—tumbling, stunts, achievement tests. Programs are arranged according to individual needs. Locker and towel fee,* \$2 a term. Wed., 1:40 to 4:30 P.M.; other hours to be arranged.

15-16 *Skill Techniques in Physical Education Activities (2-2)*

The Staff

Continuation of Physical Education 13-14. Locker and towel fee,* \$2 a term. Wed., 1:40 to 4:30 P.M.; other hours to be arranged.

18 *Kinesiology (3)*

Lawrence

A study of the anatomical mechanism of movement; analysis of the action of the muscles in physical-education activities. Prerequisite: Biology 1-2 or Zoology 1-2 and an approved course in anatomy. Mon., Wed., and Fri., 9:10 A.M.

49 *Human Anatomy (3)*

Lawrence

The structure of the human body. Basic course for physical education students. Open to both men and women. Prerequisite: Biology 1-2 or Zoology 1-2. Hours to be arranged.

SECOND GROUP

101 *Nature and Function of Play (2)*

Atwell

The significance of play in human growth and development; social and physical aspects of play; play activities in relation to age levels. Open to both men and women. Tues. and Thurs., 6:10 P.M.

103 *History and Principles of Physical Education (2)*

Myers

The interpretation of objectives of physical education activities under leadership, in terms of development, adjustment, and standards. Open to both men and women. Mon. and Wed., 9:10 A.M.

* The locker and towel fee is required for registration in one or more of the activity courses.

105-6 *Individual Body Mechanics and Physical Examinations* (3-3) Lawrence

Cause and correction of faulty body mechanics and other abnormal physical conditions; physical-examination methods used in the diagnosis of physical defects; program adaptation to special cases. Prerequisite: Physical Education 18; Zoology 1-2 or Biology 1-2 and an approved course in anatomy. Mon., Wed., and Fri., 10:10 A.M.

111-12 *Methods of Teaching Physical Education Activities* (2-2) The Staff

Teaching procedures and officiating, with opportunities for practice in teaching the following: (1) team sports; (2) individual and dual sports; (3) graded games; (4) dance; (5) body mechanics. Locker and towel fee,* \$2 a term. Wed., 1:40 to 4:30 P.M.; other hours to be arranged.

119-20 *Methods of Teaching Physical Education Activities* (2-2) The Staff

Continuation of Physical Education 109-10. Locker and towel fee,* \$2 a term. Wed., 1:40 to 4:30 P.M.; other hours to be arranged.

121 *School and Community Health Programs* (3) Myers

Health services, healthful environment, health instruction, sources of material for general health knowledge. Open to both men and women. Prerequisite: Zoology 1-2 or Biology 1-2. Hours to be arranged.

122 *Methods and Materials of Health Instruction* (3) Woodson

Organization and presentation of health materials for each age level. Prerequisite: Zoology 1-2 or Biology 1-2. Open to both men and women.

130 *Clinical Work in Individual Body Mechanics and Physical Examinations* (3) Lawrence

Practice in giving physical examinations, analysis of results, prescription and teaching of corrective exercises; observation in orthopedic clinics in city; first aid and care of athletic injuries, with instruction in bandaging and massage. Prerequisite: Physical Education 18 and 105-6; Zoology 1-2 or Biology 1-2. Hours to be arranged.

131 *Tests and Measurements in Physical Education* (3) Atwell

Critical survey of tests in physical activities; methods of test construction; elementary statistics. Open to both men and women. Hours to be arranged.

132 *Camp Leadership* (1) Atwell and Lecturers

Philosophy and administration of modern camps. Lectures and discussions by specialists in the various phases of camping; field trips; workshop in camp activities; seminar on camp administration. Additional credit for field work in camp under supervision may be arranged. Open to both men and women. Thurs., 7:30 to 9:30 P.M.

* The locker and towel fee is required for registration in one or more of the activity courses.

133-34 *Observation and Cadet Teaching* (3-3) Atwell, Burtner
Directed teaching with weekly conferences in junior and senior high schools.

140 *Administration of Physical Education* (3) Atwell
Organization and administration of physical education in elementary and secondary schools and colleges. Prerequisite: Physical Education 101 and 103 Mon., Wed., and Fri., 9:10 A.M.

146 *Administration of Community Recreational Programs* (3) Christiansen
The administrative organization of recreational projects; social organization of recreation; problems of program content. Field trips; observation; practice work. Prerequisite: Physical Education 101. Open to both men and women.

PHYSICS

Thomas Benjamin Brown, Ph.D., *Professor of Physics, Executive Officer*
 Walter Lynn Cheney, Ph.D., *Professor of Physics*
 George Antony Gamow, Physics D., *Professor of Theoretical Physics*
 *Edward Teller, Ph.D., *Professor of Physics*
 *Raymond John Seeger, Ph.D., *Associate Professor of Physics*
 Jacob Cull French, B.S., *Instructor in Physics*
 George Martin Koehl, A.M., *Associate in Physics*

The major.—Prerequisite: Physics 6, 7, 8, and 55; Chemistry 12; Mathematics 19 and 20. Required for the Bachelor of Arts degree: Physics 116, 121, 125 (or Electrical Engineering 9 and 10); Mathematics 132; nine credit hours from Physics 113-14, 122, 128, 132, and 161; three credit hours from Physics 143-44 and 155. Required for Bachelor of Science degree: same as for the Bachelor of Arts degree, plus Mathematics 171.

FIRST GROUP

5 *General Physics*‡ (3) Cheney and Staff

Introduction to the scientific method as used in the study of energy and forces; physical properties of solids, liquids, and gases; phenomena of heat and light. Prerequisite: high school algebra and plane geometry. Material fee, \$6. Lecture—section A: Tues., 11:10 A.M.; section B: Tues., 6:10 P.M. Recitation and laboratory—section L: Thurs., 11:10 A.M., and Wed., 1:40 to 4:00 P.M.; section M: Thurs., 1:40 and 2:40 to 5:00 P.M.; section N: Fri., 1:40 and 2:40 to 5:00 P.M.; section R: Thurs., 6:10 and Tues., 8:00 to 10:30 P.M.; section T: Thurs., 7:10 and 8:00 to 10:30 P.M.

Physics 5x—same as Physics 5, but offered winter term. Section A: Lecture—Mon., 11:10 A.M., Recitation—Fri., 1:00 P.M., Laboratory—Fri., 2:00 to 4:30 P.M.; section B: Lecture—Mon., 7:10 P.M., Recitation—Wed., 7:10 P.M., Laboratory—Wed., 8:00 to 10:30 P.M.

6 *General Physics*‡ (3) Cheney and Staff

Mechanics, wave-motion, sound, and the theory of optical instruments. Offered winter term. Prerequisite: Physics 5; high school algebra and plane geometry. Material fee, \$6. Lecture—section A: Tues., 11:10 A.M.; section B: Tues., 6:10 P.M. Recitation and laboratory—section L: Thurs., 11:10 A.M. and Wed., 1:40 to 3:30 P.M.; section M: Thurs., 1:40 and 2:40 to 4:30 P.M.; section N: Fri., 1:40 and 2:40 to 4:30 P.M.; section P: Thurs., 6:10 and Mon., 8:00 to 10:00 P.M.; section R: Thurs., 7:10 and Tues., 8:00 to 10:00 P.M.; section S: Thurs., 6:10 and Wed., 8:00 to 10:00 P.M.

Summer term 1944.

* On war leave 1944-45.
 ‡ Physics 6, 7, and 8

constitute the basic course in physics. Students who have credit for high school physics from an accredited high school may omit Physics 5 as a prerequisite to Physics 6 and 7, provided that they pass a qualifying examination given at the beginning of the course (Physics 6 or Physics 7).
 Before completing registration for Physics 5, 6, 7, or 55, each student must obtain from the representative of the Department an assignment to a class section.

7 *General Physics** (3)

Brown and Staff

Electricity; magnetism; the principles underlying the uses of electric power in everyday life. Offered fall term. Prerequisite: Physics 5; high school algebra and plane geometry. Material fee, \$6. Lecture—section A: Thurs., 11:10 A.M.; section B: Thurs., 6:10 P.M. Recitation and laboratory—section K: Tues., 1:40 and 2:40 to 4:30 P.M.; section L: Wed., 1:40 and 2:40 to 4:30 P.M.; section N: Tues., 11:10 A.M. and Fri., 1:40 to 3:30 P.M.; section P: Tues., 6:10 and Mon., 8:00 to 10:00 P.M.; section R: Tues., 7:10 and 8:00 to 10:00 P.M.; section S: Tues., 6:10 and Wed., 8:00 to 10:00 P.M.

Summer term 1944.

8 *General Physics** (2)

Brown

The experimental evidence concerning the nature of light, electricity, and matter; practical developments of modern physics, such as X-ray apparatus, electron tubes, and radio. Prerequisite: Physics 6 and 7. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 6:10 P.M.

Summer term 1944 (Cheney).

55 *Physical Measurements** (2)

Brown

Theory and use of the methods of precise measurement in the several fields of physics. Prerequisite: Physics 6 and 7. Prerequisite or concurrent registration: Mathematics 19. Material fee, \$6. Section A: Thurs., 1:40 P.M.; laboratory—Thurs., 2:40 to 4:30 P.M. Section B: Wed., 7:10 P.M.; laboratory—Fri., 7:00 to 9:00 P.M.

SECOND GROUP

113-14 *Molecular and Atomic Physics* (3-3)

Gamow

Constituent particles of matter; kinetic theory and the properties of macroscopic bodies; spectra and the structure of atoms and molecules; introduction to chemical physics. Prerequisite: Physics 8; Mathematics 20. Tues. and Thurs., 7:35 to 8:50 P.M.

116 *Optics* (3)

Gamow

Geometrical optics; elementary theory of wave motion; interference, diffraction, polarization, and dispersion of light; laws of black-body radiation. Prerequisite: Physics 8; Mathematics 20. (Not offered in 1944-45.)

Summer term 1944.

121 *Mechanics* (3)

Cheney

Statics, elasticity, dynamics of solids and fluids, and gravitation. Prerequisite: Physics 6; Mathematics 20. Mon., Wed., and Fri., 6:10 P.M.

122 *Heat and Thermodynamics* (3)

Cheney

Thermometry, calorimetry, heat conduction, the laws of thermodynamics with application to physical systems. Prerequisite: Physics 8; Mathematics 20. (Not offered in 1944-45.)

* Physics 6, 7, and 8 constitute the basic course in physics. Students who have credit for high school physics from an accredited high school may omit Physics 5 as a prerequisite to Physics 6 and 7, provided that they pass a qualifying examination given at the beginning of the course (Physics 6 or Physics 7).

Before completing registration for Physics 5, 6, 7, or 55, each student must obtain from the representative of the Department an assignment to a class section.

- 125 *Principles of Electricity* (3) Cheney
Fundamental phenomena of electricity and magnetism; circuit theory, including elementary alternating-current circuits; terrestrial magnetism; atmospheric electricity. Prerequisite: Physics 8; Mathematics 20. (Not offered in 1944-45.)

- 128 *Sound* (3) Cheney
Production, propagation, and detection of sound waves; vibrations of sounding bodies; acoustic instruments and acoustic measurements. Prerequisite: Physics 8; Mathematics 20. 1944-45 and alternate years, Mon., Wed., and Fri., 6:10 P.M.

- 132 *Electronics* (3) Brown
The phenomena of electron emission from solids; the physical properties of electron tubes, and the principles underlying their basic applications. Prerequisite: Physics 8 and 55, and Physics 125 or Electrical Engineering 10. Material fee, \$6. Lecture—Mon. and Wed., 7:10 P.M. Laboratory—Mon., 8:10 to 10:00 P.M.

- 143-44 *Modern Experimental Physics* (3-3) Brown
Experimental methods for the study of the physical properties of electrons, atoms, and molecules. Prerequisite: Physics 8 and 55; Mathematics 20. Material fee, \$6 a term. (Not offered in 1944-45.)

- 155 *Advanced Physical Measurements* (3) Brown
An individual program of experiments arranged for each student in accordance with his preparation and his special interests. Prerequisite: Physics 55 and one course from Physics 116, 121, 125 (or Electrical Engineering 9 and 10). Material fee, \$6. Tues. and Thurs., 7:35 to 10:00 P.M.

- 161 *Nuclear Physics* (3) Gamow
Radioactivity, nuclear transformations, new particles; astrophysical applications. Prerequisite: Physics 113-14. (Not offered in 1944-45.)

THIRD GROUP

- 201-2 *Modern Physical Theories* (3-3) Gamow
Elements of relativity, quantum theory, and nuclear physics. Prerequisite: Physics 113-14. Tues. and Thurs., 6:10 to 7:25 P.M.

- 211-12 *Classical Physical Theory* (3-3) Brown, Cheney
Fall term: dynamics of systems of particles and of rigid bodies; generalized coordinates. Winter term: dynamics of elastic bodies and fluids; electromagnetic field theory. Prerequisite: Physics 121, 122, and 125; Mathematics 132 and 171. Mon., Wed., and Fri., 7:10 P.M. Summer term 1944—Physics 211 (3).

- 213-14 *Electromagnetic Radiation* (3-3) Brown
Electromagnetic theory as applied to light and radio waves, with especial consideration given to "micro-waves". Prerequisite: Physics 125 and 132 or the equivalent. 1945-46 and alternate years, Mon., Wed., and Fri., 6:10 P.M.

217-18 *Statistical Physics* (3-3)

Foundations of classical and quantum statistics; kinetic theory of gases; fluctuation phenomena; thermodynamic properties of matter and radiation. Prerequisite: Physics 113-14, 121, and 122. 1944-45 and alternate years, Mon., Wed., and Fri., 6:10 P.M.

221-22 *Quantum Mechanics* (3-3)

Formulation and application of laws holding within the atom; the relation of these laws to those of classical physics. Prerequisite: Physics 113-14 and 211-12. (Not offered in 1944-45.)

266 *Relativity and Gravitational Theory* (3)

Basic principles; relativistic mechanics and electrodynamics; theory of gravitation; cosmology. Prerequisite: Physics 211-12. (Not offered in 1944-45.)

Gamow

275 *Structure of Stars* (3)

Advanced work on stellar structure and energy sources. on a conference basis, admission by special permission.

Gamow
Either term291-92 *Seminar: Recent Developments in Physics*
(1-1)

Individual investigations of special problems. All students registered for a Master's degree in physics are required to attend this seminar during the time they are working for this degree. They may register for credit for a maximum of three credit hours. to 10:00 P.M., alternate weeks.

PHYSIOLOGY

Errett Cyril Albritton, A.B., M.D., *Professor of Physiology, Executive Officer*

Chester Elwood Leese, Ph.D., *Associate Professor of Physiology*

Robert Custis Grubbs, M.S., M.D., *Assistant Professor of Physiology*

115 Physiology (3) Leese and Staff
Lectures for academic students covering the fundamentals of physiology in its various subdivisions. Prerequisite: one year of general science or one term of a biological science. Section A: Tues., Thurs., and Sat., 9:10 A.M.; section B: Tues. and Thurs., 5:10 to 6:25 P.M.

117 Physiology (1) Grubbs
Laboratory exercises in the fundamentals of physiology, for academic students. Prerequisite: Physiology 115 or the equivalent. The two, 115 and 117, may be taken concurrently. Material fee, \$12. Sat., 10:10 A.M. to 1:00 P.M.

132 Physiology Albritton and Staff
Sixteen physiological lectures in each of the following divisions, each as a unit: (1) blood, heart, circulation, respiration, and acid-base balance; (2) nutrition, digestion, metabolism, excretion, temperature regulation, and water balance; (3) sensory reception, central nervous processes, and somatic and visceral motor activity; (4) the endocrine glands and reproduction.

134 Experimental Physiology Albritton and Staff
Laboratory work in each of the divisions listed in Physiology 132. Nine hours a week.

137 First Aid Grubbs
Lectures by the staff and practical exercises conducted by qualified Red Cross First Aid instructors designed to enable the student to complete the "standard" course in First Aid and to appreciate the value and limitations of such training. One hour a week.

200 Physiology of Activity (1 or 2) Albritton
The circulatory, respiratory, endocrine, metabolic, and other adaptations, immediate and long term, accompanying and affecting activity. May be taken for two credits with additional work. Prerequisite: Physiology 115 or the equivalent. Tues., 9:10 A.M.

269-70 Problems in Physiology Albritton and Staff
Hours and credits to be arranged.

272 Experimental Method Albritton
Design of controlled experiments in medical or biological investigation; errors in design; criticism and judgment of evidence, and tests of the statistical significance of experimental results. May be taken for one credit with additional work. Eight lectures, hours to be arranged.

274 *The Psycho-Physiology of Personality*

Lectures on the genesis and expression of personality, with emphasis on the physiological approach. May be taken for one credit with additional work. Eight lectures, hours to be arranged.

Leese

275-76 *Research*

Hours and credits to be arranged.

POLITICAL SCIENCE

Warren Reed West, Ph.D., *Professor of Political Science, Executive Officer*

William Crane Johnstone, Jr., Ph.D., *Professor of Political Science*

Charles Hyneman, Ph.D., *Professorial Lecturer on Public Administration*

John Albert Tillema, Ph.D., LL.M., S.J.D., *Associate Professor of Political Science*

*John Withrow Brewer, Ph.D., *Associate Professor of International Law*

Robert Carnell Sampson, A.M., *Lecturer on Public Personnel Administration*

Minimum requirements for the major.—Prerequisite: Political Science 9-10. Required: twenty-four credit hours from the following groups distributed as follows: six hours from Group A; six hours from Group B; six hours from Group A, B, or C; six hours from Group A, B, C, or D.

Group A: Political Science 111, 112, 117, 121, 122. Group B: Political Science 171, 172, 181. Group C: Political Science 115, 116, 124, 141, 151, 152, 161, 164, 192, 193, 194, 294. Group D: Political Science 127, 128, 129, 130.

FIRST GROUP

9-10 *Government of the United States*† West, Tillema
(3-3)

Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Tues. and Thurs., 6:10 to 7:25 P.M.

Political Science 9x—same as Political Science 9, but offered winter term. Mon., Wed., and Fri., 5:10 P.M.

Political Science 10x—same as Political Science 10, but offered fall term. Mon., Wed., and Fri., 5:10 P.M.

Summer term 1944.

SECOND GROUP‡

111 *The Governments of Europe: the Democracies* (3) Tillema

Mon., Wed., and Fri., 9:10 A.M.

Summer term 1944.

112 *The Governments of Europe: the Dictator States* (3) Tillema

Mon., Wed., and Fri., 9:10 A.M.

Paul Jacob Ewerhardt, M.D., *Clinical Instructor in Psychiatry*

Isabelle Kendig, Ph.D., *Clinical Instructor in Psychiatry*

136 *Introductory Medical Psychology* Overholser and Staff
Theoretical and practical aspects of the constitution, character, and personality as related to medicine; psychological features in various diseases; types of character development and their ways of adaptation. One hour a week.

278 *Psychopathology* Hall
Manifestations and understanding of various abnormal mental mechanisms and reaction-types, illustrated with suitable case material, and preceded by history of development of psychopathology. One hour a week.

366 *Psychiatry* Overholser
Major psychoses, illustrated by the presentation of clinical material and utilized for the purpose of explaining the fundamental psychological mechanisms involved. St. Elizabeths Hospital. One hour a week.

368 *Psychosomatic Aspects of General Medicine* Katzenelbogen
Somatic disorders of functional origin versus organic structural disorders. The role of personality reactions in somatic disorders (illustrative cases). Gallinger Hospital. One hour a week.

370 *Personality Adjustments* Ewerhardt
Maladaptations occurring in childhood and youth. One hour a week for eight weeks.

427-28 *Psychological Techniques in Psychiatric Practice* Kendig
Discussion of psychological concepts and tools available for determination of intellectual level, personality structure, functional impairment, and organic deterioration. One hour a week for four weeks.

473-74 *Ward Work*

The Staff

Personal mental examinations and formal written report of the examination of the various types of psychosis, followed by a review of the cases with an instructor. St. Elizabeths Hospital. Two hours a week.

475 *Psychoneurosis*

Overholser and Staff

Types of cities; their origin, growth, social structure, composition, functions, and problems; urban personalities and institutions; urbanization and social control; city planning. (Not offered in 1944-45.)

135 *Child-Welfare Problems* (3)

Social aspects of infant and child morbidity and mortality; socializing the child through the home, play group, and school; the physically handicapped child; dependent children; child labor; juvenile delinquency. (Not offered in 1944-45.)

136 *Criminology* (3)

The nature, types, and distribution of crime; causes of criminal behavior; the machinery of justice; types of treatment; recidivism; rehabilitation; crime-prevention programs. Field trips to local penal institutions. (Not offered in 1944-45.)

SPEECH

Willard Hayes Yeager, A.M., *Depew Professor of Public Speaking, Executive Officer*

*Harold Friend Harding, Ph.D., *Professor of Public Speaking*

*Henry Goddard Roberts, A.M., *Assistant Professor of Public Speaking*

*Winfield DeWitt Bennett, A.M., LL.B., *Assistant Professor of Public Speaking*

Verna Finger Torgerson, M.S., *Assistant Professor of Speech*

Floyd Lorang Sparks, A.B., *Teaching Fellow in Play Production*

The major.—Required: twenty-four credit hours of second- and third-group courses. Recommended in addition: English 175, 183-84; Philosophy 111-12 and 121; Psychology 151.

FIRST GROUP

- 1 *Principles of Effective Speaking* (3) Yeager, Torgerson
Short informative speeches; delivery practice; pronunciation, enunciation, and diction; impromptu speaking. Speech recordings are required. Recording fee, \$1.50. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.; section C: Mon., Wed., and Fri., 7:10 P.M.; section D: Tues., Thurs., and Sat., 11:10 A.M.

Speech IX—same as Speech 1, but offered winter term. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.

Summer term 1944.

- 2 *Persuasive and Entertaining Speaking* (3) Yeager
Special emphasis is placed on persuasive and entertaining speeches. This course is a continuation of Speech 1, which is prerequisite. Recording fee, \$1.50. Mon., Wed., and Fri., 6:10 P.M.

- 11 *Training of the Speaking Voice* (3) Torgerson
Developing ease, naturalness, and clarity in the speaking voice. Analysis of individual voices through recordings. Phonetic approach to the study of the sounds of English and the standards of speech. Class instruction in problems of rate, volume, pitch, and quality. Recording fee, \$1.50. Section A: Tues., Thurs., and Sat., 10:10 A.M.; section B: Mon., Wed., and Fri., 7:10 P.M.

Speech IIX—same as Speech 11, but offered winter term. Section A: Tues., Thurs., and Sat., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:10 P.M.

- 42 *Parliamentary Law* (2) Roberts

The correct procedure in forming an organization and in conducting its meetings in an orderly and businesslike manner. (Not offered in 1944-45.)

* On war leave 1944-45.

- 61-62 *Acting* (3-3) Sparks
Body movement; basic expression and character analysis; interpretation; and make-up. Recording fee, \$1.50. Tues. and Thurs., 6:10 to 7:25 P.M.
- 65-66 *Stagecraft* (3-3) Sparks
Building, painting, lighting, and rigging of stage scenery. Mon., Wed., and Fri., 1:00 P.M.
- 71-72 *Speech Clinic* Torgerson
Individual and group lessons for problems of voice and articulation: lisping, dialects, cleft palate speech, sound substitutions, stammering. Hours to be arranged.
- 73 *American Speech* (3) Torgerson
Class limited to foreign born students. Instruction in the formation of the sounds of spoken English, pronunciation, stress, and intonation. The International Phonetic Alphabet is used. Analysis of individual voices through recordings. Mon. and Wed., 7:10 to 8:25 P.M.
Speech 73x—same as Speech 73, but offered winter term. Mon. and Wed., 7:10 to 8:25 P.M.

SECOND GROUP

- 102 *Oral Interpretation of Literature* (3) Torgerson
Reading to others: theory and practice in the problems of communicating meaning and emotion. Selections for study include poetry and prose. Each student builds a lecture-recital. Prerequisite: Speech 11. Recording fee, \$1.50. Mon., Wed., and Fri., 11:10 A.M.
- 108 *Speeches for Special Occasions* (3) Yeager
The preparation and presentation of speeches of introduction, presentation, acceptance, welcome, nomination, and eulogy. Prerequisite: three credit hours of speech. Wed., 8:10 P.M.
- 109 *Radio Speaking* (3) Yeager, Sparks,
Radio speeches, interviews, and discussions; news commentating and news reporting. Prerequisite: three credit hours of speech. Recording fee, \$3.00. Mon., Wed., and Fri., 11:10 A.M.
Summer term 1944.
- 116 *Congressional Debate* (3) Harding
Current public questions being debated in the House and Senate of the United States; techniques of discussion both in committee and on the floor. Prerequisite: six credit hours of speech. (Not offered in 1944-45.)
- 121 *Argumentation and Debate* (3) Roberts
The methods of influencing the beliefs or actions of others by means of reasoned discourse; practice debates on problems and on public questions. Prerequisite: Speech I. (Not offered in 1944-45.)

- 131 *Group Thinking and Conference Leadership* (3) Yeager
The process of thinking and problem-solving in committees and small groups, and the methods of leading discussions and conferences. Prerequisite: six credit hours of speech or permission of the instructor. Wed., 8:10 P.M.
- 134 *Business Interviews and Speeches* (3) Yeager
Organization and presentation of facts and opinions for interviews; the use of interviews to obtain information. Reports, sales talks, pep talks, and discussions. Prerequisite: Speech I. (Not offered in 1944-45.)
- 145-46 *English and American Orators and Oratory* (3-3) Yeager, Roberts
Fall term: a survey of English orators and oratory; winter term: a survey of American orators and oratory from colonial days to recent times. Prerequisite: six credit hours of speech. (Not offered in 1944-45.)
- 158 *Legal Argument* (3) Bennett
Opening and closing addresses before juries, practice in summation and presentation of factual information, interpreting and emphasizing evidence, study of models of forensic eloquence, speech composition. Designed for pre-legal students. Prerequisite: three hours of speech or Psychology 157. (Not offered in 1944-45.)
- 163-64 *Advanced Play Production* (3-3) Sparks
Problems of play preparation, staging, directing, and character portrayal. Prerequisite: Speech 62 or 66. Tues., 8:10 P.M.
- 169-70 *Play Production Practice* (3 or 6) Sparks
By permission of the instructor. Hours to be arranged.
- 191-92 *History of the Theory of Public Speaking* (3-3) Harding
Classical and English rhetorical theory, including the works of Aristotle, Cicero, Quintilian, Longinus, Wilson, Campbell, Blair, and Whately. Prerequisite: six credit hours of speech. (Not offered in 1944-45.)

THIRD GROUP

- 201-2 *Seminar* (3-3) Yeager
Hours to be arranged.

STATISTICS

Frank Mark Weida, Ph.D., *Professor of Statistics, Executive Officer*
 John Randolph Riggleman, Ph.D., *Lecturer in Statistics*
 Solomon Kullback, Ph.D., *Lecturer in Statistics*
 William Henry Erskine, Ph.D., *Associate in Statistics*

Minimum requirements for the major.—Prerequisite: Mathematics 12, 19, and 20; Psychology 1 and 2; an introductory course in one of the social sciences, one of the biological sciences, or one of the physical sciences. Required: an understanding of the underlying mathematical theory employed to characterize, compare, and elucidate quantitative or qualitative measurements which are found in (1) the history of statistics, (2) characterization numbers, (3) correlation, (4) frequency distributions and time series, (5) graphical analysis, and (6) collection and presentation of statistical data; a minimum of twenty-four credit hours of second-group courses in departments unrelated to statistics. For further details, see the pamphlet on this subject or consult the adviser.

FIRST GROUP

†1-2 *Elementary Statistics* (3-3) Kullback and Staff

Introduction to scientific method of gathering and tabulating measures of attributes: their analysis, limitations, and interpretations in various fields of knowledge. Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5.00 a term. Lecture—Tues. and Thurs., 6:10 P.M. Laboratory—section N: Mon., 8:00 to 9:40 P.M.; section O: Tues., 8:00 to 9:40 P.M.

†3-4 *Theory of Investment, Social Insurance, Life Insurance* (3-3) Weida

Interest and discount, annuities, valuation, depreciation, life annuities, life insurance premiums, reserves, unemployment and sickness benefits. Prerequisite: at least one entrance unit in algebra. Tues. and Thurs., 11:10 A.M. to 12:25 P.M.

SECOND GROUP

100 *General Statistics* (3) Weida and Staff

Prerequisite: at least one entrance unit in algebra. Mon., Wed., and Fri., 6:10 P.M.

Summer term 1944.

†101-2 *Economic and Sociological Statistics* (3-3) Weida and Staff

Sources of data, collecting and assembling of statistics, tabulation, graphical analysis, averages, measures of dispersion, frequency distributions, index numbers, time series, the normal curve, correlation. Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5 a term. Lecture—section A: Mon. and Wed., 11:10 A.M.; section B: Tues. and Thurs., 6:10 to 7:00 P.M.; section C: Mon. and Wed., 7:10 P.M. Laboratory—section P: Wed., 8:00 to 9:40 P.M.; section Q: Thurs., 8:00 to 9:40 P.M.; section S: Mon. and Wed., 12:10 to 1:00 P.M.

Summer term 1944.

103-4 *Statistics in Psychology and Education* (3-3)

Weida and Staff

Sources of data, assembling of statistics, tabulation, graphical analysis, averages, dispersion, frequency distributions, intelligence and achievement quotients, normal curve, correlation. Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5 a term. Lecture—Tues. and Thurs., 7:35 to 8:25 P.M. Laboratory—section O: Tues., 8:30 to 10:00 P.M.; section Q: Thurs., 8:30 to 10:00 P.M.

105 *Statistical Charts and Graphs* (3)

Riggleman

Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5. (Not offered in 1944-45.)

106 *Mechanical Tabulation* (3)

Riggleman

The theory and use of the various sorting and tabulating machines. Prerequisite: at least one entrance unit in algebra. (Not offered in 1944-45.)

107 *Statistical Index Numbers* (3)

Prerequisite: Statistics 101-2. (Not offered in 1944-45.)

108 *Statistical Analysis of Economic Fluctuations* (3)

Prerequisite: Statistics 101-2; Economics 1-2. (Not offered in 1944-45.)

†109-10 *Business and Government Statistics* (3-3)

Riggleman

External statistics; internal data; statistical technique in forecasting, market analysis, time and wage studies; investment analysis; price situations. Prerequisite: Statistics 101-2. Tues., 7:35 to 10:00 P.M.

111 *Applied Sampling* (3)

Riggleman

Application and limitations; stratified and directed sampling; practical exterior tests of reasonableness, representativeness, and adequacy. Prerequisite: Statistics 101-2. (Not offered in 1944-45.)

112 *Organization and Management in Statistical Work* (3)

Riggleman

Planning projects, estimating costs, conducting surveys, organization of a statistical department. Prerequisite: Statistics 101-2. (Not offered in 1944-45.)

117 *Analysis of Variance* (3)

Kullback

A technique for segregating from comparable groups of data the variation traceable to specific sources; a method to estimate experimental error. Prerequisite: Statistics 101-2. Mon., Wed., and Fri., 7:10 P.M.

118 *Advanced Economic and Sociological Statistics* (3)

Kullback

Advanced study of correlation and frequency analysis; and of sources, their uses and limitations. Prerequisite: Statistics 101-2. Mon., Wed., and Fri., 7:10 P.M.

134 *Factor Analysis* (3) Weida

The resolution of mental abilities into factors; the two-factor theory; the multiple-factor theory; tetrads and tetrad differences; tetrad correlation and reliability; overlapping variables. Prerequisite: Statistics 103-4. (Not offered in 1944-45.)

141 *Medical Biometry and Statistics* (3) Weida

Data and laws of human mortality, morbidity, and demography; averages; dispersion; frequency functions; sampling; correlation; chi and other tests. Prerequisite: at least one entrance unit in algebra. (Not offered in 1944-45.)

151 *Least Squares and Theories of Error* (3) Weida

Moment coefficients; the normal and other error functions; Legendre's principle; practical Fourier analysis; likelihood; chi-test. Prerequisite: Mathematics 20. (Not offered in 1944-45.)

152 *Curve Fitting* (3) Weida

Empirical and graduation functions; generating function; cumulants; Thiele's semi-invariants; Pearson and other systems of curves. Prerequisite: Mathematics 20. (Not offered in 1944-45.)

153 *Econometrics* (3) Weida

Mathematical methods applied by classical and modern writers to exchange, production, supply and demand, utility and disutility, and interest and taxation. Prerequisite: Statistics 101-2. Mathematics 20. (Not offered in 1944-45.)

155 *Manufactured Product Economic Quality Control* (3) Weida

Statistical basis for quality control, methods of expressing quality, quality control in practice. Prerequisite: Mathematics 20. Mon., Wed., and Fri., 6:10 P.M.

†157-58 *Intermediate Theoretical Statistics* (3-3) Kullback

Adjustments of observations; curve fitting; design of experiment; simple sampling; theories of dispersion; expectation; frequency functions; Thiele's semi-invariants; Gram-Charlier series. Prerequisite: Mathematics 20. Mon., Wed., and Fri., 6:10 P.M.

169 *History of Statistics* (3) Weida

Prerequisite: Statistics 101-2, 157-58, or the equivalent. Hours to be arranged.

†199-200 *Proseminar: Theoretical and Applied Statistics* (3-3) Weida

This course is designed to coordinate the content of the baccalaureate major. Admission by permission of the instructor. Hours to be arranged.

THIRD GROUP

†255-56 *Probability* (2-2) Weida

Scope; classical definition, limit definition; Bayes' theorem; Bernoulli's theorem; expectation; law of large numbers; probabilities in continuum;

- limit theorems; distribution laws. Admission by permission of the instructor. Mon., 8:10 to 9:50 P.M.
- †257-58 *Advanced Theoretical Statistics* (3-3) Weida
Contour integrals; characteristic functions; matrices; quadratic forms; sampling theory; measures of relation; contingency analysis; maximum likelihood; individual differences. Admission by permission of the instructor. 1945-46 and alternate years, Mon., Wed., and Fri., 6:10 P.M.
- 261 *Numerical Analysis* (3) Weida
Interpolation; numerical differentiation and integration; mechanical quadrature and cubature; numerical solution of differential and integral equations. Admission by permission of the instructor. (Not offered in 1944-45.)
- †263-64 *Statistical Inference* (2-2) Kullback
Sample space; methods for estimating population parameters; fiducial inference and its application to testing hypotheses; Neyman-Pearson theory of testing hypotheses. Admission by permission of the instructor. Tues. and Thurs., 7:35 to 8:25 P.M.
- †265-66 *Multivariate Analysis* (2-2) Kullback
Multivariate normal distribution; sample variances and covariances; tests of significance; problems of estimation. Admission by permission of the instructor. (Not offered in 1944-45.)
- †267-68 *Characteristic Functions, Theory and Applications* (2-2) Kullback
Fourier integrals; set functions; inversion formulas; limit theorems; applications to the distribution problem in statistics. Admission by permission of the instructor. (Not offered in 1944-45.)
- †295-96 *Seminar: Applied Statistics* (3-3) Weida
Reading and research in applied statistics. Admission by permission of the instructor. Hours to be arranged.
- †297-98 *Seminar: Theoretical Statistics* (3-3) Weida
Reading and research in theoretical statistics. Admission by permission of the instructor. Hours to be arranged.
- †299-300 *Thesis* (3-3) The Staff
Hours to be arranged.

SURGERY

- Charles Stanley White, M.D., *Professor of Surgery, Executive Officer*
 *Daniel LeRay Borden, A.M., M.D., *Clinical Professor of Surgery*
 Harry Hyland Kerr, M.D.C.M., *Clinical Professor of Surgery*
 Paul Stirling Putzki, M.D., *Clinical Professor of Surgery*
 Arch Lockhart Riddick, B.S., M.D., *Clinical Professor of Surgery*
 William Berry Marbury, M.D., *Clinical Professor of Surgery*
 Custis Lee Hall, M.D., *Clinical Professor of Surgery*
 Guy Whitman Leadbetter, B.S., M.D., *Clinical Professor of Surgery*
 William Russell Moses, M.D., *Adjunct Clinical Professor of Surgery*
 *John Hugh Lyons, M.S., M.D., *Associate Clinical Professor of Surgery*
 Herbert Hermann Schoenfeld, M.D., *Associate Clinical Professor of Surgery*
 *William Warren Sager, M.S., M.D., *Associate Clinical Professor of Surgery*
 Francis Xavier McGovern, M.D., *Associate Clinical Professor of Surgery*
 Benjamin Franklin Dean, Jr., M.S., M.D., *Assistant Clinical Professor of Surgery*
 Alec Horwitz, M.S., M.D., *Assistant Clinical Professor of Surgery*
 Cline N. Chipman, M.D., *Associate in Anesthesia*
 Richard Knight Thompson, D.D.S., *Associate in Dental Surgery*
 Julius Salem Neviasser, A.B., M.D., *Associate in Surgery*
 James Lloyd Collins, A.B., M.D., *Associate in Surgery*
 Donald Harrison Stubbs, A.M., M.D., *Associate in Surgery*
 William Ross Morris, M.D., *Associate in Surgery*
 Edward Alexander Cafritz, M.D., *Clinical Instructor in Surgery*
 Hazen Eugene Cole, B.S., M.D., *Clinical Instructor in Surgery*

 Paula Reines Kaiser, M.B., Ch.B., *Clinical Instructor in Surgery*
 Allen Southall Lloyd, M.D., *Clinical Instructor in Surgery*

279-80 General Surgery

Dean, Harrell

Course of lectures and recitations covering surgical diseases of the neck and chest, herniae, amputations, and pre- and post-operative treatment. One hour a week for twenty-eight weeks.

* On war leave 1944-45.

- 281 *Anesthesia (elective)* Chipman, Stubbs
Theoretical and practical instruction is given in the use of general and local anesthetic agents. One hour a week for fifteen weeks.
- 282 *Fractures and Dislocations* Leadbetter
One hour a week.
- 283 *Surgical Technique* Marbury
Series of demonstrations of surgical instruments and appliances. The preparation of the patient, the operating room, the materials commonly used, and the duties of each member of an operating team. One hour a week.
- 371-72 *General Surgery* Putzki, Riddick
Course of lectures and recitations covering surgery as applied to the neck, thorax, gastro-intestinal tract, and the bones and skeletal muscles. One hour a week.
- 373-74 *Ward Walks* The Staff
Well-organized group ward-rounds are made with the visiting physicians and their respective staffs in the course of their usual rounds. Gallinger and Emergency hospitals.
- 375-76 *Surgical Clinic* The Staff
Clinical teaching and demonstrations on the care of the various surgical diseases, with special emphasis on the pre- and post-operative management. Gallinger and Emergency hospitals.
- 379-80 *Surgical Clinic* White and Staff
Demonstration to the entire class of the various surgical diseases, with stress upon the differential diagnosis and pre- and post-operative care. Gallinger Hospital. One hour a week.
- 381-82 *Clinical Clerkship* The Staff
The student is assigned and required to work up thoroughly the cases for diagnosis and treatment. Gallinger and Emergency hospitals.
- 478 *Orthopedics* Hall
Etiology, pathology, symptomatology, and treatment of congenital and acquired diseases of the bones and joints, and the clinical instruction in treatment and in the use of appliances for the correction of deformities. One hour a week.
- 481 *General Surgery* White
One hour a week.
- 483-84 *Dispensary Clinic* The Staff
Dispensary instruction in the principles and practice of surgery. Instruction of small groups is given in general surgery and the specialties, including anesthesia, neurosurgery, orthopedics, proctology, and oral surgery. University and Emergency hospitals.
- 485-86 *Special Problems in Surgery* Riddick, Dean
General surgical diagnosis, with special emphasis on the diagnosis and differential diagnosis of surgical diseases and post-operative complications. One hour a week.

488 *Surgical Clinic*

Demonstration to the entire class of the various surgical diseases. One hour a week.

White and Staff

489 *Surgical Anatomy*

One hour a week.

UROLOGY

Frederick August Reuter, M.D., *Professor of Urology, Executive Officer*
 Thomas Carlton Thompson, B.S., M.D., *Clinical Professor of Urology*
 Charles Perry Howze, M.D., *Associate in Urology*
 Gilbert Ottenberg, A.M., M.D., *Associate in Urology*

- 491-92 *Urology* Reuter
 Lectures covering the entire field of urology, including diagnosis, treatment, and morbid pathology. One hour a week.
- 493-94 *Clinics* The Staff
 Clinical teaching and demonstrations on the care of urological cases, with special emphasis on the pre- and post-operative management. Operative clinics and clinical teaching. Gallinger and Children's hospitals.
- 495-96 *Clinics* Reuter and Staff
 Clinical demonstrations and teaching in the dispensary, with special attention given to diagnostic procedures. Emergency and University hospitals. One part of each section daily.

ZOOLOGY*

Donnell Brooks Young, Ph.D., *Professor of Zoology*
 Ira Bowers Hansen, Ph.D., *Professor of Zoology, Executive Officer*
 Officer
 Edith Elizabeth Mortensen, A.M., *Assistant Professor of Zoology*
 Lloyd Ancil Spindler, Sc.D., *Lecturer in Zoology*

The major.—Prerequisite: Zoology 1-2. The student must at the end of his senior year exhibit a correlated knowledge of the following fields: (1) classification, structure, and ecological relations of animals, both invertebrate and vertebrate; (2) embryological development and life histories of important animal types; (3) general principles of physiology, heredity, and evolution; (4) the development of biological principles, hypotheses and theories as revealed in the study of the history of zoology.

The student will obtain this knowledge in part by taking courses offered in these fields and in part by individual study under the direction of his adviser. For further details, see the pamphlet on this subject or consult the adviser.

Premedical students are required to take Zoology 1-2.

FIRST GROUP

1-2 *Introduction to Zoology* (4-4) Young, Mortensen

An introduction to the study of the structure, functions, and relation of animals, and of the fundamental biological principles involved. Material fee, \$4.50 a term. Section A: Tues. and Thurs., 9:10 A.M.; section B: Mon. and Wed., 6:10 P.M. Laboratory—section M: Tues. and Thurs., 11:10 A.M. to 1:00 P.M.; section N: Tues. and Thurs., 1:40 to 3:30 P.M.; section O: Mon. and Wed., 7:10 to 9:00 P.M.

Summer term 1944.

†5-6 *Field Zoology* (3-3) Mortensen

Summer term—1945 and alternate summers. Material fee, \$4.50 a term. Mon., Wed., and Fri., 6:10 to 9:10 P.M. and occasional Sat. or Sun. afternoons.

SECOND GROUP

101-2 *Invertebrate Zoology* (3-3) Mortensen

A systematic study of invertebrate forms, including the study of morphology, classification, life histories, and phylogenetic relationships. Occasional field trips. Prerequisite: Zoology 1-2 or Biology 1-2. Material fee, \$4.50 a term. 1944-45 and alternate years, Tues. and Thurs., 7:25 to 10:15 P.M. 1945-46 and alternate years, Mon. and Wed., 1:40 to 4:30 P.M.

134 *Ornithology* (3)

The birds of eastern North America. Material fee, \$4.50. (Not offered in 1944-45.)

* See also the departments of Biology and Botany, pages 156 and 158.

- 137 *Histology* (3) Young
An introduction to the microscopical anatomy of normal tissues and organs. Prerequisite: Zoology 1-2. Material fee, \$6. Fri., 7:10 P.M. Laboratory—Mon. and Wed., 7:00 to 9:00 P.M.
Summer term 1944.
- 141-42 *Comparative Vertebrate Anatomy* (3-3) Hansen
Lectures on the organ systems of the vertebrates; laboratory dissections of types. Prerequisite: Zoology 1-2. Zoology 141, material fee, \$6; Zoology 142, material fee, \$4.50. Section A: Mon., 1:40 P.M.; section B: Wed., 7:10 P.M. Laboratory—section M: Mon., 2:40 to 4:30 P.M. and Wed., 1:40 to 3:30 P.M.; section N: Mon., 7:00 to 9:00 P.M. and Wed., 8:00 to 10:00 P.M.
Summer term 1944.
- 144 *Introduction to Vertebrate Embryology* (3) Hansen
The origin and early development of the individual and the formation of organ systems. Emphasis is placed on the frog, chick, and pig, with reference to the human embryo. Prerequisite: Zoology 1-2, and 141 or 142. Material fee, \$6. Tues., 1:40 P.M. Laboratory—Tues., 2:40 to 4:30 P.M. and Thurs., 1:40 to 3:30 P.M.
Zoology 144x—same as Zoology 144 but offered fall term, Tues., 7:35 to 10:15 P.M., and Thurs., 7:35 to 9:15 P.M.
- 147-48 *Experimental Morphology* (3-3) Hansen
Lectures and class reports on experimental morphology. Prerequisite: Zoology 141-42 or the equivalent. 1944-45 and alternate years, Mon., Wed., and Fri., 6:10 P.M.
- 156 *Parasitology* (3) Spindler
An introduction to the study of animal parasitology, with a survey of parasitic types from protozoa through arthropods. Prerequisite: Zoology 1-2 or the equivalent. Material fee, \$6. Tues. and Thurs., 7:35 to 10:15 P.M.
- 171-72 *Special Problems* (3-3) The Staff
Written approval of the instructor is required. Hours to be arranged. Material fee, \$6 a term.
- 199-200 *Proseminar* (3-3) The Staff
A course designed to correlate and supplement the work of zoology majors. Tues. and Thurs., 10:10 A.M.; evening hours to be arranged.
Summer term 1944.
- 203-4 *Seminar in Invertebrate Zoology* (3-3) Young
Hours to be arranged.
- †241-42 *Protozoa* (3-3) Young
An introduction to the protozoa: classification, life histories, and physiology, with special emphasis on free-living types. Material fee, \$4.50 a term. Hours to be arranged.
- 251-52 *Seminar in Vertebrate Zoology* (3-3) Hansen
Hours to be arranged.

253-54 *Research*

Investigation of special problems. Hours and credits to be arranged.
Summer term 1944.

The Staff

299-300 *Thesis (3-3)*

Summer term 1944.

UNIVERSITY ORGANIZATIONS

ALUMNI AND ALLIED ASSOCIATIONS

THE GENERAL ALUMNI ASSOCIATION

The objects of this Association are to unite the graduates in closer sympathy and to promote the general welfare of the University. The following persons are eligible for active membership: graduates of any college, school, or division of the University; holders of honorary degrees from the University; and members of the Board of Trustees and of the Faculty of the University. Any person who has matriculated, who has been in regular attendance for one year, and who has left the University in good standing, is eligible for associate membership.

The office of the Executive Secretary of the Association is located on the first floor of Columbian House at the University. Alumni are urged to keep the Executive informed of change of address or occupation and to supply the following information:

UNIVERSITY ORGANIZATIONS

1944

President.—George W. Neale, LL.B. 1929 (A.B. 1925 University of Virginia); Shaw-Walker Building, Washington, D.C.

Vice Presidents

Columbian College.—J. Foster Hagan, A.B. 1922, LL.B. 1927, 1929; N. Court House Road, Arlington, Va.

Dyke, Edwin Livingston, B.S. in E.E., *Lecturer on Fundamentals of Ultra-High-Frequency Radio*
Eagleton, Sterling P., M.E., *Lecturer on Advanced Air Conditioning*
Edutis, Vitold Leopold, M.S. in E.E., *Associate in Fundamentals of Ultra-High-Frequency Radio*
Ennis, Alfred G., M.S.E.E., D.Eng., *Supervisor of Electrical Engineering*
Erps, Harry R., B.S. in C.E., LL.B., *Lecturer on Advanced Reinforced Concrete Design*
Feiker, Frederick Morris, B.S. in E.E., D.Eng., *Institutional Representative*
Fojt, Albin A., A.M., *Lecturer on Introductory Engineering Mathematics*
Freedman, Moses, B.S., *Lecturer on Elementary Mathematics for Engineering Computations*
Fuhrman, Ralph Edward, B.S. in C.E., M.S., *Lecturer on Water Supply, Sewerage and Camp Sanitation*

- Greenspan, Martin, B.S. in E.E., *Lecturer on Advanced Engineering Mathematics*
 Gurney, F. Taylor, Ph.D., *Lecturer on Foundations of Engineering*
 Hafstrom, John Robert, M.S. in E.E., *Lecturer on Fundamentals of Ultra-High-Frequency Radio*
 Hamill, John Stafford, B.S. in M.E., *Lecturer on Production Engineering*
 Hanscome, Thomas D., A.M., *Lecturer on Problems in Practical Radio Engineering*
 Heilprin, Laurence B., Ph.D., *Lecturer on Circuit Analysis by Operational Methods*
 Higginson, W. S., B.S. in C.E., M.S., *Lecturer on Cartography*
 Hill, Frederick W. L., E.E., *Lecturer on Electrical Motor Applications and Control*
 Hitchcock, Frank Artemas, M.S. in C.E., C.E., *Director, Engineering War Training Courses*
 Hoepfner, Conrad Henry, B.S., M.S. in E.E., *Lecturer on Fundamentals of Ultra-High-Frequency Radio*
 Hoover, Merle Vincent, A.B., *Associate in Principles of Radio*
 Hosmer, Chester Harmon, B.S. in M.E., *Lecturer on Refrigeration Engineering*
 Hunter, Daniel O., B.S. in E.E., *Lecturer on Advanced Radio Communications*
 Iannelli, Edward B., E.E., *Lecturer on Elements of Radio Communication*
 Irwin, George R., Ph.D., *Lecturer on Elementary Exterior Ballistics*
 Jackson, Kenneth Robert, B.S. in E.E., *Associate in Principles of Radio*
 Jacobs, Donald H., A.M., M.S., *Lecturer on Laboratory and Industrial Application of Optics*
 Jacobs, Harry Victor, *Lecturer on Plane Table Topography*
 Johnstone, Don, B.S. in C.E., *Lecturer on Applied Hydraulics*
 Kelly, James Fergus, *Associate in Topographic Drafting*
 Kinzer, Gilbert D., Ph.D., *Lecturer on Elementary Exterior Ballistics*
 Koneczny, W. E., B.S.Ae.E., M.S.E., *Lecturer on Basic Airplane Design*
 LaBell, Oldric J., B.S. in C.E., LL.B., *Lecturer on Plane Trigonometry*
 Lipnick, Milton, B.S., *Lecturer on Elements of Interior Ballistics*
 Lovewell, Kermit Milton, B.S. in E.E., *Lecturer on Electrical Engineering*
 Maleev, V. L., Doctor of Applied Mechanics, *Lecturer on Diesel Engines*
 Mandragos, Nicholas C., B.S. in C.E., *Lecturer on Photoelasticity*
 Mannuccia, Herbert, *Associate in Basic Airplane Design*
 Masket, Albert Victor, Ph.D., *Lecturer on Elementary Exterior Ballistics*
 McComb, Archibald H., Jr., Lt., U.S.C.G.R., B.S., *Lecturer on Introduction to Naval Architecture*
 McDaniel, Allen Boyer, B.S., *Lecturer on Building Construction and Supervision*
 McVay, Millard Sayre, B.S. in E.E., M.S., *Lecturer on Advanced Engineering Mathematics*
 Michelson, Charles John, B.S. in M.E., *Lecturer on Engineering Fundamentals*
 Mintz, Fred, B.S., *Lecturer on Engineering Fundamentals*
 Montgomery, G. Franklin, B.S. in E.E., *Lecturer on Problems in Practical Radio Engineering*
 Moore, Roland H., B.S. in C.E., *Lecturer on Topographic Drafting*
 Muth, Raymond Francis, B.S. in M.E., *Lecturer on Advanced Tool Engineering*
 Myers, Joseph Francis, B.S. in C.E., *Associate in General Engineering Drafting*
 Nunan, Craig S., B.S. in E.E., *Lecturer on Principles of Radio*
 Oakley, Owen H., B.S., *Associate in Naval Architecture*
 Owen, William Everett, A.B., M.B.A., B.S. in E.E., *Associate in Radio Communication*
 Paciga, John J., *Assistant in Elements of Radio Communication*
 Peake, Harold Jackson, B.S. in E.E., *Lecturer on Principles of Radio*
 Porter, Noel E., Ensign, U.S.N.R., A.B., *Lecturer on Elements of Radio Communication*

- Quinn, Lawrence J., *Assistant in Elements of Radio Communication*
 Shapiro, Maurice Mandel, Ph.D., *Lecturer on Principles of Electricity*
 Silberstein, Richard, A.B., B.S., E.E., *Lecturer on Radio Communication*
 Stolaroff, Myron Joe, A.M. in E.E., *Lecturer on Principles of Radio*
 Taylor, James Henry, Ph.D., *Supervisor of Higher Mathematics*
 Taylor, Rolla H., B.S. in E.E., *Associate in Elementary Engineering Mechanics and Strength of Materials*
 Thomas, James Louis, Ph.D., *Lecturer on Elementary Electricity and Magnetism*
 Timby, Elmer Knowles, Lt., C.E.C.—V(s)—U.S.N.R., B.C.E., C.E., *Lecturer on Model Analysis for Structural Problems*
 Tomalin, Paul Guthrie, Lt. Comdr., U.S.C.G., *Lecturer on Marine Engineering*

THE UNIVERSITY

HISTORY AND ORGANIZATION

The idea of a university in the Capital of the Nation was sponsored by George Washington, who during his public life urged the establishment of such an institution and who in his will left fifty shares of stock in the Potomac (Canal) Company for the endowment of a university to be established in the District of Columbia "to which the youth of fortune and talents from all parts thereof might be sent for the completion of their Education in all the branches of polite literature;—in arts and Sciences,—in acquiring knowledge in the principles of Politics & good Government".

The George Washington University operates under a charter granted by an act of Congress of February 9, 1821, to Columbian College in the District of Columbia. In 1873 the name was changed to "Columbian University" and in 1904 to "The George Washington University".

The University as it is now organized consists of the Junior College, comprising the work of the freshman and sophomore years; Columbian College, the senior college of liberal arts, which offers work leading to the Bachelor's and Master's degrees; the Graduate Council, which offers work leading to the degree of Doctor of Philosophy; the professional schools, which include Medicine, Law, Engineering, Pharmacy, Education, and Government; the Division of University Students, which leads to no degree but makes the work of the University accessible to the mature student; the Division of Extension; the Inter-American Center; and the Summer Sessions.

ACADEMIC STATUS

The George Washington University is on the approved list of the Association of American Universities, the standard accrediting body for the United States. This fact not only assures to students the academic standards of this accrediting body, but also is important to those who desire to transfer credits from one institution to another.

The University is also accredited by its regional accrediting agency, the Middle States Association of Colleges and Secondary Schools, and is on the approved list of the American Association of University Women.

The Law School is a charter member of the Association of American Law Schools and is approved by the Council of Legal Education of the American Bar Association.

LOCATION

The George Washington University is in downtown Washington, four blocks west of the White House and east of the Potomac River with its extensive parkway. Within a few blocks are the buildings housing the offices of many of the departments of the Government, including the Department of State, the Department of the Treasury, the Department of War, the Department of Justice, the Department of the Navy, the Department of the Interior, the Department of Agriculture, the Department of Commerce, and the Department of Labor. The Corcoran Gallery of Art, the Pan American Union Building, and the National Academy of Sciences are also near by; and the Capitol and the Library of Congress are readily accessible.

GENERAL INFORMATION

INTRODUCTORY

The George Washington University Law School, established in 1826, discontinued and reorganized in 1865, is the oldest law school in the District of Columbia. Its course of instruction is planned to fit its graduates for the practice of law in any of the states of the United States or in foreign countries, the law of which is based on the Anglo-American legal system. It is also designed to prepare students for public service as lawyers in the Federal Government or the governments of the states. In 1900 the School took part in the organization of the Association of American Law Schools and it has been a member of the Association since that time. The School is approved by the Council of Legal Education of the American Bar Association.

* On war leave 1944-45.

† The President of the University and the Dean of the Law School are ex officio members of the council.

ADJUSTMENTS TO THE WAR EMERGENCY

The war emergency has increased the demand for men and women with legal training. To enable students to secure a maximum of legal training in the time available, the Law School's plan of instruction has been modified. The work of the year is organized into three terms known as the fall term, winter term, and summer term. The work undertaken in any one term may be completed by the end of that term. The summer term is divided into two sessions of eight weeks each so that work undertaken in one session may be completed during that session.

Mid-term examinations will be given in full subjects, that is those given four hours a week during a term. Students who pass these examinations successfully will be given credit for the first half of such subjects in case they are compelled to leave the School without completing the term. Such students will be permitted to register for the second half of such subjects when they return to the School.

The Dean's Council will endeavor in every way consistent with proper educational standards to approve such special arrangements as may be necessary to meet individual problems arising from the demands made upon students by the war. Students who have such problems are requested to submit them to the Dean of the Law School for the full and immediate consideration of the Dean's Council.

THE LIBRARY

The Law Library of 23,000 volumes contains the official reports of the decisions of the courts of last resort of all the states prior to the National Reporter System and of fourteen states complete to date; the National Reporter System, complete; the reports of the United States Supreme Court and lower federal courts, and the reports of federal administrative agencies; Shepard's Citations for the units of the Reporter System; the English Reprint and English Law Reports; the United States Statutes; the United States Code, Annotated, and the Federal Code, Annotated; reasonably complete sets of statutes of all of the states; the English statutes; the principal English and American digests and encyclopedias; collections of special reports and annotated cases; and the leading textbooks, casebooks, and legal periodicals.

The Library is open from 9:00 A.M. to 10:00 P.M. each class day (Saturday, 9:00 A.M. to 1:00 P.M.), and from 2:00 to 6:00 P.M. on Sunday.

THE LAW REVIEW

The George Washington Law Review, published by the University, is edited by the Faculty and students of the Law School. It is devoted exclusively to state and federal public law. The location of the Univer-

sity in the National Capital, where the primary sources of federal public law may be observed in operation, affords an unexcelled opportunity for specialization in this field.

The *Review* is edited by a faculty editor-in-chief, a faculty board of associate editors, a board of departmental advisory editors, and a board of student editors. The student editors are chosen each year on the basis of scholarship.

RESEARCH IN PUBLIC LAW

Washington, the capital of the Nation, furnishes unsurpassed advantages for research in the fields of public law. In it are the offices of the major executive departments, the Congress, the Supreme Court of the United States, and four lower federal courts. In the executive departments and among the many independent establishments of the Federal Government there have been estimated to be between seventy-five and one hundred agencies, the activities of which involve the various branches of public law, particularly administrative law. The student of public law can study at first hand the work of these administrative agencies. He also has available as sources for investigation their records of administrative adjudications.

Research in public law will be conducted under the supervision of members of the faculty. The purpose of this research is to furnish means for training specialists in public law, either as government lawyers or as lawyers representing individuals or corporations in cases in which the Government is a party, and to assist in the analysis, clarification, formulation, and improvement of public law, substantive and procedural.

Candidates for the graduate degrees in the Law School and seniors who are candidates for the degree of Juris Doctor are eligible to pursue this work. Other students may be admitted with the special permission of the professor in charge.

THE STUDENT BAR ASSOCIATION

Every student in the Law School is required to be a member of the Student Bar Association. This is organized to enable the student to become better acquainted with problems of the profession, to develop better professional ideals, and to bring about closer contact with members of the profession engaged in active practice of the law.

The work of the Student Bar Association is carried on by various committees and by group and general meetings of a professional and social nature. From time to time lectures are given by outstanding authorities on legal and professional problems.

Each member of the Student Bar Association receives a subscription to *The George Washington Law Review*.

PRACTICE AND PRACTICE COURT

The curriculum is planned to include such training in the fundamentals of practice as is feasible in a law school. Classroom instruction is conducted in the theories of pleading and procedure, trial and appellate practice, and evidence. This instruction includes grounding in the principles of the new Federal Rules of Civil Procedure. In addition each senior student is required to participate in the work of the practice or Moot Court. This includes trying a specified number of cases, both as a senior counsel and junior counsel. For students who are planning to practice patent law, a special section of the court is devoted exclusively to the trial of patent cases.

ORDER OF THE COIF

The Order of the Coif, a national honor society with chapters in thirty-seven law schools, aims "to foster a spirit of careful study and to mark in a fitting manner those who have attained a high grade of scholarship". The George Washington University Chapter was established in 1926. Members are elected each year from the highest-ranking 10 per cent of the graduating class of the Law School.

ADMISSION

APPLICATION FOR ADMISSION

An applicant for admission must obtain from the Office of the Director of Admissions an application blank which he must fill out completely and return.

A recent photograph, with signature, of the applicant must be attached to the blank.

To insure prompt action, applications should be filed not later than July 1 for the fall term, January 1 for the winter term, and May 1 for the summer term.

The applicant must request the registrar of each higher institution previously attended to mail directly to the Office of the Director of Admissions the transcript of his record, *even though credits were not earned*, together with an honorable dismissal from the institution last attended. The student must be in good standing as to scholarship and conduct, and must be eligible to return to the previously attended institutions in the term for which he or she seeks admission to The George Washington University.

For the Degrees in the Professional Course

Bachelor of Laws.—Men and women will be admitted as candidates for this degree provided there have been filed in the Office of Admissions official transcripts of record showing the satisfactory completion of not less than two years of college work which is defined as one-half of

the four-year course of study acceptable for a bachelor's degree in an approved college or university. This requirement has been adopted for the period of the present national emergency.

Juris Doctor.—The degree of Bachelor of Arts or the equivalent from an approved college or university is required.

ADVANCED STANDING

Advanced standing toward the degree of Bachelor of Laws may be granted for work successfully completed in other law schools which are members of the Association of American Law Schools.

Applicants for admission with advanced standing must file certified transcripts of record showing high school, college, and law credits. The right is reserved to refuse such credit, in whole or in part, or to allow it conditionally or after examination, and credit given may be withdrawn for subsequent poor work. No student admitted with advanced standing will be recommended for the degree of Bachelor of Laws until he has completed in this School at least one full year of residence and passed successfully twenty-eight credit hours with the required average for the degree. No student will be admitted who has been in attendance at another law school and who is ineligible, because of poor scholarship, to return to that school.

Students planning to attend summer school sessions at other law schools and desiring to use credits obtained at such schools in their course at this Law School must first have the courses they wish to take approved by the Dean. In no event will credits be recognized in excess of those which might be obtained in a similar period in this School.

Advanced standing toward the degree of *Juris Doctor* for work in other law schools will not be granted.

For the Degrees in the Graduate Course

Master of Laws.—Applicants must show the satisfactory completion of not less than two years of college work in an approved college or university and must have received the degree of Bachelor of Laws, or an equivalent degree, from an approved law school.

Doctor of Juridical Science.—The following are required: (1) the degree of *Juris Doctor* from this Law School; or (2) the degree of Bachelor of Arts from an approved college, the degree of Bachelor of Laws or the equivalent, earned with high rank, from an approved law school, outstanding capacity for scholarly work in the field of law, and acceptance as a candidate by the Dean's Council of the Law School.

Unclassified Students

A person eligible for admission to regular standing but not a candidate for a degree may, at the discretion of the Dean, be admitted as an unclassified student.

REGISTRATION

Before attending classes each student must present himself in person for registration. No student will be registered in the Law School until proper credentials have been filed and approved (see "Admission", above).

Registration is for the term or session only.

A late-registration fee of \$5 will be charged each student who is permitted to register after the regular registration days.

Registration may be changed only with the permission of the Dean.

FEES AND FINANCIAL REGULATIONS

University fee, for each term or for any part thereof.....	\$8.00
For each session of the summer term or any part thereof.....	4.00
Tuition fee, for each credit hour.....	8.00

Reinstatement fee, charged each student who is reinstated after being suspended for delinquency in fees.....	5.00
Fee for printing and filing summary of doctoral thesis.....	50.00

UNIVERSITY FEE

Payment of the University fee covers all of the expenses incident to registration and, in addition, secures the following University privileges: (1) the issuance of three certified transcripts of record, if and when desired; (2) the services of the Placement Office; (3) the use of University library facilities, except as otherwise designated; (4) gymnasium privileges; (5) admission to all athletic contests, unless otherwise specified; (6) subscription to the *University Hatchet*, the student newspaper; (7) admission to University debates; (8) medical attention and hospital services as described under "Health Administration", pages 23-24. These privileges, however, with the exception of the issuance of transcripts, terminate, and a student is no longer in residence, when he withdraws or is dropped from the University.

PAYMENT OF FEES

All fees are payable at the Office of the Cashier, 725 Twenty-first Street NW. No student is permitted to complete registration or to attend classes until all fees are paid. Fees for each term are due and payable in advance at the time of registration.

Subject to the approval of the Comptroller, a student may sign a con-

tract for term charges, except for the University fee and other fees payable in advance, permitting payments as follows:

Fall Term.—One third at the time of registration, plus the University fee and deposits; one third on November 3; one third on December 4.

Winter Term.—One third at the time of registration, plus the University fee and deposits; one third on March 5; one third on April 3.

A student who fails to meet payments when due but who pays his fees on or before the tenth day of the month in which payment is due is charged a service fee of \$1. A student who fails to meet payments by the tenth day of the month in which payment is due will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5. A suspended student may not be reinstated for the term after two weeks from the date of suspension. Applications for reinstatement are to be made to the Dean.

WITHDRAWALS AND REFUNDS

Application for withdrawal from the University or for change in class schedule must be made in person or in writing to the Dean. Notification to an instructor is not an acceptable notice.

In authorized withdrawals and changes in schedules, financial adjustments will be made as follows:

Fall Term.—Withdrawal dated on or before October 31, cancellation of the second and third payments; withdrawal dated on or before November 30, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to November 30.

Winter Term.—Withdrawal dated on or before February 28, cancellation of the second and third payments; withdrawal dated on or before March 31, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to March 31.

In no case will the University fee or any part of an initial payment of fees be refunded, and in no case will tuition be reduced or refunded because of nonattendance upon classes.

Payment applies only to the term for which a registration charge is incurred and in no case will this payment be credited to another term.

A student granted "war leave" during the term will be credited with tuition payments made prior to the granting of such leave, which credit will be applicable toward a subsequent registration.

Authorization to withdraw and certification for work done will not be given a student who has not a clear financial record.

SCHOLARSHIPS, PRIZES, LOAN FUNDS

Charles Worthington Dorsey Memorial Scholarship.—This scholarship, established as a memorial to Charles Worthington Dorsey, Bachelor of Laws '81, Master of Laws '82, is awarded upon the recommendation

of the Faculty of the Law School to a needy and promising graduate of Columbian College or other division of the University, with a Bachelor of Arts or other equivalent degree, who has maintained an average of B as an undergraduate student and who desires to pursue the study of law as a full-time student. The scholarship covers tuition for the course leading to the first degree from the Law School, Bachelor of Laws or Juris Doctor, provided that the holder maintains an average of B. The right is reserved to suspend the benefits of the scholarship for cause at any time. The scholarship is awarded ordinarily once every three years.

All other scholarships are administered by the University Committee on Student Loans and Scholarships. Application should be made to the Registrar of the University.

The following prizes are awarded annually in the Law School:

Ellsworth Prize.—The Ellsworth Prize of \$25, established by the late Mr. Fritz von Briesen, is awarded to the student doing the best work in the subject of Patent Law Practice. It was awarded in 1942-43 to David Edwards Varner.

John Bell Larner Prize.—This prize, established by the bequest of John Bell Larner, consists of a medal which is awarded annually to that member of the graduating class in the Law School who attains the highest average grade in the entire course for the degree of Bachelor of Laws. It was awarded in 1942-43 to Hilda Aronson Asia.

John Ordronaux Prizes.—These prizes were established in 1909 by the bequest of John Ordronaux. The amount of \$35 is awarded annually to the student in the Law School who has attained the highest average grade in the first-year, full-time, regular course; and \$35 to the student who has attained the highest average grade in the second-year, full-time, regular course. The former was awarded in 1942-43 to Gordon Lee Calvert and the latter to William Dock Kilgore, Jr.

Through the generosity of friends of the University a number of loan funds are available to students in the Law School. Among them is the Henry Strong-William A. Maury Loan Fund established by the Henry Strong Educational Foundation in memory of Henry Strong and William A. Maury. Application for loans should be made to the Comptroller of the University.

REGULATIONS

Students in the Law School are subject to, and are expected to familiarize themselves with, the general University regulations stated in the University Catalogue.

HOURS OF INSTRUCTION

Primarily for the accommodation of employed students, the regular course may be taken in classes held from 6:20 to 8:00 P.M.

ATTENDANCE

Regular attendance on classes is required and is necessary for successful work. A student who is deficient in class attendance in any subject may, by action of the Dean's Council, be barred from taking the examination in that subject.

RESIDENCE REQUIREMENTS

A year's attendance in the evening classes is counted as residence for three fourths of a year. A student admitted with advanced standing must complete at least one year of residence in this School and pass twenty-eight credit hours with the required average for the degree.

GRADES

At the end of each term each student is given a letter grade in each subject completed and a letter grade indicating the average for the term.

Grades are indicated by the letters *A*, excellent; *B*, good; *C*, satisfactory; *D*, poor—below standard for graduation; and *F*, failed.

The grades *A*, *B*, *C*, and *D*, mean that the work has been successfully completed and credit given for the subjects.

F, failed, means that no credit will be given. To obtain credit the student must repeat the subject; but a student who has obtained an average of *C* in the work of the academic year and received a grade of *F* in only one subject may take the next regular examination in that subject, and if on such reexamination he obtains a passing grade he will be given credit in the subject.

EXAMINATIONS

Written examinations are held in the middle of the fall and winter terms in subjects given four hours a week and at the end of each term in all subjects. Every student is required to take the regular examinations in the subjects pursued, unless excused by the Dean. A student who, with the consent of the Dean, does not take the examination in a subject with the class in which he is enrolled may take the next regular examination given in the subject.

No special examinations will be given; except that, upon written application to the Dean's Council, showing sufficient cause, a candidate for a degree at a convocation before the next regular examination, if he would be entitled to take a postponed examination, may, at the discretion of the Dean's Council, be given a special examination.

EXCLUSION AND PROBATION FOR POOR SCHOLARSHIP

A student who during an academic year fails in courses aggregating eight or more credit hours will be excluded. Such a student is not eligible to be registered in the Law School or to attend classes in the next academic year. He may, however, be admitted to the regular examinations

in that academic year in those subjects in which he has made a grade below passing, and if he receives a grade of passing in these subjects with an average sufficient to make his general average not less than *C*, he will be reinstated at the beginning of the academic year next succeeding the passing of these examinations.

A student not subject to exclusion under the foregoing rule who at the end of an academic year has failed to maintain a general average of at least *C*, will be on probation during the next academic year. A student on probation may at the discretion of the Dean be required to reduce his program of study. A student on probation will be excluded at the end of the probationary year unless he has made grades sufficient to give him a general average of at least *C*.

The general average of a student includes all the grades in all the subjects taken while he is in the Law School working for a particular degree. When a subject is repeated or a reexamination is taken, both the first grade and the subsequent grade or grades are counted in the general average.

In special cases in which it is clear that the student's failure does not indicate lack of ability to pursue the study of law, the student who has become subject to exclusion may be readmitted by vote of the Dean's Council of the Law School.

No student is put on probation or excluded because of the work of one term only, or as the result of a program of less than four hours a week during the academic year.

CLASSIFICATION OF STUDENTS

Students are divided into classes on the completion of credit hours as follows: first year, one through twenty-eight; second year, twenty-nine through fifty-six; third year, fifty-seven or more.

RIGHT TO DROP STUDENTS

The right is reserved by the University to drop any student from the University, or from any class or classes, whenever, in the interest of the student or the University, the University Administration deems it advisable to do so.

STUDENT LIFE

LIVING ACCOMMODATIONS

Applications for room reservations should be made well in advance. Forms for application, together with detailed information may be obtained from the Director of Personnel Guidance. The prices stated below are subject to change without notice.

Women Students.—Women students under twenty-one years of age

who carry twelve or more credit hours of academic work must have their residences approved by the Director of Personnel Guidance before their registrations can be completed.

The Hattie M. Strong Residence Hall: single rooms with breakfast and dinner are \$54 a month; double rooms with the same service are \$47 a month a person.

Staughton Residence Hall: single rooms are \$25 a month; double rooms are \$18 a month a person.

PLACEMENT OFFICE

The Placement Office is maintained to assist graduates and students in finding positions for which their college work has prepared them, and to cooperate with employers who wish to fill vacancies. Enrollment is open to alumni members and students of the University without charge for placement.

Student Employment

An employment service is operated to assist the self-supporting student in finding employment.

The prospective student who expects to earn any part of his expenses and who does not have a definite appointment to a position before coming to Washington should have the means of support for at least one term.

Many out-of-town students secure positions in the departments of the Government in Washington by taking the United States Civil Service examinations in their home states. The hours of employment permit them to pursue a college course in the late afternoon.

HEALTH ADMINISTRATION

The payment of the University fee entitles the student to health services hereinafter described. Through reports from the students and University officials, the University attempts to keep informed as to all cases of illness among its students. This service is primarily diagnostic in its intent. It also provides first aid in the event of an emergency.

Medical privileges include: (1) the physical examination of every student entering from secondary school; (2) three visits by the University physician or surgeon, office or residence (District of Columbia) in any one illness, exclusive of a specialist, surgical operation, laboratory, or X-ray examination; (3) hospitalization, including board, medicine, and nursing in the University Hospital for not more than two weeks during a school year—the necessity to be determined by the Director of Health Administration. The duration of hospitalization period (maximum, two weeks) is also to be determined by the Director of Health Administration.

This medical benefit does not apply to illness or disability incurred

previous to the University term or prior to payment of the University registration fee.

The student is allowed, if he so desires, to engage physicians and nurses of his own choice, but when he does so he will be responsible for the fees charged.

Rules: (1) The Director of Health Administration is empowered to limit or deny the medical benefits where, in his discretion, a student has, by his misconduct or breach of the rules of the University, made himself ineligible; (2) the Director of Health Administration has authority to determine the necessity and length of hospitalization; (3) a student who has severed his connection with the University is ineligible for medical benefits; (4) a student intending to train for an athletic team is required to pass a thorough examination at the beginning of each term; (5) the above regulations apply also during the summer term of the University.

The University is not responsible for injuries received in inter-collegiate or intra-mural games, or in any of the activities of the departments of physical education.

THE DEGREES

IN THE PROFESSIONAL COURSE

These degrees are Bachelor of Laws (LL.B.) and Juris Doctor (J.D.).

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF LAWS

To be recommended for this degree the student must have completed: a residence period of not less than three academic years on a full-time basis (four years on a part-time basis) in an approved law school, the last year to be in this School; and eighty credit hours with a general average of at least *C*, in courses described on pages 27-31, including the course in Moot Court.

Combined Degrees of Bachelor of Arts and Bachelor of Laws.—A candidate for the combined degrees of Bachelor of Arts and Bachelor of Laws must: (1) complete three years of satisfactory college work; (2) fulfill the residence requirement of at least thirty credit hours of Columbian College, the School of Government, or the School of Education; (3) obtain the approval of the Dean of the college concerned at the time of entering the Law School; (4) complete, with a grade of middle *C*, the work of the first year in the Law School. The degree of Bachelor of Arts will be conferred at the end of the first year in the Law School, provided the above conditions have been satisfied. The degree of Bachelor of Laws will be conferred upon the satisfactory completion of the law course. Professional work taken at another institution will not satisfy the major requirement for the combined degrees.

Combined Degrees of Bachelor of Science in Engineering and Bachelor of Laws.—For those students who desire to enter the branches of the legal profession in which a background in engineering is necessary a six-year curriculum is offered, leading to the combined degrees of Bachelor of Science in Engineering and Bachelor of Laws. A candidate for the combined degrees must conform to the residence and scholarship requirements of the School of Engineering throughout the period of preparation for the degree in engineering. His scholarship level for the junior and senior years must be acceptable to both the School of Engineering and the Law School. During the junior and senior years he must complete: (1) the required courses in engineering, (2) the 28 credit hours of courses required in the first year of the Law School, and (3) such electives as he needs to satisfy the 144 credit-hour requirement for the degree in engineering. Upon the satisfactory completion of the senior year, the degree of Bachelor of Science in Engineering will be conferred. The student will then continue his studies in the Law School; upon the satisfactory completion of which the degree of Bachelor of Laws will be conferred.

REQUIREMENTS FOR THE DEGREE OF JURIS DOCTOR

This degree is conferred as a recognition of the completion at the George Washington University Law School, with high rank, of the full professional course of not less than three full years (four years on a part-time basis) including experience in research and legal authorship.

To be recommended for this degree the student must have completed: (1) a residence period of not less than three academic years on a full-time basis (four years on a part-time basis) in the Law School; (2) eighty credit hours with a general average of at least *B*, in courses described on pages 27-31, including the course in Moot Court and either the course in Comparative Law or one of the graduate seminars; and (3) one year of acceptable service on the board of student editors of *The George Washington Law Review*, election to which is subject to regulations laid down by the Faculty.

HONORS

The degree of Bachelor of Laws or of Juris Doctor "with distinction" will be awarded the student who obtains a general average of *A* in the work for the degree.

IN THE GRADUATE COURSE

These degrees are Master of Laws (LL.M.) and Doctor of Juridical Science (S.J.D.)

REQUIREMENTS FOR THE DEGREE OF MASTER OF LAWS

To be recommended for this degree the student must have completed a residence period of not less than one academic year. He must have com-

pleted satisfactorily twenty credit hours of subjects in the graduate curriculum. In individual cases, third- or fourth-year subjects listed in the professional curriculum may be included in the program of study. All requirements for this degree must be completed in a period not exceeding two academic years.

REQUIREMENTS FOR THE DEGREE OF DOCTOR
OF JURIDICAL SCIENCE

To be recommended for this degree the student must have completed a residence period of not less than one academic year. He must have pursued a course of study and research designated by his consultative committee and approved by the Dean's Council of the Law School. At the conclusion of his first year of residence or at such other time as the consultative committee may set, the candidate must pass an oral examination in those fields of study selected by the consultative committee. This examination shall be conducted by the consultative committee and such other members of the faculty as may be assigned by the Dean.

Not later than the date specified in the University calendar the candidate must submit to the Dean one typewritten original and two legible and complete carbon copies of his thesis in its final form and also a typewritten summary of the thesis consisting of not more than 2,500 words. To be acceptable the thesis must, in the opinion of the examining committee, constitute a substantial contribution to the field of law concerned and be suitable for publication. Additional information will be supplied by the Dean.

The summaries of accepted theses will be printed in a volume forming a number of the University BULLETIN. The successful candidate for the doctorate is required, before receiving his degree, to pay a fee to cover the expense of printing the summary of his thesis.

COURSES OF INSTRUCTION

The courses of instruction listed below are subject to change. The University reserves the right to withdraw any course announced.

The number which precedes the name of a course indicates the term in which that course is offered. An odd number indicates that the course is offered in the fall term; an even number, that it is offered in the winter term; and a double number (e.g., 241-42), that it begins in the fall and continues in the winter term.

First-year courses are numbered from 101 to 200; second-year courses, from 201 to 300; third year courses, from 301 to 400; and graduate courses, from 401 to 500.

The number of hours of credit given for the satisfactory completion of a course is indicated in parentheses after the name of the course. Thus, a year course giving two hours of credit each term is marked (2-2), and a term course giving two hours of credit is marked (2).

LETTER OF TRANSMITTAL

December 31, 1944

TO THE PRESIDENT AND THE BOARD OF TRUSTEES
THE GEORGE WASHINGTON UNIVERSITY
WASHINGTON, D. C.

GENTLEMEN:

I am submitting herewith the Report of the Comptroller of The George Washington University for the fiscal year ended August 31, 1944. This report is a review of the budget operations for the year and is based on the budget approved by the Board of Trustees of the University.

The accounts of the University are kept and its financial reports set up as far as practicable in conformance with the recommendations of the National Committee on Standard Reports for Institutions of Higher Education. Under that plan the funds of the University are classified in various fund groups, and the accounts and financial statements are set up to segregate clearly the assets and liabilities of each of these groups as indicated in the balance sheet, Exhibit A.

R. G. Rankin & Co. have examined the accounts of the University for the past year, and their report is appended herewith.

A condensed summary of the principal facts in the report is presented below and on succeeding pages, followed by detailed Exhibits and Schedules.

Respectfully submitted,
HENRY W. HERZOG
Comptroller

CONDENSED SUMMARY
CURRENT FUNDS—UNRESTRICTED

These funds represent unrestricted assets which are available for immediate use in the current operation of the University.

OPERATING INCOME

Operating income for the year was \$2,902,623.87 (Schedule 1).

Scholarships were awarded to students from the following sources: current funds unrestricted (Schedule 2—Page 4), \$13,991.47; endowment income (Schedule 9—Page 4), \$2,719.65.

The University continued the accelerated program to satisfy immediate war needs and the needs of the post-war future. This program provided year-round instruction on a three term basis except in the School of Engineering.

In the interest of the war effort, the University conducted 111 short engineering courses of college grade under Public Law 135, 78th Congress, 1st Session, Title II, subheading "Education and Training, Defense Workers (National Defense)", to provide training for properly qualified trainees. The United States Government appropriated \$91,751.00 for these courses of which \$81,638.83 was expended in the 1943-44 year (Schedules 1 and 2). The balance of \$10,112.17 was deferred to the 1944-45 year and of this amount \$3,082.46 was expended, the balance of \$7,029.71 being refunded to the Government.

Due to manpower problems a physical inventory of the Stockroom has not been taken since Aug. 31, 1943. The prepaid expense of \$29,374.06 (Stockroom and Duplicating Bureau Supplies) Schedule 3 represents book value.

In accordance with the provisions of OSRD Contract OEMsr-273, a charge of \$75,000 was made to this contract as an allowance for overhead costs not otherwise reimbursable during the fiscal year ended August 31, 1944. This charge is subject to necessary adjustments to bring the overhead allowance in line with actual costs.

OPERATING EXPENSE

Operating expense for the year was \$2,828,951.54 (Schedule 2).

SURPLUS

The operating net income for the year was \$73,672.33. At the end of the fiscal year 1943-44, the Current Funds Unrestricted Surplus amounted to \$5,687.46. A summary of changes affecting Surplus appears on Exhibit B.

CURRENT FUNDS—RESTRICTED

Gifts, grants, and income from endowments comprise these funds which consist of currently expendable assets, limited as to disposition.

During the year restricted gifts for immediate use amounted to \$3,553.24 (page 70); other restricted gifts for use as needed or specified amounted to \$1,561,720.74 (page 70); restricted endowments earned \$69,008.68.

A summary of changes affecting these funds appears on Exhibit C.

LOAN FUNDS

For the assistance of students seeking financial aid, loan funds have been established by the University and by other organizations (Schedule 10). Loans are made at a low rate of interest and when repaid the interest is added to the principal.

During the year, loans were made to 107 students. Gifts of \$226.00 were made to the Loan Funds (Schedule 10).

A summary of changes affecting these funds appears on Exhibit D.

ENDOWMENT FUNDS

The principal of all endowment funds amounts to \$2,444,797.21, including Reserves for Protection of Investments of the Consolidated Endowment Funds and the Scottish Rite Endowment Fund which have a credit balance of \$72,621.51. These funds are represented by assets which, under the terms of wills, deeds of gift, or under the by-laws of the University, must be held in perpetual trust for income-producing purposes. The principal amount and purpose of every endowment fund of the University are recorded on Schedule 11. A description of the funds begins on page 72.

"Consolidated Endowment Funds" consist of seventy-three endowments with a total value of \$955,026.83 (Schedule 4—Page 2). The assets of these funds are combined to eliminate the possibility of partial or total loss of any fund through the failure of a specific investment, and to avoid temporary suspension of income; it also prevents carrying uninvested small cash balances in amounts not adapted to investment, and gives all funds equality of treatment. Unless otherwise restricted by the donors, the assets of all new endowments are added to the assets of the Consolidated Endowment Funds. Their earnings are recorded in one income account and distributed at the end of the year to the participating funds in the proportion each fund bears to the total of the entire group. This income, after deductions for amortization of premiums on investments and 10% of the balance as a reserve against losses (Schedule 11), was distributed to the participating funds at the end of the past year at the rate of 3.6229% (Schedule 9).

The Scottish Rite Fund earned 3.4688% net income on its investments during the year just ended.

Pledges to the School of Medicine Endowment Fund on August 31, 1944, totaled \$79,380.00.

Net income of endowment funds for the year was \$86,054.04 (Schedule 9—Page 4).

A summary of changes affecting these funds appears on Exhibit E.

PLANT FUNDS—UNEXPENDED

Cash and other assets not yet expended for development of the physical plant comprise this type of fund (Schedule 6). There was expended from these funds during the past year \$86,669.35 for land, buildings, and equipment (Schedule 12). Unexpended Plant Funds total \$191,092.27 (Exhibit F), the investments of which are shown on Schedule 6. A summary of changes affecting these funds appears on Exhibit F.

PLANT FUNDS—INVESTED IN PLANT

The investment in the physical plant of the University includes land, buildings, and equipment; their total value August 31, 1944, was \$5,459,392.46 (Exhibit A).

Additions to land and buildings during the year totaled \$170,910.82 (Schedule 7). Equipment was increased by \$40,074.00 (Schedule 8). Trust notes payable were curtailed in the amount of \$34,000 and a new trust note payable was assumed in the amount of \$25,000 making a net reduction in trust notes payable of \$9,000 (Exhibit G). Additional expenditures on the Lisner Auditorium amounted to \$27,882.91 (Schedule 7—Page 1) increasing the valuation to \$803,090.48.

A summary of changes affecting these funds appears on Exhibit G.

AUDIT CERTIFICATE

December 31, 1944

TO THE PRESIDENT AND THE BOARD OF TRUSTEES
THE GEORGE WASHINGTON UNIVERSITY
WASHINGTON, D. C.

GENTLEMEN:

We have examined the balance sheet of THE GEORGE WASHINGTON UNIVERSITY as at August 31, 1944, and the statements of current operating income and expense, current funds surplus, and other fund transactions for the fiscal year then ended, have reviewed the system of internal control and the accounting procedure of the University, and, without making a detailed audit of the transactions, have examined or tested accounting records of the University and other supporting evidence, by methods and to the extent we deemed appropriate.

In our opinion, the balance sheet and related statements of current operating income and expense, current funds surplus, and other fund transactions included in the accompanying Report of the Comptroller of the University, present fairly the financial position of The George Washington University as at August 31, 1944, and the results of operations for the fiscal year then ended, in conformity with accepted principles of university and college accounting applied on a basis consistent with that of the preceding year.

Respectfully submitted,

R. G. RANKIN & Co.

FOREWORD

The Board of Trustees of The George Washington University has authorized the publication of these revised ordinances governing the academic personnel as adopted by the Board May 24, 1945.

The University acknowledges its indebtedness to the several committees of the faculty and of the Board for compiling these rulings and formulating the statement of privileges and responsibilities of the academic personnel and of the University.

For the University,

CLOYD H. MARVIN
President

PLANT ADDITIONS

IN ACCORDANCE with the authority under the charter of the University, granted by the United States of America; and the ordinances of the Board of Trustees adopted thereunder, the following code governing the academic personnel is established.

I. GRADES OF ACADEMIC SERVICE¹

The grades of academic service now in effect are:

1. Retired status: professor emeritus, and retirement in any given rank for age or disability.

2. Active status:

A. *Full service*: professor², visiting professor, associate professor, assistant professor, instructor, research associate, and research assistant.

¹ As used in this Code, the word "staff" includes all members of the staff of instruction as designated in 2 A and 2 B of this Article and the word "faculty" includes members of the academic personnel who are included in the membership of the University Faculty or of the school and college faculties as defined by the Board of Trustees.

² Except as limited in I, 2 B.

B. *Limited service*: professor (medical), adjunct professor, adjunct clinical professor, professorial lecturer, clinical professor, associate clinical professor, assistant clinical professor, associate (medical), lecturer, clinical instructor, associate, research assistant, teaching fellow.

II. ACADEMIC FREEDOM

Members of the staff shall enjoy academic freedom.

1. The University will not place any restraint upon the freedom of investigation of a member of the staff. However, a member of the full service faculty shall not permit his research to interfere with his teaching duties; he shall take cognizance of University policies in regard to the coordination of research projects; and he shall take part in cooperative research projects undertaken by the University. A member of the full service faculty may apply through the University Committee on Research for modification of his program so as to permit

him to undertake an approved research project which could not be undertaken without such cooperation.

2. The University will not impose any limitation upon a staff member's freedom of exposition of his own subject in the classroom. A member of the staff shall adapt his instruction to the needs of his students, and shall abstain from discussing in the classroom controversial topics outside his own field.

3. The University will not impose any limitation upon a staff member's freedom of exposition of his own subject in addresses or in publications outside the University.

4. A member of the staff in speaking and writing outside the University upon subjects beyond the scope of his own field of study is entitled to the same rights and is subject to the same duties as other citizens. The University assumes no responsibility for views expressed by members of the staff on such occasions, and members of the staff shall make it clear that they are expressing only their personal opinions.

III. PROFESSIONAL RESPONSIBILITIES

A member of the staff shall perform well his academic duties, strive for professional development, and apply his talents to the service of his profession, his community, and the country.

1. In his classroom a member of the staff is responsible for the character of the instruction, the maintenance of good order, and the observance of University regulations. He shall make adequate preparation for his classes and conduct them in a dignified and courteous manner.

2. A member of the staff shall perform conscientiously his other academic duties, such as meeting classes on time; holding classes for the full period; grading tests and examinations and reporting the grades promptly; reporting promptly to the dean matters requiring disciplinary action and to the business offices matters relating to the physical condition of classrooms and laboratories; attending faculty meetings, convocations, and other academic events; serving on faculty or University committees; assisting in the administrative work of his department or in the general

administrative work of the University; and serving as a general or departmental adviser to students.

3. A member of the staff should strive to grow in professional competence by means of sound scholarship, effective teaching, and original contributions. He should be a student of contemporary life so as to be able to interpret his field in the light of related knowledge. He should strive for the advancement of knowledge in his field of learning by individual research and by participation in the activities of professional societies.

4. A member of the full service faculty shall have the primary responsibility of devoting his time, thought, and energy to the service of the University. No such member of the faculty shall accept an outside teaching appointment during the academic year or engage in any other regular activity of a remunerative nature without the approval of the University. A member of the full service faculty is under obligation not to permit such employment, even when officially approved, to interfere with his responsibility to the University.

IV. APPOINTMENT, REAPPOINTMENT,
TENURE, AND PROMOTION

The following principles in regard to appointment, reappointment, tenure, and promotion are in force:

1. All new appointees to the staff, regardless of rank, will serve a probationary period of stated length.

Every new appointment contract shall be in writing and shall incorporate by reference the provisions of this Code. A copy of the contract and of this Code shall be given to the new appointee at or before the time of the consummation of the appointment.

2. Visiting Professors on a full-time status, adjunct clinical professors, professorial lecturers, assistant clinical professors, associates (medical), lecturers, clinical instructors, associates, research associates, research assistants, and teaching fellows will be employed on contracts which may be renewed an unlimited number of times.

3. Instructors will be engaged on annual contracts. If an instructor is not promoted by the time he has been on the faculty for four years, his contract

will not be renewed except by special action of the Board of Trustees upon the recommendation of the appropriate officers.

4. Renewal contracts for assistant professors may be for one, two, or three years' duration. If an assistant professor is not promoted by the time he has served as assistant professor for seven years, his contract will not be renewed except by special action of the Board of Trustees upon the recommendation of the appropriate officers.

5. Professors, adjunct professors, clinical professors, associate professors, associate clinical professors, with the exception of those serving definitely stated probationary periods, have the status of continuous tenure.

6. A member of the faculty who has received an appointment of continuous tenure will no longer receive contracts but will be notified in writing of salary allowances.

7. Promotion in rank is dependent upon growth in professional competence. Such growth may be evidenced by increased teaching ability, productive scholarship, participation and lead-

ership in professional societies, public service, or service on University committees, or a combination of the above. It is expected that as a general practice a promotion in rank shall be accompanied by an appropriate increase in salary.

V. TERMINATION OF SERVICE

1. All contracts for a definite period of service expire automatically with the completion of the service and the time specified. Members of the faculty who are under contract for periods of two terms or more shall be notified prior to the beginning of the last University term of their service if it is the intention of the University not to renew such contracts.

2. In case it is proposed to terminate the services of a member of the faculty having the status of continuous tenure, a statement of the grounds for such proposed action will be given to him in writing at least one full academic year before the proposed termination of his services. The member of the faculty then may have, if he so desires, a consideration of his case by a special faculty

advisory committee and by the Personnel Committee of the Board of Trustees.

3. Termination of an appointment of continuous tenure because of financial exigencies will be considered only as a last resort, after every effort has been made to meet the need in other ways and to find for the member of the faculty other employment in the University.

4. A member of the faculty who wishes to terminate his connection with the University shall give notice prior to the beginning of the last term during which the member of the faculty proposes to serve the University.

VI. LEAVE

1. Leave of absence without salary for study or for any other good reason may be requested by a member of the faculty at any time.

2. When circumstances permit, the Board of Trustees will grant sabbatical leave to a member of the faculty who has served six years in the University on full service above the rank of instructor or who has served six years

after a preceding grant of sabbatical leave.

An application for sabbatical leave should outline an educational program which the applicant pledges himself to follow if the leave is granted. The application must be approved by the executive officer of the department, the dean of the college or school, and the President of the University.

A member of the faculty by accepting a grant of sabbatical leave obligates himself to continue in the service of the University for at least one year following the sabbatical leave, unless other arrangements are agreed to by the University.

The University will pay a member of the faculty while on sabbatical leave one-half of his salary for two terms or all his salary for one term. The salary is paid as a compensation for the benefits received by the University from the efforts of the faculty member on leave and for his undertaking to continue in the service of the University.

3. The following policies apply in regard to war leave:

Members of the faculty who have continuous tenure will be granted leave

of absence for military or civilian war service for the duration.

Members of the faculty who are on contract with the University for other than a one-year period will be granted leave of absence for military or civilian war service for the duration which time of leave shall not count against the period of the contract.

Instructors who are on annual contract will be granted leave of absence for military or civilian war service for the duration and upon their return to the University will be offered a new annual contract.

The University will return the members of the faculty on war leave to service at the beginning of the term next following their severance from their war service. The word "term" does not mean "summer term" but the University reserves the right to request their service in the summer term.

The foregoing provisions with respect to war leave are expressly subject to the two following conditions, namely, (1) members of the faculty in civilian war service may be requested by the University to return on sixty days' notice, and (2) the return to service of all members

of the faculty from military or civilian war duties is conditioned upon the mental, moral, and physical competence of such persons to resume their positions in the University.

VII. RETIREMENT

1. A member of the faculty shall be retired at the end of the academic year (September to June, inclusive) in which he reaches the age of sixty-five years or, if his sixty-fifth birthday falls in July or August, at the end of the fall term following, unless, with the consent of the faculty member and upon the recommendation of the appropriate officers, the Board of Trustees shall continue him under contract. In no case, however, shall a member of the faculty be continued in active service beyond the end of the fiscal year in which he reaches the age of seventy years.

2. A member of the faculty who has served on a full-service basis with the rank of professor or associate professor for fifteen years or more in this or other accredited colleges or universities and who becomes incapacitated and unable to continue his duties is eligible for retirement.

3. All members of the University staff who upon retirement for age hold the rank of professor or associate professor shall be awarded emeritus status. Members of the University staff who upon retirement for disability hold the rank of professor or associate professor, upon the recommendation of the appropriate officers to the Board of Trustees shall be awarded emeritus status. All members of the University staff on limited service who upon retirement for age or disability hold the rank of professor (medical), adjunct professor, professorial lecturer, clinical professor, associate professor (medical), may upon the recommendation of the appropriate officers to the Board of Trustees be awarded emeritus status.

A professor emeritus is entitled to use the facilities of the University and to participate in faculty meetings, but he is without vote. He may serve on committees and may perform such other services as are in keeping with his desires and with the needs of the University.

4. A member of the faculty who is retired upon reaching the retirement age

after serving on a full-service basis with the rank of professor or associate professor for fifteen years or more, at least ten of which shall have been at The George Washington University, or a member of the faculty who is retired upon becoming incapacitated after serving on a full-service basis with the rank of professor or associate professor as specified in Article VII, section 2, may be eligible for retirement allowances as provided by the Board of Trustees.

VIII. FACULTY ADVISORY COMMITTEES

1. Any member of the faculty who feels that his privileges under this Code are not being respected by the University may have the matter reviewed by a special committee.

2. Any administrative officer of the University is likewise privileged to have a special committee review any case involving the dismissal of a member of the faculty who has the status of continuous tenure, or to consider other personnel problems, such as the incompetence, inefficiency, disloyalty, or unprofessional conduct of a member of the faculty.

3. The member of the faculty or the administrative officer desiring the appointment of such a committee shall make his request in writing to the appropriate Dean's Council. The Dean's Council to which the application is made shall then select a committee of five members. Both the faculty member and the administrative officers concerned in the case shall have an unlimited number of peremptory challenges in the selection of the committee, and the committee finally selected shall have the approval of the parties concerned.

A committee so appointed shall serve only for the specific case in question. The parties concerned shall be privileged to be present at all hearings. The opinion of the committee shall be advisory. Written copies of the opinion shall be given to the parties concerned.

IX. HEALTH SERVICE

The University, recognizing the influence of the health of the college teacher on his professional competence, provides an annual physical examination without charge to all members of
